**Park Regulations**

To help protect park resources and ensure an enjoyable visit for everyone, please follow park rules and posted regulations.

- Pets are welcome in all of NCP-East, except at Oxon Cove Park. Pets must be on a leash no longer than 6 feet and under control at all times.
- Discharging firearms anywhere on NCP-East lands is unlawful.
- Please dispose of your garbage and other refuse in park-provided containers or take it with you when you leave.
- For your safety while hiking, stay on the established trails and watch your footing at all times.
- Prevent damage to resources by bicycling on paved roads and designated bike trails only.

**Road Construction**

Due to ongoing construction at the Woodrow Wilson Bridge and the Indian Head Highway interchange of I-95, visitors to Fort Washington Park and Oxon Cove Park may encounter traffic detours or changes in ramp alignments serving these sites. Please drive carefully. For construction and detour updates, contact park staff at 301-763-4600 for Fort Washington Park or 301-839-1176 for Oxon Cove Park.

**Safety In Your National Parks**

**On the Road**

- Buckle Up! Seat belts are required by law.
- Slow down at dawn and dusk.
- Watch out for pedestrians, other motorists, and animals on roadways.
- Pedestrians have the right-of-way.
- Follow park speed limits.
- Be aware that traffic in parks can be very heavy so be patient.
- Always yield to emergency vehicles.
- Always keep watch for bicyclists, especially when turning, merging, changing lanes, or entering intersections.

**Fortifications**

Climbing any part of the fortifications is unsafe and can damage them. Many historic surfaces are uneven and some areas can be slippery when wet. Please stay off earthworks and watch your children.

**Fall Safety Tips**

Fall temperatures in the Washington, D.C. metropolitan area can vary. The weather can range from the 60 degrees to 20 degrees or below. Please check the weather and dress appropriately before venturing out. Clothing should be water repellent, and capable of allowing moisture to evaporate from the body. Layering clothing is advisable, as the air pockets between fabrics hold the body’s heat. Layered clothing also has the advantage of being removed if the temperature rises.

**Always Put Out Your Fires!**

Fires left unattended are dangerous. Be sure your fire is put out completely with water before leaving the area.

**Hiking Precautions**

- Hiking off trails is unsafe, damages vegetation, causes erosion, and creates unsightly paths.
- Choose hiking trails suitable to your physical condition.
- If you plan to hike solo, give your intended route and length of trip to a park ranger or friend.
- Wear proper clothing. Hiking boots should be sturdy with good traction and ankle support and should be well broken in ahead of time.
- Bring bottled water.
