

A vibrant illustration of a prehistoric landscape. In the foreground, a large, brown and grey dinosaur with a crest on its head stands on a sandy dune, leaving a trail of three-toed footprints behind it. In the background, a smaller dinosaur is visible on another dune. To the left, a lush green area with trees and a small pond is situated at the base of a dune. The sky is a mix of blue and yellow, suggesting a sunset or sunrise. The entire scene is framed by a brown border with four yellow diamond-shaped icons: a fossil in the top-left, a footprint in the top-right, a dinosaur head in the bottom-left, and a fossil in the bottom-right.
