2. Comprises 709 units within the District of Columbia and that part of the Chesapeake and Ohio Canal not included in the Chesapeake and Ohio Canal National Monument.
3. Without national designation.

**NOTE:** Areas identified as Living Farms conduct appropriate farming operations all year. Areas identified as Living History areas conduct appropriate historical and cultural activities. Depending on the area, these demonstrate Indian, Hawaiian, colonial, pioneer, frontier and military life, crafts and transportation methods, generally using costumes and techniques of the historical periods.

<td>Park system of the Nation's Capital comprises 724 reservations: 709 in D.C.; 6 in Va.; 9 in Md. When Congress established a permanent National Capital in 1790, the city's Federal Commissioners were given the power &quot;to purchase or accept such quantity of land as the President shall deem proper for the use of the United States.&quot; Under this authority the Commissioners purchased Washington's first 17 public reservations and accepted donations of other lands required for the street system of L'Enfant's plan. Today some 301 park units derive from these lands. Transferred to National Park Service, U.S. Department of the Interior, Aug. 10, 1933.</td>

As the Nation’s principal conservation agency, the Department of the Interior has basic responsibilities for water, fish, wildlife, mineral, land, park, and recreational resources. Indian and Territorial affairs are other major concerns of America’s “Department of Natural Resources.” The Department works to assure the wisest choice in managing all our resources so each will make its full contribution to a better United States—now and in the future.
