Visitor Centers

Park visitor centers are the places to find out what you need to know. All have knowledgeable staff, printed information on many topics, and great bookstores stocked with all the best books for finding that perfect trail and learning what makes Rocky Mountain National Park such an awesome national park. Each visitor center has its own special features.

East of the Divide – Estes Park Area

Beaver Meadows Visitor Center
Open daily 8-4:30 except Dec. 25. Features free movie, bookstore, 3-D park orientation map. Backcountry camping permits are available in nearby building.

Fall River Visitor Center
Open Saturdays & Sundays 9-4. Also Nov. 28, Dec. 28 - Jan. 1, and Feb. 15. Features life-sized wildlife displays, a discovery room where kids can touch objects and dress up as rangers, American Indians and pioneers, and a bookstore.

West of the Divide – Grand Lake Area

Kawuneeche Visitor Center
Open daily 8-4:30 except Dec. 25. Features free movie and exhibits on how to plan your visit, bookstore, backcountry camping permits.

Pets

Pets are prohibited in all areas of Rocky Mountain National Park not accessible by motor vehicles, including all trails and meadows. Leashed pets (6’ leash or less) are allowed in campgrounds, picnic areas and along roadways. In winter, leashed pets are permitted on some Rocky Mountain National Park roads when those roads are closed to motor vehicles. Check with a visitor center or call 970-586-1206 for current status.

Fishing

Obtain specific park regulations at visitor centers or park entrance stations. To fish in Rocky Mountain National Park, you must have a valid Colorado state fishing license.

Hunting

Hunting is not allowed in Rocky Mountain National Park.

Firearm regulations may be subject to change. Inquire for current regulations.

Lost and Found

Please turn found items in at any park visitor center. To inquire about lost items, call the Backcountry Office at (970) 586-1242.

Weather and Road Conditions

Winter driving conditions can change rapidly. For Rocky Mountain National Park daily road and driving conditions, stop at a visitor center or call (970) 586-1206. Snow tires may be recommended during periods of heavy snow. For the most up-to-date status of Trail Ridge Road, 24 hours a day, call (970) 586-1222.

During winter, lower elevation park roads remain open. The high central portion of Trail Ridge Road is closed between Many Parks Curve and the Colorado River Trailhead. The treeless, open central section of Trail Ridge Road experiences strong winds and blizzard conditions, making it unsafe to maintain through the winter.

Bear Lake Road

Bear Lake Road is kept open during the winter. The road is plowed, but may be closed for clearing after significant snowfall. Please call (970) 586-1206 for current conditions.

Keep Wildlife Wild

Never feed wildlife. A fine may be issued to violators. Animals can kick, bite, or gore you. They can become dependent on human food and lose the ability to feed naturally. Wildlife also carry diseases which can be transmitted to humans, like rabies and plague. Photograph animals from the roadside.

Park Phone Numbers and Website

Trail Ridge Road status: (970) 586-1222
Call Park Information (970) 586-1206 with your questions. We are available to assist you from 8 to 4:30 daily.
The Official Park Website is http://www.nps.gov/romo

Hearing impaired persons may call the TTY at (970) 586-1319 from 8 to 5 daily.
Dial 911 or (970) 586-1203 to report emergencies.
Winter Fun in Rocky Mountain National Park

East of the Divide – Estes Park Area

Sledding and Snowplay
There is only one place in Rocky Mountain National Park open to sledding and downhill sliding on snow: Hidden Valley. Snow conditions are sometimes poor to marginal. Check at a visitor center or call (970) 586-1206 for current information. Be aware of cold weather, chilling wind, and the effects of hypothermia. At Hidden Valley the fenced snowplay hill is for the use of sleds, tubes, and saucers. Skiers, snow boarders, and snowshoers must exercise caution when passing through the sledding/snowplay area. Slow down and yield the right-of-way when descending. On weekends and holidays, skilled park staff, often volunteers, are on duty. For your safety and enjoyment, please follow their guidance. Modern restrooms are available.

West of the Divide – Grand Lake Area

What makes a perfect Rocky Mountain winter experience? Dramatic snow-covered peaks? Gliding on skis through a silent forest? Moose lounging in pristine meadows blanketed white? A family on snowshoes enjoying a trek to a frozen waterfall? These dreams and more can be enjoyed on the west side of Rocky Mountain National Park.

Skiing/Snowshoeing
Heavy snowfall on the west side of the park results in outstanding cross-country skiing and snowshoeing. Visitors strapping on skis or snowshoes for the first time may want to explore Sun Valley Trail, a loop that meanders through woods and open meadows along the Colorado River and offers breathtaking views of the Never Summer Range.

Another short jaunt leads to ice-shrouded Adams Falls. This 0.6 mile round trip includes a short hill that can sometimes be icy. Beyond the falls, more than a mile of level trail offers spectacular mountain vistas. Experienced skiers and snowshoers can continue up into the mountains on this or other trails.

Many routes are appropriate for both skis and snowshoes, with snowshoers being careful to keep to the side of ski tracks. Stop by the Kawuneeche Visitor Center for information on a variety of suggested routes for all skill levels.

Ranger-Guided Activities
Interested in learning more about the winter wilderness while you explore? Rangers on the west side of the park offer guided ski and snowshoe tours on winter weekends. See page four for details or call (970) 627-3471. Reservations are required.

Sightseeing
Prefer to experience the charm of winter from the comfort of a vehicle? Ten miles of road through the Kawuneeche Valley are plowed for travel. Take the time to enjoy spectacular views of the snow-clad Never Summer Range. Watch for wildlife along the banks of the Colorado River.

Park Bookstores

At RMNA Bookstores, Your Purchase Makes A Difference
A premier selection of Rocky Mountain National Park books, maps and other interesting items can be found right here at one of the Rocky Mountain Nature Association (RMNA) bookstores located in park visitor centers. And when you make a purchase from our non-profit organization, proceeds are returned to the park, supporting important educational, interpretive and research programs. Drop by today.

Visit the Rocky Mountain Nature Association bookstores at:
Beaver Meadows Visitor Center • Fall River Visitor Center
Kawuneeche Visitor Center

Rocky Mountain Nature Association • P.O. Box 3100, Estes Park, CO 80517 • (970) 586-0108 • rmna.org
Winter Survival Tips

1. Falling Trees
   Falling trees are an ever-present hazard. When traveling or camping in the forest, trees can fall without warning. Be particularly watchful when it’s windy, or following a snowstorm when branches are heavy with snow. Avoid parking or camping in areas where trees could fall.

2. Stay Together!
   Avoid traveling alone in the backcountry and always stay together as a group. Detailed information regarding your trip itinerary should be left with a responsible person so park authorities can be notified if you fail to return. Safety is your responsibility!

3. Backcountry Travel
   Be prepared for all types of weather, no matter what activity you are enjoying in the national park. Unforeseen weather conditions can change a short afternoon hike, ski, or snowshoe trip into an unpleasant experience.

4. Avalanches
   Colorado has more known avalanches than any other state. Avoid skiing or snowshoeing in steep gullies where avalanches could occur. Open slopes of 30 to 45 degrees can be loaded with dangerous masses of snow, easily triggered by backcountry travelers. Wear an electronic transceiver when traversing avalanche terrain. If you are caught in an avalanche, make swimming motions and try to stay on top of the snow.
   For current avalanche conditions, check at a visitor center or call (970) 586-1206.

5. High Elevation
   A large number of the visitors to this park each year experience symptoms of altitude sickness. Symptoms range from headache and dizziness to nausea and unconsciousness. Rocky Mountain has the highest average elevation of any national park -- even the main road climbs higher than most U.S. mountains, to 12,183 feet! High altitude can also aggravate medical conditions such as heart and lung diseases. The only cure for altitude sickness is to go down to a lower elevation.

6. Hypothermia
   Hypothermia is a serious and sometimes fatal condition brought on by exposure to wet and cold. The core body temperature drops to a level that impairs normal muscle and brain activities. Symptoms include drowsiness, loss of judgment or coordination, slurred speech, and uncontrolled shivering. If these symptoms occur, warm the chilled person with dry clothing and warm, nonalcoholic liquids. Get back to your car and seek medical attention.
   Carry a windproof/snowproof outer shell and extra layers of clothing. Drink plenty of water; high elevation, wind, and cold dry us out and chill us. Most importantly, stay dry!

Recycling Available in Major Park Locations

Glass, plastic #1 and #2, and aluminum may be recycled in open park campgrounds and major park locations. Please inquire at any visitor center or open campground.

International Sister Parks

Rocky Mountain National Park and the Tatra National Parks (Slovakia and Poland) have formally become sister parks. Similar rugged, beautiful mountain terrain and ecosystems, the three parks are exchanging information and expertise to better manage these great preserves for the benefit of all who may visit them.

Can I take antlers?

The simple answer is no. Dropped antlers provide valuable minerals for other park animals. It is illegal to collect or possess antlers, animal parts or natural features (rocks, pinecones, etc.) in Rocky Mountain National Park.
**Free Ranger Led Programs - East Side, Estes Park**

### Snowshoe Tours
- **Snowshoe Ecology Walk** - Take a beginner-level snowshoe tour with a ranger and explore the natural world of a subalpine forest. No previous experience needed. January 3 – March 28
  - Length: 2 hours
  - Location: by reservation
  - SUN: 12:30 p.m.
  - MON: 12:30 p.m.
  - TUE: 12:30 p.m.
  - WED: 12:30 p.m.
  - THU: 12:30 p.m.
  - FRI: 12:30 p.m.

**Making Reservations – Snowshoe Tours**
Reservations are necessary and may be made no more than seven days in advance. Call (970) 586-1223 from 8 a.m.–4 p.m. daily.

There is a limit of 6 people per reservation for this 2 hour program. For safety reasons, children under 8 years old are not allowed on this activity. Sleds, skis, hikers, and children in backpacks are not permitted. You must provide your own snowshoes. They can be rented in Estes Park sporting goods stores.

**Groups**
Part of an organized group? Please call (970) 586-3777.

#### Short Talks
- **Skins and Skulls** - Want to pet an elk or cuddle up to a bear? Come to Beaver Meadows Visitor Center to safely feel skins and skulls while learning about park wildlife.
  - Length: 20-30 minute talk
  - Location: Beaver Meadows Visitor Center
  - SUN: 3 p.m.
  - MON: 3 p.m.
  - TUE: 3 p.m.
  - WED: 3 p.m.
  - THU: 3 p.m.
  - FRI: 3 p.m.
  - SAT: 3 p.m.

### Evening Programs
- **Beaver Meadows Evening Program**
  - Enjoy a wide variety of informative and entertaining programs. Meet in the downstairs auditorium at Beaver Meadows Visitor Center.
  - Length: 1 hour
  - Location: Beaver Meadows Visitor Center
  - SUN: 7 p.m.
  - MON: Except 12/20 & 27
  - TUE: 12:30 p.m.
  - WED: 12:30 p.m.
  - THU: 12:30 p.m.
  - FRI: 12:30 p.m.
  - SAT: 12:30 p.m.

### Lyceum Series
Join us for our Lyceum series between January and May. Every Saturday night at 7 p.m. at Beaver Meadows Visitor Center, speakers will address the general topic of wilderness. In March 2009, after a 35 year struggle, 95% of Rocky Mountain National Park was designated as wilderness by Congress. Come celebrate our newest designation with outstanding experts as they explore what wilderness means. Call (970) 586-1206 for specific topics and dates.

**Free Park Movie**
See the stunning 23-minute park movie at the Beaver Meadows and Kawuneeche visitor centers during normal business hours. This movie features spectacular aerial footage of the park’s rugged high country, as well as wildlife and other park resources. Available upon request. Available en español and English.

---

**Free Ranger Led Programs - West Side, Grand Lake**

### Ski & Snowshoe Tours
- **Ski the Wilderness in Winter** - Ski a snow-draped landscape and learn about the Kawuneeche Valley. Join a park ranger for this 1.5-hour cross-country ski tour. Children under 8 years of age are not allowed on this activity. You must provide your own skis and poles with large baskets.
  - Length: 1.5 hours
  - Location: Kawuneeche Visitor Center
  - SUN: 9:30 a.m.
  - MON: 12/26 -1/30
  - TUE: 9 a.m.
  - WED: 2/6 - 3/20
  - THU: 1 p.m.
  - FRI: 12/12 - 3/20
  - SAT: 10:30 a.m.

- **Snowshoe in the Kawuneeche** - Join a beginner level snowshoe tour with a ranger. Please bring your own snowshoes and ski poles with large baskets. Children under 8 years of age are not allowed on this activity.
  - Length: 2 hours
  - Location: Kawuneeche Visitor Center
  - SUN: 1 p.m.
  - MON: 12/13 - 3/14

- **Snowshoe in the Kawuneeche** - Take an intermediate level snowshoe tour with a ranger. This is a more rigorous tour with elevation gains of up to 500’, and requires the ability to maintain a good pace on uneven terrain. Bring your own snowshoes and ski poles with large baskets. Children under 8 years of age are not allowed on this activity.
  - Length: 2 hours
  - Location: Kawuneeche Visitor Center
  - SUN: 1 p.m.
  - MON: 12/13 - 3/14

- **Kid's Snowshoe** - Join a ranger for a kid-friendly snowshoe adventure. Ages 6-12 are welcome with an adult. Dress warmly, in layers. Bring your own snowshoes and optional ski poles with large baskets.
  - Length: 1.5 hours
  - Location: Kawuneeche Visitor Center
  - SUN: 10:30 a.m.
  - MON: 1/19, 2/6 & 3/6
  - TUE: Winter RMNP 2009/10 - 4

Reservations are required for all west-side winter tours, and may be made no more than seven days in advance. Park entrance pass required for all programs. Call (970) 627-3471 from 8 AM–4:30 PM to make reservations.

Fun Activities for the Kids

Heart of the Rockies

Teachers, Parents, Students!

Rocky Mountain National Park’s “Heart of the Rockies” education program provides an outdoor classroom to children throughout this region. Teachers who are interested in participating in this program may contact the park’s Education Specialist at (970) 586-3777, or through the website at www.heartoftherockies.net

Junior Rangers

Free Junior Ranger books are available at park visitor centers for children ages 12 and under. A successfully completed book earns a badge!

You are an important part of this park. Stay in touch. Contact us anytime at: romo_junior_ranger@nps.gov

Los libros de guardaparque juveniles son para niños que tiene 12 años o menos. se pueden obtener sin costo en el centro de visitantes del parque. Si se completa el libro con éxito puede recibir una insignia!

Leave No Trace

With approximately 3 million visitors every year, the wild lands of Rocky Mountain National Park are heavily used. In hiking, camping, and all your park activities, do your part to preserve this national treasure by following the seven easy Leave No Trace Ethics:

- Plan ahead and prepare
- Travel and camp on durable surfaces
- Dispose of waste properly
- Leave what you find
- Minimize campfire impacts
- Respect wildlife
- Be considerate of other visitors

Winter Backcountry Camping

Permits are required for all overnight backcountry camping. Camping is allowed only in designated sites and areas. Permits may be obtained at the Beaver Meadows Backcountry Office or Kawuneeche Visitor Center. For further information write to: Backcountry Office, Rocky Mountain National Park, Estes Park, Colorado 80517 or phone (970) 586-1242.

Campgrounds/Reservations

Reservations for peak season are available for Moraine Park Campground and Aspenglen Campground. Call (877) 444-6777 to make national park camping reservations up to 6 months prior to your visit. Internet reservations can be made at www.recreation.gov

The camping fee is $20 per site per night for use from May 1 until the campground water is turned off, usually around the end of October. Once the water is turned off in the campground, the fee is $14 per site per night.

Stay Limit: 7 night total parkwide June 1 - September 30, with an additional 14 nights allowed October 1 - May 31. Limits for stay are on a park basis rather than on a per campground basis.

Longs Peak Campground is open year-round (tents only).

</tbody>
</table>

Food Storage

In campgrounds and picnic areas, if there is a food storage locker provided, use it. Avoid storing food and coolers in your vehicle. If you must, store food in airtight containers in the trunk or out of sight. Close vehicle windows completely. Do not store food in tents or pop-up campers in campgrounds, or in vehicles at trailheads. Food, coolers, and dirty cookware left unattended, even for a short time, are subject to confiscation by park rangers; citations may be issued. Dispose of garbage in bear-resistant dumpsters and trash cans. Human-fed bears usually end up as chronic problems and need to be removed, “A fed bear is a dead bear.”
Winter Trails by Snowshoe, Ski and Foot

With over 350 miles of trails, the park offers a vast array of choices. A small sampling of trails are described below. When properly equipped, snowshoeing and cross-country skiing at Rocky Mountain National Park are often inspiring and invigorating. Cross-country skiing is typically better on the west side of the park (Grand Lake entrance), as snow depths are greater, and terrain gentler than on the eastern slope.

Trail Tips: Even for short day tours, be sure to pack gear for all types of weather (sun, snow, wind). Strong winds are quite common, and it is essential to wear or carry windproof clothing.

Be prepared for the rigors of high elevation - drink plenty of water, and travel at a pace where you can still talk and breathe easily. If you feel poorly, descend to a lower elevation. Know park regulations. Pack it in, pack it out - including remains of all your food (pits, peels, etc.), as well as facial tissues. Leave rocks, plants and other natural objects where you find them. Let nature’s sounds prevail; avoid loud voices and noises. No pets are allowed on park trails.

Check on-line for trail and road conditions, www.nps.gov/romo/plan yourvisit/road_conditions.htm, or call (970) 586-1206, or stop by a park visitor center.

Don’t travel alone - Leave a note where you are going.

Falling trees are an ever-present hazard when traveling or camping in the forest. Be aware of your surroundings. Dead trees can fall without warning.

Trails on the East Side of the Park

### Winter RMNP 2009/10 - 7

#### Deer Ridge Junction

at the intersection of Highways 34 & 36 on Trail Ridge Road

**6 miles 1075 feet**

A strenuous snowshoe or hike to the windblown top of Deer Mountain. The lower portion tends to be open and hikeable; upper switchbacks snowy.

#### Trail Ridge Road

The gated winter closure at Many Parks Curve on Trail Ridge Road

**2+ miles 200+ feet**

Follows the summer road which is closed to winter traffic. Beautiful views; often windy. Snowshoes usually best.

#### Deer Mountain

Deer Ridge Junction at the intersection of Highways 34 & 36 on Trail Ridge Road

**6 miles 1075 feet**

A strenuous snowshoe or hike to the windblown top of Deer Mountain. The lower portion tends to be open and hikeable; upper switchbacks snowy.

#### Lawn Lake

Lawn Lake Trailhead on Fall River Road

**12.4 miles 2250 feet**

A strenuous snowshoe to a high mountain lake. After a mile, the trail follows scenic Roaring River.

---

**Trails on the West Side of the Park - Where snow conditions are generally better**

Winter RMNP 2009/10

Park Resources

Elk Exclosures
Several temporarily-fenced elk exclosures were built as part of a 20-year elk and vegetation management plan to allow the recovery of riparian (streamside) vegetation, such as willows, and to restore the habitat for riparian-dependant wildlife species.

A park visitor, studying the fenced area remarked, “Not much of a fence. Won’t keep much in with that.” It won’t keep much in; or out. That’s the intent. These fences or “exclosures,” each about 20 acres in size, are more like sieves than fences – designed to let most animals, freely move. The exceptions include elk and moose. Excluding these animals provides for habitat restoration along the park’s streams in Horseshoe and Moraine Parks.

Areas inside the woven-wire fences were altered through years of over-browsing and trampling by dense elk herds, making them less suitable for riparian-dependent species such as beaver, Wilson’s warblers, and Lincoln’s sparrows. Through research and monitoring, park biologists will evaluate the progress of habitat restoration. As the vegetation inside recovers, the fences can be moved to other areas needing restoration. Look at the differences inside and outside these areas. Gates at various locations along the fences allow free entry for anglers and hikers.

Pine Beetle Epidemic On The Move
Bark beetles are native insects that have shaped the forests from Canada to Mexico for thousands of years. Rocky Mountain National Park is just one small part of this enormous area where trees are dying from the beetle epidemic. Because the task is enormous too, the park has prioritized its efforts to remove hazard trees and hazard fuels related to the protection of life and property from areas near park facilities such as campgrounds, visitor centers, parking lots and housing areas. There is no effective means of controlling the large beetle outbreak in the vast backcountry, which comprises about 95% of the park. Therefore, bark beetle populations are allowed to fluctuate under natural processes there. For safety, limited mitigation work does occur around some designated backcountry campsites.

The changing landscapes of the west remind us of nature’s ability to change beyond human control. This natural process is allowing dense stands of trees to open up and a new forest to begin.

Climate Change: Mitigation, Adaptation, Communication

With climate change in the news, it’s common for visitors to ask about climate change impacts on the park. Documented indicators include: extensive forest insect outbreaks; warming temperatures starting around 1988; and, a trend towards earlier snowmelt. Current climate change research projects include: studies of pika distribution; an examination of permafrost along Trail Ridge Road; and, a new effort to monitor alpine vegetation.

Important steps that the park is taking to address climate change impacts fall into three categories: mitigation; adaptation; and, communication. We are mitigating our contributions towards greenhouse gasses by making park operations, including vehicles and buildings, more energy efficient. More detailed information about climate change and parks, including Rocky Mountain, is available on the National Park Service website: nps.gov. Learn more about what you can do at http://www.doyourpartparks.org/

The Next Generation Fund
It’s Your Kids We’re Talking About

Peeling kids away from television and computer screens is certainly a challenge in today’s modern age. The Next Generation Fund wants to connect kids with the outdoors, inspiring them to become adults committed to conservation and to protecting Rocky Mountain National Park for future generations. Here’s how:

Through the Rocky Mountain Nature Association, the Next Generation Fund campaign is building a $10-million endowment by 2011 to permanently support programs such as: Junior Ranger, Heart of the Rockies Environmental Education program, the American Conservation Corps, Rocky Mountain Field Seminars and Publications. Visit nextgenerationfund.org to learn more, or call (970) 586-0080 to find out how you can help.

Creating the conservationists of tomorrow…

Learn more at www.nextgenerationfund.org

Check out the new Rocky Mountain Kids Club Membership Level!

Now kids can be connected to Rocky Mountain National Park by becoming a Rocky Mountain Nature Association Member. The Rocky Mountain Kids Club Membership is for children ages 6-12 and comes with a free membership gift, free seminar hike, and a monthly newsletter with interesting articles, fun games and additional discounts on bookstore merchandise. For more information or to purchase a membership, visit any of our park bookstores or call (970) 586-0080 x21. This would be a great gift for any nature loving child you know!
