

KNOW BEFORE YOU GO

Visit [nps.gov](https://www.nps.gov) to find information on current park conditions and operations. Make a plan, have supplies on hand, and if you are sick, stay home.

KEEP IT CLOSE

Respect state and local ordinances regarding the open status of the site you're visiting. The NPS is working closely with both government and health authorities to gradually expand access & services through the NPS.

KNOW YOUR LIMITS

Save that difficult hike or new outdoor activity for a future date, in the event of injury or accident. This will help first responders, parks and communities continue to focus on pandemic response.

KEEP IT WITH YOU

Brought something in? It's your responsibility to take it out. Trash pickup and restrooms will continue to be limited through many NPS sites; as always, follow the "leave no trace" rule.

KEEP YOUR DISTANCE

When venturing outdoors, keep recreation to members of your household. Provide others with plenty of room in accordance with CDC social distancing guidelines of six feet, and cover your nose and mouth if safe social distancing is not possible.

RECREATE RESPONSIBLY

NATIONAL PARK SERVICE
