Birding at Gulf Islands

Seashore islands and waters provide habitat for resident birds such as brown pelicans or stop-over habitat for migratory ones. More than 300 species of birds have been sighted at Gulf Islands. Bird watching is a popular activity. Seashore areas are on the Mississippi Coastal Birding Trail and the Great Florida Birding Trail. Colonial shore birds such as black skimmers and least terns nest on the sand from April through August. Their nesting areas on the beach are restricted. Help protect chicks and their parents by looking out for them and obeying the speed limit.

Welcome from the Superintendent

Welcome to Gulf Islands National Seashore. In 2010, as we continue to reopen storm damaged facilities, the staff is incorporating environmentally friendly features. These include solar lighting, Geothermal heating and cooling, lumber from recycled plastic, and removal of septic fields as we connect to a sewer system.

8 Gulf Islands Guide
Preservation Work to be completed at Fort Massachusetts

A historic preservation crew will install doors, embrasure shutters, flooring and restore several areas of damaged brickwork, stonework and earthworks throughout the fort in 2010.

Conditions of the Florida District Roads

The low elevation of the Fort Pickens Road subjects it to periodic flooding from wind-driven high tides or storm surge. We do our best to predict and communicate when flood events may occur in advance. However on occasion, visitors may be temporarily stranded by unpredictable road closures. For more information on road conditions contact a visitor contact station or call (850) 934-2656.

There are drop-offs and damage to the bike lanes on J. Earle Bowden Way and Fort Pickens Road that have been marked by cones and barrels. Some restrictions to roadway travel will be necessary to accommodate repairs.

ARRA Projects

Gulf Islands received $186,000 under the American Recovery and Reinvestment Act (ARRA) to construct an accessible boardwalk, install solar powered lights, and clear park boundaries. Under the ARRA, the U.S. Department of Interior is making an investment in conserving America's timeless treasures.

Boat house completed at Davis Bayou, Mississippi District

Construction of the Mississippi District's boat house was completed. Contact the visitor center for information on all ranger-led programs at (228) 875-9057.

Live Oaks Bicycle Trail

The Live Oaks Bicycle Trail has a new addition that runs east on Brumbaugh Road into the National Seashore. You can explore Ocean Springs and parts of the Davis Bayou Area on this 9-mile loop. This easy trail gives riders more opportunities to exercise, gain car-free access to their national park, and slow down to see this local community.

Day Trips to West Ship Island and Fort Massachusetts

Weather permitting, take the one-hour passenger ferryboat to West Ship Island. Departure is from the Gulfport Harbor located at the intersection of U.S. Highways 49 and 90. Tours of Fort Massachusetts are led daily from late March through the end of October. For the ferry schedule call 1-866-466-7386, or 1-228-864-1014, or visit www.msshipisland.com. A walk around the west tip of the island takes about an hour. Visitors see habitat change from the brackish Mississippi Sound to the Gulf of Mexico.
Programs for Children

Junior Rangers and Sea Stars

Hi Kids! Looking for something to do while visiting the park? Become a Junior Ranger (ages 6-11) or a Sea Star (ages 3-5). Pick up your free handbook at one of the visitor centers. All ages are welcome to participate. After completing the program you will be recognized with an official Junior Ranger Badge or Sea Star certificate.

Be a Ship Island Soldier

Young visitors can learn the drill, wear the uniform and learn about the day-to-day life of Civil War soldiers stationed on Ship Island. This one hour program targets ages 9-12, but everyone is welcome! To arrange a park or classroom visit, group leaders should call (228) 875-9057.

Be a Web Ranger

Now you can be a Junior Ranger even if you are not able to visit a National Park. Become a member of a growing group of young people who are interested in the natural world around them and with their nation’s heritage...The Web Ranger! Visit the website www.nps.gov/webrangers to start your journey.

Mississippi

Self-guided, curriculum-based programs (M.A.R.S.H. and I.S.L.A.N.D.) plus the “Parks As Classroom for Fourth Graders” are available on the Seashore’s website at www.nps.gov/guis. If a ranger is available, teachers can reserve a special talk at the Davis Bayou Area in Ocean Springs or a tour of Fort Massachusetts at West Ship Island. The new 25-minute high definition film, “Gulf Islands: Stories of Survival” is available at the visitor center auditorium. A “Traveling Trunk on Wilderness Islands” can be checked out. Call 228-230-4100 for more information.

Florida

In Florida curriculum-based programs are offered October-November, March- May for students in third through fifth grades. Programs include naturalist barrier island walks at Fort Pickens, Fort Pickens and Fort Barrancas tours. Videos, “Discover the Seashore” and “Pensacola in the Civil War,” and traveling trunks “Coastal Critters and Seafaring Sailor” are also available. Naval Live Oaks features the movies “The Lorax” and “Creatures of the Deep” for kindergarten through second grades. Reservations are required. Call (850) 916-3001.

www.nps.gov/guis
Remember

- Do not swim at dawn, dusk or night; these are prime feeding times for sharks.
- Do not swim in hazardous surf conditions.
- Use insect repellent when mosquitoes are most active at dawn and dusk.
- Do not pick plants or harass animals in the seashore. Stay on open beaches and marked trails.
- Forts were not designed for comfort or safety. Please use caution when exploring them.
- Do not leave anything valuable in your car.
- Glass containers are not allowed on the beaches or on the Mississippi islands.
- During thunderstorms, move inside a building or vehicle. If swimming or fishing, get out of the water immediately.

Being Prepared at Gulf Islands

Bringing a few extra items to the Seashore can enhance your visit:

- Wear sunglasses and a hat.
- Use a sun screen lotion with a SPF rating of 30 or higher.
- Carry a flashlight with you while visiting the historic forts that have dark corridors.
- Bring a plastic bottle of vinegar to soothe the pain from contact with a jellyfish.

What to Do in an Emergency

Call park dispatch at (850) 916-3010 or 911. During business hours go to a park visitor center.

Volunteers-in-Parks

V.I.P.s share their talents, skills and interests with the National Park Service. For information on volunteer opportunities in this park write to: Volunteer Coordinator, 1801 Gulf Breeze Parkway, Gulf Breeze, Florida 32563-5000.

Eastern National

Eastern National is a non-profit organization that operates bookstores in national parks and seashores, providing service to the public, and returning a percentage of proceeds to assist visitor services at Gulf Islands National Seashore.

Funding for this newspaper is provided by Eastern National.
