These three verbs lie at the heart of a great visit to your national parks: discover the park for yourself, connect to it on a personal level, and choose to protect it!

A unique group helps to ensure that even more people can have this experience at Sequoia and Kings Canyon National Parks. The non-profit Sequoia Parks Foundation raises funds for projects that make it easier to get to know these parks via trails, exhibits, and classroom programs, to name just a few.

Specifically, they’ve helped to revamp trails, making them more accessible. They want to support trail-crew jobs that provide young people with experience, adventure, and career development while the trails we all enjoy get improved. They’ve funded exhibits that offer insight into the wonders of these parks to visitors of all ages, both along trails and in Beetle Rock Education Center and other visitor centers.

The Foundation’s work also takes the national-park experience beyond park boundaries. They bring artists here to create works and then share this park-based art with the public in several locations. They also reach out to schools. One of the most successful of their projects – Rangers in the Classroom – helps to introduce Sequoia and Kings Canyon to students in some of the most underserved schools in the state.

Rangers in the Classroom touches thousands of children each year. These parks lie just beyond their back yards, yet most of the kids have never been here. Through curriculum-based programs, they discover a new world and start to see their role in protecting it. They get excited about coming here with their families and starting that personal connection that can last a lifetime.

The rangers travel as often as possible to as many classrooms as they can – doing so in vans that were donated with help from the Foundation and other partners. Without assistance from the Foundation, many of these programs would be reduced or nonexistent. In particular, Rangers in the Classroom relies on the Foundation, and more is needed.

The Sequoia Parks Foundation explores many avenues to raise funds. One possibility involves a grant that asks for your opinion. Interested? Check out www.wordpress.sequoiaparksfoundation.org from time to time to see what’s new. Find more ways that you can discover, protect, and connect with Sequoia and Kings Canyon National Parks–and help others to do the same.
Welcome!

You expect giant trees and huge canyons—and you won’t be disappointed. Yet the whole of these parks is even greater than the sum of their famous parts.

Rising from 1300’ to 14,494’, these parks protect a spectacular elevational range. This span from low to high means dramatic shifts from hot foothills to shady forests to the cold High Sierra. It means diverse plants and animals living in extremely varied conditions. It means steep roads and trails that climb mountains, and cold rivers that plunge down from their heights.

There is diversity, too, in the caretakers of this landscape. Bordering these two national parks is a national monument, which is part of a national forest. A U.S. Geological Survey Field Station conducts research here. The Sequoia Natural History Association sells books and maps at visitor centers and contributes to education and research. The Sequoia Parks Foundation supports significant park projects.

Other partners, public and private, cooperate with the Park Service to meet a challenging mission — providing for public enjoyment while keeping the parks unimpaired for future generations. You are an important partner, too! Experience these parks, learn all you can, and join in preserving them.

The National Park Service cares for special places saved by the American people so that all may experience our heritage.

FEES HELP YOUR PARKS!

Most of your entrance and camping fees stay here. The parks invest them in projects that improve visitor facilities and protect park resources. Fees have paid for repairing and upgrading roads, campgrounds, trails, picnic areas, and restrooms. They have also improved visitor centers, updated exhibits, and modernized naturalist slide programs.

ENTRANCE FEE OPTIONS

- 7-day pass for Sequoia & Kings Canyon, and for Hume Lake District of Sequoia National Forest/Giant Sequoia National Monument (GSNM): $20 per vehicle (private, non-commercial) or $10 per person on foot, bicycle, motorcycle, or bus.

- 12-Month Pass for Sequoia & Kings Canyon, and for Hume Lake District of Sequoia National Forest/GSNM: $30 admits all passengers in a private vehicle for one year from month of purchase. Not valid at Crystal Cave.

- 12-Month: America the Beautiful Interagency Annual Pass: Cost $80. Valid for entrance fees at Federal recreation sites including National Parks, National Forests, FWS, BLM, & Bureau of Reclamation. Admits all passengers in a single private non-commercial vehicle where per-vehicle fees are charged, or the passholder plus up to 3 persons (age 16 & older) for per-person fee areas, for 12 months. Not valid at Crystal Cave.

- Seniors: America the Beautiful Interagency Pass: $10 one-time fee buys a lifetime pass for entrance fees for U.S. citizens & permanent residents 62 or over. (Previously issued Golden Age passes remain valid.) Not valid at Crystal Cave.

- Accessibility: America the Beautiful Interagency Access Pass: Free to blind or permanently disabled U.S. citizens and permanent residents. Take appropriate documentation to any park visitor center. (Previously issued Golden Access passes remain valid.) Not valid at Crystal Cave.
Crystal Cave tours rock!

No tickets are sold at the cave, only at Lodgepole and Foothills visitor centers. Buy them at least 1-1/2 hours before the tour. Tours may sell out. See traffic-delay information on page 12.

Crystal Cave Road is 15 miles (24 km) from the Sequoia Park entrance at Hwy 198, and 3 miles (5 km) south of the General Sherman Tree (see page 12 map). Maximum vehicle length is 22’ (6.7 m) on the road to the cave. Use parking-lot restrooms; the cave has none. Wear sturdy shoes. Bring a jacket; the 1/2-mile trail (.8 km) to the cave is steep and it's 50°F (10°C) inside. No strollers, tripods, or baby backpacks. Not wheelchair accessible. Ask about group reservations and Wild Cave Tours at SNHA: 1-559-565-3759.

• 45-minute Cave Tours daily
  Weekdays: 10:30am-4:30pm every ½ hour. Saturday, Sunday & July 4th weekend (7/3-5) every ½ hour 10am-5pm.
  Fees: Age 5-12 $6.50; age 13-61 $13; under 5 free; age 62 & up and Golden Access passholders $12. National Park, Interagency, and Golden Age passes do not apply. SNHA members get a discount!

• 1½-hour Discovery Tours start June 21st
  Weekdays only, starting at 4:15pm. Enjoy a more in-depth tour of this fabulous cave!
  Limited to 16 people aged 13 & up. Fee: $20 each (SNHA members $18).

• 1½-hour Historic Candle-Light Cave Tours start June 24th
  Thursday-Friday at 5:30 pm; Saturday-Sunday 6pm. Limited to 40 people, ages 12 and up. Experience Crystal Cave in a different light. Explore using candle lanterns and see Crystal Cave as its discoverers did! Fee: $20 each (SNHA members $18).

WHERE CAN I...

Your visit may include both a National Park (NPS) and a National Forest (USFS). Some activities that are illegal in the Park may be legal in the Forest (see page 2 for details). Know which one you are in (see page 12)!

• WALK A PET: In the Parks: Not on any trails but it’s o.k. 100 feet from roads in developed areas (picnic areas, campgrounds, roads).
  In the National Forest: Pets can go on trails. In both areas: Pets must be on a leash less than 6 feet (1.8m) long. Never leave pets in cars as they overheat quickly.

• RIDE BICYCLES: In the Parks: Keep bikes on roads only, not on any trail (other than the designated bike trail in Cedar Grove). In the National Forest: Ask a ranger which trails permit bicycles. In both areas: Be careful & courteous near pedestrians & horses. People younger than 18 must wear helmets.
  • GO CAMPING: In the Parks: Only in numbered sites in designated campgrounds. In the National Forest: Keeping a few cones or rocks for personal use is permitted. In both areas: Archeological sites and artifacts are protected by law.
  • HUNT: Not in the Parks. Firearms must be unloaded, inoperable and stored in a way that prevents ready use prior to entering national parks. In the National Forest: Only during the season with a license: 1-559-243-4005.
  • GO CAMPING: In the Parks: Only in numbered sites in designated campgrounds.

Activities

FREE WALKS & TALKS: Ranger-led talks and walks may be offered at Giant Forest, Lodgepole, Grant Grove, the Foothills, Cedar Grove, and Mineral King. See pages 8-9 or check bulletin boards and visitor centers for details and schedules.

VISITOR CENTERS & STORES:
  Each one offers different exhibits to enjoy. Park stores in each visitor center sell a wide variety of books, maps, postcards, posters, and other items. Remember: All your purchases in visitor centers help to support the parks! See pages 8-9 for details.

JUNIOR RANGER PROGRAM
  FREE for all ages: Earn a badge while protecting resources. If you are 5 to 8 years old, work for the Jay Award. Those 9 to 12 years old earn a Raven Award. Ages 13 to 103 earn an Arrowhead Award. Get a free Jr. Ranger booklet in any visitor center, follow the instructions and have fun!

TEACHERS - BRING YOUR CLASS TO THE PARKS! Fun, curriculum-based programs for 2nd, 3rd, 4th, and 6th grades in spring and fall. Topics include geology, sequoias, Native Americans, and other cultural history. For details or to reserve a date: 1-559-565-4303.

Kings Canyon Park Visitor Center (Grant Grove) or USFS office in Dunlap on Hwy 180.

• CUT WOOD: Not in the Parks. In the National Forest: Call Hume Lake Ranger District for permit and guidelines: 559-338-2251.

• GO FISHING: In both areas: Permitted during fishing season. California fishing licenses are required for ages 16 & up. Ask for copies of park regulations.

• RIDE HORSEBACK
  Hourly rides, backcountry spot trips or guided trips. Opening dates depend on weather:
  • Cedar Grove - late May 1-559-565-3464 summer 1-559-337-2314 off season
  • Grant Grove - early June 1-559-335-8292 summer 1-559-799-7247 off season
  • Horse Corral - mid-June at Big Meadows in Sequoia National Forest 1-559-565-3464 summer 1-559-564-6429 off season 1-559-679-3573 cell
Change: Natural & unnatural

We often think of parks as outdoor museums. Caretaking a living ecosystem, however, is very different than protecting unchanging objects.

Both natural features and human facilities may be different each time you visit. Both are changing all the time. How we take care of those features and facilities may also affect your visit. You won't notice the ozone monitor that works 24 hours a day, but you will see other activities such as revegetation, road work, painting, or trail maintenance. Some activities may unavoidably affect you, such as smoke from a prescribed fire, campsite closures due to revegetation, or bear management.

The park staff uses such actions as tools to maintain the landscape and protect its inhabitants and visitors. Your visit gives you but a snapshot of this process; Nature decides the timing of many of these actions. They all share one goal: preservation of these parks for us all, now and in the future.

Fire: A natural change

Years ago, we tried to banish fire from the landscape, believing it was destructive. In sequoia groves, that meant putting out lightning-caused fires that naturally start as frequently as every 5 to 20 years.

As time passed, we saw unanticipated consequences from this. Fire suppression blocked important ecological processes and caused many problems. Two problems were glaring:

First, sequoias were not reproducing. We learned that fires create the conditions that sequoias need to regenerate: Fires create a fertile ash seedbed and open the forest canopy, allowing sunlight to reach the seedlings.

Second, the amount of dead wood and small, dense white-fir trees increased tremendously. Natural fires used to burn these away frequently. Now, after fire’s long absence, these fuels feed bigger, hotter blazes that are more dangerous for people, plants, and wildlife.

For over 40 years at Sequoia and Kings Canyon, we have studied fire and its effects on the land. Now, to protect human safety and benefit giant sequoia trees, the National Park Service works with fire to restore the benefits it brings.

We still put out fires that threaten life and property but, when and where it’s appropriate, we may ignite prescribed fires or allow lightning fires to spread naturally, reducing fuels and improving resource conditions. Strong evidence shows that we are succeeding.

Why is this important? The National Park System exists to conserve resources “unimpaired for the enjoyment of future generations.” We once thought that aggressive fire suppression met this goal. A more complete understanding of fire tells us that excluding this important natural agent of change only hurts what we are trying to protect.

Unnatural change: Alien invaders!

Plants and animals evolve together in communities over time. Often they keep each other in check. When species get brought in from other places, the newcomers may multiply wildly since the competitors, predators, and diseases they evolved with in their home communities are not here. They break links in the local web of life, badly disrupting species that depend on each other. Sometimes they completely replace native plants and animals.

Practice alien hygiene! Look for seeds and tiny animals attached to clothes, waders, equipment, tires, and pet fur. Wash mud from under cars and on tires before coming into the parks. The natives will thank you!

Fire in the Sierra usually hugs the ground. Its low flames clear dangerous built-up fuels. Without it, these fuels would feed intense, hard-to-control wildfires. The natural burn pattern includes occasional hot spots. These leave important openings in the forest — the sunny, bare places where sequoia trees regenerate best. ©NPS Photo

WILDERNESS OVERNIGHTS

Each park trail has a daily entry quota for overnight trips, and between late May and late September a wilderness camping fee of $15 is required. The quota and fee are used to help protect your wilderness environment and experience. (They are not required for day hikes, or for overnights in the adjacent Merced and Jennie Lakes wildernesses in US Forest Service. However, a free fire permit is required for any open flame on USFS land.)

A permit is required for each overnight trip. Reserved and first-come, first-served permits are issued the morning of your trip or after 1pm the day before at the park permit station/visitor center nearest your trailhead (see pages 8 & 9). If the quota for your preferred trail is full, you can choose another trail for that day or another day to start, if space is available. Permits are not issued after mid-afternoon as minimum distances must be reached before you camp. Requests to reserve a permit for a certain date are accepted beginning March 1 and at least 2 weeks before your trip’s start date.

Reserved permits must be picked up either the afternoon before or by 9am on the day of departure. If delayed, call the Wilderness Office or you may lose the reservation. Camping in the park’s “front-country” is permitted only in campgrounds. Camping or sleeping in vehicles is not allowed in parking lots, pull-outs, picnic areas, or trailheads in the park.

Wilderness Permit Reservations Sequoia & Kings Canyon N.P. 47050 Generals Highway #60 Three Rivers, CA 93271 1-559-565-3766; Fax 565-4239

For more details, visit Wilderness Information at www.nps.gov/seki/planyourvisit/wilderness.htm or call

HIGH SIERRA LODGE

• BEARPAW HIGH SIERRA CAMP (DNCP) www.visitsequoia.com Reservations required: 1-888-252-5757. Open mid-June, weather permitting, to mid-September. This tent hotel is at 7800’ on the High Sierra Trail, an 11-mile hike from Giant Forest.

Plants and animals evolve together in communities over time. Often they keep each other in check. When species get brought in from other places, the newcomers may multiply wildly since the competitors, predators, and diseases they evolved with in their home communities are not here. They break links in the local web of life, badly disrupting species that depend on each other. Sometimes they completely replace native plants and animals.

Practice alien hygiene! Look for seeds and tiny animals attached to clothes, waders, equipment, tires, and pet fur. Wash mud from under cars and on tires before coming into the parks. The natives will thank you!

Two immediate threats:

Star thistle is one of the most damaging non-natives in the state. Dense, thorny patches completely exclude native plants, and limit wildlife movements. It is not yet established here! If you recognize it from your home or travels, make sure not to bring it in.

New Zealand Mud Snails completely take over and change waterways that they invade. Due to their biology, just one snail can start a huge population! They stick on gear; check boots & waders thoroughly for this tiny invader. Common just east of the parks, they could easily be carried into the High Sierra.

Unnatural change: Alien invaders!
YOU ARE RESPONSIBLE FOR YOUR SAFETY!

Natural areas present hazards. Rocks roll, trees topple, and limbs drop without warning. Wild animals, uneven or icy ground, and changing weather can pose dangers. People may create other hazards through campfires, traffic, snowplay, and poor decisions.

Water is the main cause of death here. Many drowning victims were walking or climbing near rivers and unexpectedly fell in. The Park Service works to reduce risks, but your safety is in your own hands. Keep alert. Read warnings and ask a ranger for advice.

DROWNING: The #1 cause of death in national parks! Be extra careful around waterways; falling in is as dangerous as swimming. Once in a river, getting out can be nearly impossible: Rocks are smooth and slippery, swift, cold water rapidly saps your strength. Currents are always stronger than they appear.

PLAGUE: Please do not feed or touch ANY park animals. Fleas on rodents can carry plague. Deer mice feces can carry hantavirus.

POISON OAK: This common shrub grows up to 5000 feet elevation: Red leaves with whitish berries in fall, bare in winter; shiny green leaves in groups of three in spring. If you touch any part of the plant, wash skin and clothes right away.

RATTLESNAKES, found in much of these parks, are especially common in the foothills and near water. Watch where you put your hands and feet! Do not harass or kill them; this is when most bites occur. Bites are rarely lethal, but tissue damage can be severe. If bitten, avoid panic; call a ranger or 911.

LIGHTNING: If you see dark clouds or lightning or hear thunder, get inside a large building or a vehicle (not convertible), if possible. Do not stand under trees or in shallow caves. Avoid projecting above the surrounding landscape such as standing on a ridge, on Moro Rock, or in open meadows. Stay away from open water, wire fences, and metal railings, which can carry lightning from a distance.

WEST NILE VIRUS is passed by bites from infected mosquitoes. Human illness is not common, but take steps to avoid mosquito bites.

CARBON MONOXIDE: This odorless, colorless gas can be fatal. Never burn charcoal in closed spaces, e.g. a tent, camper, or RV.

OZONE POLLUTION: See air-quality forecasts in visitor centers. Most ozone rises into the Sierra on warm winds. Levels of this colorless gas are highest May to October, peaking in late afternoon. The peaks sometimes reach “unhealthy” state/fed. standards, and can affect respiratory systems. Ozone forms from gases in car and factory exhaust.

CELL PHONES rarely work well in these mountains; don’t rely on them. Note where pay telephones are available (see pages 8 & 9).

COUGARS roam throughout the parks, but you are unlikely to see one. Attacks are rare, but be aware. Watch children closely; never let them run ahead. Cautiously move away if you find a partially buried animal carcass. If you see a cougar, the goal is to “convince it that you are not prey and may be dangerous to it: • Don’t run; it may trigger pursuit. • Try to appear as large as possible. Don’t crouch or try to hide. • Hold your ground or back away slowly while facing the lion. • Pick up children. • If the lion acts aggressively, wave your hands, shout, and throw stones or sticks at it. • If attacked, fight back! • Report any cougar sightings.

EXPLORE SAFELY: Avoid going alone. Tell someone your plans and return time. Keep your eyes and ears open for potential hazards above you, around you, and on the ground. Slow down and share roads and trails with people and wildlife.

SAFE DRINKING WATER: The parks’ 13 water systems are tested to ensure that they meet state and federal standards. Annual Consumer Confidence Reports are available at visitor centers.

OPERATION NO-GROW Prevent illegal marijuana growing! Keep parks safe, natural, and free from illegal activities! Report suspicious activities: 1-888-NPS-CRIME.

NARROW, WINDING ROADS In KINGS CANYON & NATIONAL FOREST/SEQUOIA MONUMENT - In Park: Hwy 180 East to Cedar Grove; Panoramic Point Road: & unpaved Redwood Mountain Road; In Forest: Big Meadows: Quali Flat/Ten Mile, Converse Basin: all unpaved. Openings may be delayed due to lingering snow.

IN SEQUOIA – Crystal Cave Road: Maximum vehicle length 22’ (6.7m). Moro Rock/Crescent Meadow: During buttermilk season (6/27-9/20), single vehicles more than 22 feet long and vehicles towing anything are prohibited. Exception: display of valid disabled-parking placard. On holiday weekends (7/2-5 & 9/3-6), single vehicles vehicles are prohibited on this road. Mineral King Road: RVs & trailers not recommended (not permitted in campgrounds). South Fork & Middle Fork roads: Partially unpaved. Slippery when wet.

PREVENT CAR FIRES Hot brakes & mufflers can easily start fires. Stop only on paved areas, not on grasses.

LENGTH ADVISORY On 12 narrow miles from Potwisha Campground to Giant Forest Museum in Sequoia Park, advised maximum vehicle length is 22 feet (6.7m). Maximum limit on the Generals Highway is 40 feet (12 m) for single vehicles, 50 feet (15 m) for vehicles plus a towed unit. Alternative: Hwy 180 from Fresno is longer, straighter, less steep, & wider. Towing a car? Stay in the foothills; use the car to explore.

GO SLOW FOR WILDLIFE! Never feed animals by the road. Cars often hit them if they wait for handouts on roadsides.

EMERGENCY CAR REPAIRS For a tow: 565-3341 then press zero (24 hours). In Sequoia Park only, AAA available 24 hours for lock outs, jump starts, out-of-gas, minor repairs: call 565-4070.

Rules of the road

EXPECT TRAFFIC DELAYS in several areas this summer. Use low gears in construction zones. See page 12 for details.

DON’T LOSE YOUR BRAKES Frequent braking causes overheating and brake failure. Instead, always downshift when going downhill. In automatic vehicles, put the gearshift on 1, 2 or L. The engine gets louder, but it will save your brakes.

AVOID OVERHEATING Keep an eye on your engine temperature gauge or light. If it starts to go up, especially when going uphill, turn off the air conditioner and turn on the fan. If the engine fails, pull into a paved area, lift the hood, and wait awhile for it to cool. If the problem is vapor lock, this may take care of it.

MOTORCYCLES Avoid oil buildup on pavement.

FINDING GASOLINE No gas stations within the park. Only Grant Grove market sells cans of emergency gas. Fill up in Three Rivers, Clingan’s Junction, or in the National Forest at: • Hume Lake Christian Camp: 559-335-2000. Year-round 24 hours with credit card. 11 miles (18 km) north of Grant Grove via Hwy 180. • Stony Creek Village: 1-559-565-3909. Gas available 24 hours with credit card. Between Wuksachi & Grant Grove on the Generals Hwy, • Kings Canyon Lodge: 1-559-335-2405. Gas usually sold 9am-dark. 17 miles (27 km) north from Grant Grove on Hwy 180.

BICYCLES Ride on roads (not trails), single file, and with traffic. Wear light colors after dark. People under 18 must wear a helmet.

& SEQUOIA NATIONAL FOREST / GIANT SEQUOIA NATIONAL MONUMENT SUMMER 2010
GIAN T FOREST ROUTE (green): Free. Giant Forest Museum to Lodgepole, stopping at the Sherman Tree. Every 15 minutes. First bus 9am, last bus around 6pm. ½-hour ride one way.

- Giant Forest Museum & All-Shuttle Transfer Point
- Sherman Tree wheelchair-accessible trail
  Parking with disabled-placard only
- Sherman Tree - Main Trail & Parking
  Park here to walk down to tree.
- 2 stops: Lodgepole Campground,
  Lodgepole Visitor Center

MORO ROCK/ CRESCENT MEADOW ROUTE (gray): Free. Leaves Giant Forest Museum every 15 minutes; stops at Moro Rock only on the outbound trip. First bus 9am, last bus around 6pm. 15-minute ride one way.

- Giant Forest Museum
- Moro Rock - See description below.
- Crescent Meadow - See description below.

LODGEPOLE/ WUKSACHI/ DORST ROUTE (purple): Free. Every ½ hour.
First bus 9am, last bus 5:30pm.

- 3 stops: Lodgepole Market, Lodgepole Campground,
  Lodgepole Visitor Center
- Wukaschi Restaurant & Lodge
- Dorst Creek Campground (open 6/25- 9/9)

Two-hour ride each way. Buses leave Visalia for Giant Forest at 7am, 8am, 9am, & 1pm. Buses leave Giant Forest for Visalia every hour starting 2:30pm through 6:30pm.

HIGHLIGHTS

Drive two miles (3.2 km) north of Giant Forest Museum (past the small Sherman Tree parking lot for those with disabled placards only) to Wolverton Road. Turn right, then follow signs. If you can walk down but the walk back up is too difficult, through 9/20 you can continue from the tree down the accessible trail to the shuttle stop on the Generals Highway, then ride the northbound shuttle (toward Lodgepole) back to your car.

WHEELCHAIR-ACCESSIBLE TRAIL FROM GENERALS HIGHWAY TO SHERNAN TREE - PARKING FOR THOSE WITH DISABLED PLACARDS ONLY. If you have no placard but can’t make the walk down the main trail, ask at a visitor center for a temporary permit or take the shuttle.

CONGRESS TRAIL: A fairly level 2-mile loop (3.2 km) from the Sherman Tree into the grove.

MORO ROCK/ CRESCENT MEADOW
No drinking water is available along this 3-mile (5 km), dead-end road that begins at Giant Forest Museum. During shuttle season (5/27-9/20), single vehicles more than 22 feet long and vehicles towing anything are prohibited. Exception: display of valid disabled-parking placard. On holiday weekends (7/3-5 & 9/4-6), private vehicles are prohibited.

HIGHLIGHTS:

MORO ROCK: A granite dome with a steep 1/4-mile (.4 km) staircase to the summit (300 foot /91 m elevation gain) and a spectacular view. Two miles (3 km) from the Generals Highway. Shuttle stop.

TUNNEL LOG: A fallen sequoia that was tunneled through, and the only “tree you can drive through” in these parks. There is a by-pass for larger vehicles. 2.7 miles (4.3 km) from the Museum.

CRESCENT MEADOW: Summer wildflowers in a fragile meadow. Stay on designated trails; use only fallen logs to walk into meadows. Try the 1-mile (1.6 km) route to Tharp’s Log, a cabin in a fallen sequoia, or the High Sierra Trail (71 miles/114 km to Mt. Whitney, at 14,494 feet /4417 m, the highest peak in the 48 states). Shuttle stop.

MINERAL KING
See page 8 for information.

NEARLY TRAILS
TOKOHAN FALLS: 1.7 miles (2.7 km) along the Marble Fork of the Kaweah River, ending at granite cliffs and a waterfall. Be careful by the water! Start in Lodgepole Campground (a shuttle stop). For the 500-foot/152-meter elevation gain, allow 2-1/2 to 3 hours.

THE FOOTHILLS
The lower elevations offer more different kinds of plants and animals than the conifer forests or highcountry. Watch for ticks and poison oak.

HOSPITAL ROCK PICNIC AREA: Exhibits about the Western Mono people who once lived here and a very short trail built by the Civilian Conservation Corps leads to a waterfall. Careful; drownings often occur here! Always store food from bears.

MARBLE FALLS TRAIL: climbs 3.9 miles (6 km) through chaparral to a cascade. Park across the main road from Potwisha Campground. (No non-camper parking in camp- ground). From the trailhead near site #14, follow dirt road across the concrete ditch; the trail starts along the steep bank to the right.

PARADISE CREEK: At Buckeye Flat Campground, take the path across from site #26 across the footbridge over the Middle Fork. Follow Paradise Creek, not the Middle Fork, for 1-1/2 miles (1.6 km) until the trail grows faint.
BE CAREFUL: Patches of snow or ice may remain, making trails slippery or difficult to follow. Review safety advice on page 5. You are on your own in the parks, so travel safely!

GRANT GROVE

GENERAL GRANT TREE:
One of the world’s largest living trees. President Coolidge proclaimed it the Nation’s Christmas Tree in 1926. It is also a National Shrine, the only living monarch along this ½-mile (.5 km) paved trail. A trail guide is sold at the visitor center. North and west of the visitor center 1 mile (1.6 km).

NORTH GROVE LOOP: This lightly traveled, ½ mile (2.4 km) trail provides a close look at the Big Trees and a quiet walk through confier forest. Starts at lower Grant Grove parking area.

DEAD GIANT LOOP: Speculate on what killed this sequoia, and enjoy a picturesque view of an historic mill pond. Follow the old road from the lower Grant Grove parking area for about a mile. The trail branches off, creating a ½ mile (2.4 km) round trip.

NEARBY TRAILS & POINTS OF INTEREST

PANORAMIC POINT ROAD: Drive or hike this steep, narrow road to a High-Sierra vista. Go east through visitor-center parking, left around the meadow, right at the sign “Panoramic Point, 2.3 miles (3.7 km).” Walk ½ mile (4 km) up to viewpoint. Trailers/RVs not recommended. The 4-mile (6.4 km) round-trip Park Ridge Trail begins here.

BUENA VISTA PEAK: South of Kings Canyon Overlook on west side of Generals Highway, 7 miles (11 km) south of Grant Grove. Trail to 360° vista of Redwood Canyon, Buck Rock Lookout, and High Sierra. 2 miles (3.2 km) round trip.

REDWOOD CANYON: Rough dirt road, not plowed, to one of the world’s largest sequoia groves, Acres of rejuvenating forest from 30 years of prescribed fires show the positive relationship between fire and sequoia. Across Generals Highway from Quail Flat/Hume Lake junction (7 miles/11.5 km south of Grant Grove), to Redwood Saddle. Turn right (west) and go 2 miles (3.2 km) to parking lot.

BIG BALDY RIDGE: Great views out and down into Redwood Canyon. Two-mile trail (3.2 km) to the summit at 8209 feet (2502 m). From Grant Grove, go 8 miles (13 km) south on Generals Highway to trailhead. Elevation gain 600 feet (183 m); round trip 4 miles (6.4 km).

KINGS CANYON OVERLOOK: View the High Sierra wilderness from this overlook about 6 miles (9.5 km) south of Grant Grove.

REDWOOD MOUNTAIN OVERLOOK: Six miles (9.6 km) south of Grant Grove, across the Generals Highway from Quail Flat junction, it looks west over one of the world’s largest sequoia groves. Studies here proved the positive relationship between fire and sequoia reproduction.

THE KINGS CANYON & CEDAR GROVE

NOTE: The Kings River Bridge to Cedar Grove is being replaced later this summer. Detours will be available. Be very careful near the water in this spectacular gorge.

CANYON VIEW: The “U” shape of this canyon, apparent from this viewpoint, reveals its glacial history. 1 mile (1.6 km) east of Cedar Grove Village road.

KNAPP’S CABIN: During the Roaring ’20s, a Santa Barbara businessman commissioned lavish fishing expeditions here, storing gear in this silo. A short walk from a turnout 2 miles (3.2 km) east of Cedar Grove Village road.

ROARING RIVER FALLS: A very short, shady walk to a powerful waterfall rushing through a granite chute. 3 miles (4.8 km) east of the Village road. Paved, relatively accessible.

ZUMWALT MEADOW: This 1.5-mile (2.4 km) trail passes high granite walls, lush meadows, and the Kings River. Trailhead parking is ½ mile (7.2 km) east of Cedar Grove Village road. Purchase a trail guide at the visitor center. Allow 1 hour.

ROAD’S END: High granite walls and trails to the river, Muir Rock, and the High Sierra. East of the Village turnoff 5-1/2 miles (8.8 km).

TAKE A HIKE!

MIST FALLS: One of the park’s largest waterfalls. Allow 4-5 hours; 9 miles (14.4 km) round trip. Fairly flat at first; 600-foot elevation gain in the last 2 miles (3.2 km). Park at Road’s End.

DON CECIL TRAIL: The main route into the canyon prior to the 1939 completion of High-way 180. It starts .2 miles (.3 km) east of the village, climbs a north-facing slope past Sheep Creek Cascade (1 mile/1.6 km up) to good views. Lookout Peak (13-mile/21 km round trip, 4000 foot/1220 m elevation gain) has a great panorama. Strenuous; allow all day.

HOTEL CREEK TRAIL: Starts .2 mile (.3 km) north of the market at the intersection with the pack station road. Climbs through chaparral to forest and views from Cedar Grove Overlook. 5 miles (8 km) round trip; 1200-foot/365 m elevation gain. Strenuous; allow 3-4 hours. Return via Lewis Creek Trail for an 8-mile (12.9 km) loop.

USFS NATIONAL FOREST:

Explore Giant Sequoia National Monument, part of Sequoia National Forest (see page 2 for Park or Forest).

CONVERSE BASIN: Virtually every mature sequoia in this huge grove was felled early in the 1900s. Walk the 2-mile (3.2 km) Boole Tree loop to see a monarch they spared (6 miles north of Grant Grove), or the ½-mile (.8 km) loop to the Chicago Stump, a tree cut for exhibit at the 1893 World’s Fair (2 miles north of Grant Grove).

INDIAN BASIN: Closed due to construction in Princess Campground. May reopen in August. A one-mile accessible trail and one-mile unpaved trail. Take Highway 180 7 miles north of Grant Grove; turn into Princess Campground. Trail begins by the host’s site.

HUME LAKE, formed by a rare, historic, multiple-arch dam, supplied water to a flume that floated lumber 67 miles (108 km) to Sanger. An easy 2½-mile (4 km) trail circles it. Page 9 lists facilities. Eight miles (12.8 km) north of Giant Grove on Highway 180; 3 miles (4.8 km) south on Hume Lake Road.

BUCK ROCK LOOKOUT: A 1916 tower, still used for spotting fires, offers 360° views. Approximately 6 miles (9.6 km) off Big Meadows Road 14511 then Forest Road 1304.
FACILITIES IN SEQUOIA NATIONAL PARK

Giant Forest Sequoia Grove
6400’ (1950m) elevation. This sequoia grove is the home of the world’s biggest trees. It offers 40 miles (64 km) of walking trails. For nearby picnic areas see page 3 and the map on page 12. See highlights on page 6 and traffic-delay information on page 12.

- Giant Forest Museum (NPS): Daily 9am-7pm. Exhibits about the Big Trees. Books, maps, first aid. 1-559-565-4480. No payphone; closest are at Lodgepole & Wolverton (don’t rely on cell phones).
- Beetle Rock Nature Center (NPS): Open June 26-August 15. Across the Generals Highway from Giant Forest Museum. Stop in, one and all!

Crystal Cave
One of the park’s highlights! See page 3 for details & schedule.

Lodgepole Village
6700’ (2040 m) elevation. A few miles north of Giant Forest, in beautiful Tokopah Canyon along the Marble Fork of the Kaweah River. For nearby picnic areas see page 3 & the map on page 12.

INFORMATION (NPS)
- Wilderness Permits: Required for backcountry overnight trips. Available at Lodgepole Visitor Center. See page 4 for details. 1-559-565-3766.
- Visitor Center: Daily 7am-6pm. Bears of the Sierra movie; exhibits on geology & forest life; books; maps; first aid. Wilderness permits. Crystal Cave tickets sold 8am-4pm. Pay phone. 1-559-565-4436.

FOOD, SHOPS & OTHER SERVICES (DNCPR)
- Market, Gift Shop (DNCPR): Daily 8am-8pm. Groceries, pre-made sandwiches, supplies, bear canisters, ice cream, souvenirs.
- Watchtower Deli (DNCPR): Daily 11am-6pm. Sandwiches, salads.
- Snack Bar (DNCPR): Daily 8am-7:45pm.
- Laundry (DNCPR): Same hours as Market. Last load in 1 hour before closing.
- Showers (DNCPR): Daily 8am-1pm & 3-7:45pm.
- Post Office: Weekdays 8am-1pm & 2-4pm. 1-559-565-3678. Lobby open 24 hours. Address mail to visitors: c/o General Delivery, Sequoia National Park, CA 93262.
- Lodgepole Campground (NPS): Open all year. Details on page 11.
- Pay Telephones: Outside visitor center & market (cell-phone signals are usually poor).

WOLVERTON MEADOWS
7200’ (2160 m) elevation. North of Sherman Tree 2 miles (3.2km).
- Wolverton BBQ (DNCPR): Nightly 6/12-9/5, weather permitting. All-you-can-eat, served outdoors at 6pm (time adjusts with sunset).

Foothills Area
500-3500’ (457-1067m) elevation. Oaks, chaparral, & river canyons; hot summers & snow-free winters; & the greatest biological diversity in these parks. Park headquarters is at Ash Mountain.

- Visitor Center (NPS): Daily 8am-6pm. Exhibits, books, maps, bear canisters, first aid, local wilderness permits. Crystal Cave tickets sold only here and at Lodgepole Visitor Center. 1-559-565-3135.
- Camping (NPS): At Potwisha & Buckeye Flat. Details on page 11.
- Pay Telephones (cell phone signals are usually poor): Foothills Visitor Center near front door; Potwisha Campground, Hospital Rock Picnic Area (on restroom wall).

Mineral King Area
7800’ (2380 m) elevation. A subalpine valley at the end of a steep, narrow, difficult road. No RVs, buses, or trailers, please. No electricity or gasoline.

Be aware: In spring & early summer, marmots chew on hoses and wiring in parked cars in the valley. Ask for information on how to avoid this problem. Check engine for damage before departing.

- Pay Telephones: Cold Springs Campground, Sawtooth parking area. Cell phone signals are extremely poor.
- Camping (NPS): No RVs or trailers. Details: page 11.

Wukaschi Lodge & Dining
7200’ (2160 m) elevation. DNCPR: Year-round center for lodging & food service in Sequoia 4 miles (6.4 km) north of Sherman Tree.

Delaware North Companies Parks & Resorts (DNCPR) and the National Park Foundation make it easy for Wukaschi Lodge guests to contribute to these parks. Ask about the Guest Donation Program when you check in!

- Dining Room: Daily. Breakfast 7-10am, lunch 11:30am-2:30pm, dinner 5-10pm. Dinner reservations required. Box lunches available. 1-559-565-4070. Lounge 5-10pm.
- Gift Shop: Daily 8am-8pm. Film, souvenirs, crafts, clothing.
- Wukaschi Lodge: See page 10 for details. Front desk 24 hours.
- Pay Telephones: At main lodge. Cell-phone signals are poor.

FREE NATURE PROGRAMS
Join us! Non-campers are welcome at programs in campgrounds!
Check bulletin boards and visitor centers for times, topics, and meeting locations.

In GIANT FOREST & LODGEPOLE
- Campfire Programs: Nightly at Lodgepole Campground & several nights/week at Wukaschi.
- Daily talks are held at General Sherman Tree, Lodgepole Visitor Center Plaza, and atop Moro Rock, among other locations.

In THE FOOTHILLS
- Campfire Programs: Friday & Saturday evenings, 1 hour, at Potwisha Campground campfire circle.
- Twilight Walk: Saturdays. 1 hour. Meet at Buckeye Flat Campground at Paradise Creek Trailhead.
- Critter Chat: A daily 20-minute talk at the Foothills Visitor Center.

In MINERAL KING
- Evening Programs: Thursday through Saturday.
- Saturday Afternoon Walks & Junior Ranger Programs
- Short Talks: Friday & Saturday, 5pm.
- Sunday Morning Walks: 10-11 am. Meet at Atwell Mill Campground.
Grant Grove Village Area

6600’ (2008 m) elevation. This was originally General Grant National Park, created in 1890 to protect sequoias from logging. Here are both a pristine grove & one that was logged in the 1800s.

INFORMATION
• Kings Canyon Park Visitor Center (NPS): Daily 9am-5pm. Books, maps, first aid, bear canisters. Local wilderness permits issued until 5:30pm through 9/5. 1-559-565-4307.
• Showers (KCPS): Daily 11am-4pm.
• Stables - Horseback Riding: See page 3.
• Pay Telephones: Available 24 hours at Kings Canyon Visitor Center (booth by front door); & outside gift shop & market. Cell phone signals are usually poor.
• Rangers: Ranger’s Choice: 4pm daily, 6/26 through mid-August.

Cedar Grove Village in the Kings Canyon

4600’ (1410 m) elevation. This glaciated valley features towering granite cliffs, tumbling waterfalls, and the powerful Kings River — “a rival to the Yosemite,” according to John Muir.

INFORMATION
• Wilderness Permits (NPS): At Road’s End, 6 miles (9.6km) east of the village. Daily 7am-3pm. No permits issued after 2:45pm. Maps, bear canisters.

FOOD, LODGING & OTHER SERVICES
• Restaurant (KCPS): Daily 7am-2pm & 5-9pm.
• Gift Shop & Market (KCPS): Daily 8am-9pm. Souvenirs, film, clothing, ATM. Market sells food & other supplies, sandwiches, bear canisters, & cans of emergency gasoline.
• Camping & Lodging: See page 10-11. Lodge front desk in restaurant building: 7am-midnight.
• Post Office: Hours may vary. Monday–Friday 9am–3:30 pm; Saturday 10 noon. Lobby open 24 hours. Send mail for visitors to: c/o General Delivery, Kings Canyon NP, CA 93633. 1-559-335-2499.
• Showers (KCPS): Daily 11am-4pm.
• Pay Telephones: Available 24 hours at Kings Canyon Visitor Center (booth by front door); & outside gift shop & market. Cell phone signals are usually poor.

GASOLINE SALES on FOREST LANDS
• At Hume Lake, Stony Creek, and Kings Canyon Lodge. See page 3 for details.

USFS: National Forest & Monument

Hume Lake & Big Meadows Areas (FS)

Giant Sequoia National Monument, part of Sequoia National Forest, borders much of the western edge of these National Parks. You are in National Forest when you drive from the park area of Lodgepole to Grant Grove and from Grant Grove to Cedar Grove.

PAY TELEPHONES (cell-phone signals are usually poor):
• Between Wukshachi Village & Grant Grove: Summer only at Stony Creek Resort & Big Meadows trailhead.
• Between Grant Grove & Cedar Grove: Hume Lake (year round; see Hume Lake below); Kings Canyon Lodge (summer only).

INFORMATION
• USFS Hume Lake District Office (FS): 35860 Kings Canyon Road (Hwy 180) in Dunlap, 19 miles (31 km) west of Kings Canyon park entrance at Big Stump. Open 1st Saturday of the month through September, 8am-4:30pm. Maps & books sold. 1-559-338-2251; www.fs.fed.us/r5/sequoia.

LODGING & OTHER SERVICES
• Camping (FS) & Lodging (private): See pages 10 & 11 for details.
• Montecito Lake Resort (FS permittee): Open all year. A resort on public land. On Generals Highway 9 miles (14.5km) south of Grant Grove. Breakfast 7:30-9am, lunch 12–1:30pm, dinner 5:30-7pm. Cabins, hotel, children’s activities. 1-800-227-9900 or 1-559-565-3388.
• Hume Lake: Year-round private facilities open to public: 24-hour laundry (coin operated) & gas station (with credit card). Market & snack shop. North of Grant Grove 8 miles (13km) on Hwy 180, then right on Hume Lake Road 3 miles (5km). 1-559-335-2000.
• Stony Creek Resort (FS): On Generals Highway south of Grant Grove. Open 1 hour later on Friday–Saturday. Market: 7am-8pm. Restaurant 11am-2pm & 4-7:30pm. Showers 9am-6pm. Laundry. Gasoline 24 hours with credit card. 1-866-KCANYON; 1-559-565-3909.

FREE NATURE PROGRAMS

Rangers lead a wide variety of programs at areas throughout the parks. Check bulletin boards and visitor centers for times, topics, and meeting locations.

In GRANT GROVE:
• Grant Tree Walk: Daily 2pm through 9/5, then Saturdays & Sundays.
• Evening Programs: Nightly through mid-August, then on Fridays & Saturdays. At Sunset Campground Amphitheater. Non-campers are welcome!
• Ranger’s Choice: 4pm daily, 6/26 through mid-August. 1/2-hour talk or short walk starting at the visitor center.

In CEDAR GROVE:
• Walks, Talks, & Campfire Programs led by rangers explore this canyon of the Kings River and other aspects of the park.
• South Fork Clean Up: Sponsored by Friends of the South Fork Kings River - July 10, September 18. Contact (916)601-9954 or wetemplin@att.net for details.
CAMPING DOs & DON’Ts: These rules protect the park & you!

NOTE: Rules may vary between the Park and the National Forest. Check page 3 for details.

KEEP FOOD FROM BEARS! It’s required all year! Learn how to do it correctly — see below.

CAMPFIRE RESTRICTIONS Gather only dead & down wood; do not cut limbs from trees. Better yet, bring wood or buy it at a market. Fires must be out cold before you leave. Check bulletin boards for restrictions. In the national forest & monument you must get a free campfire permit from the Hume Lake District Office, Kings Canyon Visitor Center (Grant Grove), or a Forest Service ranger.

ROADSIDE CAMPING? It’s not permitted in the park. Camp only in designated sites in campgrounds. In the National Forest & Monument, roadside camping is permitted unless posted otherwise. Ask a ranger for possible locations.

NO HOLDING CAMPSITES You may not hold a site for someone who has not arrived. Sites not occupied for 24 hours are considered abandoned; property may be impounded.

GROUP SITES & MAXIMUM GROUP SIZES UP TO 6: Many campgrounds allow only one vehicle & six people per site. Check locally for slight variations in these limits & parking locations for extra vehicles. 7 TO 19: In summer, Crystal Springs (Grant Grove) has first-come, first-served sites for groups of 7-15. Canyon View in Cedar Grove has sites for 7-19. $15/site. LARGER: Call in advance for information on requesting summer group tent-camping sites: For Sunset or Canyon View 1-559-565-4335 (5/1-10/31; 565-3792 for Canyon View). To reserve a group site in Dorst or in the national forest/monument: 1-877-444-6777 or www.recreation.gov.

TIME LIMITS ON CAMPING Camping stays are limited to 14 days between June 14 and September 14, with 30 days total per year.

PROPANE CANISTERs Do not put propane or other fuel canisters in park trash cans or leave them in the parks. Take with you when you leave.

RVS & TRAILERS No hookups are available. Dump stations: See chart on page 11. Trailers are permitted in all but four park campgrounds; check the chart on page 11. Many sites are not suitable for trailers or RVs. Sites may not be level. Vehicles over 30 feet long can fit in a small number of sites. Length advisory: On the Generals Highway in Sequoia Park, from Potwisha Campground to Giant Forest Museum, advised vehicle length limit is 22 feet. See page 5 for other limits & warnings.

QUIET & GENERATOR HOURS 10pm-6am. Generator use: At Lodgepole & Dorst only 8-nam & 5-8pm; at other campgrounds 9am-9pm only. Music should be audible in your campsite only.

BE A VOLUNTEER HOST! Live in the park, take care of campgrounds & resources, & meet great people! Learn about volunteer opportunities here and nationwide at www.volunteer.gov/gov.

PROPER FOOD STORAGE IS THE LAW!

Bears often get unattended food and even break into cars that have food in them. They become bold and sometimes aggressive in attempts to get more. Too often these bears must be killed. This is why you may be fined if you do not store food properly.

• DRIVERS: Never leave any food or scented item in cars. Take infant seats out of cars; the smells they absorb may attract bears.
• CAMPERS: Store food day and night in the metal boxes provided (see page 11 for box sizes; avoid bringing coolers that won’t fit). Store ALL food, coolers, related items, and anything with an odor (even if it’s not food) -- including unopened cans and bottles. Latch the box completely. Food not stored properly will be impounded. Where boxes are not provided, store food in the car trunk (seal food to reduce odors). If the car has no trunk, put everything on the floor, cover it well, and close the windows. Keep a clean campsite. Deposit garbage immediately in bear-proof containers or store it like food.

• PICKNICKERS: Never leave food unattended.
• LODGE GUESTS: Keep cabin doors closed any time you leave.
• BACKPACKERS: Hanging food is not effective in these parks! Store all food in a portable canister. Less than 3 pounds, it holds up to 5-day’s food for one and fits in a pack. Metal boxes in a few backcountry locations offer backup storage.
• RENT or buy a canister at park visitor centers or markets.
• EVERYONE: Don’t let bears approach you or your food. Wave your arms, make loud noises, and throw small rocks in their direction (avoid hitting the face or head). Keep a safe distance but be persistent. If a bear does get food, never try to take it back.
Each campsite has a table & fire ring with grill; no hook-ups.

Food-storage is required: Always read & follow instructions on bulletin boards to help save a bear! See other rules on page 10.

*Summer reservations for Dorst & Lodgepole (in Sequoia NP) & for reservable campgrounds (marked * below) in the National Forest (USFS) may be made up to 6 months in advance of the date desired. Contact www.recreation.gov or 1-877-444-6777 (7am -9pm PST from 3/1-10/31). Customer service: 888-448-1474.

FOOD STORAGE: Avoid bringing items that won’t fit. Symbols on the chart tell the size of bear-proof food-storage boxes available in each campground:

- One small box per site (47” long x 17”deep x 16”high);
- One large box per site (at least 47”long x 33”deep x 28”high);
- A mix of box sizes;
- Additional boxes available for sites to share.

  - Summer only

**FOOD STORAGE:** Avoid bringing items that won’t fit. Symbols on the chart tell the size of bear-proof food-storage boxes available in each campground:

- One small box per site (47” long x 17”deep x 16”high);
- One large box per site (at least 47”long x 33”deep x 28”high);
- A mix of box sizes;
- Additional boxes available for sites to share.

PARK ROADS
- Campground
- Picnic Area
- Lodging
- Horses/riding
- Gas station

Major paved road
Minor paved road
Unpaved road
Park boundary

- Cedar Grove Bridge Replacement
- July 2010 - November 2011
- The bridge between Hwy 180 and Cedar Grove Village will be closed. Cedar Grove Village & Lodge will be accessible via detour on Northside Road. Use Lewis Creek Trailhead as a turn-around for large vehicles and trailers.
- General Highway - Road shoulder work
- June - September 2010
- Starting September: expect short delays on weekends on 9 miles between Wolverton Road and Little Baldy Summit.
- General Highway - Reconstruction (9 miles)
- Amphitheater Point to Deer Ridge - 1.5 miles

- Roads close
- May 2010 - May 2012
- On weekdays. Through late October, expect 1-hour delays. Possible night closures 11pm-Sam Sunday night - Friday morning with one paassthrough at 11:30pm. Traffic signals control passage during non-working hours.

Other Road Repairs
- Expect intermittent delays on weekends in other areas of the parks. 1-2 day closures may affect single-lane roads and campgrounds.
- Check bulletin boards for updates and details. Thank you for your patience while we improve park roads.
