Mission of the National Park Service

The National Park Service (NPS) preserves unimpaired the natural and cultural resources and values of the national park system for the enjoyment, education, and inspiration of this and future generations. The National Park Service cooperates with partners to extend the benefits of natural and cultural resource conservation and outdoor recreation throughout this country and the world.

The NPS core values are a framework in which the National Park Service accomplishes its mission. They express the manner in which, both individually and collectively, the National Park Service pursues its mission. The NPS core values are:

- **Shared stewardship**: We share a commitment to resource stewardship with the global preservation community.
- **Excellence**: We strive continually to learn and improve so that we may achieve the highest ideals of public service.
- **Integrity**: We deal honestly and fairly with the public and one another.
- **Tradition**: We are proud of it; we learn from it; we are not bound by it.
- **Respect**: We embrace each other’s differences so that we may enrich the well-being of everyone.

The National Park Service is a bureau within the Department of the Interior. While numerous national park system units were created prior to 1916, it was not until August 25, 1916, that President Woodrow Wilson signed the National Park Service Organic Act formally establishing the National Park Service.

The national park system continues to grow and comprises more than 400 park units covering more than 84 million acres in every state, the District of Columbia, American Samoa, Guam, Puerto Rico, and the Virgin Islands. These units include, but are not limited to, national parks, monuments, battlefields, military parks, historical parks, historic sites, lakeshores, seashores, recreation areas, scenic rivers and trails, and the White House. The variety and diversity of park units throughout the nation require a strong commitment to resource stewardship and management to ensure both the protection and enjoyment of these resources for future generations.

The arrowhead was authorized as the official National Park Service emblem by the Secretary of the Interior on July 20, 1951. The sequoia tree and bison represent vegetation and wildlife, the mountains and water represent scenic and recreational values, and the arrowhead represents historical and archeological values.
Introduction

Every unit of the national park system will have a foundational document to provide basic guidance for planning and management decisions—a foundation for planning and management. The core components of a foundation document include a brief description of the park as well as the park’s purpose, significance, fundamental resources and values, and interpretive themes. The foundation document also includes special mandates and administrative commitments, an assessment of planning and data needs that identifies planning issues, planning products to be developed, and the associated studies and data required for park planning. Along with the core components, the assessment provides a focus for park planning activities and establishes a baseline from which planning documents are developed.

A primary benefit of developing a foundation document is the opportunity to integrate and coordinate all kinds and levels of planning from a single, shared understanding of what is most important about the park. The process of developing a foundation document begins with gathering and integrating information about the park. Next, this information is refined and focused to determine what the most important attributes of the park are. The process of preparing a foundation document aids park managers, staff, and the public in identifying and clearly stating in one document the essential information that is necessary for park management to consider when determining future planning efforts, outlining key planning issues, and protecting resources and values that are integral to park purpose and identity.

While not included in this document, a park atlas is also part of a foundation project. The atlas is a series of maps compiled from available geographic information system (GIS) data on natural and cultural resources, visitor use patterns, facilities, and other topics. It serves as a GIS-based support tool for planning and park operations. The atlas is published as a (hard copy) paper product and as geospatial data for use in a web mapping environment. The park atlas for Point Reyes National Seashore can be accessed online at: http://insideparkatlas.nps.gov/.
Part 1: Core Components

The core components of a foundation document include a brief description of the park, park purpose, significance statements, fundamental resources and values, and interpretive themes. These components are core because they typically do not change over time. Core components are expected to be used in future planning and management efforts.

Brief Description of the Park

Legislation authorizing the establishment of Point Reyes National Seashore was enacted on September 13, 1962 (Public Law 87-657) for the purpose of preserving “a portion of the diminishing seashore of the United States that remains undeveloped.” Today, this geologically unique peninsula encompasses more than 71,000 acres of beaches, coastal cliffs and headlands, marine terraces, coastal uplands, and forests and includes all tide and submerged lands to 0.25 miles offshore. The park administers an additional 15,000 acres of the North District of Golden Gate National Recreation Area, including all NPS lands north of Bolinas-Fairfax Road, under a regional directive for management. The lands currently under NPS management have been acquired tract by tract over time. Within the park boundary are two no-take state marine reserves, three special closure areas, and three state marine conservation areas. Marine boundaries are shared with the Greater Farallones National Marine Sanctuary, and Cordell Bank National Marine Sanctuary is situated further offshore.

The park manages a diversity of land uses ranging from the almost 33,000-acre Phillip Burton Wilderness (Public Laws 94-544 and 94-567), which includes one of only two marine wilderness areas in the national park system and is one of the most accessible areas in the national wilderness preservation system, to active beef cattle and dairy ranching operations. Approximately 18,000 acres of Point Reyes National Seashore is currently under agricultural production within the pastoral zone. In the North District of Golden Gate National Recreation Area an additional 10,000 acres is currently used for grazing.
Located near the San Francisco Bay metropolitan area’s population of more than 8 million people, the park hosts approximately 2.5 million visitors annually. Abundant recreational opportunities include more than 80 miles of undeveloped coastline, 147 miles of hiking trails, backcountry campgrounds, and many beautiful beaches. Twenty-eight threatened and endangered species are present within the park’s boundary. The park supports more than 900 plant species, about 17% of the California flora, and more than 490 species of birds have been recorded in the park, representing 52% of the species of avian fauna of North America.

More than 120 archeological sites representing Coast Miwok history and culture have been identified within the park and have yielded some of the most significant information on American Indian history in the San Francisco Bay region. The park has about 400 historic structures including the historic Point Reyes Lighthouse built in 1870 and two national historic landmarks—the Point Reyes Lifeboat Station and the Drakes Bay Historic and Archaeological District. The park’s museum collection contains more than 490,000 artifacts and documents.

The human history of the Point Reyes peninsula extends to more than 5,000 years ago and includes the long history of the Coast Miwok people who call this place home. The sheltered harbor of Drakes Bay served as the scene of one of the earliest instances of European contact and interaction with native peoples on the west coast of the United States that is recognized in the Drakes Bay Historic and Archaeological District National Historic Landmark.

The park also includes two ranching historic districts, listed in the National Register—the Olema Valley Dairy Ranches Historic District and the Point Reyes Peninsula Dairy Ranches Historic District. The ranches in these historic districts helped catapult Marin County to the forefront of butter and cheese production by the 1870s. The ranches in these districts convey a century of change in the California dairy industry, representing the evolution of dairy farming from the original wood frame milking barns to the concrete Grade A sanitary barns of the 1940s.

The unique geography of the Point Reyes peninsula, which extends more than 10 miles into the Pacific Ocean, also made it strategic for the placement of the Point Reyes Lighthouse and the primary wireless communication station in the Pacific. In 1906, Point Reyes again became the focus of wonder as the land shifted almost 20 feet along the San Andreas Fault. Although the earthquake devastated communities in the Bay Area, it also spawned new areas of geologic and scientific inquiry that have provided dramatic evidence for the theory of plate tectonics and the study of seismology. The trace of this event can be viewed today within Point Reyes National Seashore.

Saved from development by their inclusion in the national park system, the lands managed by Point Reyes National Seashore are unique not only in their assemblages of natural and cultural features, but also in the protection of wilderness in close proximity to a major urban population. This juxtaposition makes the park’s resources and recreational opportunities readily accessible to a large number of people and enhances the importance of the special qualities for which it was set aside.
Park Purpose

The purpose statement identifies the specific reason(s) for establishment of a particular park. The purpose statement for Point Reyes National Seashore was drafted through a careful analysis of its enabling legislation and the legislative history that influenced its development. Legislation authorizing the establishment of Point Reyes National Seashore was enacted on September 13, 1962 (see appendix A for enabling legislation and legislative acts). The purpose statement lays the foundation for understanding what is most important about the park.

**Established for public benefit, recreation, and inspiration, Point Reyes National Seashore preserves a rugged and wild coastal peninsula and surrounding waters, connecting native ecosystems, enduring human history, and interpretive, scientific, and educational opportunities.**

The park administers an additional 15,000 acres of the North District of Golden Gate National Recreation Area, including all NPS lands north of Bolinas-Fairfax Road, under a regional directive for management. The purpose statement for Golden Gate National Recreation Area was also developed through an analysis of its enabling legislation and legislative history (see the 2017 Foundation Document, Golden Gate National Recreation Area, California).

**The purpose of Golden Gate National Recreation Area is to offer national park experiences to all, including a large and diverse urban population, while preserving and interpreting the outstanding natural, historic, scenic, and recreational values of the park lands.**
Park Significance

Significance statements express why a park’s resources and values are important enough to merit designation as a unit of the national park system. These statements are linked to the purpose of Point Reyes National Seashore, and are supported by data, research, and consensus. Statements of significance describe the distinctive nature of the park and why an area is important within a global, national, regional, and systemwide context. They focus on the most important resources and values that will assist in park planning and management.

The following significance statements have been identified for Point Reyes National Seashore. (Please note that the sequence of the statements does not reflect the level of significance.) Additional significance statements relating to lands of Golden Gate National Recreation Area managed by Point Reyes National Seashore can be found in the *Foundation Document, Golden Gate National Recreation Area, California* (2017).

- The Phillip Burton Wilderness at Point Reyes National Seashore, although immediately accessible to a large urban community, offers an extraordinary opportunity for solitude and unconfined recreation in untrammeled terrestrial and marine environments.

- Point Reyes National Seashore supports internationally recognized biodiversity due to its dynamic geology, mosaic of terrestrial and marine environments, and location at one of the four major coastal upwelling zones in the world. The park protects thousands of plant and animal species, many of which are threatened or endangered.

- The productive coastal grassland ecosystem supported by the fog-driven climate of the Point Reyes Peninsula was the basis for development of the area’s historic dairy and beef ranch tradition.

- Representing more than 5,000 years of human history, Point Reyes National Seashore contains one of the most intact and well preserved landscapes of American Indian history and a material record of one of the earliest instances of cultural contact between American Indians and European explorers on the west coast of the United States. The Coast Miwok, federally recognized as the Federated Indians of Graton Rancheria, maintain cultural ties to the Point Reyes Peninsula.

- The geography of the Point Reyes Peninsula, which extends almost 10 miles into the Pacific Ocean, both necessitated and facilitated the development of innovative maritime and radio communications technologies that influenced the history of the region and the nation.

- The geology of the Point Reyes Peninsula inspires both visitors and scientists. The coastal bluffs expose an intersection of sedimentary deposits rich in paleontological history, whereas vistas of Tomales Bay and the Olema Valley, shaped by the San Andreas Fault, provide an exceptional opportunity to visualize and study plate tectonics. Studies here have helped geologists refine our understanding of Earth’s history.

- With its proximity to the San Francisco Bay metropolitan area, the undeveloped scenic coastal landscapes and rich biodiversity of Point Reyes National Seashore offer opportunities to visitors from around the world for inspiration, recreation, education, and research.
Fundamental Resources and Values

Fundamental resources and values (FRVs) are those features, systems, processes, experiences, stories, scenes, sounds, smells, or other attributes determined to warrant primary consideration during planning and management processes because they are essential to achieving the purpose of the park and maintaining its significance. Fundamental resources and values are closely related to a park’s legislative purpose and are more specific than significance statements.

Fundamental resources and values help focus planning and management efforts on what is truly significant about the park. One of the most important responsibilities of NPS managers is to ensure the conservation and public enjoyment of those qualities that are essential (fundamental) to achieving the purpose of the park and maintaining its significance. If fundamental resources and values are allowed to deteriorate, the park purpose and/or significance could be jeopardized.

The following fundamental resources and values have been identified for Point Reyes National Seashore. Additional FRV statements relating to lands of Golden Gate National Recreation Area managed by Point Reyes National Seashore can be found in the 2017 Foundation Document, Golden Gate National Recreation Area, California.

- **Wilderness.** The Phillip Burton Wilderness comprises almost 33,000 acres of land and water, roughly one-third of the lands administered by the Point Reyes National Seashore. It is the only federally designated wilderness in the San Francisco Bay Area and includes one of only two marine wilderness areas in the national park system. The Phillip Burton Wilderness provides access to outstanding opportunities for solitude and inspired recreation adjacent to a large urban area.

- **Scenic Coastal Landscapes.** Shaped by ongoing geologic processes, the Point Reyes Peninsula juts 10 miles into the Pacific Ocean and encompasses more than 80 miles of wild beaches, dramatic cliffs, coastal grasslands, and detached coastal formations. Point Reyes National Seashore offers opportunities to observe and understand the interaction of land and sea from many perspectives, including geology, ecological disturbance, and climate change.
- **Marine, Estuarine, and Freshwater Environments.** Natural interactions and connections between freshwater, estuarine, and marine systems are indicators of ecosystem health and examples of resilience. Protection of these environments and the interactions between them is important for the ecological health of intertidal invertebrates and fishes, pinnipeds, seabirds, shorebirds, and dune plants, among other species, which are threatened by rising sea levels, changes in nutrient and temperature regimes, oil spills, and other pressures.

- **Diversity of Habitats and Native Species.** In Point Reyes National Seashore the convergence of ecological regions at the continental margin creates a complexity of terrestrial and marine habitats that sustain exceptional and internationally recognized native biodiversity, including a wide range of rare and endemic species.

- **Maritime Cultural Landscapes.** Point Reyes National Seashore preserves nationally significant maritime sites including the Lifeboat Station and iconic Point Reyes Lighthouse and Marconi/Radio Corporation of America (RCA) radio stations. Together with dozens of shipwrecks offshore, these sites illustrate important stories of heroism and innovation in lifesaving, navigation, and communication technologies, including the first wireless communication across the Pacific Ocean in 1914.

- **Continuum of Human Use.** Point Reyes National Seashore preserves a landscape representing more than 5,000 years of American Indian history that is of outstanding archeological and cultural significance to the Federated Indians of Graton Rancheria and records early culture contacts between Coast Miwok and European explorers. The park preserves two districts (Olema Valley Dairy Ranches Historic District and Point Reyes Peninsula Dairy Ranches Historic District) that recognize more than 150 years of ranching on the Point Reyes Peninsula.

- **Opportunities for Inspiration and Recreation.** A system of trails, beaches, and waterways in Point Reyes National Seashore provides a wide variety of year-round activities and coastal access just an hour’s drive from the San Francisco Bay Area. Activities include whale watching, hiking, kayaking, beach recreation, bird watching, horseback riding, backpacking, and wilderness experiences.

- **Science and Learning.** Science and restoration efforts throughout Point Reyes National Seashore lay the groundwork for educating visitors, informing management, and fostering stewardship. The park’s proximity to San Francisco Bay Area institutes, colleges, and universities enables numerous learning laboratory and research opportunities.
Interpretive Themes

Interpretive themes are often described as the key stories or concepts that visitors should understand after visiting a park—they define the most important ideas or concepts communicated to visitors about a park unit. Themes are derived from, and should reflect, park purpose, significance, resources, and values. The set of interpretive themes is complete when it provides the structure necessary for park staff to develop opportunities for visitors to explore and relate to all park significance statements and fundamental resources and values.

Interpretive themes are an organizational tool that reveal and clarify meaning, concepts, contexts, and values represented by park resources. Sound themes are accurate and reflect current scholarship and science. They encourage exploration of the context in which events or natural processes occurred and the effects of those events and processes. Interpretive themes go beyond a mere description of the event or process to foster multiple opportunities to experience and consider the park and its resources. These themes help explain why a park story is relevant to people who may otherwise be unaware of connections they have to an event, time, or place associated with the park.

The following interpretive themes have been identified for Point Reyes National Seashore:

- Point Reyes National Seashore and surrounding national marine sanctuaries and national wildlife refuges support an abundance and diversity of species and their essential habitats in a relatively wild, natural state. These resources provide a benchmark for monitoring environmental change.

- Point Reyes has attracted and supported people for thousands of years, creating a tapestry of stories, interactions, and experiences.

- Point Reyes National Seashore provides an outdoor classroom and laboratory for the study of geological and ecological processes that will foster greater understanding, restoration, and caring for native ecosystems.

- Dynamic geologic processes and broad changes occurring in part as a result of climate change are continually defining and shaping the landscape of Point Reyes National Seashore, creating new challenges in its preservation, and offering new research and interpretive opportunities.

- The land and waters of the Phillip Burton Wilderness, an hour’s drive from downtown San Francisco, are a sanctuary for nature and the human spirit that supports recreation, exploration, inspiration, and solitude and serves as a reminder of the human connections with this area.

Additional interpretive subthemes would be developed through future interpretive planning.
Appendixes

Appendix A: Current Enabling Legislation for Point Reyes National Seashore from U.S. Code

§ 459c

T I T L E 1 6—C O N S E R V A T I O N

in, and incidental costs relating thereto, in accordance with the provisions of such sections.

A M E N D M E N T S

1983—Pub. L. 98–141 substituted "$2,917,575" for "$3,500,000".

1979—Pub. L. 91–252 substituted "$3,500,000" for "$16,000,000".

§ 459c. Point Reyes National Seashore; purposes; authorization for establishment

In order to save and preserve, for purposes of public recreation, benefit, and inspiration, a portion of the diminishing seashore of the United States that remains undeveloped, the Secretary of the Interior (hereinafter referred to as the “Secretary”) is authorized to take appropriate action in the public interest toward the establishment of the national seashore set forth in section 459c–1 of this title.

§ 459c–1. Description of area

(a) Boundary map; availability; publication in Federal Register

The Point Reyes National Seashore shall consist of the lands, waters, and submerged lands generally depicted on the map entitled “Boundary Map, Point Reyes National Seashore”, numbered 612–80,008–E and dated May 1978, plus those areas depicted on the map entitled “Point Reyes and GGNRA Amendments, dated October 25, 1978”.

The map referred to in this section shall be on file and available for public inspection in the Offices of the National Park Service, Department of the Interior, Washington, District of Columbia. After advising the Committee on Natural Resources of the United States Senate and the Committee on Energy and Natural Resources of the United States House of Representatives and publication thereof in the Federal Register, the Secretary may make minor revisions of the boundaries of the Point Reyes National Seashore when necessary by publication of a revised drawing or other boundary description in the Federal Register.

(b) Bear Valley Ranch right-of-way

The area referred to in subsection (a) shall also include a right-of-way to the aforesaid tract in the general vicinity of the northwesterly portion of the property known as “Bear Valley Ranch”, to be selected by the Secretary, of not more than four hundred feet in width, together with such adjoining lands as would be deprived of access by reason of the acquisition of such right-of-way.

A M E N D M E N T S

1994—Subsec. (a). Pub. L. 103–437 substituted “Natural Resources” for “Interior and Insular Affairs” after “Committee on”.

1978—Subsec. (a). Pub. L. 95–625 substituted as a description of the area the lands generally depicted on Boundary Map numbered 612–80,008–E and dated May 1978 for prior such depiction on Boundary Map numbered 612–80,008–B, and dated August 1974; included submerged lands in the description; made the map specifically available in the Washington, District of Columbia, Office; and authorized minor revisions of boundaries and publication thereof in the Federal Register after advising Congressional committees.

1966—Subsec. (b). Pub. L. 89–466 inserted “to the aforesaid tract in the general vicinity of the northwesterly portion of the property known as ‘Bear Valley Ranch’ after ‘right-of-way’”, struck out “from the intersection of Sir Francis Drake Boulevard and Hagerty Gulch after ‘aforesaid tract’ and included such adjoining lands as would be deprived of access by reason of the right-of-way.

§ 459c–2. Acquisition of property

(a) Authority of Secretary; manner and place; concurrence of State owner; transfer from Federal agency to administrative jurisdiction of Secretary; liability of United States under contracts contingent on appropriations

The Secretary is authorized to acquire, and it is the intent of Congress that he shall acquire as rapidly as appropriated funds become available for this purpose or as such acquisition can be accomplished by donation or with due regard for public safety or by transfer, exchange, or otherwise the lands, waters, and other property, and improvements thereon and any interest therein, within the areas described in section 459c–1 of this title or any portion of such area which lie within the boundaries of the seashore as established under section 459c–4 of this title (hereinafter referred to as “such area”). Any property, or interest therein, owned by a State or political subdivision thereof may be acquired only with the concurrence of such owner. Notwithstanding any other provision of law, any Federal property located within such area may, with the concurrence of the agency having custody thereof, be transferred without consideration to the administrative jurisdiction of the Secretary for use by him in carrying out the provisions of sections 459c to 459c–7 of this title.

In exercising his authority to acquire property in accordance with the provisions of this subsection, the Secretary may enter into contracts requiring the expenditure, when appropriated, of funds authorized by section 459c–7 of this title, but the liability of the United States under any such contract shall be contingent on the appropriation of funds sufficient to fulfill the obligations thereby incurred.

(b) Payment for acquisition; fair market value

The Secretary is authorized to pay for any acquisitions which he makes by purchase under sections 459c to 459c–7 of this title their fair market value, as determined by the Secretary,
who may in his discretion base his determination on an independent appraisal obtained by him.

(e) Exchange of property; cash equalization payments

In exercising his authority to acquire property by exchange, the Secretary may accept title to any non-Federal property located within such area and convey to the grantor of such property any federally owned property under the jurisdiction of the Secretary within California and adjacent States, notwithstanding any other provision of law. The properties so exchanged shall be approximately equal in fair market value, provided that the Secretary may accept cash from or pay cash to the grantor in such an exchange in order to equalize the values of the properties exchanged.

AMENDMENTS

1970—Subsec. (a). Pub. L. 91–223 substituted introductory `The' for “Except as provided in section 459c–3 of this title, the".

§ 459c–4. Point Reyes National Seashore

(a) Establishment; notice in Federal Register

As soon as practicable after September 13, 1962, and following the acquisition by the Secretary of an acreage in the area described in section 459c–1 of this title, that is in the opinion of the Secretary efficiently administrable to carry out the purposes of sections 459c to 459c–7 of this title, the Secretary shall establish Point Reyes National Seashore by the publication of notice thereof in the Federal Register.

(b) Distribution of notice and map

Such notice referred to in subsection (a) of this section shall contain a detailed description of the boundaries of the seashore which shall encompass an area as nearly as practicable identical to the area described in section 459c–1 of this title. The Secretary shall forthwith after the date of publication of such notice in the Federal Register (1) send a copy of such notice, together with a map showing such boundaries, by registered or certified mail to the Governor of the State and to the governing body of each of the political subdivisions involved; (2) cause a copy of such notice and map to be published in one or more newspapers which circulate in each of the localities; and (3) cause a certified copy of such notice, a copy of such map, and a copy of sections 459c to 459c–7 of this title to be recorded at the registry of deeds for the county involved.

AMENDED DESCRIPTION OF BOUNDARIES OF POINT REYES NATIONAL SEASHORE; PUBLICATION IN FEDERAL REGISTER

Pub. L. 93–550, title II, § 202, Dec. 26, 1974, 88 Stat. 1744, provided that: “The Secretary of the Interior shall, as soon as practicable after the date of enactment of this title [Dec. 26, 1974], publish an amended description of the boundaries of the Point Reyes National Seashore in the Federal Register, and thereafter he shall take such action with regard to such amended description and the map referred to in section 201 of this title (amending section 459c–1 of this title) as is required in the second sentence of subsection (b) of section 4 of the act of September 13, 1962, as amended [subsec. (b) of this section].”

§ 459c–5. Owner’s reservation of right of use and occupancy for fixed term of years or life

(a) Election of term; fair market value; termination; notification; lease of Federal lands: restrictive covenants, offer to prior owner or lesseholder

Except for property which the Secretary specifically determines is needed for interpretive or resources management purposes of the seashore, the owner of improved property or of agricultural property on the date of its acquisition by the Secretary under sections 459c to 459c–7 of this title may, as a condition of such acquisition, retain for himself and his or her heirs and assigns a right of use and occupancy for a definite term of not more than twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or the death of his or her spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partly donated to the United States, the Secretary shall pay to the owner the fair market value of the property on the date of acquisition minus the fair market value on that date of the right retained by the owner. A right retained pursuant to this section shall be subject to termination by the Secretary upon his or her determination that it is being exercised in a manner inconsistent with the purposes of sections 459c to 459c–7 of this title, and it shall terminate by operation of law upon the Secretary’s notifying the holder of the right of such determination and tendering to him or her an amount equal to the fair market value of that portion of the right which remains unexpired. Where appropriate in the discretion of the Secretary, he or she may lease federally owned land (or any interest therein) which has been acquired by the Secretary under sections 459c to 459c–7 of this title, and which was agricultural land prior to its acquisition. Such lease shall be subject to such restrictive covenants as may be necessary to carry out the purposes of sections 459c to 459c–7 of this title. Any land to be leased by the Secretary under this section shall be offered first for such lease to the person who owned such land or was a lesseholder thereon immediately before its acquisition by the United States.

(b) “Improved and agricultural property” defined

As used in sections 459c to 459c–7 of this title, the term “improved property” shall mean a pri-
private noncommercial dwelling, including the land on which it is situated, whose construction was begun before September 1, 1909, or, in the case of areas added by action of the Ninety-fifth Congress, May 1, 1978 or, in the case of areas added by action of the Ninety-sixth Congress, May 1, 1979, and structures accessory thereto (hereinafter in this subsection referred to as “dwelling”), together with such amount and locus of the property adjoining and in the same ownership as such dwelling as the Secretary designates to be reasonably necessary for the enjoyment of such dwelling for the sole purpose of noncommercial residential use and occupancy. In making such designation the Secretary shall take into account the manner of noncommercial residential use and occupancy in which the dwelling and such adjoining property has usually been enjoyed by its owner or occupant. The term “agricultural property” as used in sections 459c to 459c–7 of this title means lands which were in regular use for, or were being converted to agricultural, ranching, or dairying purposes as of May 1, 1978 or, in the case of areas added by action of the Ninety-sixth Congress, May 1, 1979, together with residential and other structures related to the above uses of the property that were in existence or under construction as of May 1, 1978.

(c) Payment deferral; scheduling; interest rate

In acquiring those lands authorized by the Ninety-fifth Congress for the purposes of sections 459c to 459c–7 of this title, the Secretary may, when agreed upon by the landowner involved, defer payment or schedule payments in accordance with other laws of general application over a period of ten years and pay interest on the unpaid balance at a rate not exceeding that involved, defer payment or schedule payments in accordance with other laws of general application over a period of ten years and pay interest on the unpaid balance at a rate not exceeding that paid by the Treasury of the United States for borrowing purposes.

(d) Lands donated by State of California

The Secretary is authorized to accept and manage in accordance with sections 459c to 459c–7 of this title, any lands and improvements within or adjacent to the seashore which are donated by the State of California or its political subdivisions. He is directed to accept any such lands offered for donation which comprise the Tomales Bay State Park, or lie between said park and Fish Hatchery Creek. The boundaries of the seashore shall be changed to include any such donated lands.

(e) Fee or admission charge prohibited

Notwithstanding any other provision of law, no fee or admission charge may be levied for admission of the general public to the seashore.

Amendments

1980—Subsec. (a). Pub. L. 96–199, § 101(a)(2), substituted “Except for property which the Secretary specifically determines is needed for interpretive or resource management purposes of the seashore, the” for “The” in first sentence.

Subsec. (b). Pub. L. 96–199, § 101(a)(3), inserted “or, in the case of areas inserted by action of the Ninety-sixth Congress, May 1, 1979, after ‘May 1, 1978’ and ‘that were in existence or under construction as of May 1, 1978’ after ‘related to the above uses of the property’.

1978—Subsec. (a). Pub. L. 95–625, § 318(b), extended provi- sion to agricultural property, provided for: retention rights of heirs and assigns, retention rights for term of twenty-five years or for term ending with death of owner or spouse, whichever was later. Subsec. (b). Pub. L. 95–625, § 318(c), defined “improved property” to include private dwelling, the construction of which was begun by action of the Ninety-fifth Congress, October 1, 1978, and included definition of “agricultural property”.

The Act entitled “An Act to establish a National Park Service, and for other purposes”, approved August 25, 1916 (39 Stat. 535), as amended and supplemented, and in accordance with other laws of general application relating to the national park system as defined by the Act of August 8, 1963 (67 Stat. 496). except that authority otherwise available to the Secretary for the conservation and management of natural resources may be utilized to the extent he finds such authority will further the purposes of sections 459c to 459c–7 of this title.

( b) Hunting and fishing regulations

The Secretary may permit hunting and fishing on lands and waters under his jurisdiction within the seashore in such areas and under such regulations as he may prescribe during open seasons prescribed by applicable local, State, and Federal law. The Secretary shall consult with officials of the State of California and any political subdivision thereof who have jurisdiction of hunting and fishing prior to the issuance of any such regulations, and the Secretary is authorized to enter into cooperative agreements with such officials regarding such hunting and fishing as he may deem desirable.

§ 459c–7. Authorization of appropriations; restriction on use of land

There are authorized to be appropriated such sums as may be necessary to carry out the provisions of sections 459c to 459c–7 of this title, except that no more than $75,500,000 shall be appropriated for the acquisition of land and waters and improvements thereon, and interests therein, and incidental costs relating thereto, in accordance with the provisions of such sections: Provided, That no freehold, leasehold, or lesser interest in any lands hereafter acquired within the boundaries of the Point Reyes National Seashore shall be conveyed for residential or commercial purposes except for public accommodations, facilities, and services provided pursuant to the Act of October 9, 1965 (Public Law 89–249; 79 Stat. 969); in addition to the sums heretofore authorized by this section, there is further authorized to be appropriated $5,000,000 for the acquisition of lands or interests therein.

§§ 459d, 459e. Amendments

1968—Pub. L. 90–541 made substantially identical amendments by inserting provision which directed the Secretary to administer the property acquired in such a manner so as to provide recreational, educational, historic preservation, interpretation, and scientific research opportunities consistent with the maximum protection, restoration, and preservation of the environment.

§ 459d. Padre Island National Seashore; description of land and waters

In order to save and preserve, for purposes of public recreation, benefit, and inspiration, a portion of the diminishing seashore of the

Appendix B: Historic Legislative Acts for Point Reyes National Seashore

Public Law 87-657

AN ACT

To establish the Point Reyes National Seashore in the State of California, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to save and preserve, for purposes of public recreation, benefit, and inspiration, a portion of the diminishing seashore of the United States that remains undeveloped, the Secretary of the Interior (hereinafter referred to as the "Secretary") is hereby authorized to take appropriate action in the public interest toward the establishment of the national seashore set forth in section 2 of this Act.

Sec. 2. (a) The area comprising that portion of the land and waters located on Point Reyes Peninsula, Marin County, California, which shall be known as the Point Reyes National Seashore, is described as follows by reference to that certain boundary map, designated NS-PR-7001, dated June 1, 1960, on file with the Director, National Park Service, Washington, District of Columbia.

Beginning at a point, not monumented, where the boundary line common to Rancho Punta de los Reyes (Sobrantes) and Rancho Las Baulines meets the average high tide line of the Pacific Ocean as shown on said boundary map;

Thence southeasterly from said point 1,320 feet offshore on a prolongation of said boundary line common to Rancho Punta de los Reyes (Sobrantes) and Rancho Las Baulines;

Thence in a northerly and westerly direction paralleling the average high tide line of the shore of the Pacific Ocean along Drakes Bay, and around Point Reyes;

Thence generally northerly and around Tomales Point, offshore a distance of 1,320 feet from average high tide line;

Thence southeasterly along a line 1,320 feet offshore and parallel to the average high tide line along the west shore of Bodega Bay and Tomales Bay to the intersection of this line with a prolongation of the most northerly tangent of the boundary of Tomales Bay State Park;

Thence south 34 degrees 32 minutes west 1,320 feet along the prolongation of said tangent of Tomales Bay State Park boundary to the average high tide line on the shore of Tomales Bay;

Thence following the boundary of Tomales Bay State Park in a southerly direction to a point lying 105.4 feet north 41 degrees east of an unimproved road heading westerly and northerly from Pierce Point Road;

Thence south 41 degrees west 105.4 feet to a point on the north right-of-way of said unimproved road;

Thence southeasterly along the north right-of-way of said unimproved road and Pierce Point Road to a point at the southwest corner of Tomales Bay State Park at the junction of the Pierce Point Road and Sir Francis Drake Boulevard;

Thence due south to a point on the south right-of-way of said Sir Francis Drake Boulevard;

Thence southeasterly along said south right-of-way approximately 3,109 feet to a point;

Thence approximately south 10 degrees west approximately 300 feet;

Thence south approximately 400 feet;

Thence southwest to the most northerly corner of the Inverness watershed area;

Thence southerly and easterly along the west property line of the Inverness watershed area approximately 9,640 feet to a point near the
intersection of this property line with an unimproved road as shown on said boundary map;

Thence southerly along existing property lines that roughly follow said unimproved road to its intersection with Drakes Summit Road and to a point on the north right-of-way of Drakes Summit Road;

Thence easterly approximately 1,000 feet along the north right-of-way of said Drakes Summit Road to a point which is a property line corner at the intersection with an unimproved road to the south;

Thence southerly and easterly and then northerly, as shown approximately on said boundary map, along existing property lines to a point on the south right-of-way of the Bear Valley Road, approximately 1,500 feet southeast of its intersection with Sir Francis Drake Boulevard;

Thence easterly and southerly along said south right-of-way of Bear Valley Road to a point on a property line approximately 1,000 feet west of the intersection of Bear Valley Road and Sir Francis Drake Boulevard in the village of Olema;

Thence south approximately 1,700 feet to the northwest corner of property now owned by Helen U. and Mary S. Shafter;

Thence southwest and southeast along the west boundary of said Shafter property to the southwest corner of said Shafter property;

Thence approximately south 30 degrees east on a course approximately 1,700 feet to a point;

Thence approximately south 10 degrees east on a course to the centerline of Olema Creek;

Thence generally southerly up the centerline of Olema Creek to a point on the west right-of-way line of State Route Numbered 1;

Thence southeasterly along westward right-of-way line to State Highway Numbered 1 to a point where a prolongation of the boundary line common to Rancho Punta de los Reyes (Sobrante) and Rancho Los Baulines would intersect right-of-way line of State Highway Numbered 1;

Thence southwestward to and along said south boundary line of Rancho Punta de los Reyes (Sobrante) approximately 2,000 feet to a property corner;

Thence approximately south 35 degrees east approximately 1,500 feet to the centerline of Pine Gulch Creek;

Thence down the centerline of Pine Gulch Creek approximately 400 feet to the intersection with a side creek flowing from the west;

Thence up said side creek to its intersection with said south boundary line of Rancho Punta de los Reyes (Sobrante);

Thence southwest along said south boundary line of Rancho Punta de los Reyes to the point of beginning, containing approximately 38,600 acres. Notwithstanding the foregoing description, the Secretary is authorized to include within the Point Reyes National Seashore the entire tract of land owned by the Vedanta Society of Northern California west of the centerline of Olema Creek, in order to avoid a severance of said tract.

(b) The area referred to in subsection (a) shall include also a right-of-way, to be selected by the Secretary, of not more than 400 feet in width at the north end of said tract from the intersection of Sir Francis Drake Boulevard and Haggerty Gulch.

Sec. 5. (a) Except as provided in section 4, the Secretary is authorized to acquire, and it is the intent of Congress that he shall acquire as rapidly as appropriated funds become available for this purpose or as such acquisition can be accomplished by donation or with donated funds or by transfer, exchange, or otherwise the lands, waters, and other property, and improvements thereon and any interest therein, within the areas described in section 2 of this Act or which lie within
the boundaries of the seashore as established under section 5 of this Act (hereinafter referred to as "such area"). Any property, or interest therein, owned by a State or political subdivision thereof may be acquired only with the concurrence of such owner. Notwithstanding any other provision of law, any Federal property located within such area may, with the concurrence of the agency having custody thereof, be transferred without consideration to the administrative jurisdiction of the Secretary for use by him in carrying out the provisions of this Act. In exercising his authority to acquire property in accordance with the provisions of this subsection, the Secretary may enter into contracts requiring the expenditure, when appropriated, of funds authorized by section 8 of this Act, but the liability of the United States under any such contract shall be contingent on the appropriation of funds sufficient to fulfill the obligations thereby incurred.

(b) The Secretary is authorized to pay for any acquisitions which he makes by purchase under this Act their fair market value, as determined by the Secretary, who may in his discretion base his determination on an independent appraisal obtained by him.

(c) In exercising his authority to acquire property by exchange, the Secretary may accept title to any non-Federal property located within such area and convey to the grantor of such property any Federal property owned by the United States within the jurisdiction of the Secretary, within California and adjacent States, notwithstanding any other provision of law. The properties so exchanged shall be approximately equal in fair market value, provided that the Secretary may accept cash from or pay cash to the grantor in such an exchange in order to equalize the values of the properties exchanged.

Sec. 4. No parcel of more than six hundred acres within the zone of approximately twenty-six thousand acres depicted on map number NS-PK-7091, dated August 10, 1961, on file with the director, National Park Service, Washington, District of Columbia, exclusive of that land required to provide access for purposes of the national seashore, shall be acquired without the consent of the owner so long as it remains in its natural state, or is used exclusively for ranching and dairying purposes including housing directly incident thereto. The term "ranching and dairying purposes", as used herein, means such ranching and dairying, primarily for the production of food, as is presently practiced in the area.

In acquiring access roads within the pastoral zone, the Secretary shall give due consideration to existing ranching and dairying uses and shall not unreasonably interfere with or damage such use.

Sec. 5. (a) As soon as practicable after the date of enactment of this Act and following the acquisition by the Secretary of an area in the area described in section 2 of this Act, that is in the opinion of the Secretary efficiently administrable to carry out the purposes of this Act, the Secretary shall establish Point Reyes National Seashore by the publication of notice thereof in the Federal Register.

(b) Such notice referred to in subsection (a) of this section shall contain a detailed description of the boundaries of the seashore which shall encompass an area as nearly as practicable identical to the area described in section 2 of this Act. The Secretary shall forthwith after the date of publication of such notice in the Federal Register (1) send a copy of such notice, together with a map showing such boundaries, by registered or certified mail to the Governor of the State and to the governing body of each of the political subdivisions involved; (2) cause a copy of such notice and map to be published in one or more newspapers which circulate in each of the localities; and (3) cause a certified copy of such notice, a copy of such map, and a copy of this Act to be recorded at the registry of deeds for the county involved.
Sec. 6. (a) Any owner or owners (hereinafter in this subsection referred to as "owner") of improved property on the date of its acquisition by the Secretary may, as a condition to such acquisition, retain the right of use and occupancy of the improved property for noncommercial residential purposes for a term of fifty years. The Secretary shall pay to the owner the fair market value of the property on the date of such acquisition less the fair market value on such date of the right retained by the owner.

(b) As used in this Act, the term "improved property" shall mean a private noncommercial dwelling, including the land on which it is situated, whose construction was begun before September 2, 1959, and structures necessary thereto (hereinafter in this subsection referred to as "dwelling"), together with such amount and locus of the property adjoining and in the same ownership as such dwelling as the Secretary designates to be reasonably necessary for the enjoyment of such dwelling for the sole purpose of noncommercial residential use and occupancy. In making such designation the Secretary shall take into account the manner of noncommercial residential use and occupancy in which the dwelling and such adjoining property has usually been enjoyed by its owner or occupant.

Sec. 7. (a) Except as otherwise provided in this Act, the property acquired by the Secretary under this Act shall be administered by the Secretary, subject to the provisions of the Act entitled "An Act to establish a National Park Service, and for other purposes", approved August 25, 1916 (39 Stat. 535), as amended and supplemented, and in accordance with other laws of general application relating to the national park system as defined by the Act of August 8, 1953 (67 Stat. 496), except that authority otherwise available to the Secretary for the conservation and management of natural resources may be utilized to the extent he finds such authority will further the purposes of this Act.

(b) The Secretary may permit hunting and fishing on lands and waters under his jurisdiction within the seashore in such areas and under such regulations as he may prescribe during open seasons prescribed by applicable local, State, and Federal law. The Secretary shall consult with officials of the State of California and any political subdivision thereof who have jurisdiction of hunting and fishing prior to the issuance of any such regulations, and the Secretary is authorized to enter into cooperative agreements with such officials regarding such hunting and fishing as he may deem desirable.

Sec. 8. There are authorized to be appropriated such sums as may be necessary to carry out the provisions of this Act, except that no more than $14,000,000 shall be appropriated for the acquisition of land and waters and improvements thereon, and interests therein, and incidental costs relating thereto, in accordance with the provisions of this Act.

Approved September 13, 1962.
Public Law 91-223

AN ACT

To authorize the appropriation of additional funds necessary for acquisition of land at the Point Reyes National Seashore in California.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 8 of the Act of September 13, 1962 (76 Stat. 538), as amended (16 U.S.C. 450c-7), is amended (a) by deleting "$10,135,000" and inserting "$57,500,000"; and (b) by changing the period at the end of the section to a colon and adding; "Provided, That no freehold, leasehold, or lesser interest in any lands hereafter acquired within the boundaries of the Point Reyes National Seashore shall be conveyed for residential or commercial purposes except for public accommodations, facilities, and services provided pursuant to the Act of October 9, 1965 (Public Law 89-249; 79 Stat. 930)."

Sec. 2. (a) Section 5(a) of the Act of September 13, 1962 (76 Stat. 538), is amended by striking out the words "Except as provided in section 4, the," in the first sentence and inserting the word "The" in lieu thereof.

(b) Section 4 is hereby repealed.

(c) The remaining sections of the Act of September 13, 1962 (76 Stat. 538), are renumbered accordingly.

Approved April 3, 1970.
Public Law 92-589

AN ACT

To establish the Golden Gate National Recreation Area in the State of California, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

ESTABLISHMENT

Section 1. In order to preserve for public use and enjoyment certain areas of Marin and San Francisco Counties, California, possessing outstanding natural, historic, scenic, and recreational values, and in order to provide for the maintenance of needed recreational open space necessary to urban environment and planning, the Golden Gate National Recreation Area (hereinafter referred to as the “recreation area”) is hereby established. In the management of the recreation area, the Secretary of the Interior (hereinafter referred to as the “Secretary”) shall utilize the resources in a manner which will provide for recreation and educational opportunities consistent with sound principles of land use planning and management. In carrying out the provisions of this Act, the Secretary shall preserve the recreation area, as far as possible, in its natural setting, and protect it from development and uses which would destroy the scenic beauty and natural character of the area.

COMPOSITION AND BOUNDARIES

Sec. 2. (a) The recreation area shall comprise the lands, waters, and submerged lands generally depicted on the map entitled “Boundary Map, Golden Gate National Recreation Area”, numbered NRA–GG–80,003A, sheets 1 through 3, and dated July, 1972.

(b) The map referred to in this section shall be on file and available for public inspection in the Offices of the National Park Service, Department of the Interior, Washington, District of Columbia. After advising the Committees on Interior and Insular Affairs of the United States House of Representatives and the United States Senate (hereinafter referred to as the “committees”) in writing, the Secretary may make minor revisions of the boundaries of the recreation area when necessary by publication of a revised drawing or other boundary description in the Federal Register.

ACQUISITION POLICY

Sec. 3. (a) Within the boundaries of the recreation area, the Secretary may acquire lands, improvements, waters, or interests therein, by donation, purchase, exchange or transfer. Any lands, or interests therein, owned by the State of California or any political subdivision thereof, may be acquired only by donation. When any tract of land is only partly within such boundaries, the Secretary may acquire all or any portion of the land outside of such boundaries in order to minimize the payment of severance costs. Land so acquired outside of the boundaries may be exchanged by the Secretary for non-Federal lands within the boundaries. Any portion of land acquired outside the boundaries and not utilized for exchange shall be reported to the General Services Administration for disposal under the Federal Property and Administrative Services Act of 1949 (63 Stat. 377), as amended: Provided, That no disposal shall be for less than fair market value. Except as hereinafter provided, Federal property within
the boundaries of the recreation area is hereby transferred without consideration to the administrative jurisdiction of the Secretary for the purposes of this Act, subject to the continuation of such existing uses as may be agreed upon between the Secretary and the head of the agency formerly having jurisdiction over the property. Notwithstanding any other provision of law, the Secretary may develop and administer for the purposes of this Act structures or other improvements and facilities on lands for which he receives a permit of use and occupancy from the Secretary of the Army.

(b) Fort Cronkhite, Fort Barry, and the westerly one-half of Fort Baker, in Marin County, California, as depicted on the map entitled “Golden Gate Military Properties” numbered NRGG–20.002 and dated January 1972, which shall be on file and available for public inspection in the offices of the National Park Service, are hereby transferred to the jurisdiction of the Secretary for purposes of this Act, subject to continued use and occupancy by the Secretary of the Army of those lands needed for existing air defense missions, reserve activities and family housing, until he determines that such requirements no longer exist. The Coast Guard Radio Receiver Station, shall remain under the jurisdiction of the Secretary of the Department in which the Coast Guard is operating. When this station is determined to be excess to the needs of the Coast Guard, it shall be transferred to the jurisdiction of the Secretary for purposes of this Act.

(c) The easterly one-half of Fort Baker in Marin County, California, shall remain under the jurisdiction of the Department of the Army. When this property is determined by the Department of Defense to be excess to its needs, it shall be transferred to the jurisdiction of the Secretary for purposes of this Act. The Secretary of the Army shall grant to the Secretary reasonable public access through such property to Horseshoe Bay, together with the right to construct and maintain such public service facilities as are necessary for the purposes of this Act. The precise facilities and location thereof shall be determined between the Secretary and the Secretary of the Army.

(d) Upon enactment, the Secretary of the Army shall grant to the Secretary the irrevocable use and occupancy of one hundred acres of the Baker Beach area of the Presidio of San Francisco, as depicted on the map referred to in subsection (b).

(e) The Secretary of the Army shall grant to the Secretary within a reasonable time, the irrevocable use and occupancy of forty-five acres of the Crissy Army Airfield of the Presidio, as depicted on the map referred to in subsection (b).

(f) When all or any substantial portion of the remainder of the Presidio is determined by the Department of Defense to be excess to its needs, such lands shall be transferred to the jurisdiction of the Secretary for purposes of this Act. The Secretary shall grant a permit for continued use and occupancy for that portion of said Fort Point Coast Guard Station necessary for activities of the Coast Guard.

(g) Point Bonita, Point Diablo, and Lime Point shall remain under the jurisdiction of the Secretary of the Department in which the Coast Guard is operating. When this property is determined to be excess to the needs of the Coast Guard, it shall be transferred to the jurisdiction of the Secretary for purposes of this Act. The Coast Guard may continue to maintain and operate existing navigational aids: Provided, That access to such navigational aids and the installation of necessary new navigational aids within the recreation area shall be undertaken in accordance with plans which are mutually acceptable to the Secretary and the Secretary of the Department in which the Coast Guard is operating and which are consistent with both the purposes of this Act and the purpose of existing
statutes dealing with establishment, maintenance, and operation of navigational aids.

(h) That portion of Fort Miley comprising approximately one and seven-tenths acres of land presently used and required by the Secretary of the Navy for its inshore, undersea warfare installations shall remain under the administrative jurisdiction of the Department of the Navy until such time as all or any portion thereof is determined by the Department of Defense to be excess to its needs, at which time such excess portion shall be transferred to the administrative jurisdiction of the Secretary for purposes of this Act.

(i) New construction and development within the recreation area on property remaining under the administrative jurisdiction of the Department of the Army and not subject to the provisions of subsection (d) or (e) hereof shall be limited to that which is required to accommodate facilities being relocated from property being transferred under this Act to the administrative jurisdiction of the Secretary or which is directly related to the essential missions of the Sixth United States Army: Provided, however, That any construction on presently undeveloped open space may be undertaken only after prior consultation with the Secretary. The foregoing limitation on construction and development shall not apply to expansion of those facilities known as Letterman General Hospital or the Western Medical Institute of Research.

(j) The owner of improved property on the date of its acquisition by the Secretary under this Act may, as a condition of such acquisition, retain for himself and his heirs and assigns a right of use and occupancy of the improved property for noncommercial residential purposes for a definite term of not more than twenty-five years, or, in lieu thereof, for a term ending at the death of the owner or the death of his spouse, whichever is later. The owner shall elect the term to be reserved. Unless the property is wholly or partially donated to the United States, the Secretary shall pay to the owner the fair market value of the property on the date of acquisition minus the fair market value on that date of the right retained by the owner. A right retained pursuant to this section shall be subject to termination by the Secretary upon his determination that it is being exercised in a manner inconsistent with the purpose of this Act, and it shall terminate by operation of law upon the Secretary's notifying the holder of the right of such determination and tendering to him an amount equal to the fair market value of that portion of the right which remains unexercised.

(k) The term "improved property", as used in subsection (j), means a detached, noncommercial residential dwelling, the construction of which was begun before June 1, 1971, together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

(l) Whenever an owner of property elects to retain a right of use and occupancy as provided for in the Act, such owner shall be deemed to have waived any benefits or rights accruing under sections 203, 204, 205, and 206 of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (84 Stat. 1894), and for the purposes of those sections such owner shall not be considered a displaced person as defined in section 101(f) of that Act.

(m) Notwithstanding any other provision of law, the Secretary shall have the same authority with respect to contracts for the acquisition of land and interests in land for the purposes of this Act as was
given the Secretary of the Treasury for other land acquisitions by section 34 of the Act of May 30, 1908, relating to purchase of sites for public buildings (35 Stat. 535), and the Secretary and the owner of land to be acquired under this Act may agree that the purchase price will be paid in periodic installments over a period that does not exceed ten years, with interest on the unpaid balance thereof at a rate which is not in excess of the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities on the installments. Judgments against the United States for amounts in excess of the deposit in court made in condemnation actions shall be subject to the provisions of the Act of July 27, 1956 (70 Stat. 624) and sections 2414 and 2017 of title 28, United States Code.

ADMINISTRATION

Sec. 4. (a) The Secretary shall administer the lands, waters and interests therein acquired for the recreation area in accordance with the provisions of the Act of August 25, 1916 (32 Stat. 335; 16 U.S.C. 1, 2–4), as amended and supplemented, and the Secretary may utilize such statutory authority available to him for the conservation and management of wildlife and natural resources as he deems appropriate to carry out the purposes of this Act. Notwithstanding their inclusion within the boundaries of the recreation area, the Muir Woods National Monument and Fort Point National Historic Site shall continue to be administered as distinct and identifiable units of the national park system in accordance with the laws applicable to such monument and historic site.

(b) The Secretary may enter into cooperative agreements with any Federal agency, the State of California, or any political subdivision thereof, for the rendering, on a reimbursable basis, of rescue, firefighting, and law enforcement and fire preventive assistance.

(c) The authority of the Army to undertake or contribute to water resource developments, including shore erosion control, beach protection, and navigation improvements on land and/or waters within the recreation area shall be exercised in accordance with plans which are mutually acceptable to the Secretary and the Secretary of the Army and which are consistent with both the purpose of this Act and the purpose of existing statutes dealing with water and related resource development.

(d) The Secretary, in cooperation with the State of California and affected political subdivisions thereof, local and regional transit agencies, and the Secretaries of Transportation and of the Army, shall make a study for a coordinated public and private transportation system to and within the recreation area and other units of the national park system in Marin and San Francisco Counties.

ADVISORY COMMISSION

Sec. 5. (a) There is hereby established the Golden Gate National Recreation Area Advisory Commission (hereinafter referred to as the “Commission”).

(b) The Commission shall be composed of fifteen members appointed by the Secretary for terms of three years each.

(c) Any vacancy in the Commission shall be filled in the same manner in which the original appointment was made.

(d) Members of the Commission shall serve without compensation, as such, but the Secretary may pay, upon vouchers signed by the Chairman, the expenses reasonably incurred by the Commission and its members in carrying out their responsibilities under this Act.
(e) The Secretary, or his designee, shall from time to time, but at least annually, meet and consult with the Commission on general policies and specific matters related to planning, administration and development affecting the recreation area and other units of the national park system in Marin and San Francisco Counties.

(f) The Commission shall act and advise by affirmative vote of a majority of the members thereof.

(g) The Commission shall cease to exist ten years after the enactment of this Act.

**A PROPRIATION LIMITATION**

Sec. 6. There are hereby authorized to be appropriated such sums as may be necessary to carry out the provisions of this Act, but not more than $61,610,000 shall be appropriated for the acquisition of lands and interests in lands. There are authorized to be appropriated not more than $58,000,000 (May 1971 prices) for the development of the recreation area, plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuations in construction costs as indicated by engineering cost indices applicable to the type of construction involved herein.

Approved October 27, 1972.
PUBLIC LAW 94-544—OCT. 18, 1976

Public Law 94–544
94th Congress

An Act

To designate certain lands in the Point Reyes National Seashore, California, as wilderness, amending the Act of September 13, 1962 (76 Stat. 533), as amended (16 U.S.C. 459r–6a), and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, in furtherance of the purposes of the Point Reyes National Seashore Act (76 Stat. 533; 16 U.S.C. 459c), and of the Wilderness Act (78 Stat. 919; 16 U.S.C. 1131–36), and in accordance with section 3(e) of the Wilderness Act, the following lands within the Point Reyes National Seashore are hereby designated as wilderness, and shall be administered by the Secretary of the Interior in accordance with the applicable provisions of the Wilderness Act: those lands comprising twenty-five thousand three hundred and seventy acres, and potential wilderness additions comprising eight thousand and three acres, depicted on a map entitled "Wilderness Plan, Point Reyes National Seashore," numbered 612-50,000-B and dated September 1978, to be known as the Point Reyes Wilderness.

Sec. 2. As soon as practicable after this Act takes effect, the Secretary of the Interior shall file a map of the wilderness area and a description of its boundaries with the Interior and Insular Affairs Committees of the United States Senate and House of Representatives, and such map and descriptions shall have the same force and effect as if included in this Act: Provided, however, That correction of clerical and typographical errors in such map and descriptions may be made.

Sec. 3. The area designated by this Act as wilderness shall be administered by the Secretary of the Interior in accordance with the applicable provisions of the Wilderness Act governing areas designated by that Act as wilderness areas, except that any reference in such provisions to the effective date of this Act, and, where appropriate, any reference to the Secretary of Agriculture, shall be deemed to be a reference to the Secretary of the Interior.

Sec. 4. (a) Amend the Act of September 13, 1962 (76 Stat. 533), as amended (16 U.S.C. 459r–6a), as follows:

In section 8(a) insert immediately after the words "shall be administered by the Secretary," the words "without impairment of its natural values, in a manner which provides for such recreational, educational, historic preservation, interpretation, and scientific research opportunities as are consistent with, based upon, and supportive of the maximum protection, restoration, and preservation of the natural environment within the area;"

(b) Add the following new section 7 and redesignate the existing section 7 as section 8:

"Sec. 7. The Secretary shall designate the principal environmental education center within the seashore as 'The Clem Miller Environmental Education Center', in commemoration of the vision and leadership which the late Representative Clem Miller gave to the creation and protection of Point Reyes National Seashore.

Approved October 18, 1976.
(k) Point Reyes National Seashore, California, wilderness comprising twenty-five thousand three hundred and seventy acres, and potential wilderness additions comprising eight thousand and three acres, depicted on a map entitled “Wilderness Plan, Point Reyes National Seashore”, numbered 512-90,000-B and dated September 1976, to be known as the Point Reyes Wilderness.

Sec. 3. All lands which represent potential wilderness additions, upon publication in the Federal Register of a notice by the Secretary of the Interior that all uses therein prohibited by the Wilderness Act have ceased, shall thereby be designated wilderness.

“Sec. 7. The Secretary shall designate the principal environmental education center within the Seashore as 'The Clem Miller Environmental Education Center' in commemoration of the vision and leadership which the late Representative Clem Miller gave to the creation and protection of Point Reyes National Seashore.”
PUBLIC LAW 95-572 [S. 9]; Sept. 18, 1978

OUTER CONTINENTAL SHELF LANDS ACT AMENDMENT OF 1978

For Legislative History of Act, see p. 1450

An Act to establish a policy for the management of oil and natural gas in the Outer Continental Shelf; to protect the marine and coastal environment; to amend the Outer Continental Shelf Lands Act; and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the “Outer Continental Shelf Lands Act Amendments of 1978”.

TABLE OF CONTENTS

TITLE I—FINDINGS AND PURPOSES WITH RESPECT TO MANAGING THE RESOURCES OF THE OUTER CONTINENTAL SHELF

Sec. 101. Findings.
Sec. 102. Purposes.

TITLE II—AMENDMENTS TO THE OUTER CONTINENTAL SHELF LANDS ACT

Sec. 201. Definitions.
Sec. 203. Laws applicable to the Outer Continental Shelf.
Sec. 204. Outer Continental Shelf exploration and development administration.
Sec. 205. Revenue sharing.
Sec. 206. Outer Continental Shelf oil and gas exploration.
Sec. 207. Annual report.
Sec. 208. New sections of the Outer Continental Shelf Lands Act.
"Sec. 18. Outer Continental Shelf leasing program.
"Sec. 19. Coordination and consultation with affected States and local governments.
"Sec. 20. Environmental studies.
"Sec. 21. Safety regulations.
"Sec. 22. Enforcement.
"Sec. 23. Citizen suits, court jurisdiction, and judicial review.
"Sec. 24. Remedies and penalties.
"Sec. 25. Oil and gas development and production.
"Sec. 26. Outer Continental Shelf oil and gas information program.
"Sec. 27. Federal purchase and disposition of oil and gas.
"Sec. 28. Limitation on export.
"Sec. 29. Restrictions on employment.
"Sec. 30. Documentation, registry, and manpower requirements.

TITLE III—OFFSHORE OIL SPILL POLLUTION FUND

Sec. 301. Definitions.
Sec. 302. Fund establishment, administration, and financing.
Sec. 303. Damages and claimants.
Sec. 304. Liability.
Sec. 305. Financial responsibility.
Sec. 306. Notification, designation, and advertisement.
Sec. 307. Claim settlement.
Sec. 308. Subrogation.
Sec. 309. Jurisdiction and venue.
Sec. 310. Relationship to other law.
Sec. 311. Prohibition.
Sec. 312. Penalties.
Sec. 313. Authorization of appropriation.
Sec. 314. Annual report.
Sec. 315. Effective dates.
OUTER CONTINENTAL SHELF OIL AND GAS EXPLORATION

Sec. 206. Section 11 of the Outer Continental Shelf Lands Act (43 U.S.C. 1340) is amended—
(1) by inserting "(a) (1)" immediately before "Any"; and
(2) by adding at the end thereof the following:

"(2) The provisions of paragraph (1) of this subsection shall not apply to any person conducting explorations pursuant to an approved exploration plan on any area under lease to such person pursuant to the provisions of this Act.

(b) Except as provided in subsection (f) of this section, beginning ninety days after the date of enactment of this subsection, no exploration pursuant to any oil and gas lease issued or maintained under this Act may be undertaken by the holder of such lease, except in accordance with the provisions of this section.

"(c) (1) Except as otherwise provided in the Act, prior to commencing exploration pursuant to any oil and gas lease issued or maintained under this Act, the holder thereof shall submit an exploration plan to the Secretary for approval. Such plan may apply to more than one lease held by a lessee in any one region of the outer Continental Shelf, or by a group of lessees acting under a unitization, pooling, or drilling agreement, and shall be approved by the Secretary if he finds that such plan is consistent with the provisions of this Act, regulations prescribed under this Act, including regulations prescribed by the Secretary pursuant to paragraph (8) of section 5(a) of this Act, and the provisions of such lease. The Secretary shall require such modifications of such plan as are necessary to achieve such consistency. The Secretary shall approve such plan, as submitted or modified, within thirty days of its submission, except that the Secretary shall disapprove such plan if he determines that (A) any proposed activity under such plan would result in any condition described in section 5(a) (2) (A) (i) of this Act, and (B) such proposed activity cannot be modified to avoid such condition. If the Secretary disapproves a plan under the preceding sentence, he may, subject to section 5(a) (2) (B) of this Act, cancel such lease and the lessee shall be entitled to compensation in accordance with the regulations prescribed under section 5(a) (2) (C) (i) or (ii) of this Act.

"(2) The Secretary shall not grant any license or permit for any activity described in detail in an exploration plan and affecting any land use or water use in the coastal zone of a State with a coastal zone management program approved pursuant to section 306 of the Coastal Zone Management Act of 1972 (16 U.S.C. 1455), unless the State concurs or is conclusively presumed to concur with the consistency certification accompanying such plan pursuant to section 307(c) (3) (B) (i) or (ii) of such Act, or the Secretary of Commerce makes the finding authorized by section 307(c) (3) (B) (iii) of such Act.

"(3) An exploration plan submitted under this subsection shall include, in the degree of detail which the Secretary may by regulation require—

"(A) a schedule of anticipated exploration activities to be undertaken;
"(B) a description of equipment to be used for such activities;
"(C) the general location of each well to be drilled; and
"(D) such other information deemed pertinent by the Secretary.

43 USC 1334.

16 USC 1456.

92 STAT. 647
(d) The Secretary may, by regulation, require any lessee operating under an approved exploration plan to obtain a permit prior to drilling any well in accordance with such plan.

(e) (1) If a significant revision of an exploration plan approved under this subsection is submitted to the Secretary, the process to be used for the approval of such revision shall be the same as set forth in subsection (c) of this section.

(2) All exploration activities pursuant to any lease shall be conducted in accordance with an approved exploration plan or an approved revision of such plan.

(f) (1) Exploration activities pursuant to any lease for which a drilling permit has been issued or for which an exploration plan has been approved, prior to ninety days after the date of enactment of this subsection, shall be considered in compliance with this section, except that the Secretary may, in accordance with section 3(a)(1)(B) of this Act, order a suspension or temporary prohibition of any exploration activities and require a revised exploration plan.

(2) The Secretary may require the holder of a lease described in paragraph (1) of this subsection to supply a general statement in accordance with subsection (c)(4) of this section, or to submit other information.

(3) Nothing in this subsection shall be construed to amend the terms of any permit or plan to which this subsection applies.

(g) Any permit for geological explorations authorized by this section shall be issued only if the Secretary determines, in accordance with regulations issued by the Secretary, that—

(1) the applicant for such permit is qualified;

(2) the exploration will not interfere with or endanger operations under any lease issued or maintained pursuant to this Act; and

(3) such exploration will not be unduly harmful to aquatic life in the area, result in pollution, create hazardous or unsafe conditions, unreasonably interfere with other uses of the area, or disturb any site, structure, or object of historical or archeological significance.

(h) The Secretary shall not issue a lease or permit for, or otherwise allow, exploration, development, or production activities within fifteen miles of the boundaries of the Point Reyes Wilderness as depicted on a map entitled ‘Wilderness Plan, Point Reyes National Seashore’, numbered 612-96-000-3 and dated September 1976, unless the State of California issues a lease or permit for, or otherwise allows, exploration, development, or production activities on lands beneath navigable waters (as such term is defined in section 2 of the Submerged Lands Act) of such State which are adjacent to such Wilderness.
PUBLIC LAW 95-625—NOV. 10, 1978

POINT REYES NATIONAL SEASHORE

Sec. 318. (a) Section 2 (a) of the Act of September 12, 1962 (76 Stat. 488) as amended (16 U.S.C. 490) is further amended as follows:

"Sec. 2. (a) The Point Reyes National Seashore shall consist of the lands, waters, and submerged lands generally depicted on the map entitled "Boundary Map, Point Reyes National Seashore," numbered G2-A00081-1, and dated May 1978.

"The map referred to in this section shall be on file and available for public inspection in the Office of the National Park Service, Department of the Interior, Washington, District of Columbia. After advising the Committee on Interior and Insular Affairs of the United States Senate in writing, the Secretary may make minor revisions of the boundaries of the Point Reyes National Seashore when necessary by publication of a revised drawing or other boundary description in the Federal Register."

(b) Section 5(a) of such Act is amended to read as follows:

"Sec. 5. (a) The owner of improved property or of agricultural property on the date of its acquisition by the Secretary under this Act may, as a condition of such acquisition, retain for himself and his or her heirs and assigns a right of use and occupancy for a definite term of not more than thirty years or, if in lieu thereof, for a term ending at the death of the owner or the death of his or her spouse, whichever is later. The owner shall elect the term to be retained. Unless the property is wholly or partly donated to the United States, the Secretary shall pay to the owner the fair market value of the property on the date of acquisition minus the fair market value on that date of the right retained by the owner. A right retained pursuant to this section shall be subject to termination by the Secretary upon his or her determination that it is being exercised in a manner inconsistent with the purposes of this Act, and it shall terminate upon the Secretary's notifying the holder of the right of such determination and surrendering to him or her an amount equal to the fair market value of that portion of the right which remains unexpired. Where appropriate in the discretion of the Secretary, he or she may lease federally owned land (or any interest therein) which has been acquired by the Secretary under this Act and which was agricultural land prior to its acquisition. Such lease shall be subject to such restrictive covenants as may be necessary to carry out the purposes of this Act. Any land to be leased by the Secretary under this section shall be offered first to the person who owned such land or was a lessee thereon immediately before its acquisition by the United States."

(c) In subsection 5(b) of such Act, following "September 1, 1959," insert "or, in the case of areas added by action of the Ninety-fifth Congress, May 1, 1978;" and at the end of the subsection, add the following new sentence: "The term "agricultural property" as used in this Act means lands which were in regular use for, or were being converted to, agricultural, ranching, or grazing purposes as of May 1, 1978, together with residential and other structures related to the above uses of the property."

(d) Section 5 of such Act is amended by adding the following new subsection (c) to read as follows:

"(c) In acquiring those lands authorized by the Ninety-fifth Congress for the purposes of this Act, the Secretary may, when agreed upon by the landowner involved, defer payment or schedule payments over a period of ten years and pay interest on the unpaid balance at a rate not exceeding that paid by the Treasury of the United States for borrowing purposes."

(e) Section 8 of such Act is renumbered section 9 and the following new section is inserted after section 7:

"Sec. 8. The Secretary shall cooperate with the Bolinas Public Utilities District to protect and enhance the watershed values within the seashore. The Secretary may, at his or her discretion, permit the use and occupancy of lands added to the seashore by action of the Ninety-fifth Congress by the utilities district for water supply purposes, subject to such terms and conditions as the Secretary deems consistent with the purposes of this Act."
PUBLIC LAW 96-199—MAR. 5, 1980

Public Law 96-199
96th Congress

An Act

To establish the Channel Islands National Park, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I

Sec. 101. The National Parks and Recreation Act of 1978, approved November 10, 1978 (92 Stat. 2467), is amended as follows:

(a) Section 918, re: Point Reyes National Seashore is amended by:

(1) in subsection (a), change the period following "May 1978" to a comma and insert "plus those areas depicted on the map entitled 'Point Reyes and GGNRA Amendments, dated October 25, 1978'.";

(2) in subsection (b), changing the word "The" at the beginning of section 9(a) to "Except for property which the Secretary specifically determines is needed for interpretive or resource management purposes of the seashore, the";

(3) in subsection (c), after "May 1, 1978", inserting "or, in the case of areas added by section of the Ninety-sixth Congress, May 1, 1979", and at the end of the subsection, following the word "property", inserting "that were in existence or under construction as of May 1, 1978";

(4) in subsection (d), changing the phrase "subsection (c)" to read "subsections (c), (d), and (e)" and adding the following at the end thereof:

"(d) The Secretary is authorized to accept and manage in accordance with this Act, any lands and improvements within or adjacent to the seashore which are donated by the State of California or its political subdivisions. He is directed to accept any such lands offered for donation which comprise the Tomales Bay State Park, or lie between said park and Fish Hatchery Creek. The boundaries of the seashore shall be changed to include any such donated lands.

"(e) Notwithstanding any other provision of law, no fee or admission charge may be levied for admission of the general public to the seashore.");

(5) adding a new subsection (f) as follows:

"(f) Section 9 of such Act is amended by adding at the end thereof: 'In addition to the sums heretofore authorized by this section, there is further authorized to be appropriated $3,058,000 for the acquisition of lands or interests therein.'");

(b) Section 551, re: the National Trails System Act is amended by:

(1) in paragraph (9), add the following at the end thereof:

"(8) The North Country National Scenic Trail, a trail of approximately thirty-two hundred miles, extending from eastern New York State to the vicinity of Lake Sakakawea in North Dakota, following the approximate route depicted on the map identified as 'Proposed North Country Trail-Vicinity Map' in the Department of the Interior 'North Country Trail Report', dated June 1975. The map shall be on..."
file and available for public inspection in the office of the Director, National Park Service, Washington, District of Columbia. The trail shall be administered by the Secretary of the Interior.

(2) In paragraph (16), subsection (e), delete the "", after Continental Divide National Scenic Trail, and insert "and the North Country National Scenic Trail;"

(3) In paragraph (15), subsection (f), after the phrase "Continental Divide National Scenic Trail", insert "or the North Country National Scenic Trail;"

(4) In paragraph (22), revise subsection (c) to read as follows:

"(c) There is hereby authorized to be appropriated such sums as may be necessary to implement the provisions of this Act relating to the trails designated by paragraphs (a) (3), (4), (5), (6), (7), and (8): Provided, That no such funds are authorized to be appropriated prior to October 1, 1978: And provided further, That notwithstanding any other provisions of this Act or any other provisions of law, no funds may be expended by Federal agencies for the acquisition of lands or interests in lands outside the exterior boundaries of existing Federal areas for the Continental Divide National Scenic Trail, the North Country National Scenic Trail, the Oregon National Historic Trail, the Mormon Pioneer National Historic Trail, the Lewis and Clark National Historic Trail, and the Iditarod National Historic Trail.

(a) in section 5(a) by adding the following new clause at the end thereof:

"(76) Birch, West Virginia: The main stem from the Cora Brown Bridge at Nicholas County to the confluence of the river with the Elk River in Braxton County."

(b) in section 5(b) by deleting "(75)" and inserting "(75)"

Sec. 103. The Act of October 27, 1972 (86 Stat. 1259), as amended (16 U.S.C. 469), is further amended as follows:

(a) In subsection 2(a), change the period following "October 1973" to a comma and insert "plus those areas depicted on the map entitled 'Point Reyes and GGNRA Amendments and dated October 25, 1973.'"

(b) In section 6, after "$61,510,000" insert "plus $15,500,000", after "hereinafter", insert "said total development ceiling to be reduced by $10,000,000".

Sec. 104. The Act of August 18, 1970 (84 Stat. 825), as amended, is further amended as follows:

(a) In section 8 near the end thereof, delete the sentence "Each report and annual listing shall be printed as a House document," and insert in lieu the following: "Each report and annual listing shall be printed as a House document: Provided, That such a report and annual listing shall be printed as a House document: Provided, That should adequate supplies of previously printed identical reports remain available, newly submitted identical reports shall be omitted from printing upon the receipt by the Speaker of the United States House of Representatives of a joint letter from the chairman of the Committee on Interior and Insular Affairs of the United States House of Representatives and the chairman of the Committee on Energy and Natural Resources of the United States Senate indicating such to be the case;"; and

(b) Insert "(a)" after "Sec. 8," and add a new subsection (b) as follows:
PUBLIC LAW 99-68—JULY 19, 1985

Public Law 99–68
99th Congress

An Act

To designate the wilderness in the Point Reyes National Seashore in California as the Phillip Burton Wilderness.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. PHILLIP BURTON WILDERNESS.

(a) In recognition of Congressman Phillip Burton’s dedication to the protection of the Nation’s outstanding natural, scenic, and cultural resources and his leadership in establishing units of the National Park System and preserving their integrity against threats to those resources and specifically his tireless efforts which led to the enactment of the California Wilderness Act of 1984, the designated wilderness area of Point Reyes National Seashore, California as established pursuant to law, shall henceforth be known as the “Phillip Burton Wilderness”.

(b) In order to carry out the provisions of this Act, the Secretary of the Interior is authorized and directed to provide such identification by signs, including, but not limited to changes in existing signs, materials, maps, markers, interpretive programs or other means as will adequately inform the public of the designation of the wilderness and the reasons therefor.

(c) References.—Nothing in this Act shall affect the management of (or the application of any rule, regulation, or provision of law to) any area within the Point Reyes National Seashore, except that all references to the “Point Reyes Wilderness” or to “the wilderness in the Point Reyes National Seashore” which appear in any rule, regulation, provision of law or other official document shall hereafter be deemed to be references to the Phillip Burton Wilderness Area.

(d) There are authorized to be appropriated such sums as may be necessary to carry out the provisions of this Act.

Appendix C: Selected Federal and State Legislation and Directives

THE SECRETARY OF THE INTERIOR
WASHINGTON

NOV 29 2012

To: Director, National Park Service
Through: Principal Deputy Assistant Secretary for Fish and Wildlife and Parks
From: Secretary
Subject: Point Reyes National Seashore – Drakes Bay Oyster Company

After giving due consideration to the request of the Drakes Bay Oyster Company ("DBOC") to conduct commercial operations within Point Reyes National Seashore in the State of California ("Point Reyes"), I have directed the National Park Service (NPS) to allow the permit to expire at the end of its current term. This decision is based on matters of law and policy including:

1) The explicit terms of the 1972 conveyance from the Johnson Oyster Company to the United States of America. The Johnson Oyster Company received $79,200 for the property. The Johnson Oyster Company also reserved a 40 year right of use and occupancy expiring November 30, 2012. Under these terms and consideration paid, the United States purchased all the fee interest that housed the oyster operation. In 2004, DBOC acquired the business from Johnson Oyster Company, including the remaining term of the reservation of use and occupancy and was explicitly informed “no new permit will be issued” after the 2012 expiration date.

2) The continuation of the DBOC operation would violate the policies of NPS concerning commercial use within a unit of the National Park System and nonconforming uses within potential or designated wilderness, as well as specific wilderness legislation for Point Reyes National Seashore.

The area within Point Reyes that Congress identified as potential wilderness includes a biologically rich estuary known as Drakes Estero, consisting of several tidal inlets tributary to Drakes Bay, on the southern side of the Point Reyes peninsula. Drakes Estero encompasses approximately 2,500 acres of tidelands and submerged lands and is home to one of the largest harbor seal populations in California. In 1999 the eastern portion of Drakes Estero, known as the Estero de Limantour, was converted from potential to designated wilderness, becoming the first (and still the only) marine wilderness on the Pacific coast of the United States outside of Alaska. DBOC’s commercial mariculture operation is the only use in the remaining portion of Drakes Estero preventing its conversion from potential to designated wilderness.

Therefore, I direct you to:

1) Notify DBOC that both the Reservation of Use and Occupancy ("RUO") and the Special Use Permit ("SUP") held by DBOC expire according to their terms on November 30, 2012.
2) Allow DBOC a period of 90 days after November 30, 2012, to remove its personal property, including shellfish and racks, from the lands and waters covered by the RUO and SUP in order for DBOC to minimize the loss of its personal property and to meet its obligations to vacate and restore all areas covered by the RUO and SUP. No commercial activities may take place in the waters of Drakes Estero after November 30, 2012. During this 90 day period, DBOC may conduct limited commercial activities onshore to the extent authorized in writing by NPS.

3) Effectuate the conversion of Drakes Estero from potential to designated wilderness.

Because of the importance of sustainable agriculture on the pastoral lands within Point Reyes, I direct that you pursue extending permits for the ranchers within those pastoral lands to 20-year terms.

Finally, I direct you to use all existing legal authorizations at your disposal to help DBOC workers who might be affected by this decision, including assisting with relocation, employment opportunities, and training.

I have taken this matter very seriously. I have personally traveled to Point Reyes National Seashore, visited DBOC, met with a wide variety of interested parties on all sides of this issue, and considered many letters, scientific reports, and other documents. The purpose of this memorandum is to document the reasons for my decision and to direct you to take all necessary and appropriate steps to implement it.

I. Factual and Legal Background

A. Point Reyes National Seashore

Congress authorized the establishment of Point Reyes National Seashore in the Act of September 13, 1962, Pub. L. No. 87-557, 76 Stat. 538, codified as amended at 16 U.S.C. §§ 459c through 459o-7 (2012). The NPS subsequently began to acquire privately owned lands within Point Reyes’ legislated boundaries. In 1965 the State of California granted the United States all of the State’s right, title, and interest to the tide and submerged lands within the national seashore except for certain mineral rights. On October 20, 1972, the national seashore was formally established by publication of the required notice in the Federal Register, 37 Fed. Reg. 23,366 (1972). The legislation does authorize the Secretary of the Interior to lease agricultural ranch and dairy lands within Point Reyes’ pastoral zone in keeping with the historic use of that land. The enabling legislation does not authorize mariculture.

Point Reyes comprises approximately 71,067 acres, of which approximately 65,090 are federally owned. The National Seashore, located about an hour’s drive north of San Francisco, currently attracts more than two million visitors per year. In 1976, Congress designated 25,370 acres of land within Point Reyes as wilderness and identified an additional 8,003 acres of land and water as potential wilderness. Act of October 18, 1976, Pub. L. No. 95-544, 90 Stat. 2515, and § 1(k)
of the Act of October 20, 1976, Pub. L. No. 94-567, 90 Stat. 2692, 2693. With respect to the area identified as potential wilderness, Congress provided, “All lands which represent potential wilderness additions, upon publication in the Federal Register of a notice by the Secretary of the Interior that all uses thereon prohibited by the Wilderness Act have ceased, shall thereby be designated wilderness.” Id. § 3. The House of Representatives committee report accompanying the October 18, 1976, act states, “As is well established, it is the intention that those lands and waters designated as potential wilderness additions will be essentially managed as wilderness, to the extent possible, with efforts to steadily continue to remove all obstacles to the eventual conversion of these lands and waters to wilderness status.” H.R. Rep. No. 94-1680 at 3 (1976). Sections 4(e) and 4(d)(5) of the Wilderness Act prohibit commercial activities such as mariculture in designated wilderness. 16 U.S.C. §§ 1133(c) and 1133(d)(5).

B. Commercial Mariculture Operations within Point Reyes National Seashore

Since the 1930s commercial oyster operations have been conducted on lands and waters now included within Point Reyes. In 1958 Charles W. Johnson assumed control over state-issued water-bottom leases in Drakes Estero, and in 1961 he purchased five acres of uplands near the estero and expanded an existing oyster processing facility on it. In 1972 Mr. Johnson, dba Johnson Oyster Company (JOC), conveyed fee title to his property to the United States, reserving in the deed a 40-year right to use and occupy 1.5 acres of land, including the processing facility, “for the purpose of processing and selling wholesale and retail oysters, seafood and complimentary [sic; probably should read “complementary”] food items, the interpretation of oyster cultivation to the visiting public, and residential purposes reasonably incident thereto.” The reservation indicated that possibility of a new permit after the RUO’s expiration but in no way suggested that one would definitely be issued. The United States paid JOC fair market value for the interest the United States acquired, taking into consideration the value of the 40-year reserved use and occupancy. The deed of conveyance refers to the reservation as “a terminable right to use and occupy.”

In 2004 DBOC purchased the assets of Johnson’s Oyster Company, including the remaining term of the RUO, with full knowledge that the reserved use and occupancy would expire in 2012.

On March 28, 2005, then Superintendent of Point Reyes, Don Neubacher, sent a letter to DBOC “to ensure clarity and avoid any misunderstanding....[r]egarding the 2012 expiration date and the potential wilderness designation, based on our legal review, no new permits will be issued after that date.”

---

1 The official map referenced in both pieces of legislation indicated that Congress actually designated approximately 24,200 acres of land as wilderness and identified approximately 8,530 acres of additional land as potential wilderness.

2 It is worth noting that under the statute’s clear terms the conversion from potential to designated wilderness occurs automatically by operation of law when the required Federal Register notice is published.

3 In 1999 approximately 1,752 acres of uplands, tidelands, and submerged lands within Point Reyes were converted from potential to designated wilderness. 64 Fed. Reg. 63,057 (1999).
The DBOC subsequently applied for, and was issued, an NPS special use permit authorizing it to
use approximately 1,050 acres offshore and 3.1 additional acres onshore for its operations. Both
authorizations—the RUO and the SUP—expire by their own terms on November 30, 2012.

C. Sec. 124

Stat. 2932, which provides in its entirety as follows:

Sec. 124. Prior to the expiration on November 30, 2012, of the Drakes Bay
Oyster Company’s Reservation of Use and Occupancy and associated special use
permit (“existing authorization”) within Drake’s (sic) Estero at Point Reyes
National Seashore, notwithstanding any other provision of law, the Secretary of
the Interior is authorized to issue a special use permit with the same terms and
conditions as the existing authorization, except as provided herein, for a period of
10 years from November 30, 2012: Provided, That such extended authorization is
subject to annual payments to the United States based on the fair market value of
the use of the Federal property for the duration of such renewal. The Secretary
shall take into consideration recommendations of the National Academy of
Sciences Report pertaining to shellfish mariculture in Point Reyes National
Seashore before modifying any terms and conditions of the extended
authorization. Nothing in this section shall be construed to have any application to
any location other than Point Reyes National Seashore; nor shall anything in this
section be cited as precedent for management of any potential wilderness outside
the Seashore.

D. Preparation of Draft and Final Environmental Impact Statements

After Sec. 124 was enacted in 2009, the NPS initiated the process of preparing a draft
environmental impact statement (DEIS) to analyze the environmental impacts associated with
various alternatives related to a decision to permit or not to permit DBOC’s continued
commercial operations in Drakes Estero and to obtain robust public input into this matter. The
NPS issued a scoping notice, hosted public scoping meetings, produced and released to the
public a thousand-page-long DEIS, and invited and accepted public comments on the DEIS. As a
result of that public process, the NPS prepared a final environmental impact statement (FEIS),
which includes responses to public comments on the DEIS. The NPS released the FEIS to the
public earlier this month.

Sec. 124 does not require me (or the NPS) to prepare a DEIS or an FEIS or otherwise to comply
with the National Environmental Policy Act of 1969 (NEPA) or any other law. The
“notwithstanding any other provision of law” language in Sec. 124 expressly exempts my
decision from any substantive or procedural legal requirements. Nothing in the DEIS or FEIS
that the NPS released to the public suggests otherwise. As the FEIS explained:

Although the Secretary’s authority under Section 124 is ‘notwithstanding any
other provision of law,’ the Department has determined that it is helpful to
generally follow the procedures of NEPA. The EIS provides decision-makers with sufficient information on potential environmental impacts, within the context of law and policy, to make an informed decision on whether or not to issue a new SUP. In addition, the EIS process provides the public with an opportunity to provide input to the decision-makers on the topics covered by this document.

FEIS at 2. The FEIS also stated, “The NEPA process will be used to inform the decision of whether a new [special use permit] should be issued to DBOC for a period of 10 years.” Id. at 5. The NEPA process, like Sec. 124 itself, does not dictate a result or constrain my discretion in this matter.

II. Discussion

I understand and appreciate that the scientific methodology employed by the NPS in preparing the DEIS and FEIS and the scientific conclusions contained in these documents have generated much controversy and have been the subject of several reports. Collectively, those reports indicate that there is a level of debate with respect to the scientific analyses of the impacts of DBOC’s commercial mariculture operations on the natural environment within Drakes Estero.

Although there is scientific uncertainty and a lack of consensus in the record regarding the precise nature and scope of the impacts that DBOC’s operations have on wilderness resources, visitor experience and recreation, socioeconomic resources and NPS operations, the DEIS and FEIS support the proposition that the removal of DBOC’s commercial operations in the estero would result in long-term beneficial impacts to the estero’s natural environment. Thus, while the DEIS and FEIS do not resolve all the uncertainty surrounding the impacts of the mariculture operations on Drakes Estero, and while they are not material to the legal and policy factors that provide the central basis for my decision, they have informed me with respect to the complexities, subtleties, and uncertainties of this matter and have been helpful to me in making my decision.

Sec. 124 grants me the authority and discretion to issue DBOC a new special use permit, but it does not direct me to do so. Sec. 124 also does not prescribe the factors on which I must base my decision. In addition to considering the documents described above, I gave great weight to matters of public policy, particularly the public policy inherent in the 1976 act of Congress that identified Drakes Estero as potential wilderness.

In enacting that provision, Congress clearly expressed its view that, but for the nonconforming uses, the estero possessed wilderness characteristics and was worthy of wilderness designation.

While NEPA review was not legally required, NEPA as a general matter does not require absolute scientific certainty or the full resolution of any uncertainty regarding the impacts of the federal action. See League of Wilderness Defenders-Blue Mountain Biodiversity Project v. U.S. Forest Service, 689 F.3d 1060 (9th Cir. 2012) and Lands Council v. McNair, 537 F.3d 981, 988 (9th Cir. 2008) (en banc) (overruled in part on other grounds by Winter v. Natural Res. Def. Council., 555 U.S. 7 (2008)).

In a letter to me dated November 27, 2012, counsel for DBOC has asserted that the FEIS is “failing flawed” and I should avoid any consideration of the FEIS in its entirety. My decision today is based on the incompatibility of commercial activities in wilderness and not on the data that was asserted to be flawed.
Congress also clearly expressed its intention that the estero become designated wilderness by operation of law when “all uses thereon prohibited by the Wilderness Act have ceased.” The DBOC’s commercial operations currently are the only use of the estero prohibited by the Wilderness Act. Therefore, DBOC’s commercial operations are the only use preventing the conversion of Drakes Estero to designated wilderness. Since the RUO and SUP allowing DBOC’s commercial operations in the estero will expire by their own terms, after November 30, 2012, DBOC no longer will have legal authorization to conduct those operations, and approximately 1,363 acres can become designated wilderness.

Although Sec. 124 grants me the authority to issue a new SUP and provides that such a decision would not be considered to establish any national precedent with respect to wilderness, it in no way overrides the intent of Congress as expressed in the 1976 act to establish wilderness at the estero. With that in mind, my decision effectuates that Congressional intent.

III. Implementation

Based on the foregoing, I hereby direct that you expeditiously take all necessary and appropriate steps to implement my decision. My decision means that, after November 30, 2012, DBOC no longer will be legally authorized to conduct commercial operations within Point Reyes. Accordingly, I direct that the NPS publish in the Federal Register the notice announcing the conversion of Drakes Estero from potential to designated wilderness. I direct that the NPS allow DBOC a period of 90 days after November 30, 2012, to remove its personal property, including shellfish and racks, from the lands and waters covered by the RUO and SUP in order for DBOC to minimize the loss of its personal property and to meet its obligations to vacate and restore all areas covered by the RUO and SUP. No commercial activities may take place in the waters of Drakes Estero after November 30, 2012. During this 90 day period, DBOC may conduct limited commercial activities onshore to the extent authorized in writing by NPS.

I am aware that allowing DBOC’s existing authorizations to expire by their terms will result in dislocation of DBOC’s business and may result in the loss of jobs for the approximately 30 people currently employed by DBOC. I therefore direct that you use existing legal authorities to ameliorate to the extent possible the economic and other impacts on DBOC’s employees, including providing information and other assistance to those employees to the full extent authorized under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, codified as amended at 42 U.S.C. §§ 4601-4655. Additionally, I direct you to develop a plan for training and to work with the local community to identify job opportunities for DBOC employees.

Finally, the Department of the Interior and the NPS support the continued presence of dairy and beef ranching operations in Point Reyes’ pastoral zone. I recognize that ranching has a long and important history on the Point Reyes peninsula, which began after centuries old Coast Miwok traditions were replaced by Spanish mission culture at the beginning of the 19th century. Long-term preservation of ranching was a central concern of local interests and members of Congress as they considered legislation to establish the Point Reyes National Seashore in the late 1950s and early 1960s. In establishing the pastoral zone (Point Reyes enabling legislation PL 87-657, Section 4) Congress limited the Government’s power of eminent domain and recognized “the
value to the Government and the public of continuation of ranching activities, as presently practiced, in preserving the beauty of the area.” (House Report No. 1628 at pages 2503-04). Congress amended the Point Reyes enabling legislation in 1978 to authorize the NPS to lease agricultural property that had been used for ranching or dairying purposes. (Section 318, Public Law 95-625, 92 Stat. 3487, 1978). The House Report explained that the “use of agricultural lease-backs is encouraged to maintain this compatible activity, and the Secretary is encouraged to utilize this authority to the fullest extent possible.” (House Report 95-1165, page 344).

Accordingly, I direct that the Superintendent work with the operators of the cattle and dairy ranches within the pastoral zone to reaffirm my intention that, consistent with applicable laws and planning processes, recognition of the role of ranching be maintained and to pursue extending permits to 20-year terms for the dairy and cattle ranches within that pastoral zone. In addition, the values of multi-generational ranching and farming at Point Reyes should be fully considered in future planning efforts. These working ranches are a vibrant and compatible part of Point Reyes National Seashore, and both now and in the future represent an important contribution to the Point Reyes’ superlative natural and cultural resources.

IV. Conclusion

My decision honors Congress’s direction to “steadily continue to remove all obstacles to the eventual conversion of these lands and waters to wilderness status” and thus ensures that these precious resources are preserved for the enjoyment of future generations of the American public, for whom Point Reyes National Seashore was created. As President Lyndon Johnson said on signing the Wilderness Act in 1964, “If future generations are to remember us with gratitude rather than contempt, we must leave them something more than the miracles of technology. We must leave them a glimpse of the world as it was in the beginning, not just after we got through with it.”

Assembly Bill No. 1024

CHAPTER 983

An act to convey certain tide and submerged lands to the United States in furtherance of the Point Reyes National Seashore.

[Approved by Governor July 9, 1965, filed with Secretary of State July 9, 1965.]

The people of the State of California do enact as follows:

SEC. 1. There is hereby granted to the United States, subject to the limitations which are described in Section 2 of this act, all of the right, title, and interest of the State of California, held by the state by virtue of its sovereignty in and to all of the tide and submerged lands or other lands beneath navigable waters situated within the boundaries of the Point Reyes National Seashore which the Secretary of the Interior is authorized to establish by authority of Public Law 87–637, 76 Stat. 538, and as such boundaries exist on the effective date of this act.

SEC. 2. There is hereby excepted and reserved to the State all deposits of minerals, including oil and gas, in the lands, and to the state, or persons authorized by the state, the right to prospect for, mine, and remove such deposits from the lands; provided, that no well or drilling operations of any kind shall be conducted upon the surface of such lands.

SEC. 3. There is hereby reserved to the people of the state the right to fish in the waters underlying the lands described in Section 1.

SEC. 4. If the United States ceases to use the lands for public purposes, all right, title and interest of the United States in and to such lands shall cease and the lands shall revert and rest in the state.

SEC. 5. The United States shall survey and monument the granted lands and record a description and plat thereof in the office of the County Recorder of Marin County.

PRESERVATION OF TULE ELK POPULATION—CALIFORNIA

For Legislative History of Act, see p. 3252

Joint Resolution providing for Federal participation in preserving the Tule elk population in California.

Whereas, although Tule elk once roamed the central valleys of California in vast numbers, the species became nearly extinct during the latter part of the last century as a result of its native habitat being developed for agricultural purposes and urban growth; and

Whereas, although around 1870 the Tule elk population reached a low of approximately thirty animals, through the dedicated efforts of various citizen groups and individuals, the population has slowly recovered to a total of approximately six hundred animals, the majority of which may be found in free-roaming herds in the Owens Valley, at Cache Creek in Colusa County, California, a small number of which are captive in the Tupman Refuge in Kern County, California; and

Whereas in 1971 the California Legislature, recognizing the threat to the Tule elk as a species, amended section 335 of the Fish and Game Code which provide for the encouragement of a statewide population of Tule elk of not less than two thousand, if suitable areas can be found in California to accommodate such population in a healthy environment, and further fixed the population of the Tule elk in the Owens Valley at four hundred and ninety animals, or such greater number as might thereafter be determined by the California Department of Fish and Game, in accordance with game management principles, to be the Owens Valley holding capacity; and

Whereas the Tule elk is considered by the Department of the Interior to be a rare, though not endangered, species by reason of the steps taken by the State of California; and

Whereas the protection and maintenance of California’s Tule elk in a free and wild state is of educational, scientific, and aesthetic value to the people of the United States; and

Whereas there are Federal lands in the State of California (including, but not limited to, the San Luis National Wildlife Refuge, the Point Reyes National Seashore, various national forests and national parks, and Bureau of Land Management lands located in central California, as well as lands under the jurisdiction of the Secretary of Defense such as Camp Pendleton, Camp Roberts, and Camp Hunter Liggett) which, together with adjacent lands in public and private ownership, offer a potential for increasing the Tule elk population in California to the two thousand level envisioned by the California Legislature. Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That it is the sense of Congress that the restoration and conservation of a Tule elk population in California of at least two thousand, except that the number of Tule elk in the Owens River Watershed area shall at no time exceed four hundred and ninety or such greater number as is determined by the State of California, be the maximum holding capacity of such area, is an appropriate national goal.
Sec. 2. The Secretary of the Interior, the Secretary of Agriculture, and the Secretary of Defense shall cooperate with the State of California in making the lands under their respective jurisdictions reasonably available for the preservation and grazing of Tule elk in such manner and to such extent as may be consistent with Federal law.

Sec. 3. The Secretary of the Interior shall submit, on or before the first of March of each year, a report to the Congress as to the estimated size and condition of the various Tule elk herds in California and the nature and condition of their respective habitats. The Secretary shall include in such report his determination as to whether or not the preservation of the Tule elk herd at its then-existing level is, or may be, endangered or threatened by actual or proposed changes in land use or land management practices on lands owned by any Federal, State, or local agency, together with his recommendations as to what Federal actions, if any, should be taken in order to preserve the Tule elk herds at the then-existing level or such other level as may be determined from time to time by the State of California.

Sec. 4. The Secretary of the Interior, in coordination with all Federal, State, and other officers having jurisdiction over lands on which Tule elk herds are located or lands which would provide suitable Tule elk habitat, shall develop a plan for Tule elk restoration and conservation, including habitat management, which shall be integrated with the comparable plans of State and local authorities in California. The Secretary's annual report to Congress shall describe the development and implementation of such plan.

Approved August 14, 1976.

AN ATTEMPT TO SAVE CALIFORNIA ELK.

By Burton Warren Evermann,
Director of the Museum, California Academy of Sciences.

The complete extermination of any species of animal or plant in any part of its habitat is always a matter of regret. Even if the species be a noxious one, we nevertheless dislike to see it entirely wiped out in any locality in which it was naturally found. If it be a useful species, well known to the hilly as well as to naturalists, its extermination is deplored; and when the species becomes extinct, when not a single individual is left anywhere upon the face of the earth, it is regarded as most regrettable. The world will never cease to regret the practical extermination of the buffaloes. It will never cease to deplore the actual extermination of the great wal and the passenger pigeon. We all now know the fate of these three interesting species; and when we see other species of interesting animals threatened with extermination, we are naturally filled with alarm. We have learned how thoughtless many people are; how disposed they are to destroy things; how strong the inclination is with many to toss a stone at the frog or turtle resting on a rock or log in the pond; to kill every snake they see. "What a fine morning this is! Let's go out and kill something." That spirit is all too prevalent.

1-15-19
Memorandum

To: Regional Director, Pacific West Region

From: [Signature]

Subject: Delegation of Authority for Point Reyes National Seashore Agricultural Leases and Directions to Implement the Secretary’s Memorandum of November 29, 2012

In accordance with 200 D.M. § 2.2 and 245 D.M. 1.1.A., I hereby delegate to you the park-specific authority provided by 16 U.S.C. §§ 459 c-5 and 460bb-2(j) in order to issue agricultural leases/special use permits (“lease/permits”) as provided herein. This authority may not be re-delegated.

This delegation authorizes the issuance of lease/permits for the purpose of grazing cattle and operating beef and dairy ranches, along with associated residential uses by the lessees and their immediate families and their employees, and their employees’ immediate families, within the pastoral zone of Point Reyes National Seashore and the northern District of Golden Gate National Recreation Area administered by Point Reyes National Seashore. Under this delegation, you may issue lease/permits with terms of up to twenty years. These long-term lease/permits will provide greater certainty for the ranches operating within the national park’s pastoral zone and demonstrate the support of the National Park Service (NPS) and the Department of the Interior for the continued presence of dairy and beef ranching operations.

This delegation supersedes and replaces the delegation of authority issued by the Acting Director on February 23, 2009, and it supersedes any general provision of D.O. 53 or R.M. 53 which would otherwise limit the authority of a Regional Director to issue special use permits for terms of up to twenty years. The Solicitor’s Office has also advised that the issuance of such lease/permits under the cited provisions of the park’s enabling legislation is not subject to the requirements set forth under the general NPS leasing authority found at 16 U.S.C. 1a-2(k) nor the implementing regulations at 36 C.F.R. Part 18.

In his November 29, 2012, memorandum announcing his decision on the Drakes Bay Oyster Company, the Secretary of the Interior observed that ranching operations have “a long and important history on the Point Reyes peninsula. . . . These working ranches are a vibrant and compatible part of Point Reyes National Seashore, and both now and in the future represent an important contribution to the Point Reyes’ superlative natural and cultural resources.”
Preservation of cultural and natural resources within the pastoral zone is an important responsibility shared by the NPS and the park ranchers.

This delegation of authority is supportive of multi-generational ranching and dairying within the pastoral zone and is consistent with the above-referenced provisions of the park’s enabling legislation. In his November 29, 2012, memorandum, the Secretary directed the NPS to “pursue extending permits for the ranchers within the pastoral lands to 20-year terms.” This delegation of authority is intended as an initial step to implement the Secretary’s directive in a timely and efficient manner.

In order to assure clarity and consistency for all permits, to clarify expectations and commitments, and to allow for operational flexibility inherent to the long-term beef and dairy operations, I direct the park superintendent to review the permit structure to assure that it reflects and protects the interests of ranch operators while meeting NPS responsibilities to protect natural and cultural resources. In the interim, I further direct the park superintendent and her staff to work with the ranchers to assure that current authorizations are continued while the new permit structure is developed and implemented.
As the nation’s principal conservation agency, the Department of the Interior has responsibility for most of our nationally owned public lands and natural resources. This includes fostering sound use of our land and water resources; protecting our fish, wildlife, and biological diversity; preserving the environmental and cultural values of our national parks and historic places; and providing for the enjoyment of life through outdoor recreation. The department assesses our energy and mineral resources and works to ensure that their development is in the best interests of all our people by encouraging stewardship and citizen participation in their care. The department also has a major responsibility for American Indian reservation communities and for people who live in island territories under U.S. administration.
