

FIND YOUR PARK

A black and white photograph showing three people silhouetted against a dark, starry night sky. They are standing on a dark, rocky ridge. The person in the middle is pointing upwards towards a bright star. The person on the left is looking towards the star, and the person on the right is looking towards the camera. The sky is filled with numerous small stars, and a few larger, brighter stars are visible. The overall mood is contemplative and awe-inspiring.

“Keep your eyes on the stars, and your feet on the ground.”

- Theodore Roosevelt

Find Your Park in the Midwest

The national park sites of the Midwest share fascinating history and spectacular natural beauty. As the National Park Service enters its second century, we invite you to find your park and discover the national parks and programs in your own backyard! Share your experience at FindYourPark.com.

The National Park Service cares for special places saved by the American people so that all may experience our heritage.
