Celebrating Parks!

2016 marks the centennial anniversary of the National Park Service. Help us celebrate this historic event. Kick off the celebration with “Find Your Park” and “Every Kid in a Park.”

As you travel through Grand Teton National Park, share your experiences on your favorite social media site and tag #FindYourPark and #EveryKidinaPark. Read about other visitors’ experiences at various parks across the nation. Maybe their connections will encourage you to discover a new place!

LIVING WITH WILDLIFE challenges all of us. Whether you visit Grand Teton National Park on vacation or live in the valley of Jackson Hole, encountering wildlife in their own environment is thrilling and potentially dangerous.

Observing and photographing wildlife draws many to this beautiful place, whether you seek out the smallest calliope hummingbird or the largest grizzly bear. We all share a responsibility to protect ourselves and the park’s animals.

Always maintain a distance of at least 100 yards from bears and wolves, and 25 yards from other wildlife. Never position yourself between an adult and its offspring. Females become especially defensive when protecting their young. Let wildlife thrive undisturbed. If your actions cause an animal to flee, you are too close.

It is illegal to feed wildlife in the park including ground squirrels and birds. Feeding wildlife makes them dependent on people and often results in poor nutrition. Please follow food storage regulations. Allowing bears to obtain human food even once often results in aggressive behavior. The bear becomes a threat to human safety and must be relocated or killed.

Whatever brings you to this special place, we hope you will remain connected to this place long after you return home.

Publication of the Grand Teton Guide is made possible through the generous support of the Grand Teton Association.
GRIZZLY AND BLACK BEARS may be anywhere in the park at any time. Odors attract bears into campgrounds and picnic areas. Regulations require that all food, garbage, toiletries, pet food, coolers and food containers (empty or full), and coolware (clean or dirty) be stored in a hard-sided vehicle with the windows rolled up or a bear-resistant food locker when not in immediate use, day or night. Failure to follow regulations is a violation of federal law and may result in a citation.  
• Never leave your backpack unattended!  
• Never allow a bear to get human food.  
• If approached by a bear while eating, gather your food and retreat to a safe distance.

Keep a Clean Camp
Improperly stored or unattended food will be confiscated and you may be fined.  
• Treat odorous products such as soap, toothpaste, fuel products, suntan lotion, candles and bug repellent in the same manner as food.  
• Never store food, garbage or toiletries in tents.  
• Place all trash in bear-resistant garbage dumpsters.  
• Immediately report careless campers and all bear sightings to the campground kiosk or nearest ranger.  
• Bears that receive human food often become aggressive and must be relocated or killed.

Make Noise in Bear Country
Grizzly and black bears live in the park and parkway. Bears will often move out of the way if they hear people approaching, so make noise. Don’t surprise bears! Calling out and clapping your hands at regular intervals are the best ways to make your presence known. Bear bells are not a substitute for standard safety precautions in bear country.

If You Encounter a Bear
Do not run! Bears can easily outrun you. Running may cause an otherwise non-aggressive bear to attack.  
• If the bear is unaware of you, or if the bear is aware of you but has not acted aggressively, slowly back away.  
• Do not drop your pack! This teaches bears how to obtain human food often resulting in the death of a bear.  
• Do not climb trees. All black bears, all grizzly cubs and some adult grizzlies can climb trees.

If a Bear Approaches or Charges You
Do not run! Most bear attacks result from surprise encounters when a bear is defending its young or a food source, such as a carcass. Some bears will bluff their way out of a situation by charging, then veering off or stopping abruptly. Bear experts generally recommend standing still until the bear stops and then slowly backing away.

Be Bear Aware!
Lock it up!

Black Bear

- Color ranges from blonde to black
- No distinctive shoulder hump
- Face profile is straight from nose to tip of ears
- Ears are tall and pointed
- Front claws are shorter and more curved (1-2” long)

Grizzly Bear

- Color ranges from blonde to black
- Distinctive shoulder hump
- Face profile appears dished in
- Ears are short and rounded
- Front claws are longer and less curved (2-4” long)

Be Bear Aware!

- If a bear attacks you, lie on the ground flat on your stomach. Spread your legs slightly and clasp your hands over the back of your neck. Do not move until you are sure the bear has left the area.
- In rare cases, bears have attacked at night or after stalking people. These types of attacks may mean the bear views you as prey. If you are attacked at night or if you feel you have been stalked and attacked as prey, fight back. Do whatever it takes to let the bear know you are not easy prey.

What Kind of Bear Did You See?
Both grizzly bears and black bears live in the park and parkway. Color is misleading – both species can vary from blonde to black.

Park Entrance Fees
In 2015, entrance fees to Grand Teton National Park may slightly increase. Also, a separate fee may be collected for entry into Grand Teton and Yellowstone national parks. New rates will be posted as soon as possible along with an implementation date. No price changes will occur for the America the Beautiful Interagency Annual Pass or the Interagency Senior Pass.

Single Entry Grand Teton - Yellowstone: $25 - 7 Days
Good for both Grand Teton and Yellowstone national parks: $25 per vehicle; $12 per person for single hiker or bicyclist; $20 per motorcycle.

Interagency Annual Pass: $80 - Annual
Coveres entrance and standard amenity recreation fees on public lands managed by four Department of the Interior agencies—the National Park Service, Fish and Wildlife Service, Bureau of Land Management, and the Bureau of Reclamation, and by the Department of Agriculture’s U.S. Forest Service. The interagency pass is good at vehicle-based entry sites for all occupants in a single, non-commercial vehicle.

Military Annual Pass: Free - Annual
For active duty military personnel and dependents with proper identification (CAC Card or DD Form 1173). Includes the same benefits as the Interagency Annual Pass.

Interagency Senior Pass: $10 - Lifetime
A lifetime pass for U.S. citizens 62 or older, offering entrance to all areas covered under the Interagency Annual Pass, non-transferable.

Interagency Access Pass: Free
A lifetime pass for citizens with permanent disabilities, offering entrance to all areas covered under the Interagency Annual Pass, non-transferable.

Annual Grand Teton - Yellowstone Pass: $50.00 - Annual
Allows entrance to Grand Teton and Yellowstone national parks for 12 months from date of purchase; non-transferable.

MOOSE-WILSON CORRIDOR
Grand Teton National Park is planning for the future of the Moose-Wilson corridor. This 10,360-acre corridor is in the park’s southwest corner and features a remarkable variety of natural communities, cultural and wilderness resources.

The Moose-Wilson Road dissects the corridor and is the primary access to several park destinations, including DEEPly Canyon and Grand Teton trailheads, Laurance S. Rockefeller Preserve, White Grass Ranch and Muirte Ranch historic districts. Within a wildlife-migration corridor, the Moose-Wilson Road also provides outstanding wildlife viewing opportunities for a number of iconic mammal and bird species.

Developing a comprehensive management plan for the Moose-Wilson corridor is critical to ensure the protection of key resources, values, and your experience. Follow the planning process by visiting: www.nps.gov/features/grte/moosewilson/eTour.html. The preferred alternative for the corridor is scheduled to be released Fall 2015.

JENNY LAKE RENEWAL PROJECT
The Jenny Lake Renewal Project is a $17 million public-private project funded by Grand Teton National Park and the Grand Teton National Park Foundation.

As the primary gateway to Grand Teton’s backcountry, Jenny Lake hosts millions of visitors each summer. Years of use has damaged the area’s fragile habitat. This project will rehabilitate the area and protect the qualities of this iconic place.

You will notice changes over the next several years. Be aware that temporary trail reroutes and closures are part of an effort to enhance this area for long-term enjoyment. Project work began in 2013 and will last through summer 2017. In the South Jenny Lake area, look for a new interpretive plaza, fully accessible trails and overlooks, improved access to the east boat dock and increased restroom access. From the east boat dock to Hidden Falls and Inspiration Point, look for improved trails, and repairs to damaged areas on and off the trails, replaced bridges, and improved way-finding.

Check at a visitor center for current trail conditions and closures. The trail along the southwest shore of Jenny Lake will be closed during May and June. Please follow the detours. In addition, the trail from Hidden Falls to Inspiration Point will be closed all summer. Access Cascade Canyon via the horse trail north of the west boat dock. We apologize in advance for any inconvenience.

CAMP GROUNDS
Campground fees are $22-23 per night per site and $11-11.50 for Senior/Access cardholders. All campgrounds except Headwaters have rates for hikers and bikers. All campgrounds provide modern comfort stations. Read individual campground descriptions for electric and full hookup availability and cost—discounts for Senior/Access passes.

The maximum length of stay is seven days per person at Jenny Lake and 14 days at all other campgrounds—no more than 30 days in the park per year (14 days at Jenny Lake). The campgrounds operate on a first-come, first-served basis. Advance reservations are not accepted. Reservations are accepted for group camping and the RV campgrounds.

For campground status, contact entrance stations or visitor centers. Additional camping facilities are available in nearby national forests and other adjacent areas. Camping is not permitted within the park along roadsides, at overlooks or in parking areas. Doubling up in campsites is not permitted and there are no overnight facilities.

Along the Grassy Lake Road, there are 20 campsites with vault toilets, but no potable water. These sites are free of charge and available first-come, first-served beginning June 1st.

GROUP CAMPING
Advanced reservations are required for group camping at Colter Bay and Gros Ventre campgrounds. The sites range in capacity from 10 to 100 people. Call the Grand Teton Lodge Company at 1-800-628-9988 or 307-543-3100 for reservations.

PUBLIC SHOWERS and LAUNDROMAT
Public showers and laundromat facilities are located at Colter Bay Village and Signal Mountain.

RECYCLING CENTERS
Park concessioners Grand Teton Lodge Company and Signal Mountain Lodge along with Grand Teton National Park collectively recycle more than 215 tons of material annually. When you stay in a park campground, please use the recycling containers to help keep Grand Teton National Park clean and pleasant for other campers and conserve resources.

Spring Trip Planner 2015

Plan for variable weather and snow-covered trails when visiting Grand Teton National Park during spring. Most park concessioners and visitor centers open during May.

PARK ROADS
Most park roads will be open in May. The Signal Mountain Summit Road opens when the snow melts. Plan for road construction delays. Call 307-739-3614 for road updates.

HIKING TRAILS
Most park trails will be partially to completely snow-covered in early May. Many lower elevation trails will melt out depending on weather by mid-May. Bring waterproof shoes or hiking boots and gaiters to ensure a comfortable excursion. Mountain passes and high elevation trails may remain snow-covered through July. The park recommends that hikers travel with and know how to use an ice axe when crossing steep terrain or mountain passes. Snow on trails will often be hiker and skier compacted and visitors will generally not need snowshoes or skis for travel. Ask at a visitor center for recommendations.

SPRING WEATHER
While it may snow any month of the year, spring weather can be quite variable. Expect anything from rain and snow to mild, sunny weather. Wear layers when hiking and plan for weather that may change rapidly and without warning. During May, the daily high temperature averages 61° F, the low temperatures averages 31° F, receives around 2.0 inches of precipitation, 2 inches of snow and has 5 thunderstorms.

LODGING & CAMPGrounds
Most lodging facilities and campgrounds open in mid-to-late May as do restaurants and gift shops. The town of Jackson provides year-round lodging opportunities. Contact the Jackson Hole Chamber of Commerce for more information at 307-733-3316 or visit their website at: www.jacksonholechamber.com. For park lodging see page 6 and for park campgrounds see page 3.

PLANTS & WILDLIFE
As the snow melts, migratory animals begin their journeys back to their summer ranges in the park. Look for elk, pronghorn, moose and bison returning to the park. Drive the one-way scenic drive along Jenny Lake, the Antelope Flats Road or past Oxbow Bend for excellent wildlife viewing opportunities. A variety of migratory birds pass through and summer in Jackson Hole. Common spring flowers include sagebrush buttercup, arrowleaf balsamroot, low larkspur, Nuttall's violet, bescnutroot and spring beauty.

Watch Wildlife from a Safe Distance

CRAIG THOMAS DISCOVERY & VISITOR CENTER
Visit the Discovery Center for trip planning, weather and camping information. Experience an exhibit of artifacts from the David T. Vernon Indian Arts Collection. Follow the journey of these artifacts once housed at the Colter Bay Visitor Center. Watch a video or learn about the park through interactive exhibits. Experience the video river and talk to a park ranger about what to see and do. Shop at the Grand Teton Association book store for gifts, educational books and postcards. The visitor center is open from 8 am to 5 pm daily during May. Extended hours begin June 3rd.

MENORS FERRY HISTORIC DISTRICT
Take a self-guided tour around the historic district, see the Teton Range framed by a window in the Chapel of the Transfiguration and learn about Jackson Hole history through displays at the Maud Noble Cabin.

TAGGART LAKE TRAILHEAD
Drive 3.5 miles northwest of Moose Junction to enjoy a spectacular view of the Teton Range. The trail may be snow-covered or muddy during early season. Waterproof shoes are recommended to enjoy a 3-mile roundtrip hike to Taggart Lake. A vault toilet and trailhead information are available.

DORNANS
Located 1/4 mile west of Moose Junction. Stock up on snacks at the Trading Post Grocery and Deli or enjoy a sheltered panoramic view of the Teton Range at the Dornans Pasta and Pasta Company. During May other services open for the summer season. See page 6 for more details.

JENNY LAKE VISITOR CENTER
Learn about Teton Range geology in the Jenny Lake Visitor Center, once the historic Crandall Studio. Park rangers provide information and hiking maps. Shop for gifts, educational books and postcards. The visitor center opens on May 15th from 8 am to 5 pm daily. Extended hours begin June 3rd.

JENNY LAKE LOOP TRAIL
Walk along a glacial moraine and view a glacially carved lake and canyon from this 7.1-mile trail. Plan for snow patches on the trail through May; waterproof shoes are recommended. Trail reroutes and closures are in effect—check at a visitor center for more information. Access the trail from South Jenny Lake or String Lake trailhead.

LEIGH LAKE TRAIL
Enjoy a level trail along the east shore of String and Leigh lakes with spectacular views of Leigh Canyon and Mount Moran. This trail is 7.4 miles roundtrip to the north end of Leigh Lake. Shorten your trip by turning around at any point along the way. Park at the String Lake Picnic Area for trailhead access. Vault toilets available.

JENNY LAKE SHUTTLE & STORE
Jenny Lake Boating provides scenic boat shuttles across Jenny Lake to the mouth of Cascade Canyon. They also offer one-hour scenic lake cruises, and kayak and canoe rentals depending on water temperature. Operations are scheduled to begin May 15th (10 am to 4 pm) with extended hours during summer. Follow the painted moose tracks along the paved path from the visitor center to the boat dock. Visit the Jenny Lake Store (opening May 18th), located next to the visitor center, to stock up on snacks for your outing.

Colter Bay Visitor Center
Colter Bay Visitor Center sits above the shore of Jackson Lake in the shadow of Mt. Moran. Rangers provide trip information, trail maps and backcountry permits. The building features an exhibit of 35 artifacts from the David T. Vernon Collection once part of the Colter Bay Indian Arts Museum. Enjoy the on-going American Indian Guest Artist Program. Shop at the Grand Teton Association bookstore for gifts, educational books and postcards. The visitor center opens on May 9th from 8 am to 5 pm daily. Extended hours begin June 3rd.

Colter Bay Lakeshore Trail
Take a level, two-mile roundtrip hike along the north shore of Colter Bay. The trail continues onto a forested peninsula on Jackson Lake, providing inspiring views of the northers Teton Range.

Heron Pond & Swan Lake
Stroll along a three-mile roundtrip Mostly Level trail with excellent opportunities to see birds and other wildlife.

Jackson Lake Lodge
Located five miles south of Colter Bay, the historic Jackson Lake Lodge provides spectacular views of the Teton Range and Jackson Lake. The lodge contains gift shops, a restaurant, a grill, bar, and trail access to Christian Pond. The lodge opens on May 18th. See page 6 for hours of operation.

Oxbow Bend
Located seven miles south of Colter Bay, the Oxbow Bend turnouts offers a popular view of Mount Moran and the Snake River. Look for river otters, American pelicans, moose and grizzly bear tracks along the shore. Visit the Oxbow during dusk and dawn for best viewing opportunities. For your safety, do not approach wildlife.

Working in the Park

DO YOU WANT TO SPEND A SUMMER WORKING FOR THE NATIONAL PARK SERVICE? Summer seasonal positions are recruited during the winter months. A wide variety of positions provide unique challenges and many rewards. Imagine yourself fighting wildland fires, maintaining backcountry trails, patrolling the Snake River in a boat, providing guided ranger hikes or assisting a park biologist with wolf research.

To view and apply for vacancies for all federal jobs visit: www.usajobs.gov. For a list of available jobs in the Department of Interior, including the National Park Service go to www.doigov/public/lindaojeb.cfm. Positions posted for Grand Teton National Park can be found under jobs listed in Moose or Moran, Wyoming. You can also learn about vacancies at www.nps.gov/gttr learn management/employ.htm. For jobs in fire management, log on to gacc.nifc.gov/gbcc/dispatch/wy-tdc and click on the Employment link. Go to www.nps.gov/gttr/supportyourpark/upload/OF510-fedres.pdf to learn how to apply for federal jobs.

Grand Teton National Park Foundation provides private financial support for special projects that enhance and protect Grand Teton National Park’s treasured resources. Since 1997, our organization has raised more than $40 million for education-based capital projects, work and learn programs that reconnect youth to nature, and wildlife research and protection.

Donor gifts offer a helping hand to one of America’s favorite outdoor destinations. When you support trail renewal, wildlife, and outdoor education for youth, Grand Teton National Park can deliver unforgettable experiences to visitors and strengthen resources for the future.

Grand Teton National Park

The Grand Teton Association is a nonprofit organization founded in 1937 that has long been an important bridge between visitor and environment in the Greater Yellowstone Ecosystem. Our mission is to increase public understanding, appreciation, and enjoyment of Grand Teton National Park and the surrounding public lands, through aid to the interpretive, educational and research programs of our partners.

We provide educational materials, fund learning programs, give research grants, host art events, and much more. Please consider shopping at our online store or becoming a member to help us carry out the essential work we do.

NIGHT TIME SPEED LIMIT SAVES LIVES! The night time speed limit on US Highway 26/89/191 is now 45 mph from the park’s south boundary to the boundary east of Moran Junction. Night time begins 30 minutes after sunset and lasts until 30 minutes before sunrise. Areas around Gros Ventre Junction and Moran Junction will remain 45 mph at all times. The reduced speed only adds six minutes to your trip along this section of highway. Please obey the new night time speed limit to help us improve your safety and protect wildlife.
