SUNSET CRATER NATIONAL MONUMENT

OF PLANT SPECIES

166

OLDEST PLANT FOUND

250 Yr Old Pinyon Pine

HOW OLD IS SUNSET CRATER

800 Years

FUN FACTS #12-b

The return of life to Sunset Crater is part of a continuous process of change known as succession. As fresh lava and cinders age and weather, and as soil forms, this environment becomes increasingly hospitable to plants and animals.
