There are over 500 miles of hiking trails, 105 miles of scenic roadway, 75 spectacular overlooks, wildlife big and small, and so much more—all waiting to be discovered! Enjoy your visit to Shenandoah National Park!

Drive
Skyline Drive has 75 overlooks with fabulous views spaced along its 105 miles. Be sure to drive 35 mph and be on the lookout for animals and other motorists. Use the mile markers along Skyline Drive and the map on page 3 to find facilities and trailheads.

Discover
Nothing says “national park” quite like a Ranger! Discover more of Shenandoah on a Ranger-led walk or talk. Check the schedule on the back page and work a little “Ranger time” into your visit!

Ask
Stop at Dickey Ridge and Byrd Visitor Centers to talk to Rangers, get day-hike maps, see movies and exhibits, and purchase maps, guidebooks, and other great stuff in the Park Stores.

Explore Shenandoah!

Dine at Skyland Resort Restaurant or Big Meadows Lodge. Waysides at Elkswallow, Big Meadows, and Loft Mountain serve lighter fare. All three areas and Lewis Mountain have campstores with groceries. Picnic most anywhere, but if you want a grill and table, there are picnic grounds at Dickey Ridge, Elkswallow, Pinnacles (has a shelter), Big Meadows, South River, Lewis Mountain, and Dundo.

Sleep
Skyland Resort and Big Meadows have lodging and Lewis Mountain has cabins. Campgrounds are at Mathews Arm, Big Meadows, Lewis Mountain, and Loft Mountain. If you really want to rough it, look into getting a backcountry permit. Be sure you know the regulations and are prepared for primitive camping.

Got an Hour?
Mile 4.6 - Fox Hollow Trail
1.3-mile easy circuit, about 1 hour. Trail goes through several old homesteads and by a family cemetery. Guide book available. No pets. Ask for Dickey Ridge Area Road and Trail Map.

Mile 51.2 - Blackrock
An easy 4-mile out-and-back hike. Less than an hour. Begin at Big Meadows Lodge parking. A lovely stroll to a view of the valley. Ask for Big Meadows Area Road and Trail Map.

Mile 94 - Turk Mountain
A short, energetic jaunt to Turk Mountain; 2.2-mile out-and-back hike, fairly easy, 1 to 3 hours. Park at Turk Gap Parking, on the east side of Skyline Drive; trail is on west side. You’ll have to scramble over some vertical rocks to get to the best view, but it’s worth it. Ask for Riprap Area Road and Trail Map.

Mile 94.8 - Mill Prong Loop
This 7.4-mile circuit is moderately easy but long, 4 to 7 hours. Mill Prong Trail to Laurel Prong Trail to A.T. north back to Millam Gap. Goes by Rapidan Camp, the retreat of fly-fishing aficionado President Herbert Hoover. You may fish on the Rapidan River if you have a Virginia fishing license, but it’s catch and release only. You may not back-country camp at Rapidan. Half a mile from the Laurel Prong-A.T. intersection you’ll be at Hazeltop Summit, a beautiful view of the Shenandoah Valley and the third-highest peak in the park at 3,812 feet elevation. Ask for Rapidan Area Road and Trail Map.

Mile 90 - Riprap
The 9.8-mile Riprap Trail circuit is moderately strenuous, 6 to 10 hours. Hike is on the west side of Skyline Drive. Short connector trail to A.T. north to Riprap Trail to Wildcat Ridge Table to A.T. north to starting point at Riprap Parking. This beautiful and challenging, mostly wilderness hike leads to two very nice westward-facing views and a popular swimming hole. In May look for wild irises and showy purple-colored rhododendron blooming in the hills. If you decide to swim there, be sure to wear water shoes or old tennis shoes, as the rocks near and under the water can be sharp and slippery. Ask for Riprap Area Road and Trail Map.

Got All Day?
Mile 19.4 - Little Devils Stairs
Strenuous 7.5-mile circuit, 4 to 7 hours. Trail begins on the east side of Skyline Drive, at the parking area. Keyser Run Fire Road to Little Devils Stairs Trail to Keyser Run Fire Road, back to parking area. This hike is a “lariat” - it has a loop, but some portions are retraced. You will go over boulders, through a canyon and gorge, past a cemetery, and through dark forests. Don’t attempt Little Devils Stairs in wet or icy weather. You will have to cross the stream (Keyser Run) several times. Ask for Mathews Arm Area Road and Trail Map.

Mile 21 - Sugarloaf Loop
4.9-mile circuit hike, moderately strenuous, 2 to 4 hours. Takes the A.T. north to Sugarloaf to Pale Bridge Link to Keyser Run Fire Road to A.T. south to starting point. Spectacular views, interesting geology, and gorgeous mountain laurel in bloom in June. Ask for Mathews Arm Area Road and Trail Map.

Mile 37.9 – Nicholson Hollow Loop
A 4.3-mile circuit, moderately strenuous, 2 to 4 hours. Park on the west side of Skyline Drive; hike is on the east side. Corbin Cabin - Cut off Trail to Nicholson Hollow Trail to A.T. north back to starting point. There’s lots of history in this hollow, so take your time, look around. Remember that everything in the park – all plants, animals, rocks, and artifacts down to the tiniest rust nail is protected. Leave all natural and cultural artifacts as you find them. Ask for Skyland Area Road and Trail Map.

Mile 84 - Jones Run Falls
Hike is 3.4 miles round trip and moderately easy, 2 to 4 hours. Begins at Jones Run Parking Area. Hike leads you to the base of the 42-foot waterfall. Wildflowers decorate the cliffs by the falls in spring and summer, mosses year-round. Ask for Loft Mountain Area Road and Trail Map.

Mile 52.8 - Mill Prong Loop
You’ll find these trail markers at all trailheads and intersections. The metal bands are stamped with directional and mileage information.

Got Half a Day?
Mile 21 - Sugarloaf Loop
4.9-mile circuit hike, moderately strenuous, 2 to 4 hours. Takes the A.T. north to Sugarloaf to Pale Bridge Link to Keyser Run Fire Road to A.T. south to starting point. Spectacular views, interesting geology, and gorgeous mountain laurel in bloom in June. Ask for Mathews Arm Area Road and Trail Map.

Mile 37.9 – Nicholson Hollow Loop
A 4.3-mile circuit, moderately strenuous, 2 to 4 hours. Park on the west side of Skyline Drive; hike is on the east side. Corbin Cabin - Cut off Trail to Nicholson Hollow Trail to A.T. north back to starting point. There’s lots of history in this hollow, so take your time, look around. Remember that everything in the park – all plants, animals, rocks, and artifacts down to the tiniest rust nail is protected. Leave all natural and cultural artifacts as you find them. Ask for Skyland Area Road and Trail Map.
