Welcome to Grand Teton National Park

Whether you watch wildlife, take a scenic drive, hike the trails or scale the peaks, this spectacular landscape inspires us all. The scenery, wildlife and local culture are timeless, and park staff work hard to protect these resources for you and generations to come. We hope you enjoy your visit and return often to this and other national parks. For any return visitors, you will likely notice some changes this summer.

On March 1st, all federal agencies, including the National Park Service, were affected by an action known as sequestration. National parks were directed to take an across-the-board 5% reduction in their budgets within the last half of the fiscal year. In spite of these cuts, we will continue to strive to ensure visitor safety and protect park resources.

Please visit the Craig Thomas Discovery and Visitor Center or Colter Bay Visitor Center to better plan your time and learn how to keep yourself safe in this wild landscape. The Jenny Lake Visitor Center will be open thanks to support from the Grand Teton Association.

Jenny Lake Ranger Station will be closed. Visitors who wish to secure backcountry permits that involve climbing must go to the Craig Thomas Discovery and Visitor Center.

Other closures include: the Flagg Ranch Information Station; all campsites along the Grassy Lake Road; and the roads and restrooms for Spalding Bay, Schwabachers Landing and Two Ocean Lake.

Although some facilities and services remain closed this summer, we are committed to helping you make life long memories during your visit. Enjoy your hours spent in the shadow of the Teton Range, be safe, and please help us preserve the many treasures of Grand Teton National Park during this and future visits.

Mary Gibson Scott
Superintendent
Grand Teton National Park
John D. Rockefeller, Jr. Memorial Parkway

Keeping Track of the Vernon Collection

In 2011, the David T. Vernon Indian Art Collection, over 1400 items, underwent conservation after 40 years on display at the Colter Bay Visitor Center. In 2012, 35 artifacts—never before on display—returned to their refurbished home. This year, a new exhibit at the Craig Thomas Discovery and Visitor Center offers visitors increased access to the collection.

The artifacts have taken a long journey from past to present. Traveling from their original tribal homes, to David T. Vernon's Chicago home, to Laurance S. Rockefeller in New York City, who later donated the collection to the park, to the Colter Bay Indian Arts Museum and on to Tucson for conservation work. The journey is not yet finished. One day the entire collection will return to a new home in Grand Teton National Park.

VERNON COLLECTION

The official newspaper of Grand Teton National Park & John D. Rockefeller, Jr. Memorial Parkway

Publication of the Grand Teton Guide made possible through the generous support of the Grand Teton Association.
Be Bear Aware!

GRIZZLY AND BLACK BEARS can be anywhere in the park at any time. Odors attract bears into campgrounds and picnic areas. Regulations require that all food, garbage, toiletries, pet food, coolers and food containers (empty or full), and coolware (clean or dirty) be stored in a hard-sided vehicle with the windows rolled up or bear-resistant food locker when not in immediate use, day or night. Failure to follow regulations is a violation of federal law and may result in a citation.

- Never leave your backpack unattended!
- Never allow a bear to get human food.
- If approached by a bear while eating, put food away and retreat to a safe distance.

Keep a Clean Camp

Improperly stored or unattended food will be confiscated and you could be fined.

• Treat odorous products such as soap, toothpaste, fuel products, suntan lotion, and bug repellent in the same manner as food.
• Never store food, garbage or toiletries in tents.
• Place all trash in bear-resistant garbage dumpsters.
• Immediately report careless campers and all bear sightings to the campground kiosk or nearest ranger.

 Constraints that require bear proofing your campsite in the backcountry or in remote areas include:
- Bears that receive human food often become aggressive and must be killed.

Make Noise in Bear Country

Grizzly and black bears live in the park and parkway. Bears will usually move out of the way if they hear people approaching. So make noise. Don’t surprise bears! Calling out and clapping your hands at regular intervals are the best ways to make your presence known. Bear bells are not sufficient. Be particularly careful when vegetation or terrain limits line of sight. The use of portable audio devices is strongly discouraged.

Hike in Groups

If possible, hike in groups of three or more people. Typically, larger groups of people make more noise and appear more formidable to bears. Keep your group together and make sure your children are close at all times. Avoid hiking when bears are more active, early in the morning, late in the day or when it is dark. Trail running is strongly discouraged; you may startle a bear.

Never Approach a Bear

All bears are wild and dangerous. Each bear will react differently and their behavior cannot be predicted.

If You Encounter a Bear

Do not run! Bears can easily outrun you. Running may cause an otherwise non-aggressive bear to attack.
• If the bear is unaware of you, or if the bear is aware of you but has not acted aggressively, slowly back away.
• Do not drop your pack! This teaches bears how to obtain human food and often results in the death of a bear.
• Do not climb trees. All black bears, all grizzly cubs and some adult grizzlies can climb trees.

If a Bear Approaches or Charges You

Do not run! Most bear attacks result from surprise encounters when the bear is defending their young or a food source, such as a carcass. Some bears will bluff their way out of a threatening situation by charging, then veering off or stopping abruptly. Bear experts generally recommend standing still until the bear stops and then slowly backing away.

Never Approach a Bear

If you approach a bear while eating, put food away and retreat to a safe distance.

If You Carry Bear Spray

• Bear spray has been shown to be extremely effective in deterring bear attacks.
• Use only bear spray. Personal self-defense pepper spray is not effective.
• Keep the canister immediately available, not in your pack.
• Follow the manufacturer’s instructions, know how to use the spray, and be aware of its limitations, including the expiration date.
• Bear spray is not a repellent! Do not spray it on people, tents or backpacks.
• Under no circumstances should bear spray serve as a substitute for standard safety precautions in bear country.

Park visitor centers can demonstrate proper use of bear spray and recycle it. Come visit for more information.

Campgrounds

The campsites along Grassy Lake Road will be closed this summer.

GROUP CAMPING

Advanced reservations are required for group camping at Colter Bay and Gros Ventre campgrounds. The sites range in capacity from 10 to 100 people.

Call the Grand Teton Lodge Company at (800) 628-9988 or (307) 433-1100 for reservations.

PUBLIC SHOWER

The only public shower facility in the park is located at the Colter Bay Village Laundromat.

RECYCLING CENTERS

Park concessions Grand Teton Lodge Company and Signal Mountain Lodge collectively recycle more than 170 tons of material annually. When you stay in a park campground, please use the recycling containers to help keep Grand Teton National Park clean and pleasant for other campers and conserve resources.

PARK CAMPGROUNDS

Colter Bay Campground* 350 individual, 9 walk-in, 11 group Open: May 23 to Sept. 22 $21 per night, (800) 628-9988 Filling Time: evening

Colter Bay Tent Village Park 66 tent cabin sites Open: May 31 to Sept. 2 $57 per night, (800) 628-9988 Filling Time: call for information

Colter Bay RV Park 112 RV sites Open: May 23 to Sept. 2 $60 per night pull through site, (800) 628-9988 Filling Time: call for information RV hookups available

Gros Ventre Campground* 350 individual sites, 5 group Open: May 3 to Oct. 4 $21 per night, (800) 628-9988 Filling Time: rarely fills

Headwaters Campground & RV Sites at Flagg Ranch 175 individual sites, hook-ups Open: June 1 to Sept. 30 $21 ($5 RV) per night, (800) 628-9988 Filling Time: 9 am 30 foot vehicle max

Lizard Creek Campground 60 individual sites Open: June 7 to Sept. 4 $24 per night, 5 person maximum for hiker/camper vehicles, (800) 628-9988 Filling Time: evening 30 foot vehicle max

Signal Mountain Campground* 86 individual sites, 1 RV hook-up site Open: May 10 to Oct. 13 $22 ($5 RV) per night, (800) 628-9988 Filling Time: none or earlier 30 foot vehicle max

* dump station available

REDUCE YOUR USE OF DISPOSABLE PLASTIC BOTTLES

Park concessioners are joining Grand Teton National Park to reduce the sale and use of disposable plastic bottles by selling reusable containers. Save money, energy and reduce waste by using reusable bottles for water.

Be Safe!

Do not leave backpacks, coolers, or bags containing food unattended for ANY length of time.

Do not leave food, garbage or coolers in the open bed of a truck or on the exterior of any vehicle.

WHAT KIND OF BEAR DID YOU SEE? Both grizzly bears and black bears live in the park and parkway. Color is misleading—both species can vary from blonde to black.

Black Bear
- Color ranges from blonde to black
- No distinctive shoulder hump
- Face profile is straight from nose to tip of ears
- Ears are tall and pointed
- Front claws are short and curved (1-2” long)

Grizzly Bear
- Color ranges from blonde to black
- Distinctive shoulder hump
- Face profile appears dished in profile
- Ears are short and rounded
- Front claws are long and less curved (2-4” long)
Go Digital

Craig Thomas Discovery & Visitor Center Auditorium

Grand Teton National Park invites you to enjoy the Craig Thomas Discovery and Visitor Center Auditorium. This facility serves as a launching point for grand experiences through the interpretive park film “Life on the Edge.” Grand Teton National Park Foundation donors funded this 3,600-square-foot, 154-seat auditorium, featuring recycled, sustainable, and energy-efficient materials. The auditorium is fully accessible and equipped for the hearing impaired. Please ask at the visitor center for details.

Explore the visitor center. Everyone will love the engaging exhibits about the people, wild communities and preservation of this place. Discover wildlife hidden throughout. See how mountainering has evolved in the Teton Range and place climbing protection gear on an interactive rock wall display. Enjoy a breath-taking view of the Teton Range from the lobby, and a bird’s eye view of the park by walking along the video river.

What’s New

WIRELESS INTERNET
Free wireless internet access is available for the public at the Craig Thomas Discovery and Visitor Center in Moose.

MULTIMEDIA PRESENTATIONS
The Grand Teton National Park website offers a variety of audio, video and digital image products including panoramic images: www.nps.gov/grte/photosmultimedia/multimedia.htm.

VIDEO PODCATS
Plan your trip, view wildlife, learn about safety in bear country, understand the powerful forces that shaped these mountains, and learn about the Murie family who helped preserve this landscape from the multi-media page.

GRAND TETON iPHONE APP
The Official App for Grand Teton National Park produced for the Grand Teton Association includes the essential information you need to plan your trip or experience the park before leaving home. Download to your iPhone: tetonapp.com.

TravelStorysGPS iPHONE APP
This free app from the Grand Teton National Park Foundation shares vivid and engaging audio stories about the history, geology, animals and activities in the park. Drive the Teton Park Road from Moose to Jackson Lake Lodge and learn about this magnificent park: www.gtnpf.org/TravelStorysGPS.php.

eHike String Lake

Explore the elements in a virtual hike around String Lake—earth, wind, water and fire. Discover this often overlooked gem in the park: www.nps.gov/grte/photosmultimedia/virtualtour.htm

Write on our Wall

Follow us on Twitter: twitter.com/ GrandTetonNPS.

Learn & Discover

Visit our fun and educational website: Discover Grand Teton! The website highlights the park’s history, geology, wild communities and Junior Ranger program. Go to: www.discovergrandteton.org

Visitor Centers

Craig Thomas Discovery & Visitor Center
May 1-June 2 8 am to 5 pm
June 3-Sept. 2 8 am to 7 pm
Sept. 3-Oct. 31 8 am to 5 pm

Jenny Lake Visitor Center
Located 8 miles north of Moose Junction on the Teton Park Road. Open Daily. (307) 739-3392.
June 1-Aug. 25 8 am to 5 pm
Opening made possible by support from the Grand Teton Association.

Jenny Lake Ranger Station
Will be closed this summer due to budget reductions from sequestration. Pick up backcountry permits that involve climbing at the Craig Thomas Discovery & Visitor Center;

Colter Bay Visitor Center
Located 1 mile west of Colter Bay Junction off Highway 89/191/287. Open Daily. (307) 739-3594.
May 11-June 2 8 am to 5 pm
June 3-Sept. 2 8 am to 7 pm
Sept. 3-29 8 am to 5 pm

Flagg Ranch Information Station
Will be closed this summer due to budget reductions from sequestration.

Laurence S. Rockefeller Preserve Center
June 1-Sept. 22 10 am to 6 pm

Jackson Hole/Greater Yellowstone Visitor Center
Located in Jackson at S32 N. Cache, visitor information for the area. Open Daily.

Entrance Fees

Single Entry Grand Teton - Yellowstone: $25 - 7 Days
Good for both Grand Teton and Yellowstone national parks: $25 per vehicle; $12 per person for single hiker or bicyclist; $20 per motorcycle.

Interagency Annual Pass: $80 - Annual
Covers entrances and standard amenity recreation fees on public lands managed by four Department of the Interior agencies—the National Park Service, Fish and Wildlife Service, Bureau of Land Management, and the Bureau of Reclamation, and by the Department of Agriculture’s U.S. Forest Service. The interagency pass is good at vehicle-based entry sites for all occupants in a single, non-commercial vehicle.

Military Annual Pass: Free - Annual
A lifetime pass for U.S. citizens 62 or older, offering entrance to all areas covered under the Interagency Annual Pass, non-transferable.

Interagency Senior Pass: $10 - Lifetime
A lifetime pass for citizens with permanent disabilities, offering entrance to all areas covered under the Interagency Annual Pass, non-transferable.

Interagency Access Pass: Free
For active duty military personnel and dependents with proper identification (CAC Card or DD Form 1173). Includes the same benefits as the Interagency Annual Pass.

Annual Grand Teton - Yellowstone Pass: $50.00 - Annual
Allows entrance to Grand Teton and Yellowstone national parks for 12 months from date of purchase; non-transferable.

Commercial Tour Fee: $variable - 7 Days
Good for both Grand Teton and Yellowstone national parks; non-transferable. Fee is based on the carrying capacity of the vehicle (driver not included): 1-6 carrying capacity: $15 plus $12 per person; 7-15 carrying capacity: $125; 16-25 carrying capacity: $200; 26 or more carrying capacity: $300.
Radio at 162.525 MHz, or by calling the National Weather Service at 1-800-211-1448. During summer, but may still occur. Since 1999, there have been 14 injuries and one fatality in changing conditions! Days vary from sunny and warm to rain mixed with snow. 50s to the low 70s °F. Nighttime temperatures can still drop into the 30s °F. Be prepared for 1 day. Accident is common. Check conditions and use caution whenever you float. For information on Snake River flows visit: waterdata.usgs.gov/wy/wisw/current/2type=flow. FISHING Cutthroat, lake and brown trout, and whitefish inhabit lakes and rivers of the park and nearby. A Wyoming fishing license is required to fish in the park and parkway and may be purchased at Signal Mountain Lodge, Colter Bay Marina, Colter Bay Village Store, Dormans and Headwaters Lodge. Fishing in Yellowstone National Park requires a separate permit (fee charged); purchase permits at Yellowstone visitor centers and ranger stations. The use of non-native is prohibited. JACKSON LAKE Contact visitor centers for information on the availability of services at Leek’s, Signal Mountain and Colter Bay marinas. Low water levels will increase the risk of boats striking submerged objects and landforms that are normally well below the surface. SWIMMING Swimming is permitted in all lakes. There is a designated swimming beach at Colter Bay with picnic facilities; however, there are no lifeguards. The Snake River is a swift, cold river presenting numerous dangers; swimming is not recommended. HOT SPRINGS Thermal water can harbor organisms that cause a fatal meningitis infection and Legionnaires’ disease. Exposing your head to thermal water by immersion, splashing, touching your face, or inhaling steam increases your risk of infection. HIKING Hikers are reminded to stay on trails. Short-cutting is prohibited because it damages fragile vegetation and causes erosion. Visitor centers sell topographic maps and trail guides. Know your limitations when traveling in the backcountry. Let a friend or relative know your planned destination, route, and expected time of return. These precautions will greatly increase your chance of survival in an emergency. Permits are not required for day hiking. Trailhead parking areas fill early during the day in July and August. In early summer, many trails are snow-covered and you may need an ice axe. BACKPACKING Grand Teton National Park and the John D. Rockefeller, Jr. Memorial Parkway have more than 240 miles of trails. Obtain a required, free backcountry permit for overnight trips in the park or parkway. The Craig Thomas Discovery or Colter Bay visitor centers. Note: the Jenny Lake Ranger Station will be closed this summer. One-third of backcountry campgrounds in high use areas may be reserved in advance from January 5-May 15; a $25 fee is charged for each successful reservation. Pets are not allowed on park trails or in the backcountry. Park approved bear resistant canisters are required for all overnight backcountry use. Ask at a visitor center for more details. Check out a free canister for use in the park when securing your permit. CLIMBING Note: the Jenny Lake Ranger Station will be closed this summer. Pick up backcountry permits for all overnight climbs at the Craig Thomas Discovery & Visitor Center. There are many risks and hazards associated with climbing and mountain travel. Experience and good judgment are essential. For climbing route conditions check: www.tetonclimbing.blogspot.com. Registration is not required for day climbs. The park DOES NOT check to see that you get safety out of the backcountry. Leave an agenda with friends or family. Solo travel is not advised. Teton Weather During May and early June the average daily temperatures in the valley begin to rise from the 50s to the low 70s °F. Nighttime temperatures can still drop into the 30s °F. Be prepared for changing conditions! Days vary from sunny and warm to rain mixed with snow. Dress in layers when recreating. Afternoon thunderstorms are less frequent in spring than during summer, but may still occur. Since 1999, there have been 14 injuries and one fatality in the park due to lightning. Avoid mountain tops, ridges and open areas. NOAA weather forecasts are available at www.weather.gov/riverton, on NOAA Weather Radio at 162.525 MHz, or by calling the National Weather Service at 1-800-211-1448. Don’t Get Hit! Follow these guidelines to avoid lightning-related injuries. • Afternoon storms are common in summer, get to a safe place before storms hit. • Avoid mountain tops, ridges, open areas and lone trees; forested areas with trees of similar height are safer. • Do not stand on tree roots. • If boating, get off the water. • The National Oceanic and Atmospheric Administration (NOAA) provides a variety of material and links through their website at: www.lightningsafety.noaa.gov/outdoors.htm. This site contains critical lightning safety and medical information.
Plan for variable weather and snow-covered trails when visiting Grand Teton National Park during spring. Most park accommodations and visitor centers open in mid- to late-May. The Craig Thomas Discovery and Visitor Center is open daily year-round, except December 25th, for your trip planning needs.

**PARK ROADS**
Most park roads will be open in May. The Signal Mountain Summit Road opens when the snow melts. Plan for road construction delays. Please call (307) 733-3614.

**HIKING TRAILS**
Most park trails will be partially to completely snow-covered in early May. Many lower elevation trails will melt out depending on weather by mid-May. Bring waterproof shoes or hiking boots and gaiters to ensure a comfortable excursion. Mountain passes and high elevation trails may remain snow-covered through July. The park recommends that hikers travel with and know how to use an ice axe when needed.

**SPRING WEATHER**
While it may snow any month of the year, spring weather can be quite variable. Expect anything from rain and snow, to mild sunny weather. Wear layers when hiking and plan for weather changes that may happen rapidly and without warning. During May, the daily high temperature averages 61°F and the low temperatures averages 31°F. The park receives around 2.6 inches of precipitation, 2.4 inches of snow and has 5 thunderstorms.

**PLANTS & WILDLIFE**
As the snow melts, migratory animals begin their journeys back to their summer ranges in the park. Look for elk, pronghorn, moose and bison returning to the park. Drive the one-way scenic drive along Jenny Lake, the Antelope Flats Road or past Oxbow Bend for excellent wildlife viewing opportunities. A variety of migratory birds pass through and summer in Jackson Hole. Common spring flowers include sagebrush buttercup, arrowleaf balsamroot, low larkspur, Nuttall’s violet, biscuitroot and spring beauty.

**LODGING & CAMPGROUNDS**
Most lodging facilities and campgrounds open in mid- to late-May as do restaurants and gift shops. The town of Jackson provides year-round lodging opportunities. Contact the Jackson Hole Chamber of Commerce for more information at (307) 733-3316 or visit their web site at www.jacksonholechamber.com/. For park lodging see page 6 and for park campgrounds see page 2.

---

**JENNY LAKE VISITOR CENTER**
Learn about Teton Range geology in the Jenny Lake Visitor Center, once the historic Crandall Studio. Park rangers provide information and hiking maps. Shop for gifts, educational books and postcards in the sales area. The visitor center opens on June 1 from 8 am to 5 pm daily.

**JENNY LAKE LOOP TRAIL**
Walks along a glacial moraine and view a glacially carved lake and canyon from this gently rolling 7.1-mile trail. Plan for snow patches on the trail through May; waterproof shoes recommended in early May. Access the trail from South Jenny Lake or the String Lake Trailhead.

**LEIGH LAKE TRAIL**
Enjoy a level trail along the east shore of String and Leigh lakes with spectacular views of Leigh Canyon and Mount Moran. This trail is 7.4 miles roundtrip to the north end of Leigh lake. Shorten your trip by turning around at any point along the way. Park at the String Lake Picnic Area for trailhead access. Pit toilets available.

**TAGGART LAKE TRAILHEAD**
Take a two-mile roundtrip, level self-guided tour along the north shore of Colter Bay. The trail continues onto a forested peninsula on Jackson Lake, providing inspiring views of the northern Teton Range.

**HERON POND & SWAN LAKE**
Stroll along a 3-mile roundtrip mostly level trail with excellent opportunities to see birds and other wildlife.

**JACKSON LAKE LODGE**
Located five miles south of Colter Bay, the historic Jackson Lake Lodge provides spectacular views of the Teton Range and Jackson Lake. The lodge contains gift shops, a restaurant, a grill, bar, as well as trail access to Colter Bay. The lodge opens on May 20th. See page 6 for hours of operation.

**OXBOW BEND**
Located seven miles south of Colter Bay, the Oxbow Bend turnaround offers a popular view of Mount Moran and the Snake River. Look for river otters, American pelicans, moose and grizzly bear tracks along the shore. Visit the Oxbow during dusk and dawn for best viewing opportunities. For your safety, do not approach wildlife.

interested in working in the park?

have you ever thought about spending a summer working in a national park? summer seasonal positions are recruited during the winter months. a wide variety of positions provide unique challenges, and many rewards. imagine yourself fighting wild fires, maintaining backcountry trails, patrolling the Snake River in a boat, providing guided ranger hikes or assisting a park biologist with wolf research.

to view and apply for vacancies for all federal jobs visit www.usajobs.gov. for a list of available jobs in the Department of Interior, including the National Park Service go to www.doi.gov/public/findajob.cfm. positions posted for Grand Teton National Park can be found under jobs listed in Moose or Moran, Wyoming. you can also learn about vacancies at www.nps.gov/grrt/supportyourpark/employ.htm. for jobs in fire management, log on to www.tetonfires.com and check on the Employment link. go to www.nps.gov/grrt/supportyourpark/upload/OF516-fedres.pdf to learn how to apply for federal jobs.

park partners

we invite you to become a member entitled to a 15% discount on purchases at all gta visitor center outlets, as well as on catalog and website orders. many cooperating association stores nationwide offer reciprocal discounts.

- $35 Individual Annual Member with discount privileges and a unique member gift
- $50 Family Annual Member with discount privileges and a choice of member gifts
- Additional annual memberships: $100 Supporting Member, $250 Sustaining Member, $500 Gold Member with discount privileges and additional gifts
- $1000 Platinum Member, a three-year membership includes an Interagency Annual Pass (see page 2)

we encourage you to support the publication of this newspaper, books and the free educational handouts available at visitor centers and entrance stations.

grant teton association

grand teton association was established in 1937 as the park's primary partner to increase public understanding, appreciation, and enjoyment of grand teton national park and the greater yellowstone area. since that time, the association has been aiding the interpretive, educational, and research programs.

grand teton national park foundation

grand teton national park foundation provides private financial support for special projects that enhance and protect grand teton national park’s treasured resources. since 1997, our organization has raised nearly $23 million for education-based capital projects, work and learn programs that reconnect youth to nature, and wildlife research and protection.

by funding initiatives that go beyond what the National Park Service could accomplish on its own, foundation friends solve park challenges and create a solid future for grand teton.
Please obey the new night time speed limit to help us improve your safety and protect wildlife.

NIGHT TIME SPEED LIMIT SAVES LIVES! The night time speed limit on US Highway 26/89/191 is now 45 mph from the park’s south boundary to the boundary east of Moran Junction. Night time begins 30 minutes after sunset and lasts until 30 minutes before sunrise. Areas around Gros Ventre Junction and Moran Junction will remain 45 mph at all times. The reduced speed only adds six minutes to your trip along this section of highway. Please obey the new night time speed limit to help us improve your safety and protect wildlife.
