105th Congress (1997-98), boxes 96-127:
Box 96
Administration Legislative Initiatives
Miscellaneous Letters and Memorandums
Legislative Proposals, Background Information

Box 97
Drafting Services
Testimony, 1st Session
Testimony, 2nd Session

Box 98
Appropriations

Stack 150 - Row 55/ Compartment 28/ Shelf 6
Box 99
Appropriations

Box 100
Appropriations
Abraham Lincoln Birthplace National Historic Site
Appendix 17

Box 101
[105th Congress] Adams National Historic Site --- Alaska Cruise Ships

Box 102
[105th Congress] Alaska Guide Pilots --- Antiquities Act

Box 103
[105th Congress] Apostle Island National Lakeshore --- Blackstone Valley National Heritage Corridor

Box 104
[105th Congress] Bonding Oversight --- Budgets

Box 105
[105th Congress] Budgets --- Committee on Appropriations concerning Federal Lands Maintenance and Construction Needs

Stack 150 - Row 55/ Comartment 28/ Shelf 7
Box 106
[105th Congress] Community Recreation and Conservation Endowment Act --- Declaration of Taking Act

Box 107
[105th Congress] Defense Authorization --- Endangered Species Habitat Protection Act

Box 108
[105th Congress] Endangered Species Recovery Act --- Fallen Timbers, Fort Meigs, Fort Miamis

Box 109
[105th Congress] FDR Memorial --- Fee Demonstration Program

Box 110
[105th Congress] Fee Demonstration Program --- Fredericksburg and Spotsylvania County Battlefields [Memorial] National Military Park

Box 111
[105th Congress] Freedom from Government Competition Act --- Gettysburg National Military Park Visitor Center and Museum Facility Project

Box 112
[105th Congress] Glacier Bay National Park (Subsistence) --- Grant-Kohrs Ranch National Historic Site

Stack 150 - Row 55/ Comartment 29/ Shelf 1
Box 113
[105th Congress] Grant’s Tomb National Monument --- Illinois and Michigan Canal Heritage Corridor

Box 114
[105th Congress] Independence National Historical Park (Gateway Visitor Center) --- Kennedy Center Parking Improvement Act

Box 115
[105th Congress] Kennewick Man --- Little Rock Central High School National Historic Site

Box 116
[105th Congress] Lower East Side Tenement National Historic Site --- Mount Shasta (Prohibition on Designations)

Box 117
Inventory of the Records of the National Park Service

[105th Congress] NAGPRA (Native Hawaiians Amendments) --- National Park Service Budget

Box 118
[105th Congress] National Park System Contributions --- National Parks Omnibus Management Act

Box 119
[105th Congress] National Parks Omnibus Management Act --- New Mexico Hispanic Cultural Center Act

Stack 150 - Row 55/ Compartment 29/ Shelf 2
Box 120
[105th Congress] New York Canal National Heritage Corridor --- Oversight Hearings on Federal vs. State Management of Parks

Box 121
[105th Congress] Oxen Hill Parkway Land Transfer and Restoration --- Point Reyes National Seashore (Farmland Protection)

Box 122
[105th Congress] Point Reyes National Seashore (Land Acquisition) --- Research and Resource Management in the National Park Service

Box 123
[105th Congress] Revenue Reconciliation (Tax Incentives for Conservation Easements) --- Sudbury, Assabet, and Concord Wild and Scenic Rivers

Box 124
[105th Congress] Sudbury, Assabet, and Concord Wild and Scenic Rivers --- Travel and Transportation Reform Act

Box 125

Box 126

Stack 150 - Row 55/ Compartment 29/ Shelf 3
Box 127
[105th Congress] [Bill to Rename] Wolf Trap Farm Park for the Performing Arts as “Wolf Trap National Park for the Performing Arts” --- Yosemite National Park

106th Congress (1999-2000), boxes 128-171:

Box 128
National Park Service Legislation by Bill
Status of Authorizing Legislation and Amendments
Report on Legislative and Oversight Activities of the Committee on Resources of the House of Representatives during the 106th Congress
Committee on Appropriations, House of Representatives, Report of Committee Activities, 106th Congress
History, Jurisdiction, and a Summary of Activities of the Committee on Energy and Natural Resources during the 106th Congress
106th Congress Administration Legislative Initiatives

Box 129

Series Descriptions of the Records of Region 1 Transferred to the National Archives and Records Administration
Mid-Atlantic Region Facility (Philadelphia)

Appendix 46

Compiler’s note: The records of Region 1 described in entries 1-23, below, were transferred from the National Archives building in Washington, D.C., to the National Archives Mid-Atlantic Region (Philadelphia) in 1980; the records described in entries 24-36, below, were transferred to the same facility in 1992. The numbers shown in brackets were the entry numbers for these series when they were described in the 1966 Inventory of the Records of the National Park Service. There are cross references to series described in the main body of this inventory and to series described in this appendix. The distinction is made with each cross reference.

Region 1 was established in 1937 with headquarters in Richmond. It was responsible for the following 23 States: Maine, Vermont, New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, Delaware, New Jersey, Pennsylvania, Ohio, Maryland, Virginia, West Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Mississippi, Alabama, Georgia, Louisiana, and Florida. In 1953 Region 5 was established with headquarters in Philadelphia, including the following States formerly in Region 1: Maine, Vermont, New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, Delaware, New Jersey, Pennsylvania, Ohio, Maryland, and part of West Virginia. Since 1962 Region 1 has been known as the Southeast Region. The numerical designation is used because most of the records are for the years when the region included more than the southeastern States.

The records of Region 1 include records of some of the Emergency Conservation Work districts established in 1933.

Divided into general records and records relating to individual areas in alphabetical order. Thereunder arranged according to the decimal subject classification system used in the Central Classified Files (see Appendix 2, entry 10, in this inventory). Within headings and subheadings, the records are usually arranged chronologically. There are a few records dated before 1936, and comparatively few records dated after 1946.

Included are letters received, copies of letters sent, memorandums, narrative and statistical reports, procedural issuances, maps, photographs, estimates and justifications, congressional bills and documents, tables, and clippings.

2. [82] RECORDS CONCERNING WORK IN STATES. 1935-44. 179 ft.

Arranged alphabetically by State, including the District of Columbia, Tennessee Valley Authority, and Virgin Islands, and thereunder according to the decimal subject classification system used in the central office (see Appendix 2, entry 10, in this inventory), with some arranged by subject. Frequently within decimal classifications or subject headings, records are arranged by project number. Within headings and subheadings, the records are usually arranged chronologically; but when the same heading was used by more than one office, the records of each office are separated. There are not records of every office for each State. Among the records for Virginia are some, mostly those of inspectors, of a more general nature. Comparatively few records are dated after 1942.

Included are correspondence, memorandums, narrative reports, work progress reports, inspection reports, accident reports, geological reports, completed questionnaires, procedural issuances, press releases, maps, plans, photographs, clippings, copies of periodicals and other publications, estimates, bids, contracts, requisitions, purchase orders, vouchers, travel orders, applications for employment, and time sheets—chiefly records of the regional office relating to the State park program, but other records have been incorporated. These include records of the Recreation Planning Division or Recreation Study (see entry 17 in this appendix); records of the regional geologist (see entry 11 in this appendix); records of the New York Procurement Office; records of Emergency Conservation Work district offices, inspectors, and field supervisors; records of H. E. Weatherwax of the central office relating to the North Carolina Beach Erosion Control Project; and records of the Swift Creek Recreational Demonstration Area. For some of these offices there are records concerning Federal areas.

Arranged by district and thereunder for the most part in chronological order.

Related chiefly to administrative matters. Included are some correspondence concerning, rather than with, the offices; correspondence of the Emergency Conservation Work district offices (with some records dated 1934-35); and form reports, procedural issuances, plans, estimates, requisitions, vouchers, travel authorizations, and clippings.

4. [84]  RECORDS CONCERNING WORK PROJECTS ADMINISTRATION PROJECTS.  1936-42.  3 ft.

There are general records and records relating to activities in New York and North Carolina. Thereunder some of the general records are arranged by district, but most of the records are arranged according to the decimal system used in the central office (see Appendix 2, entry 10, in this inventory).

Included are letters received, copies of letters sent, reports, memorandums, applications for camps, job estimate and allotment requests, project allotment requests, notices of concurrence, work programs outlines, procedural issuances, lists, plans, maps, photographs, estimates, and requisitions.

5. [85]  RECORDS CONCERNING JOBS AND CONTRACTS.  1936-42.  2 ft.

Arranged alphabetically by area. Thereunder divided into records relating to jobs and records relating to contracts. Thereunder arranged in part by job number and in part in rough chronological order. There are records only for areas with initials S-V.

Included are memorandums, correspondence, job application and completion record forms, plans, maps, photographs, estimates, specifications, abstracts of bids, contracts, and requisitions concerning individual jobs on Civilian Conservation Corps, Work Projects Administration, and Public Works Administration projects, and contracts for goods and services on Federal areas.

6. [86]  INSPECTION REPORTS.  1938-43.  3 ft.

Arranged for the most part alphabetically by State and thereunder by project, or alphabetically by name of inspector or field supervisor, and thereunder chronologically.

Chiefly two kinds of form reports: one for single inspections of particular areas or projects and one for monthly reports of inspectors. There are also a few narrative reports, photographs, processed memorandums, and other records. There are other such reports among other records of Region 1, especially the monthly reports (entry 7 in this appendix) and the 207-26 classification of the records concerning State work (entry 2 in this appendix).

7. [87]  MONTHLY REPORTS.  1936-41.  18 ft.

Arranged chronologically. Many of these records are designated by the 207-02 classification of the Park Service decimal classification system (Appendix 2, entry 10, in this inventory).

Narrative reports submitted by supervisors, inspectors, and technicians—including engineers, landscape architects, historians, geologists, wildlife technicians, archeologists, and foresters. There are also some form reports from inspectors similar to those described in entry 6 (in this appendix) and correspondence. Many of the reports include photographs, maps, and other illustrative material. For other monthly reports, see entries 13 and 18 (in this appendix).

8. [88]  MASTER PLANS.  1935-42.  4 ft.

Arranged alphabetically by State and thereunder by area or project, with some separate plans for the Blue Ridge Parkway.
Maplike depictions of work to be done in Federal and State park areas. Some letters, reports, memorandums, routing sheets, and other records accompany the plans. For other records concerning the plans, see the 600-01 classification of the records described in entries 1 and 2 (in this appendix); also see the central office master plans (entry 79 in this inventory).

Arranged by subject and thereunder chronologically.

Letters received, copies of letters sent, memorandums, reports, maps, and plans relating especially to Public Works Administration projects in the Chickamauga and Chattanooga National Military Park.

10. [90] RECORDS OF THE REGIONAL ENGINEER CONCERNING CONSTRUCTION OF DAMS. 1936-43. 4 ft.

Arranged alphabetically by State, thereunder alphabetically by area, and thereunder in rough chronological order.

Included are letters received, copies of letters sent, memorandums, reports, tables, maps, plans, graphs, charts, drawings, photographs, and computation sheets. Most of the dams were in State parks or recreational demonstration areas.

11. [91] RECORDS OF THE REGIONAL GEOLOGIST. 1935-42. 9 ft.

There are general records, arranged for the most part by subject and thereunder chronologically; and there are records relating to activities in individual States, arranged alphabetically by State, thereunder for the most part by project or area, and thereunder in rough chronological order. There are some records for States arranged by name of correspondent, type of record, or subject.

Included are letters received, copies of letters sent, memorandums, narrative reports, drilling reports, well data forms, maps, plans, drawings, photographs, charts, tables, lists, clippings, brochures, and copies of publications. Most of the records relate to dam and reservoir construction, drilling wells for water, or geological studies and displays in Federal and State areas. The records for some States are among those relating to State work described in entry 2 (in this appendix).

Records of the Regional Wildlife Technician

Records for the years 1936-42 are described in entries 12-16 (in this appendix). In December 1939 the duties and personnel of the Wildlife Division of the Park Service were transferred to the Bureau of Biological Survey and the Bureau of Fisheries. (These two agencies were merged on June 30, 1940, to form the Fish and Wildlife Service.) The Regional Wildlife Technicians were transferred to the Bureau of Biological Survey and called Regional Biologists. They continued to work at the regional offices of the Park Service, however. The records of the Regional Biologist assigned to Region 1 were kept among the regional office records.

12. [92] GENERAL RECORDS. 1936-42. 5 ft.

Arranged in part alphabetically by subject, in part alphabetically by State and thereunder by project or area, and in part by name of employee. Within individual heading, the records are arranged chronologically.

Included are correspondence, memorandums, reports, tables, maps, photographs, procedural issuances, copies of publications, and receipts for property.

Arranged alphabetically by name of technician and thereunder chronologically. For other monthly reports of wildlife technicians, see entry 7 (in this appendix).

Narrative reports of the regional wildlife technician and associate and assistant wildlife technicians. Also included are one annual report for Fiscal Year 1942 and three quarterly reports, 1940-42, of the regional biologist. Some of the reports include photographs or maps.

Arranged chronologically.

Form reports that give a daily summary of the itinerary and activities.

15. [95] SPECIAL REPORTS. 1936-41. 4 in.

For the most part arranged alphabetically by name of individual submitting report.

Chiefly narrative reports of surveys and inspections. Some of the reports contain photographs and maps.

Arranged by year and thereunder alphabetically by name of student.

Narrative reports—often with photographs, maps, drawings, or tables—prepared by students employed during the summers.

Records of the Regional Supervisor of the Recreation-Area Study

17. [97] GENERAL RECORDS. 1936-43. 6 ft.

In part arranged chronologically and in part arranged by subject, usually in alphabetical order, with some subheadings, and thereunder chronologically. The subjects include several area studies.

Included are letters received, copies of letters sent, memorandums, reports, maps, charts, tables, procedural issuances, press releases, drafts and copies of publications relating to the Park, Parkways, and Recreation-Area Study, a nationwide program conducted in cooperation with State and local governments to assist in planning the development of facilities. Among the records relating to a National Resources Planning Board study of the southeastern States are some of State Supervisor Charles M. Graves that he sent to the regional office when he was transferred to another post in 1941. Records relating to activities in individual States are among the records described in entry 2 (in this appendix).

18. [98] MONTHLY REPORTS. 1937-42. 2 ft.

Arranged chronologically.

Narrative reports on recreation study planning activities submitted by the regional supervisor, State supervisors, assistant State supervisors, recreation planners, recreation specialists, and park planners. Tables, charts, and other illustrations are often included. From January through April 1937 the reports were submitted weekly. For reports maintained in the central office, see entry 108 (in this inventory).

19. [99] FEDERAL PARK USE STUDY REPORTS. 1940-41. 8 in.

Arranged alphabetically by name of area and thereunder chronologically.

Monthly form reports, sometimes accompanied by memorandums, for 24 National Park Service areas.
20. RECORDS CONCERNING THE FIRST NATIONAL REPORTS ON THE RECREATION STUDY. 1939-40. 9 in.

Arranged by chapter.

Drafts of chapters, memorandums, and correspondence.

Records Concerning Recreational Demonstration Areas

21. RECORDS CONCERNING LAND ACQUISITIONS FOR RECREATIONAL DEMONSTRATION AREAS. 1934-45. 15 ft.

There are some general records arranged roughly by subject, but most of the records are arranged alphabetically by State. For the States there are general records and records relating to individual areas or projects. Thereunder the records are usually divided to some extent by subject or type of record. For some projects there are records relating to individual tracts arranged alphabetically by owner or by assigned numbers.

Included are correspondence, narrative reports, memorandums, offers to sell land, notices of acceptance, options, leases, appraisal reports, tract ownership data forms, weekly tract reports, tables, cumulative acquisition charts, schedules of land in purchase areas, acreage determination certificates, maps, plats, plans, opinions of attorneys, notices of disbursement, and photographs. Records transferred from other regional offices, district offices, offices of area attorneys, and Resettlement Administration offices have been incorporated. Comparatively few records are dated after 1939. Also see the records of the central office relating to the purchase of land for recreational demonstration areas (entry 103 in this inventory).

22. CORRESPONDENCE WITH RESETTLEMENT ADMINISTRATION REGIONAL OFFICES CONCERNING RECREATIONAL DEMONSTRATION PROJECTS. 1935-36. 3 in.

Arranged alphabetically by city and thereunder in rough chronological order. Related letters are often fastened together.

Letters received and copies of letters sent, with some other records as enclosures. There is correspondence with offices in Montgomery, Alabama; New Haven, Connecticut; and Raleigh, North Carolina.

23. RECORDS RELATING TO INDIVIDUAL RECREATIONAL DEMONSTRATION PROJECTS. 1934-41. 1 ft.

Except for some general reports at the beginning, arranged alphabetically by State. Most of the records for Oak Mountain are arranged by job number; those for Virginia Waysides are arranged alphabetically by name of individual wayside and thereunder by job number.

Included are correspondence, job application and completion forms, job estimate and allotment requests, estimates and justifications, notices of concurrences, job record forms, job routing sheets, narrative reports, accident reports, specifications, maps, blueprint plans and profiles, and photographs. Most of the records relate to the Oak Mountain project in Alabama or the Virginia Waysides project (roadside parks).

Records of Colonial National Historical Park

Colonial National Historical Park in Virginia was established as Colonial Monument in 1930 and given its present designation in 1936. It comprises most of Jamestown Island, Yorktown, a 22-mile parkway connecting these and other colonial sites with Williamsburg, and Cape Henry Memorial (transferred from the War Department in 1939). The park headquarters is at Yorktown.
On March 15, 1936, the superintendent was designated coordinating superintendent for Cowpens National Battlefield Site, Guilford Courthouse National Military Park, Kings Mountain National Military Park, and Moores Creek National Military Park. He was relieved of responsibility for these areas in 1943, 1953, 1938, and 1953, respectively.

The records of Colonial National Historical Park include those of Yorktown National Cemetery for the period before 1933 when it was under War Department control.

24. [104] CLASSIFIED FILES. 1930-54. 16 ft.

Divided into general records and records relating to each of the four areas under the supervision of the superintendent in his capacity as coordinating superintendent. Thereunder arranged according to a slightly modified version of the decimal classification system used in the central office (see Appendix 2, entry 10, in this inventory).

Included are letters received, copies of letters sent, memorandums, narrative and statistical reports, procedural issuances, tables, charts, minutes, estimates, press releases, maps, plans, photographs, clippings, copies of publications, and programs for observances. Many of the records relate to the observance of the Yorktown sesquicentennial in 1931 and subsequent annual celebrations. Comparatively few records are dated after 1946.

Records of Yorktown National Cemetery

Arranged chronologically.

Original letters pasted in a volume. There are some accounting records in the volume.

Arranged chronologically. For the years 1922-29 there is a separate subject index (entry 27 in this appendix). For 1930 there is a subject index in the volume.

Handwritten copies. Most of the letters were received from the successive supervising quartermaster offices. During 1930 sometimes only abstracts were made.

27. [107] INDEX TO LETTERS RECEIVED. 1922-29. 1 vol. ½ in.

Alphabetical subject index for part of the letters described in entry 26 (in this appendix).

Arranged chronologically.

Original letters and copies of circulars in a ring binder. Most were received from the Office of the Quartermaster of the Third Corps Area. One circular is dated October 17, 1932.

Arranged chronologically. For the years 1922-29 there is a separate subject index (entry 30 in this appendix). For 1930 there is an index in the volume.

Handwritten copies. Most of the letters were sent to the successive supervising quartermaster offices. During 1930 sometimes only abstracts were made.
30. [110] INDEX TO LETTERS SENT. 1922-29. 1 vol. ½ in.

   Alphabetical subject index for part of the letters described in entry 29 (in this appendix).

   Arranged chronologically.

   Typewritten copies in a ring binder. Most of the letters were sent to the Office of the Quartermaster of the Third Corps Area.

32. [112] QUARTERLY REPORTS. 1917-25. ½ in.

   Arranged chronologically.

   Standard forms completed by the superintendent. One 1930 report differs.

33. [113] INTERMENT REPORTS. 1910-29. 1 in.

   Arranged chronologically.

   Standard forms completed monthly by the superintendent. They were included to provide information concerning individual burials; but for most months the reports indicate there were no interments or disinterments.

   Records of Petersburg National Battlefield

   Petersburg National Battlefield in Virginia was established as Petersburg National Military Park in 1926, transferred from the War Department to the National Park Service in 1933, and given its present designation in 1962. Its records include correspondence of the Petersburg National Military Park Commission and the Fredericksburg and Spotsylvania County Battlefields Memorial Park Commission (entry 35 in this appendix).

34. [114] GENERAL RECORDS. 1935-53. 1 ft.

   Arranged according to the decimal system used in the central office (Appendix 2, entry 10, in this inventory), but there are records under only a few classifications.

   Included are correspondence, memorandums, narrative and statistical reports, tables, schedules, estimates and justifications, specifications, procedural issuances, and photographs. There are some records that were transferred from the Colonial National Historical Park.

   Arranged alphabetically by subject and thereunder chronologically.

   Letters received, copies of letters sent, and some other records. These two commissions were organized under the War Department to supervise the establishment of the two parks. The records of the two commissions were probably interfiled by Lt. Col. Arthur E. Wilbourn, who served as a member and secretary of both.

   RECORDS OF THE JAMESTOWN-WILLIAMSBURG-YORKTOWN CELEBRATION COMMISSION

   By a joint resolution of August 13, 1953 (67 Stat. 576), Congress established the Jamestown-Williamsburg-Yorktown Celebration Commission to develop and execute plans for the celebration in 1957 of the 350th anniversary
of the founding of Jamestown, “the flowering of Colonial Virginia culture and statesmanship at Williamsburg on the eve of and during the Revolution,” and the victory at Yorktown on October 19, 1781. The Commission consisted of six persons appointed by the President, two Members of the Senate appointed by the President of the Senate, two Members of the House of Representatives appointed by the Speaker, and the Director of the National Park Service (who served as executive officer). The President selected Robert V. Hatcher as Chairman of the Commission.

The Commission was organized on April 27, 1954. The Commission office was established at Williamsburg. Stanley W. Abbott, Superintendent of Colonial National Historical Park, was the first Administrative Director. He was replaced by Col. H. K. Roberts on November 23, 1954. Alonzo T. Dill began service as Assistant Administrative Director on February 22, 1955. Mr. Dill conducted most of the correspondence of the Commission.

The Virginia 350th Anniversary Commission, established by the State, assumed principal responsibility for the events scheduled during 1957, particularly those of the 8-month-long Jamestown festival. The Federal Commission concentrated on historic preservation and interpretation. It cooperated with the State Commission and with the National Park Service on historic reproductions, archeological studies, a publication and exhibition program, the microfilming of colonial records, and publicity work.

During 1958 the Commission’s records were moved to Colonial National Historical Park. The Commission submitted its final reports on December 30, 1958. This reports was published, entitled The 350th Anniversary of Jamestown. The records of the Commission for 1959 and 1960 relate chiefly to the distribution of the final report.

36. [327] CORRESPONDENCE AND OTHER RECORDS. 1954-60. 6 ft.

Arranged for the most part alphabetically by subject and thereunder chronologically.

Included are letters received, copies of letters sent, minutes, reports, memorandums. lists, schedules, maps, plans, photographs, programs, brochures, copies of publications, press releases, and clippings.
Appendix 47

Development of the Regional Structure of the National Park Service

Compiler’s note: There are records concerning specific parks and other sites found in the files concerning regions particularly in Appendix 2, Central Classified Files, 2nd subseries, 1933-49 (entry 10) and in Appendix 3, Administrative Files, 1949-71 (entry 11).

In 1937 four regional offices were established:

Region 1 (Richmond, Virginia) – included Alabama, Connecticut, Delaware, Florida, Georgia, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Mississippi, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, and West Virginia.

Region 3 (Oklahoma City, Oklahoma, moved to Santa Fe, New Mexico, in 1939) – included Arkansas, Arizona, Colorado (Mesa Verde National Park, and Colorado, Black Canyon of the Gunnison, Great Sand Dunes, Hovenweep, and Yucca House National Monuments only), Nevada (Boulder Dam [later Lake Mead] National Recreation Area and Lehman Caves National Monument only), New Mexico, Oklahoma, Texas, and Utah (Rainbow Bridge, Natural Bridges, and Arches National Monuments only).

A National Park Service memorandum, dated August 15, 1945, shows that Glacier National Park was moved from the jurisdiction of Region 4 to Region 2. The exact date of the transfer has not been found. The memorandum shows that areas in Utah were under Region 3, except Dinosaur National Monument; Wheeler National Monument was assigned to Region 3. No other changes were made.

Amendment 17 to the National Park Service organization manual, dated February 6, 1950, shows the Island Possessions of Puerto Rico and the Virgin Islands as part of Region 1.

A National Park Service memorandum, dated February 12, 1954, stated that Hawaii National Park would report directly the Washington Office instead of Region 4. Hawaii National Park was returned to Region 4 on December 1, 1954.

The areas under the jurisdiction of Regions 1, 2, 3, and 4 after the establishment of Region 5 in 1955 were:

Region 1 (Richmond, Virginia) – included Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Virginia, West Virginia (except Harpers Ferry National Monument), Puerto Rico, and the Virgin Islands.

Region 2 (Omaha, Nebraska) – included Colorado (except Mesa Verde National Park, and Great Sand Dunes, Hovenweep, and Yucca House National Monuments), Iowa, Kansas, Minnesota (except for Grand Portage National
Historic Site), Missouri, Montana, Nebraska, North Dakota, South Dakota, Dinosaur National Monument in Utah and Wyoming.

Region 3 (Santa Fe, New Mexico, as of 1939) – included Arizona; Mesa Verde National Park, and Great Sand Dunes, Hovenweep, and Yucca House National Monuments in Colorado; Lehman Caves National Monument in Nevada; New Mexico; Oklahoma; Texas; Utah (except Dinosaur National Monument); and Lake Mead National Recreation Area in Arizona and Nevada.

On January 12, 1962 National Capital Parks was designated Region 6. In addition to parks, monuments, and other sites in the District of Columbia, Region 6 also included Prince William Forest Park and the adjacent parts of the George Washington Memorial Parkway. In 1966 the Chesapeake and Ohio Canal National Monument was transferred from the Northeast Region to the National Capital Region.

Effective June 15, 1962 the regions were retitled using geographic terms instead of numbers. Region 1 became the Southeast Region; Region 2 became the Midwest Region; Region 3 became the Southwest Region; Region 4 became the Western Region; Region 5 became the Northeast Region; and Region 6 became the National Capital Region.

Effective July 1, 1967 several areas were transferred to the National Capital Region. Fredericksburg and Spotsylvania County Battlefields Memorial National Military Park, George Washington Birthplace National Monument, and Manassas National Battlefield Park were transferred from the Southeast Region. Assateague Island National Seashore, Antietam National Battlefield Site, and Fort McHenry National Monument and Historic Shrine were transferred from the Northeast Region.

Effective July 1, 1969 the Lake Mead National Recreation Area was transferred from the Southwest Region to the Western Region.

On December 5, 1969 the National Capital Region was renamed National Capital Parks.

In 1971 the regional boundaries were redrawn. The area under the supervision of National Capital Parks remained the same. The new configurations for the remaining six regions are outlined below.

Southeast Region (Richmond, Virginia, moved to Atlanta, Georgia, in 1972) – included Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee, and Virginia (Blue Ridge Parkway and Cumberland Gap National Historical Park only), Puerto Rico, and the Virgin Islands.

Midwest Region (Omaha, Nebraska) – included Arizona (Glen Canyon National Recreation Area and Pipe Spring National Monument only), Colorado, Iowa, Kansas, Missouri, Montana, Nebraska, North Dakota, South Dakota, Utah, and Wyoming.
Southwest Region (Santa Fe, New Mexico) – included Arkansas, Louisiana, New Mexico, Oklahoma, and Texas.

Western Region (San Francisco, California) – included Arizona (except Glen Canyon National Recreation Area and Pipe Spring National Monument), California (except Lava Beds National Monument), Hawaii, and Nevada.

Pacific Northwest Region (Seattle, Washington) – included Alaska, California (Lava Beds National Monument only), Idaho, Oregon, and Washington.

In 1973 two new regions were formed. The Rocky Mountain Region from the Midwest Region and the North Atlantic Region from the Northeast Region, which was renamed the Mid-Atlantic Region. The outlines of the eight regions, as configured from 1973 to 1980, are given below.

North Atlantic Region (Boston, Massachusetts) – included Massachusetts, Maine, New Hampshire, Vermont, Connecticut, Rhode Island, New York, and New Jersey (except the Delaware Water Gap National Recreation Area).

Mid-Atlantic Region (Philadelphia, Pennsylvania) – included Delaware, Maryland (except Chesapeake and Ohio Canal National Monument, Harpers Ferry National Historical Park, Antietam National Battlefield Site, Catoctin Mountain Park, the Baltimore-Washington Parkway, Fort Washington Park, Piscataway Park, Greenbelt Park, the Suitland Parkway, the George Washington Parkway, the Clara Barton Parkway [from 1974], and the Monocacy Battlefield Park [from 1976]), New Jersey (Delaware Water Gap National Recreation Area only), Pennsylvania, Virginia (except Manassas National Battlefield Park, Wolf Trap Farm Park, the George Washington Parkway, Arlington House, Prince William Forest Park, the Blue Ridge Parkway, and Cumberland Gap National Historical Park), and West Virginia (except Harpers Ferry National Historical Park).

Southeast Region (Atlanta, Georgia) – included Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee, the Blue Ridge Parkway in Virginia, Puerto Rico, and the Virgin Islands.

Midwest Region (Omaha, Nebraska) – included Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, Ohio, and Wisconsin.

Rocky Mountain Region (Denver, Colorado) – included Glen Canyon National Recreation Area and Pipe Spring National Monument in Arizona, Colorado, Montana, North Dakota, South Dakota, Utah, and Wyoming.

Southwest Region (Santa Fe, New Mexico) – included Arkansas, Louisiana, New Mexico, Oklahoma, and Texas. In 1974 Navajo, Canton de Chelly, Wupatki, and Sunset Crater National Monuments and Hubble Trading Post National Historic Site in Arizona were added.

Western Region (San Francisco, California) – included Arizona (except Glen Canyon National Recreation Area and Pipe Spring National Monument), California (except Lava Beds National Monument), Hawaii, and Nevada.

In 1976 National Capital Parks again became the National Capital Region.

In 1980 the Alaska Region was formed (formerly the Alaska Area Office).

In May 1995 the ten regions were restructured into seven field areas.

Northeast Area (Philadelphia, Pennsylvania) – included Connecticut, Delaware, Maine, Maryland (except Antietam National Battlefield Site, Catoctin Mountain Park, Chesapeake and Ohio Canal National Monument, the Clara Barton Parkway, Fort Washington Park, Greenbelt Park, Monocacy Battlefield Park, and Piscataway Park), Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, Virginia (except Arlington House, the George Washington Parkway, the Blue Ridge Parkway, Manassas National Battlefield Park,
Wolf Trap Farm Park, and Prince William Forest Park), and West Virginia (except Harpers Ferry National Historical Park).

Southeast Area (Atlanta, Georgia) – included Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, the Blue Ridge Parkway in Virginia, Puerto Rico, and the Virgin Islands.

Midwest Area (Omaha, Nebraska) – included Arkansas, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota, and Wisconsin.

Intermountain Area (Denver, Colorado) – included Arizona, Colorado, Montana, New Mexico, Oklahoma, Texas, Utah, and Wyoming.

Pacific West Area (San Francisco, California) – included California, Hawaii, Idaho, Nevada, Oregon, Washington, and Guam.

Alaska Area (Anchorage, Alaska) – consisted of sites in the State of Alaska.

In 1997 the seven field areas were redesignated regions.
