National Heritage Areas Program

How National Heritage Areas Spent 2020
By the Numbers

National Heritage Areas (NHAs) expand on traditional conservation approaches by supporting large-scale, community initiatives that engage communities in heritage preservation activities. NHA entities collaborate with stakeholders to determine how to make heritage relevant to local needs and interests. These entities serve as catalysts for community and economic development. Data presented here is from 53 of the 55 NHAs reporting.

In 2020, NHAs:

- Leveraged $88.5 million in cash and in-kind support to carry out heritage projects and programs, greatly increasing the impact of the $20.9 million in federal Heritage Partnership Program funding received.
- Engaged 2,829 formal partners and 5,210 informal partners in heritage area activities.
- Benefited from 23,152 volunteers contributing over 394,463 hours for heritage area projects - a $10.1 million-dollar value.

Preserving our Heritage. Across the country, National Heritage Areas and their partners are reviving historic downtowns, preserving large landscapes and cultural practices, and sharing our nation’s history through the arts. In 2020:

- 247 historic sites and 8,623 acres of cultural landscapes preserved and maintained, including battlefields.
- 79 collections projects undertaken, including the conservation of artifacts and creation of oral histories.
- 83 historic preservation grants awarded totaling $655,192.

Recreation and Conservation. Through recreational projects such as access to land and water trails, National Heritage Areas are improving connectivity and accessibility, creating more vibrant and healthy communities. In 2020:

- 143 recreation projects undertaken.
- 509 miles of trails maintained and 64 new miles of trails developed.
- 78 recreation grants awarded totaling $709,962.

Conservation activities led by National Heritage Area entities and their partners improve air and water quality and support healthy ecosystems. In 2020:

- 22,033 acres of land restored and maintained via invasive species removal, replanting, and toxic site clean-ups.
- 33 conservation grants awarded totaling $599,225.

Educating Current and Future Leaders. Through programs such as South Carolina National Heritage Corridor’s Beyond Barbados Education Workshops, National Heritage Areas and their partners are providing meaningful and inspirational connections to our nation’s heritage via educators and the classroom. In 2020:

- Capacity-building assistance provided to 991 organizations.
- 256 educational programs were offered.
- 4,901 grants to support educational programs were awarded totaling $1.3 million.

NHA Spotlight
Appalachian Forest NHA
Maryland/West Virginia

In 2020, the Appalachian Forest NHA, one of six NHAs designated in 2019, continued its management planning process and led a tour of the NHA for its hired consultants. During the COVID-19 pandemic, the group had a masked, outdoor, distanced meeting with an interpreter at Sites Homestead, Seneca Rocks Discovery Center, in Seneca Rocks, WV. A Glance At 2020

Mormon Pioneer NHA
Utah

Kanab City, UT, with funding and support from the NHA, completed a paved connector trail to Jackson Flat Reservoir in 2020. The trail is located south of Kanab, UT encircled by the picturesque expansive landscape of the Vermillion Cliffs, providing a non-motorized trail linking Kanab locals and visitors to the existing recreational facilities and paved trail at Jackson Flat Reservoir. Sangre de Cristo NHA
Colorado

The Rio Grande and Conejos Rivers supports the ecological and human communities of the Sangre de Cristo NHA and the San Luis Valley. While the heritage area is home to diverse wetlands, wildlife habitat, recreation opportunities, and cultural experiences, the rivers of the Basin face many environmental and water supply challenges. In order to protect and restore the natural and cultural resources of the heritage area, the current condition of these critical rivers and streams must first be documented. In 2020, the heritage area and its partners undertook a Stream Management Plan process, resulting in characterization of the physical condition of the Rio Grande and Conejos Rivers and the development of goals and methods to address environmental, recreational, and community needs facing each stream and watershed. These Stream Management Plans will be used by stakeholders to inform projects that protect the values of the area’s natural history, natural resources, and landscape. Kenai Mountain-Turnagain Arm NHA
Alaska

Dena’ina gut’ana chiqinik, chin’an gheli gu yeh
Dena’ina elnen ’aq’luh ch’nidat’ ghu

(“Thank you Dena’ina people for letting us walk on your land”)
In summer 2020, a Kenai Mountain-Turnagain Arm (KMTA) NHA Mini Grant helped support a community youth Land Acknowledgement mural with the Girdwood Fine Arts Camp. The writing on the mural is in Dena’ina Athabascan language and is meant to honor the land and its original people to build a strong and grounded foundation for environmental stewardship and relationship to the natural world around us. Photo courtesy of KMTA NHA.

Freedom’s Way NHA
Massachusetts/New Hampshire

During 2020, Freedom's Way National Heritage Area and its partners commemorated the Centennial of the passage of the 19th Amendment through a year-long thematic focus on the people, places and objects associated with stories of the 19th Amendment, civics, and women’s history. A Freedom’s Way NHA Partnership Grant provided support to the Lexington Historical Society to develop the exhibit, “Something Must Be Done: Bold Women of Lexington,” which interpreted the ways women in Lexington, MA have participated in protest at the local and national level from the American Revolution through today.
