STATEMENT OF SIGNIFICANCE:

Date of Construction: / /1936 Date of Alterations: / /
Architect/Designer: E. A. Nickel Historical Theme(s): NPS Rustic Architecture
History of Structure: Built in 1936 to serve as the Fall River Ranger Station.
Building #44 was designed by personnel of the Branch of Plans and Design, Western
Division, under the supervision of Edward A. Nickel, Associate Structural Engineer.
Constructed in the "NPS Rustic" architectural style, this log house has an uncoursed
rubble foundation, and logs notched using both a saw and a hand-axe.

Evaluation of Structure: Historic Theme Contributing X Non-Contributing __
National Register Criteria: A B C D (Include integrity statement)
This log structure is an excellent example of the "NPS Rustic" style of architecture,
demonstrated by its material and its construction techniques. It contributes to
the historical and architectural character of the park. There are no records of any alter.
