Introduction

D'Arbonne National Wildlife Refuge is one of over 550 national wildlife refuges. The primary objective of a national wildlife refuge is to provide habitat for the conservation and protection of all species of wildlife. The harvest of animals is one tool used to manage fish and wildlife populations. Carefully managed hunting and fishing help maintain these populations at a level compatible with the environment, provide wholesome recreational opportunities, and permit the use of valuable renewable resources.

The regulations in this pamphlet supplement the general regulations governing hunting and fishing on national wildlife refuges as set forth in Title 50, Code of Federal Regulations. Hunting and fishing will be in accordance with applicable state regulations except as noted below.

As you use the refuge, take pride in America and the refuge resources. Report violations promptly. Respect the rights of others using the refuge.

Warning

Use caution when operating boats or wading in flooded areas of the refuge. Obstructions/obstacles may be submerged and unmarked.

All boats must comply with state law and display proper navigation lights from sunset to sunrise.

General Hunting Regulations

By hunting or fishing on the refuge, you can be subjected to fish and game inspections.

Permits

A signed refuge hunting permit (front of this brochure) must be carried by all hunters.

A Self-clearing Permit is required for hunting on the Refuge. Self-clearing Permits can be obtained at entry points of the Refuge and at Headquarters on D'Arbonne NWR and the Visitor Center at Black Bayou Lake NWR. Self-clearing permits consist of three portions: Check-In, Check-Out, and a Vehicle tag. The Check-In Portion must be completed and put in the permit box prior to each day's hunt. The middle portion is the Daily Hunting Harvest Permit that must be carried by each hunter while on the refuge. At the end of the day's hunt, the Daily Hunting Harvest Permit should be completed including hours spent hunting, species hunted, and number harvested (must indicate zero if no game harvested) and put into permit box before exiting the Refuge. Each person parking an automobile on the Refuge must leave the Vehicle tag on the dashboard of

the vehicle face up so it can be read from outside of the vehicle. Each person riding in the vehicle should display their Vehicle tag on the dashboard.

Restricted Areas

Hunting is restricted in certain areas as shown on the hunting map.

Refuge hunting seasons apply to all navigable waterways that are wholly within the refuge boundary.

Hunters may enter the refuge no earlier than 4 am and must exit no later than two hours after legal shooting hours unless otherwise specified.

Youth

Youths are defined the same as State regulations. Supervising adult may supervise only one youth on a big game hunt and no more than two youth on a small game or waterfowl hunt.

Firearms and Ammunition

It is the responsibility of visitors to understand and comply with all applicable state, local and federal firearms laws before entering the refuge.

For public safety reasons, hunters are prohibited from discharging a firearm within 150 feet of the centerline of public roads, maintained refuge roads or rights-of-way, including ATV trails and electric transmission lines. No hunting on or within 50 feet of an oil or gas well tower. Target practice is prohibited on the refuge.

Firearm ammunition, used for hunting, larger than a .22 caliber rim-fire, shotgun slug, or buckshot are allowed only during refuge gun deer season. Lead shot is prohibited for all hunting, except buckshot, when authorized.

Safety

All hunters must wear hunter orange including orange hat during the refuge gun deer hunt as per state deer hunting regulations on WMAs. Waterfowl hunters during Refuge deer gun hunts must wear hunter orange per State deer gun hunting regulations on WMAs to and from hunting location. Hunters participating in special dog season for rabbit hunting must wear an orange hat. Although highly recommended, the International Bowhunters Education certification is no longer required to archery deer hunt on the refuge.

Signs and Boundaries

Signs are useful tools in regulating the use of a public area. The wording applies to the areas behind the signs. Pay attention to the signs, watch for boundary corners, and check your location with the maps.

This sign marks the refuge boundary. Public entry by foot is generally authorized at all times on the refuge.

This sign means that the area is closed to all entry. Do not trespass behind this sign for any reason other than an emergency.

This sign means no motorized vehicles beyond this point. This applies to all cars, trucks, jeeps, all-terrain vehicles, and motorcycles. Non-motorized bicycles are allowed.

This sign marks the boundaries of the waterfowl hunting areas on the refuge.
