

Explore the country from the comfort of an Amtrak® train!

Amtrak® and the National Park Service bring you the Trails & Rails program!

The Trails & Rails program was created to enhance your educational experience aboard Amtrak® trains.

These interpretive programs led by Rangers and Volunteers foster an appreciation of the natural and cultural heritage along Amtrak routes. Ride Amtrak, see America roll by, and learn about the area you are viewing outside the window. Over 200 Parks are located close to Amtrak routes so that you can experience more of your National Park system.

Trails & Rails programs can be found on the following trains:

- Adirondack
- Maple Leaf
- Lincoln Service
- City of New Orleans
- Kansas City Mule
- Ann Rutledge
- Crescent
- Empire Builder
- California Zephyr
- Southwest Chief
- Texas Eagle
- Heartland Flyer
- Sunset Limited
- Coast Starlight

For more information on the Trails & Rails program, please visit our web site at www.nps.gov/trailsandrails

Volunteers In Parks

If you are interested in working as a volunteer with the Trails & Rails program and live near a participating National Park area, you may want to join Volunteers In Parks (VIP). VIPs receive training and a variety of other learning opportunities...and have a great time while providing much-needed assistance to the National Park Service!

*Those who can, do...
those who can do more, volunteer.*

Volunteers are accepted from the public without regard to race, creed, religion, age, sex, sexual orientation, national origin, or disability. For further information on being a volunteer with Trails & Rails or other National Park Service volunteer opportunities, visit:

<http://www.nps.gov/gettinginvolved/volunteer/index.htm>
