A Year of Celebration

Many things happened in 1915. World War I was in full swing. The House of Representatives rejected a proposal to give women the right to vote. The Kiwanis Club was founded. Pluto was photographed for the first time. The Lustania was sunk, and Billie Holiday and Frank Sinatra were born. The first transcontinental telephone call was made. Ford manufactured its one-millionth Model T, and Albert Einstein formulated the theory of relativity. On January 26th, Rocky Mountain National Park was established. A lot of history has passed between 1915 and today. A lot of things have changed—music, science, manufacturing, technology, politics. But some things haven’t. Rocky Mountain National Park is still here. After 100 years, despite all the history, all the change, and all the progress, Rocky Mountain National Park is still important to people. Our need for mountains and wild places, beauty and escape is just as strong today as it was 100 years ago, if not more so. Some visitors seek out the high country as it was 100 years ago, if not more so. Beauty and escape is just as strong today as it was 100 years ago, if not more so. Rocky Mountain National Park is still here. After 100 years, despite all the history, all the change, and all the progress, Rocky Mountain National Park is still important to people. Our need for mountains and wild places, beauty and escape is just as strong today as it was 100 years ago, if not more so. Some visitors seek out the high country as it was 100 years ago, if not more so.

Beaver Meadows Visitor Center
Open daily 8 am–6 pm on U.S. Hwy. 34 west of Estes Park. Park information, bookstore, and two free park movies (see above). Backcountry camping permits are available by following the trail just east of the visitor center to the Backcountry Office.

Fall River Visitor Center
Open daily 9 am–5 pm. Near the Fall River Entrance on U.S. Hwy. 34 west of Estes Park. Features life-sized wildlife displays, a book store and the new Arts Alive Activity Center and Centennial Art Exhibit. All ages are invited to the park’s drop-in studio for creating your own art starting June 15.

Moraine Park Discovery Center
Open daily 9 am–4:30 pm. Located along Bear Lake Road. Interactive exhibits, a nature trail offering great views of Moraine Park, family friendly activities and a bookstore.

Sheep Lakes Information Station
Open daily (weather permitting) 9 am–4:30 pm. In Horseshoe Park on U.S. Hwy. 34 west of Estes Park. Info and ranger programs. Horseshoe Park is a good place to look for wildlife, including bighorn sheep and elk.

Never Summer Mountains

Free Park Movie

In celebration of Rocky’s Centennial, this year both the stunning 23-minute park movie Spirit of the Mountains, and new inspirational 25-minute Centennial film Wilderness, Wildlife, Wonder, are shown in Beaver Meadows Visitor Center and Kawuneeche Visitor Center through September.

EAST SIDE Near Estes Park

Alpine Visitor Center
Open daily (weather permitting) 9 am–5 pm. This highest visitor center in the National Park Service is on Trail Ridge Road at 11,796 feet. Extraordinary alpine tundra views, displays, information, a bookstore, an adjacent gift shop and cafe. Call (970) 586-1222 for Trail Ridge Road status.

Beaver Meadows Visitor Center
Open daily 8 am–6 pm. Near the Beaver Meadows Entrance on U.S. Hwy. 36 west of Estes Park. Park information, bookstore, and two free park movies (see above). Backcountry camping permits are available by following the trail just east of the visitor center to the Backcountry Office.

Fall River Visitor Center
Open daily 9 am–5 pm. Near the Fall River Entrance on U.S. Hwy. 34 west of Estes Park. Features life-sized wildlife displays, a book store and the new Arts Alive Activity Center and Centennial Art Exhibit. All ages are invited to the park’s drop-in studio for creating your own art starting June 15.

Moraine Park Discovery Center
Open daily 9 am–4:30 pm. Located along Bear Lake Road. Interactive exhibits, a nature trail offering great views of Moraine Park, family friendly activities and a bookstore.

Sheep Lakes Information Station
Open daily (weather permitting) 9 am–4:30 pm. In Horseshoe Park on U.S. Hwy. 34 west of Estes Park. Info and ranger programs. Horseshoe Park is a good place to look for wildlife, including bighorn sheep and elk.

WEST SIDE Near Grand Lake

Kawuneeche Visitor Center
Open daily 8 am–6 pm on U.S. Hwy. 34 north of Grand Lake. Park information and maps, free park movie and new Centennial exhibit, exhibits on how to plan your visit, bookstore, and backcountry camping permits.

June 14, 2015 – September 7, 2015
1st Edition

Never Summer Mountains

A Year of Celebration

Many things happened in 1915. World War I was in full swing. The House of Representatives rejected a proposal to give women the right to vote. The Kiwanis Club was founded. Pluto was photographed for the first time. The Lustania was sunk, and Billie Holiday and Frank Sinatra were born. The first transcontinental telephone call was made. Ford manufactured its one-millionth Model T, and Albert Einstein formulated the theory of relativity. On January 26th, Rocky Mountain National Park was established. A lot of history has passed between 1915 and today. A lot of things have changed—music, science, manufacturing, technology, politics. But some things haven’t. Rocky Mountain National Park is still here. After 100 years, despite all the history, all the change, and all the progress, Rocky Mountain National Park is still important to people. Our need for mountains and wild places, beauty and escape is just as strong today as it was 100 years ago, if not more so. Some visitors seek out the high country as it was 100 years ago, if not more so.

Beaver Meadows Visitor Center
Open daily 8 am–6 pm on U.S. Hwy. 34 north of Grand Lake. Park information, bookstore, and two free park movies (see above). Backcountry camping permits are available by following the trail just east of the visitor center to the Backcountry Office.

Fall River Visitor Center
Open daily 9 am–5 pm. Near the Fall River Entrance on U.S. Hwy. 34 west of Estes Park. Features life-sized wildlife displays, a book store and the new Arts Alive Activity Center and Centennial Art Exhibit. All ages are invited to the park’s drop-in studio for creating your own art starting June 15.

Moraine Park Discovery Center
Open daily 9 am–4:30 pm. Located along Bear Lake Road. Interactive exhibits, a nature trail offering great views of Moraine Park, family friendly activities and a bookstore.

Sheep Lakes Information Station
Open daily (weather permitting) 9 am–4:30 pm. In Horseshoe Park on U.S. Hwy. 34 west of Estes Park. Info and ranger programs. Horseshoe Park is a good place to look for wildlife, including bighorn sheep and elk.
**Altitude Sickness**

Each year a number of visitors experience symptoms of altitude sickness, including headaches, nausea, fatigue, dizziness, vomiting, and in acute situations, even unconsciousness. High altitude can also aggravate preexisting medical conditions such as heart and lung diseases. Take your time and be sure to drink plenty of water, eat lightly, and get lots of rest. The only cure for altitude sickness is to go down to a lower elevation.

**Backcountry Travel**

Avoid traveling alone in the backcountry. Leave detailed information about your trip itinerary with a friend so park authorities can be notified if you fail to return. Because weather in Rocky can be so changeable and conditions variable, hikers and climbers need to remain flexible. Be prepared to turn around if conditions are more difficult than anticipated. Longs Peak, a popular climb in the park, has unavoidable and treacherous ice and snow and usually remains that way until mid-summer. Camping is only allowed in designated sites and areas (see page 9).

**Bicycles**

Bicycling is prohibited on trails. Bicycles are permitted on all roads that are open to motor vehicles, both paved and dirt, unless otherwise posted. There are no designated bicycle lanes along roads. Park roads are narrow with few or no shoulders, so ride with care. By law, you must ride single file. Shuttle buses are not equipped to transport bicycles.

**Campfires**

Campfires are permitted only in campgrounds and picnic areas with fire grates. During high fire danger, campfires may be prohibited. Firewood must be purchased at campgrounds in the park. Firewood may be prohibited for use in picnic areas. Campfires are permitted only in designated campgrounds and are subject to seasonal restrictions.

**Fishing**

Several species of trout are found in the park, including brown, brook, rainbow, and cutthroat (including the protected Colorado River and greenback). Not all park lakes have reproducing populations of fish; cold water temperatures and lack of spawning habitat prevent reproduction in most high altitude lakes. A Colorado state fishing license is required to fish in the park. The fishing brochure, including regulations, possession limits, and a list of park waters, is available at park visitor centers and on the park website, http://www.nps.gov/romo.

**Hypothermia**

Drowsiness, impaired judgment, excessive shivering, and slurred speech are all signs of hypothermia and can happen any time of the year. Prevent this condition by wearing insulated, windproof layers and drinking plenty of fluids.

**Lightning**

Lightning can occur daily during the summer season. Before heading out check a weather forecast. Be observant and watch for building storm clouds, which are the first sign of a developing thunderstorm. Plan your activities so you can return to your car quickly if a thunderstorm occurs. When planning a hiking trip, plan to be back to the trailhead before noon. If you hear thunder, return to the trailhead immediately.

Remember there is no safe place in the backcountry when lightning strikes.

**Marijuana**

Although small amounts of recreational marijuana is legal in Colorado, possession and use of marijuana continue to be illegal in Rocky Mountain National Park and all federal lands.

**Pets**

PETS ARE PROHIBITED ON ALL ROCKY MOUNTAIN NATIONAL PARK TRAILS, TUNDRA, AND MEADOW AREAS. For the safety of pets and the benefit of wildlife other visitors, leashed pets are only allowed in picnic areas, parking lots, campgrounds, and along roadsides. Pet owners should never let unattended pets outside the park or see the pets brochure on the park website, http://www.nps.gov/romo.

Service animals that have been individually trained to perform specific tasks for the benefit of persons with disabilities are allowed in the park. Emotional support ("therapy animals") and service animals-in-training are not service animals under the Americans with Disabilities Act and may not access trails or other non-motorized areas.

**Travel Tips**

It's Busy in Summer

Summer is a glorious time of year in Rocky, and most people visit here in summer and on fall weekends. These are the park’s busiest times. Expect congestion on roads, in parking areas, and along popular trails.

Best tip to help: plan ahead.

- Make reservations for camping in the park and lodging in the local areas.
- Tour and hike early and late in the day; by mid-morning, parking areas are often full.
- Carpool and/or use the free summer park shuttle to the trailhead. The shuttle schedule is on the back page.

**Entrance Fees**

Entrance fees are in effect year-round. All entrance fees are paid at entrance stations (not visitor centers). Fees and passes can be paid in U.S. currency by major credit or debit card, cash, or check.

**Park Roads**

Trail Ridge Road is open for the season, weather permitting. It usually closes for the season in mid-October, depending on weather and road conditions. Weather conditions in Rocky Mountain National Park can be very changeable, and it can snow any time of the year, especially at higher elevations. Be aware of changing weather, as conditions can deteriorate quickly.

For a recorded message with current Trail Ridge Road status (is it open or closed) call (970) 586-1222.

The Rocky Information Office is open 8 am–4:30 pm daily and can assist with current conditions, (970) 886-1206, or stop at a park visitor center.

Old Fall River Road is scheduled to open to motorized travel in early July.

**Wildlife Viewing**

- Obey wildlife closure areas and “no stopping” traffic zones.
- Use parking areas along the road. If not available, pull your vehicle completely off the road and do not park on vegetation.
- Approaching animals may cause them stress, leading to disease or illness.
- If you cause an animal to move or change its behavior, you are too close.

Wildlife can be unpredictable. Treat your safety and theirs, enjoy and photograph wildlife from a distance.

- Never feed wildlife, including birds and chipmunks.

**The Essentials**

Always carry essential survival items, regardless of the length of your trip.

- Lots of water and high-energy food
- Layered clothing, including storm gear, hat, and gloves
- Sunglasses with UV protection
- Sturdy footwear and extra socks
- First aid kit
- Topographic map and compass/GPS
- Flashlight or headlamp
- Waterproof matches, pocket knife, whistle

Rivers and Streams

Rivers and streams can be deadly. During spring runoff, waterways swell with melting snow from higher elevations. Beside being frigid, the water can be swift and strong. Powerful currents can knock a person over and quickly pull them downstream or underwater, where they may become trapped. Rocks at streamside are often slippery, and the water nearby may be deep. Always closely supervise children around any body of water but particularly near rivers and streams.

**Take Only Pictures**

Regulations prohibit taking any natural features including pinecones, rocks, ants, artifacts, or disturbing soil, rocks, or vegetation—including flowers—in the park. Use of metal detectors is prohibited.

**Wildlife Encounters: Bears and Mountain Lions**

Seeing a bear or mountain lion is uncommon, and interactions are even more uncommon. But it’s best to keep the following in mind:

- Travel in groups and make noise as you hike closely together. Keep children close! A predator does not distinguish a running child from running prey.
- If you see a bear or mountain lion, stop, stay calm, and back away slowly. Never approach any wildlife or turn your back and run. Stand tall and look large. Raise your arms. Protect small children by picking them up.
- If approached, make loud noises, shout, clap hands, clang pots or pans, and fight back if attacked.

See the Camping section on page 9 to learn how to properly store food and other scented items.
Half the Park is After Dark!
By Jeremy White and Cecilia White, NPS Natural Sounds and Night Skies Division

You’ve spent your day at Rocky Mountain National Park enjoying spectacular wilderness, fascinating wildlife, and majestic views. But just because the sun has set doesn’t mean your day is over. All night long, the sky above Rocky is putting on a show for you: stars, planets, and even the Milky Way can be seen on a clear, frosty night.

During winter storms, ptarmigan will nestle together in the snow. In winter they have heavy feathers on their legs and feet which give warmth and built-in snowshoes. They seem to know when they are changing color and will hang out where they are best camouflaged.

In Rocky, the tundra world is vast, complex, and beautiful. Working with neighboring communities to reduce escaped light. Protecting the night sky not only benefits park visitors but also protects the habitat of nocturnal animals, including owls and bats, who rely on natural darkness to survive.

Summer nights at Rocky reveal a spectacular night sky. The Milky Way, our own galaxy, arcs across the sky as a river of ethereal light. One of the most exciting night sky events this summer is the Perseid meteor shower, which lasts several nights, and peaks around August 10–13. This year’s Perseids will occur close to the new moon, meaning the sky will be especially dark, giving viewers the best chance to see most meteors. To maximize your night sky viewing experience, find a dark area, such as Upper Beaver Meadows. For the more adventurous, a drive up Trail Ridge Road will get you even closer to the stars. Let your eyes adjust to the darkness for 10–15 minutes, then watch as the magnificent night sky is revealed.

To learn more about the night sky and what the NPS is doing to protect it, attend a ranger-led night sky program or visit www.nature.nps.gov/night.

**Ranger-Led Programs East Side**

All children must be accompanied by an adult. Programs may be cancelled due to high winds or lightning.

Children’s Programs

**Art Activity for Kids**

Unleash your creative energy while learning about the park. Ages 5-11.  
Ends August 16

**Discovery Days**

Discover the amazing world of the park with your family through hands-on opportunities, crafts, and games. Each week is something new to discover. Limited parking; take the free shuttle. 
Starts June 23-Ends Aug 17

**Discovery Hikes**

Come out and discover the natural wonders of Moraine Park with hands-on activities on this family-friendly hike. Parents must accompany children. 
Ends August 15

**Junior Ranger Program**

Earn your Junior Ranger badge! Join a ranger for programs and activities at Junior Ranger Headquarters. Children must be accompanied by an adult.  
Ends August 16

---

Activities, Talks, Walks & Hikes

**Activities, Talks, Walks & Hikes**

**Art Activity for Adults and Teens**

Reconnect with your inner artist while discovering how color, shapes, and patterns support the natural world. Ages 12 -100+.  
Ends Aug 13

**Bear Necessities**

Join a ranger to learn about the amazing lives of Rocky’s bears and how you can help save them.  
Ends Aug 13

**Bighorn Basics**

Sheep Lakes is a popular viewing area for bighorn sheep. Meet at the Sheep Lakes Information Station to learn about this majestic symbol of Rocky.  
Ends August 16

**Birds of Upper Beaver Meadows**

Join an experienced birder to seek bluebirds, woodpeckers, wrens, and flycatchers in a rich mixture of aspen and pine woodlands. Bring binoculars and a field guide.  
Ends Aug 13

**Centennial Hikes**

Hit the trail with a ranger, enjoy a longer hike to gorgeous destinations, and explore the past, present, and future of RMNP. These moderate 5-7 mile hikes will vary in location. Be prepared for changing weather conditions, and bring food and water.  
Ends August 16

**Coffee With a Ranger**

Come chat with a ranger about different resource issues facing Rocky while enjoying a warm morning cup of coffee!  
Ends Aug 17

**Lily Lake Stroll**

Enjoy an easy walk around a lovely subalpine lake. Learn about the natural and human forces that have shaped this landscape.  
Ends Aug 17

**Meet the Sheep Touch Tables**

Sweep by Sheep Lakes Information Station to find out about the adaptations and behaviors that make our Bighorn Sheep special. This informal program will feature skins, skulls, horns, and other fun touchables.  
Ends Aug 17

**Mountains, Meadows, & Moraines**

Take a moderate hike with a ranger while exploring the relationships behind this beautiful scenery.  
Ends Aug 17

**Photo Walk**

Capture and share your park experience through a lens, and discover the big and small sights of Rocky. Bring your own photo capturing equipment (cameras, smart phones, tablets). No professional experience necessary.  
Ends Aug 17

**Portraits of the Past**

Moraine Park was once a thriving community of early-day ranchers, innkeepers, and influential residents. Join a park ranger for a glimpse into the lives of those who came before us.  
Ends Aug 17

**The Power of Art**

Discover how artists have used paintings, photos, and prose to capture nature’s beauty and inspire the creation of many of our national parks, including Rocky.  
Ends Aug 17

**The Secret Lives of Mountain Lions**

The secret lives of mountain lions will be revealed. Come learn about their habitats and how lions influence people.  
Ends August 17

**Volunteer at Rocky!**

Join a Rocky Mountain Ranger for an hour-long volunteer project. Volunteers will get a Rocky Mountain volunteer bandana for participating. This is a great activity for all ages and a way to learn about many of the park’s volunteer opportunities.  
Starts June 25

**Centennial Artist in Residence Program**

**Present: Through an Artist’s Eyes**
See the park through the creative eyes of our Artist in Residence. [Read more](https://www.nps.gov/romo/planyourvisit/centennial-program.htm)

**Aspen Glen Campground Evening Program**
Enjoy a variety of informative and fun programs. See the weekly schedule at a visitor center for topics. Dress warmly. Ends August 30

**Glacier Basin Campground Evening Program**
Enjoy a wide variety of informative and entertaining programs. See the weekly schedule at a visitor center for program topics. Dress warmly. Ends August 30

**Moraine Park Campground Evening Program**
Enjoy a wide variety of informative and entertaining programs. See the weekly schedule at a visitor center for program topics. Dress warmly. Ends August 30

**Centennial Science Behind the Scenery**
Eureka! Park scientists share their latest discoveries. [Read more](https://www.nps.gov/romo/planyourvisit/centennial-program.htm)

**Astronomy in the Park**
Observe the night sky with the help of a park ranger and expert volunteer astronomers. Dress warmly. Bring binoculars and a flashlight. [Read more](https://www.nps.gov/romo/planyourvisit/centennial-program.htm)

**Stories Behind the Moon and Stars**
The night sky comes alive through storytelling and fun activities. Celebrate darkness in Rocky! Dress warmly. Bring binoculars and a flashlight. [Read more](https://www.nps.gov/romo/planyourvisit/centennial-program.htm)

**All About Lightning**
Learn why lightning can be a hair-raising experience and how to minimize your risk of being struck. [Read more](https://www.nps.gov/romo/planyourvisit/centennial-program.htm)

**High Country Geology**
The park’s spectacular scenery represents a chapter in a long history of geologic events. Join us on this hike over the tundra and experience the effects of these processes. [Read more](https://www.nps.gov/romo/planyourvisit/centennial-program.htm)

**Road to the Top**
If you think driving these roads is an adventure, come discover what it took to build and maintain them! [Read more](https://www.nps.gov/romo/planyourvisit/centennial-program.htm)

**Tundra Nature Walk**
Exhilarate your senses with alpine views and miniature wildflower gardens. Dress warmly; plan to caravan to the location. Ends August 9

**Tundra to Trees**
Hike an ancient Ute trail that leads from alpine heights down through old growth forest. Plan to carpool for this moderate 4-mile hike. Bring warm clothing, rain gear, water & snacks. Ends July 4

**Twilight on the Tundra**
Open your senses and soak in the magical twilight hour in the land above the trees! Join a ranger and discover how the alpine tundra habitat and natural darkness make Rocky an amazing wilderness. Make reservations in person the day of the program at either the Fall River or Kawuneeche Visitor Center. Programs are limited to 20 people (6 people per reservation). Outdoor gear appropriate for the conditions will be required. Ends August 27

One hundred years ago,  
We were given a gift.  
13 miles wide by 26 miles tall.  
A little rectangle.  
Wrapped from corner to corner  
with a ribbon of continental divide.  

They didn’t know our names.  
But they knew the gift would sustain us,  
delight us, renew us, transform us.  
The gift was filled with  
Wild Life,  
Wild Water,  
Wild Dreams.  
And the gift has transformed us.  

For there is something at work here.  
Something greater than just the power of Rocky Mountain National Park.  
Something immeasurable.  

Driving through the congested city the other day, packed with buildings, I saw one little patch of ground and a flock of Canada geese walking merrily around on that patch of open ground.  

My mind drifted to this little patch of open ground, 13 miles wide by 26 miles tall.  
I could not think of any place better that we should protect,  
I could not think of any place more valuable that we should preserve as an open space.  
Filled with mountains, rivers, the continental divide…  
Beautiful, lovely, magnificent open space.  

It is a world treasure.  
And on preserving a world treasure…  
That is not just something that Park Rangers do.  
It’s something that we all do.  
We vote with our feet.  
Every time we come into the entrance of this National Park, we make a statement to our leaders, to humanity, to our children, to our friends that this is one of the things that counts in life.  

We come to this little rectangle.  
We use it. We play in it. We visit. We bask in it. We protect it.  
The honor, is in standing behind something that will last, enjoying it, preserving life-giving things, with dedication to ideals that matter and giving our lives to something that is larger than ourselves.  

I figure that in 4000 years, they will be here.  
We do not know their names.  
Likely, they will be in search of fresh mountain air, beautiful mountain scenery, wildlife roaming free…  

One hundred years ago,  
We were given a gift.  
4000 years from now, we will give one.  

How to protect a World Treasure? Merrily.  
Like geese.  
Voting with our feet.

Across the Divide GeoTour

Do you love a treasure hunt? Are you looking for a new, fun way to discover the Wilderness, Wildlife, and Wonder of Rocky Mountain National Park and the surrounding area? Then this activity is for you!

What is geocaching? Geocaching is a free world-wide, high-tech treasure hunt that starts with the internet and then gets people outside to hunt and explore for “caches” — usually a container and a logbook for others to find and write in. There are many of these traditional caches in Grand Lake and Estes Park that lead you to examples of the wilderness, wildlife, wonder, and history of the area. In order to follow Leave No Trace principles, traditional caches are not allowed in Rocky Mountain National Park. Instead, virtual and EarthCaches bring you to meaningful locations, spots with a great view, or spots with geological significance in the park. These caches have a question you must answer in order to “log” your visit.

What is a Geo-Tour? This Geo-Tour is a series of geocaches that takes you around Estes Park, over the Continental Divide through RMNP (when Trail Ridge Road is open), and around Grand Lake. Do part of the tour or the whole thing! Commemorative collectible coins are awarded for various levels of completion.

What do I need to participate? You’ll need:

• A GPS unit or a smartphone with a downloadable geocaching app (such as c:geo)
• The GeoTour Passport, available only at the Estes Park and Grand Lake Visitor Centers (this passport is not available at RMNP visitor centers)
• A free online account with Geocaching.com

Need more information? Visit the Estes Park or Grand Lake Visitor Centers for more information on this fun way to celebrate our Centennial and we’ll see you Across the Divide!

Traditional geocaching is not allowed in Rocky Mountain National Park. Please practice Leave No Trace ethics and do not take items from or leave caches in the national park.

What do I need to participate? You’ll need:

• A GPS unit or a smartphone with a downloadable geocaching app (such as c:geo)
• The GeoTour Passport, available only at the Estes Park and Grand Lake Visitor Centers (this passport is not available at RMNP visitor centers)
• A free online account with Geocaching.com

Need more information? Visit the Estes Park or Grand Lake Visitor Centers for more information on this fun way to celebrate our Centennial and we’ll see you Across the Divide!

Rocky Mountain National Park’s Centennial Year

James H. Pickering, Board Member, Rocky Mountain Conservancy, Historian Laureate, Town of Estes Park

Centennials are important events. The 100th anniversary of the dedication of Rocky Mountain National Park is certainly no exception. That event took place on September 4, 1915 on an open knoll in Horseshoe Park close by today’s Lawn Lake trailhead, a two-sided banner overhead. Though the day was overcast, the crowd was large. Individuals and families came from Denver and other Front Range towns as well as from Estes Park. Enos Mills, already celebrated as “The Father of Rocky Mountain National Park,” served as master of ceremonies. “This is the proudest moment of my life,” he told the crowd. “I have lived to see the realization of a great dream come true. It means great things for Colorado and for the nation.” And indeed it most certainly has. Though the anniversary of that dedication Saturday is still a year away, a series of events are being planned that will give all of us ample opportunity both to celebrate and reflect.

Looking back one thinks of the park’s milestone events and achievements.

There have been many. One thinks of the completion of Fall River Road over the Continental Divide in 1932, and its successor, Trail Ridge Road in 1932; of the Civilian Conservation Corps days in 1933 which advanced important park projects, including trail building, by well more than a decade; and of the “holing through” of the 13-mile Alva Adams tunnel beneath the park in 1944, a key element in the Colorado–Big Thompson trans–mountain irrigation project. Other, more recent, accomplishments include the opening of the Beaver Meadows Visitors Center in 1967, a cornerstone of the Mission ‘66 project, the last concerted attempt to refurbish and update America’s system of national parks; and the completion in 2015 of the reconstruction and relocation of portions of much-traveled Bear Lake Road.

Centennial years, rightly considered, should not simply focus on the past. They should draw our attention to the present and to the future as well. Over the past hundred years Rocky Mountain National Park has grown slightly in size and greatly in complexity. To be sure, it is rather less cluttered than it was in 1915. All of the great resort hotels (those “castles of woods”) are gone, as are many of the other in-holdings once found in places like Moraine and Horseshoe Parks. The size of the ranger force and support staff of necessity has also grown (at the time of the dedication there were only three). They are needed to take care of the more than three million visitors who enter the park each year. Balancing this accessibility with the need to protect and preserve the park’s fragile ecology is, and will remain, a major challenge. Enos Mills’ dream of 1915 is, in fact, a still unfinished one with so much work in progress, as all truly great dreams are.

So even as we enjoy the centennial events of the coming months, let us do so with gratitude not only to those who made Rocky Mountain National Park possible but to those who labor today and will labor tomorrow to keep Enos Mills’ dream alive. The late Western writer Wallace Stegner called national parks “the best idea we ever had.” Those of us who have had the privilege of hiking the trails of Rocky Mountain National Park, lunching beside one of its supremely beautiful lakes, or fishing one of its peaceful and sequestered streams, will surely agree. Our ability to enjoy the authenticity of such experiences, not to mention the wonder of it all, is the gift of the past to the present.

Let then this celebratory centennial year also be a year of re-dedication. Let it be a year in which we re-affirm our own responsibility as present-day stewards in helping to preserve this special place, so that a hundred years hence it will be said that we in our time—to quote the Organic Act of 1916 that created the National Park Service—helped “to conserve the scenery and the natural and historic objects … by such means as will leave them unimpaired for the enjoyment of future generations.” Put in less lofty terms: that we too should put in less lofty terms: that we too

What’s Your Story?

When did you fall in love with Rocky Mountain National Park? How has the park left its mark on your family? What pictures tell your park story?

Now there is a way to share your stories, memories, and photos of your time in Rocky Mountain National Park and be part of the Rocky Mountain National Park Centennial Celebration! Visit rmnp100.com to contribute to the Centennial Family Photo Album. Click on the decade of your choosing and upload a photo or write down your story (or both!). Your memories will become part of our virtual time capsule that will be kept to help document the connections that people have made with the park over the past 100 years.

Spread the word to friends and family who might want to participate, enter your memory, and then check back to see how the album grows.

Be part of the legacy of Rocky Mountain National Park!
The stunning beauty of Rocky Mountain National Park is on display along over 350 miles of trails to lakes, waterfalls, mountain summits, and more. A few are described below. Check with a ranger about current conditions. Remember! Pets are prohibited on ALL Rocky Mountain National Park trails, tundra, and meadow areas.

Don’t hike alone and stay together—never let a group member lag behind. Always tell someone where you’re going and stay on the marked route. Weather conditions in Rocky Mountain National Park can change quickly. Be observant. Watch for and be aware of changing weather and adjust plans accordingly. Expect snow, ice, wind, and quickly changing temperatures at any time. Hikers and climbers need to remain flexible. The journey itself can be an enjoyable experience; be willing to turn around at any time if conditions are more difficult than anticipated. Be prepared with plenty of water and high-energy food, good footwear and layers of clothing, sunglasses, and map/compass or GPS.

### Family-Friendly Trails

Longs Peak, a popular climb in the park, usually has unavoidable and treacherous ice and snow until mid-summer.

#### Leave No Trace

Rocky’s wilderness attracts over three million visitors a year. Whether you are hiking, camping, or driving Trail Ridge Road, keep your park beautiful by practicing Leave No Trace Ethics.
- Plan ahead and prepare
  - Travel and camp on durable surfaces
  - Dispose of waste properly
  - Leave what you find
  - Minimize campfire impacts
  - Respect wildlife
  - Be considerate of others

#### Flood Damage:

Some trails remain damaged and bridges missing from the 2013 Flood. Safety is your responsibility.

<tbody>
<tr>
<td><strong>West Side Trails</strong></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Adams Falls</td>
<td>East Inlet Trailhead, located on the far east end of Grand Lake</td>
<td>0.6 miles</td>
<td>80 feet</td>
<td>A beautiful short hike near Grand Lake. The trail continues beyond the falls to lush meadows.</td>
</tr>
<tr>
<td>Cascade Falls</td>
<td>North Inlet Trailhead off Tunnel Road in Grand Lake</td>
<td>6.8 miles</td>
<td>300 feet</td>
<td>A relatively level hike to a rocky cascade.</td>
</tr>
<tr>
<td>Coyote Valley Trail</td>
<td>Coyote Valley Trailhead on US Hwy 34, 6 miles north of Kawuneeche Visitor Center</td>
<td>1 mile</td>
<td>10 feet</td>
<td>Follows the bank of the Colorado River with views of the Never Summer Mountains. Look for moose, songbirds, and wildflowers. Packed gravel, level grade.</td>
</tr>
<tr>
<td>East Shore Trail</td>
<td>East side of Shadow Mountain Lake, just south of Grand Lake</td>
<td>5.2 miles</td>
<td>100 feet</td>
<td>2.6 miles to Green Ridge Campground; a side loop trail to Ranger Meadows reconnects with the main trail, adding 1.4 miles.</td>
</tr>
<tr>
<td>Holzwarth Historic Site</td>
<td>8 miles north of Kawuneeche Visitor Center on US Hwy 34</td>
<td>0.5 mile</td>
<td>10 feet</td>
<td>Explore an historic homestead cabin and 1920s dude ranch. Brochures, interpretive signs, and tours available.</td>
</tr>
<tr>
<td>Granite Falls</td>
<td>Green Mountain Trailhead, 3 mi north of Kawuneeche Visitor Center on US Hwy 34</td>
<td>10.4 miles</td>
<td>1,406 feet</td>
<td>Hike through a quiet forest along a mountain stream. A longer return loop is available (13.6 miles), coming out on the Onahau Creek Trail.</td>
</tr>
<tr>
<td>Lulu City</td>
<td>Colorado River Trailhead, 10 miles north of Grand Lake Entrance on US Hwy 34</td>
<td>7.4 miles</td>
<td>350 feet</td>
<td>Not much is left of historic Lulu City along this gentle trail. A longer return loop is available along the Grand Ditch to Red Mountain Trail.</td>
</tr>
<tr>
<td>Onahau Creek - Green Mountain Loop</td>
<td>Onahau Creek Trailhead or Green Mtn Trailhead on US Hwy 34</td>
<td>7.6 miles</td>
<td>1,100 feet</td>
<td>Nice loop trail through a quiet forest and meadow along flowing mountain streams.</td>
</tr>
<tr>
<td><strong>East Side Trails</strong></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Bear Lake</td>
<td>At the end of Bear Lake Road</td>
<td>0.5 miles</td>
<td>20 feet</td>
<td>Follow the self-guiding nature trail as it encircles beautiful Bear Lake. The first portion of the trail in either direction is accessible.</td>
</tr>
<tr>
<td>Deer Mountain</td>
<td>Deer Mountain Trailhead at Deer Ridge Junction where US Hwys 34 &amp; 36 from Estes Park meet</td>
<td>6 miles</td>
<td>1,083 feet</td>
<td>One of the few mountains in RMNP with a trail to the summit. Great views of mountains and valleys.</td>
</tr>
<tr>
<td>Estes Cone</td>
<td>Storm Pass Trailhead at Lily Lake</td>
<td>7.4 miles</td>
<td>2,369 feet</td>
<td>Great views reward this strenuous hike to the top of a peak.</td>
</tr>
<tr>
<td>Eugenia Mine</td>
<td>Longs Peak Trailhead</td>
<td>2.8 miles</td>
<td>508 feet</td>
<td>A pleasant hike to an abandoned (never productive) mine site.</td>
</tr>
<tr>
<td>Gern Lake</td>
<td>Lumpy Ridge Trailhead on Devils Gulch Road north of Estes Park</td>
<td>3.2 miles</td>
<td>1,000 feet</td>
<td>Big rocks and nice views on this rather steep hike. The lake is small and spring-fed (no stream).</td>
</tr>
<tr>
<td>Lily Lake</td>
<td>South of Estes Park on Highway 7</td>
<td>0.8 mile loop</td>
<td>20 feet</td>
<td>Wildflowers, waterfowl, and mountain views may be seen on this level walk around pretty Lily Lake. Caution: the trail was flood-damaged along the south shore.</td>
</tr>
<tr>
<td>Moraine Park Discovery Center Nature Trail</td>
<td>On Bear Lake Road</td>
<td>0.8 mile</td>
<td>20 feet</td>
<td>A self-guiding trail booklet is available for this trail. It winds up and down the hillside behind the Discovery Center and has beautiful views.</td>
</tr>
<tr>
<td>The Pool</td>
<td>Fern Lake Trailhead off of Bear Lake Road</td>
<td>3.4 miles</td>
<td>245 feet</td>
<td>A pretty, shaded hike in a deep valley along a rushing stream.</td>
</tr>
<tr>
<td>Sprague Lake</td>
<td>On Bear Lake Road</td>
<td>0.5 mile loop</td>
<td>10 feet</td>
<td>This packed gravel, level grade trail circles lovely Sprague Lake.</td>
</tr>
<tr>
<td><strong>Trail Ridge Road Trails</strong></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Alpine Ridge Trail</td>
<td>Near Alpine Visitor Center</td>
<td>0.5 mile</td>
<td>209 feet</td>
<td>Amazing views in all directions from this small summit adjacent to the Alpine Visitor Center. Keep an eye on the sky and stay off if storm clouds approach.</td>
</tr>
<tr>
<td>Tundra Communities Trail</td>
<td>At Rock Cut on Trail Ridge Road</td>
<td>0.5 mile</td>
<td>260 feet</td>
<td>View the miniature world of the alpine tundra and enjoy sweeping views of the park.</td>
</tr>
<tr>
<td>Ute Trail</td>
<td>Across the road from Alpine Visitor Center plus other access points</td>
<td>1–8 miles</td>
<td>1,038 feet</td>
<td>Tremendous open views above treeline. Start and finish early, before lightning and thunderstorms!</td>
</tr>

Camping

Camping Information

Overnight stays in Rocky Mountain National Park must be in a campground (or a backcountry site). Staying overnight in a car or RV along a road or at a trailhead is not allowed. It is common for all park campgrounds to fill up on most summer days and fall weekends. Reservations for late-May through September can six months to one day in advance.

Permits are required for all overnight backcountry camping, and reservations are recommended for summer. Camping is allowed only in designated sites and areas. Backcountry permits may be obtained at the Beaver Meadows Backcountry Office or at the Kawuneeche Visitor Center. For your safety and the protection of park wildlife, backcountry campers are required to use carry in/carry out, commercially-manufactured, hardened, bear-resistant food storage containers in all areas of the park between May 1 and October 31. Containers may be rented or purchased at outdoor shops in nearby communities.

For further information write to: Backcountry Office, Rocky Mountain National Park, Estes Park, Colorado 80517, or call (970) 586-1242.

Sprague Lake Accessible Backcountry Campsite

Reservations and information are available through the Backcountry Office at (970) 586-1242. This site accommodates 12 campers within a maximum of five wheelchair users at the camp. The administrative permit fee is $26 from May 1 to October 31.

Backcountry Camping

Permits are required for all overnight backcountry camping, and reservations are recommended for summer. Camping is allowed only in designated sites and areas. Backcountry permits may be obtained at the Beaver Meadows Backcountry Office or at the Kawuneeche Visitor Center.

An administrative fee of $26 is required for backcountry permits between May 1 and October 31. The nonrefundable, non-exchangeable fee must be paid when reservations are made. There is no administrative fee in winter.

Leave No Trace

Rocky Mountain National Park attracts over three million visitors a year. Whether you are hiking, camping, or driving Trail Ridge Road, keep your park beautiful by practicing Leave No Trace Ethics.

• Plan ahead and prepare
• Travel and camp on durable surfaces
• Dispose of waste properly
• Leave what you find
• Minimize campfire impacts
• Respect wildlife
• Be considerate of others

In vehicles without trunks, items should be placed as low in the vehicle passenger compartment as possible and covered from sight, with windows closed and doors locked.

Visitors with convertibles or motorcycles are encouraged to use food storage lockers, available in all park campgrounds. Food storage lockers, which are approximately 3 ft x 3 ft x 3 ft are shared with other visitors and cannot be locked. Food storage locker symbols are located on all campground maps.

Aspenglen

Junior Rangers at Rocky Mountain National Park have fun discovering the natural world, while learning about why we need to protect the special treasures found in our National Parks. We need the help of all our rangers to keep Rocky protected for many more years to come. Pick up a free Junior Ranger activity booklet at any visitor contact station, discover the park, and become a ranger by earning your badge! There are activity books for kids ages 5 and under, 6-8, and 9 and up.

This year, you can earn a special Centennial sticker by completing the 1-page activity sheet celebrating Rocky's 100th Birthday. You can also attend an Astronomy program on Friday nights to earn the Junior Ranger Night Explorer patch, and on Thursdays at Junior Ranger Headquarters you can become a Junior Wildland Firefighter by learning about fire's role in shaping our park lands.

The Park's Junior Ranger Program is funded by the Rocky Mountain Conservancy and is a great way to get kids out exploring and discovering our National Park.

WebRangers is the online extension of the Junior Ranger program. It's a website for kids of all ages. If you love our National Parks, Historic Sites, and Monuments, then this site is for you.

http://www.nps.gov/webrangers/

Los libros de guardaparque juveniles son para niños que tiene 12 años o menos. se pueden obtener sin costo en el centro de visitantes del parque. Si se completa el libro con éxito puede recibir una insignia.

Hey kids, Junior Ranger Headquarters is a place just for you! Join a ranger-led program, complete your Junior Ranger book, and earn a badge. The Junior Ranger Headquarters is open from June 20 – August 16; and programs are offered 4 times a day, 7 days a week! Programs are geared for kids ages 5-13, and it is free to participate. A parent or adult must be present with children at all times. Headquarters is open 10 am–3 pm and programs are at 10, 11:30, 1:00 & 2:30 daily.

Hey Kids, Come To The Junior Ranger Headquarters!

Greening Your Ride at Rocky

Join Rocky Mountain National Park in our efforts to cut emissions and save fuel.

You can help our climate and air quality in Rocky by reducing vehicle idling. Remember to turn off your engine while parked, waiting at wildlife crossings, or stopping to take photos.

Take the FREE Shuttle! See page 12 for schedule

Greening Your Park

Recycling Available in Major Park Locations

Glass, plastic #1 though #7 and aluminum may be recycled in park campgrounds and at major park locations. Look for our distinctive recycling containers or ask at any visitor center or campground for their locations.

Help us reduce the use of plastic water bottles! There is limited potable drinking water in the park. Please remember to bring your own reusable water containers and refill them at park visitor centers.
Did You Know Rocky Mountain National Park Has Sisters?

It's true! Rocky has “sister” park relationships with national parks in Poland, Slovakia, and Costa Rica. Eight years ago, Rocky Mountain National Park signed a sister park agreement with the Tatra National Parks in Poland and Slovakia. All three are mountain parks and international biosphere reserves.

In 2012, Rocky signed another agreement with the Monteverde Cloud Forest, Santa Elena Cloud Forest Reserve, Children’s Eternal Rainforest, and Arenal National Park in Costa Rica. What do we share with places in Costa Rica? Birds! Over 150 species of birds, like the Yellow-rumped Warbler (lower right), share the ecosystems of Rocky and Costa Rica. Since 2007, we have engaged in staff exchanges and conferences, started joint science projects, and shared ideas and lessons learned. Issues that once seemed specific to a single park or country are now seen through a global lens and recognized as common to many protected areas. The future of protected areas is international. As Shakespeare said, “One touch of nature makes the whole world kin.” Working with colleagues in our sister parks reminds us to think a bit larger in preserving our global landscapes for future generations.
Ride the Free Shuttle Bus

Using Rocky Mountain National Park’s free shuttle bus service enables you to access many destinations and loop hikes along the Bear Lake corridor, while enjoying the beautiful scenery without the distraction and hassle of traffic congestion and limited parking.

**Bear Lake Shuttle**
- **Daily Service:** June 13 - October 12
- Buses operate daily between Park & Ride and Bear Lake, leaving Park & Ride every 10–15 minutes from 7 am–7:30 pm.
- The Bear Lake Route is based at the Park & Ride shuttle bus parking area across from the Glacier Basin Campground.

**Moraine Park Shuttle**
- **Daily Service:** June 13 - October 12
- Buses operate daily between Park & Ride and Fern Lake Bus Stop, leaving Park & Ride every 30 minutes from 7 am–7:30 pm.
- The Moraine Park Route is based at the Park & Ride shuttle bus parking area across from the Glacier Basin Campground.

**Hiker Shuttle**
- **Daily Service:** June 27 - September 13
- Weekends Saturdays and Sundays September 19 - October 11
- Buses operate between the Estes Park Visitor Center and the RMNP Park & Ride. The only stop on this express route is Beaver Meadows Visitor Center.
- The first bus leaves the Estes Park Visitor Center at 7:30 am, and the last bus leaves for Estes Park at 8 pm.
- Buses run on an hourly schedule early and late in the day and a half-hour schedule from 11 am–6 pm.
- A park pass is required to board the Hiker Shuttle. It may be purchased at the Park & Ride.

- There are no shuttle bus services on the west side of the park or across Trail Ridge Road. There are several commercial shuttle tours in the Estes area. Contact the Estes Park Visitor Center for information, 800-443-7837 or visitestespark.com.
- There are no bike racks on park shuttle buses.
- Most park shuttle buses are accessible and can accommodate wheelchairs. Contact shuttle staff or rangers if accommodation is needed.
- Dogs are not allowed on park shuttle buses (except service animals that have been individually trained to perform specific tasks for the benefit of persons with disabilities).
