Fishponds in Hawai‘i were very important, they kept fish fresh for the people. Here at the royal fishponds, live fish from the ocean were kept for the ali‘i (chiefs). Look, listen and discover the nature around the fishponds today.

DRAW what you see!

HONU HELPER PLEDGE

I _______________, pledge to do my best to help protect the land, ocean, and animals here in Hawai‘i and at home. I pledge to respect special places and not destroy them.

Park Ranger: _______________ Date: _______________

**Ki'i** (images of the gods) are guardians of the place of refuge.

1. **COUNT** the ki'i you find in the royal grounds and pu'uhonua.
2. **WRITE** the number of ki'i you found in the box: □

---

**HONU UNDER THE SEA**

*COLOR the honu and their habitat!*

Honu (green sea turtles) can hold their breath underwater but have to come up for air. Honu eat limu, jellyfish and fish eggs. You might see honu feeding along the shore or basking in the sun.
