Things to Do

Keep this Guide with you to get the most out of your trip to Yosemite National Park

What do you want to do with your special time in Yosemite? The choice is yours, but to give you some ideas, here are some popular activities for a day in Yosemite National Park.

Take the Bus!
Free shuttles, including some environmentally-friendly electric/diesel hybrids, are available in many places throughout the park. Park your car and let an expert drive you to some of the most scenic and historic points in the park. Not only will you be doing your part to cut down on traffic congestion and vehicle pollutants, you’ll also have both hands free for that perfect shot of Half Dome.

Walk to a Waterfall
Yosemite Valley is famous for its awe-inspiring waterfalls; each distinct as the granite cliffs they dive over. While Yosemite Falls is likely dry by September, Bridalveil, Vernal, and Nevada Falls flow all year. (See page 17 for hiking information.)

Explore a Sequoia Grove
Meet the most massive trees on earth as you explore a giant sequoia grove. Yosemite is home to three groves—the Mariposa Grove, which contains hundreds of sequoias, and the Tuolumne and Merced Groves, which each hold dozens. (See page 2 for a map of the park.)

See Sunset from Glacier Point
Glacier Point provides a superb view of Yosemite Valley. Witness the sunset, as it lights up the cliff face, from Glacier Point (or from other points in Yosemite Valley). Listen in on a sunset talk with a ranger at Glacier Point.

Visit the other valley, Hetch Hetchy
“Almost an exact counterpart of the Yosemite...a visit to its counterpart may be recommended, if it be only to see how curiously nature has repeated herself.”—Josiah D. Whitney.

Hetch Hetchy provides spectacular vistas, waterfalls, and hiking trails. (See page 2 for a park map and page 3 for area information)

Drive to Olmsted Point
Take in the spectacular panoramic view from this scenic turnout on the Tioga Road: Tenaya Canyon, granite peaks and domes, and Tenaya Lake with Mt. Conness in the background. (See page 2 for a park map and area information.)

Travel Back in Time
Visit Wawona’s Pioneer Yosemite History Center and join “Buckshot” for a horse-drawn stage ride! These 10-minute rides introduce you to an early chapter in Yosemite’s history and are fun for the whole family. (See pages 8 and 9 for history center and other Wawona area information.)

Stroll with a Ranger
Learn about the wonders of the park on a ranger-guided stroll. Programs are offered daily throughout the park on a variety of topics including waterfalls, trees, bears, geology, Yosemite Indians and more. (See area program grids on pages 6, 7, 9, and 11.)

Take a Photography Class
Learn how to best capture the landscape of Yosemite by joining a photography expert from the Ansel Adams Gallery. Several classes are offered each week. Learn more and sign up at the Ansel Adams Gallery located in Yosemite Village at shuttle stops #5 and #9. (See pages 6 and 7 for times and meeting places.)

Have Fun with the Family
Learn about Yosemite, meet a park ranger, and have a blast by becoming a Yosemite Junior Ranger or Yosemite Little Cub. Check in with any visitor center to find out how. Step by the Nature Center at Happy Isles for another great place to explore with the family. (See page 12 for the Jr. Ranger Page.)

Visit the Yosemite Museum
Learn about Yosemite Indians by exploring a museum collection that includes remarkable woven baskets and traditional dress. Tour the outdoor Indian Village or talk with an Indian cultural demonstrator. The Yosemite Museum is located in Yosemite Village at shuttle stops #5 and #9. (See page 5 for museum hours and a list of gallery events and features.)

Bring Your Yosemite Guide With You!
The Yosemite Guide has much of the information you’ll need to get the most out of your visit, including maps, hiking and camping, and important safety information.

Entering a National Park
Prepare yourself for a visit experience. Yosemite is a place where natural forces—such as rockfall, fire, and flood—are constantly at work. Here, wildlife freely roams. This is a place where wilderness prevails. The National Park Service recognizes the importance of Yosemite’s natural processes and is bound by its mission to protect them for the benefit and enjoyment of future generations. While you are enjoying your visit, be attentive to the special regulations in place to protect park resources (page 6) and those designed for your safety (page 7).

Fire – Police – Medical Emergency: Dial 911

Road, Weather, and General Park Information: 209/372-0200 or www.nps.gov/yose
Sudden changes in weather are common in the Sierra Nevada. Call the number above or check at a visitor center for the most recent weather forecast.

Road Information
Construction may cause delays and/or detours on park roads. Call 209/372-0200 for updated road information and check the park map on the back of this Guide to determine possible construction impacts.

Access for People with Disabilities
Accessible parking, lodging, tours, and activities are available throughout the park.

For a complete list of accessible services, recreational opportunities, and exhibits, pick up an updated Yosemite Accessibility Guide which is available at park entrance stations, visitor centers, and online at www.nps.gov/yose/planyourvisit/accessibility.htm.

Accessible parking spaces are available just west of the Yosemite Valley Visitor Center. To reach these, enter the Valley on Southside Drive. Turn left on Sentinel Drive. Turn left on Northside Drive, and follow the blue and white signs.

A sign language interpreter may be available for deaf and hard-of-hearing visitors. Call 209/372-0296 to request an interpreter. Advance notice of at least 2 days is requested. Assistive Listening Devices are available upon advance request. Inquire at a visitor center.

Lost and Found
To inquire about items lost or found at one of Yosemite’s restaurants, hotels, lounges, shuttle buses, or tour services, call 209/372-4357. For items lost or found in other areas of the park, call 209/379-1001.

Yosemite Valley
Yosemite Valley, open all year, is world-famous for its impressive waterfalls, cliffs, and unusual rock formations. You can get there via Highway 41/Wawona Road from Fresno, Highway 140/El Portal Road from Merced, Highway 120 west/Big Oak Flat Road from Manteca, and (during summer) via the Tioga Road/Highway 120 east from Lee Vining. Yosemite Valley is home to massive cliff faces like El Capitan and Half Dome, plunging waterfalls including the tallest in North America, and attractive meadows. While Yosemite Falls slows to trickle by August, a moderate hike will bring you to impressive Vernal and Nevada Falls. Walk to Mirror Lake, where you will see reflections of Half Dome. Gaze up at El Capitan, a massive granite monolith that stands 3,593 feet from base to summit. Whether you explore the valley by foot, bike, car, on horseback, raft, or tour, you will behold scenery that will leave you breathless and eager to see what’s around the next corner.
Glacier Point

Glacier Point, an overlook with a commanding view of Yosemite Valley, Half Dome, and the Yosemite's high country, is located 36 miles (1 ¼ hours) south of Yosemite Valley via the Wawona Road (Highway 41), two miles from the park’s South Entrance. Be prepared for 30-minute construction delays (60 minutes at night) on the Wawona Road Sunday evening through Friday evening. The nearby Pioneer Yosemite History Center in Wawona is a collection of historic buildings associated with people and events that shaped the national park idea in Yosemite. Enjoy a horse-drawn stage ride, watch blacksmiths at work at the blacksmith shop, or hike one of the scenic trails. For more information, visit the Wawona Visitor Center at Hill’s Studio, adjacent to the historic Wawona Hotel. This was once a painting studio for the 19th-century artist Thomas Hill. The Mariposa Grove of Giant Sequoias is a short drive or help reduce congestion by taking the free shuttle from the Wawona Store.

Wawona and Mariposa Grove

The Mariposa Grove of Giant Sequoias is located 36 miles (1 ¼ hours) south of Yosemite Valley via the Wawona Road (Highway 41), to Chinquapin, then turn onto Glacier Point Road. Glacier Point Road is usually open from late May through sometime in November. Be prepared for 30-minute construction delays (60 minutes at night) on the Wawona Road Sunday evening through Friday evening. The nearby Pioneer Yosemite History Center in Wawona is a collection of historic buildings associated with people and events that shaped the national park idea in Yosemite. Enjoy a horse-drawn stage ride, watch blacksmiths at work at the blacksmith shop, or hike one of the scenic trails. For more information, visit the Wawona Visitor Center at Hill’s Studio, adjacent to the historic Wawona Hotel. This was once a painting studio for the 19th-century artist Thomas Hill. The Mariposa Grove of Giant Sequoias is a short drive or help reduce congestion by taking the free shuttle from the Wawona Store.

Tioga Road and Tuolumne Grove

Tioga Road offers a 39-mile scenic drive past forests, meadows, lakes, and granite domes. It is usually open from late May or early June through sometime in November. The road’s elevation ranges from 6,200 to nearly 10,000 feet, so it offers an opportunity to experience many of Yosemite’s habitats. The White Wolf area, midway across the park, is the starting point for day hikes to Lembert Dome, or hike one of the scenic trails. For more information, visit the Wawona Visitor Center at Hill’s Studio, adjacent to the historic Wawona Hotel. This was once a painting studio for the 19th-century artist Thomas Hill. The Mariposa Grove of Giant Sequoias is a short drive or help reduce congestion by taking the free shuttle from the Wawona Store.

Tuolumne Meadows

Tuolumne Meadows provides a glimpse of the High Sierra and the Wild and Scenic Tuolumne River, which winds through broad sub-alpine meadows surrounded by even higher granite domes and peaks. It is the jumping off place for countless hikes, whether you venture out for a day or a week. Stop at the Tuolumne Meadows Visitor Center for information about hiking to Cathedral Lakes, Elizabeth Lake, Dog Lake, Lembert Dome, or along the Tuolumne River through Lyell Canyon. Take advantage of the free shuttle service in Tuolumne Meadows or the Tuolumne Meadows Tour and Hikers’ Bus from Yosemite Valley.

Hetch Hetchy

Hetch Hetchy Reservoir, a source of drinking water and hydroelectric power for the city of San Francisco, is also home to spectacular scenery and the starting point for many wilderness trails. Due to its importance as a municipal water supply, no swimming is permitted. Hetch Hetchy Reservoir is located 40 miles from Yosemite Valley. The Hetch Hetchy Road is open 7 am to 9 pm May 1 through Labor Day, with reduced hours during the rest of the year. Hetch Hetchy Road is accessible via the Big Oak Flat Road and Evergreen Road and is approximately a 1 ¼-hour drive from Yosemite Valley. Trailers, vehicles over 25 feet long, and RVs and other vehicles over 8 feet wide are not allowed on the narrow, winding Hetch Hetchy Road.

Did you know?

Fire has been a natural part of the Sierran ecosystem for centuries. Natural fires swept through these plant communities at intervals that provided conditions for many plant species to regenerate. Fire thins competing species, recycles nutrients into the soil, releases and scarifies seeds, and opens holes in the forest canopy for sunlight to enter. All of these are critical to forest health and natural cycles of growth and decomposition. Plants are not the only living things that have evolved with and adapted to fire. Animal species are just as much a part of the “fire environment.” With the increased forage that results after a fire, many animals low on the food chain experience increases in their populations; therefore species above them on the food chain also benefit.

Despite the evidence that fire is a necessary element in the Sierra Nevada, over most of the past century people have feared and suppressed it whenever possible. Especially in the western United States, the accumulation of dead forest litter and duff during that time now presents extreme hazards to the health of the trees, soil, and wildlife, and to humans living in these areas. To learn more about fire ecology, visit www.nps.gov/fire.
Spectacular vistas in the heart of the park

The Incomparable Yosemite Valley
Yosemite Valley embraces one of the world’s most outstanding concentrations of waterfalls, granite walls, meadows, wildflowers, and trees. The Valley also harbors a rich collection of human stories, from American Indian lore to the birth of the national park movement.

Yosemite Valley
An unlimited array of possibilities await you in Yosemite Valley. Most involve sightseeing and learning about the scenery. See pages 5, 6, and 7 for more information on program topics and visitor services.

Ranger Programs
Rangers give walks and talks every day about Yosemite’s natural and cultural history. See pages 6 and 7 for scheduled strolls, talks, and evening programs.

Walking and Hiking
From easy walks to Lower Yosemite Fall, Cook’s Meadow, and Mirror Lake to strenuous hikes to the top of Yosemite Falls or Nevada Fall, Yosemite Valley has a wide range of walking and hiking possibilities. See page 17 for a list of hikes.

Bicycling
Several miles of paved bicycle paths wind through Yosemite Valley. Bring your own or rent bikes at Yosemite Lodge or Curry Village. Rental stands are open from 9 am to 6 pm, with the last rentals out at 4:45 pm. Bikes are only allowed on paved bicycle paths.

Tours
(Tours listed below depart from Yosemite Lodge.)

• The Valley Floor Tour is a 19-mile, two-hour open-air tram tour narrated by a park ranger (weather permitting). The tour departs Yosemite Lodge several times daily.
  • The Glacier Point Tour leaves Yosemite Lodge at 8:30 am, 10 am, and 1:30 pm daily when the Glacier Point Road is open. One-way tickets are available for those who want to hike down from Glacier Point.
  • The Grand Tour includes the Valley, Glacier Point, and the Mariposa Grove. An experienced guide narrates each tour. The tour departs Yosemite Lodge at 8:45 am daily.
  Call 209/372-4386 for reservations or inquire at the tour desks at Yosemite Lodge, Yosemite Village, Curry Village, and The Ahwahnee.

Mule & Horseback Rides
Horse or mule rides begin at the stable near North Pines Campground. Stable hours are 7:00 am to 5 pm daily. Call 209/372-4386 for reservations or inquire at the tour desks at Yosemite Lodge, Yosemite Village, Curry Village, and The Ahwahnee.

Sightseeing
Some of the famous landmarks in Yosemite Valley include:

• Yosemite Falls, even when it’s dry, you can walk to the base or take the strenuous trail to its top for spectacular views of Yosemite Valley and the High Sierra beyond (see page 17).
  • Half Dome, Yosemite’s most distinctive monument, dominates most views in Yosemite Valley. Forces of uplift, erosion from rivers and glaciers, and rockfall all shaped this famous feature into what we see today. Cook’s Meadow, Sentinel Bridge, Tunnel View, and Glacier Point, are just a few locations with stunning views of Half Dome.
  • El Capitan, a massive granite monolith, stands 3,593 feet from base to summit. From spring to fall, climbers come from all over the globe to scale El Capitan.
  • Happy Isles is a place to see dramatic natural processes at work. It is easily reached by shuttle at stop #16 or by walking from Curry Village. Cross the footbridges onto the isles or wander through outdoor and indoor exhibits detailing Yosemite’s geologic story.
  • Tunnel View, along Wawona Road (Highway 41) provides a classic view of Yosemite Valley, El Capitan, Half Dome, Sentinel Rock, Cathedral Rocks, and Bridalveil Fall. It is spectacular at sunset or after the clearing of a storm.

Yosemite Valley

Where to Go & What to Do

Experience Yosemite Valley
A variety of programs, services, and events are available for all ages in Yosemite Valley. These pages describe these offerings and hours of operation to help you guide your adventure.

Yosemite Valley

Valley Visitor Center and Bookstore
Visitor center and bookstore hours are 9 am to 6 pm. The visitor center is just west of the main post office (shuttle stops #5 and #9). The facility offers information, maps, and books. Explore the exhibits and learn how Yosemite's landscape formed and how people interact with it.

FILM: SPIRIT OF YOSEMITE
This inspiring visitor-orientation film provides a stunning overview of Yosemite’s splendor. It is shown every 30 minutes, Monday through Saturday between 9:30 am and 5:30 pm, and Sunday between noon to 5:30 pm in the Valley Visitor Center Theater.

Yosemite Museum
Located in Yosemite Village next to the Valley Visitor Center.

VIEWS & VISITORS: THE YOSEMITE EXPERIENCE IN THE 19TH CENTURY
This exhibit features paintings, prints, artifacts, and ephemera from Yosemite’s early years. Historic hotel registers and the Grand Register of the Cosmopolitan are also on view. The exhibit includes an interactive kiosk related to the Grand Register and a digital slide show of historic visitors and hotels, and is open daily through October 31. Hours are from 10-12 and 1-4. The exhibit is made possible by a grant from the Yosemite Conservancy.

INTELLIGENT EXHIBIT
Open 9:30 am to 4 pm, exhibits only, through September 29th. Designed for nature-exploring children and their families, the nature center offers natural-history exhibits and a bookstore. The nature center is a short walk from shuttle stop # 16.

Nature Center at Happy Isles
Open 9:30 am to 4 pm, exhibits only, through September 29th. Designed for nature-exploring children and their families, the nature center offers natural-history exhibits and a bookstore. The nature center is a short walk from shuttle stop # 16.

Internet Access
Fee-based terminals are available at Degnan’s Deli. Wireless access is offered at Yosemite Lodge (for a fee). Free access via terminals is available at the Mariposa County library, south of the Village. In Yosemite Village, the Center is open 9 am to noon and 1 pm to 4:30 pm daily.

Yosemite Art & Education Center
The Yosemite Art & Education Center offers a selection of original art and art supplies, as well as four-hour art workshops Tuesday through Saturday (see pg. 6). Located south of the Village Store, the Center is open 9 am to noon and 1 pm to 4:30 pm daily.

Yosemite Theater LIVE
Yosemite Theatre LIVE offers entertainment and inspiration through variety of live theater performances that bring Yosemite’s history to life. Discover the world of John Muir and other characters from the park’s rich history.

Yosemite Cemetery at Yosemite Village
Open daily from 9 am to 5 pm. The cemetery offers a selection of original art and artifacts, and ephemera from Yosemite’s early years. Historic hotel registers and the Grand Register of the Cosmopolitan are also on view. The exhibit includes an interactive kiosk related to the Grand Register and a digital slide show of historic visitors and hotels, and is open daily through October 31. Hours are from 10-12 and 1-4. The exhibit is made possible by a grant from the Yosemite Conservancy.

Outdoor Adventures

The non-profit Yosemite Conservancy sponsors this year-round series of fun, educational field seminars; they’re a great way to deepen your connection to our park. Pick up an Outdoor Adventures catalog in any Visitor Center. Find all the details at www.yosemite.org or call 209/379-2317 x 17 or 12. Park entry and camping are included; motel rooms have already been set aside for these courses. The Conservancy also arranges Custom Adventures for individuals, families and groups who want their own naturalist/guide.

September 7 – September 11
Saturday. Register for classes in advance: 209/379-2321 ext. 17. (suggested donation of $5, supplies extra).

October 5 – October 9

September 21 – September 25

October 1-3
Yosemite with an Artist’s Eye-Award winning artist Chris Van Wilkine covering sketching and watercolor techniques.

October 8-10
Various Bible

October 1-3
Autumn Light Photography-Hiking and photography with 2 very talented photographers, Dave Wyman and Ken Rockwell.

October 1-3
Greg Stock and Pete Devine.

Sunday, and Sunday evenings, and some Thursday evenings. Evening programs are scheduled for 8:00 pm and 4 hrs. See schedule of Artists pg 6 (YAEC)

Saturday, and Sunday evenings, and some Thursday evenings. Evening programs are scheduled for 8:00 pm and 4 hrs. See schedule of Artists pg 6 (YAEC)

Yosemite Theater

Yosemite Theater ULY offers entertainment and inspiration through a variety of live theater performances that bring Yosemite’s history to life. Discover the world of John Muir and other characters from the park’s rich history.

LeConte Memorial Lodge

LeConte Memorial Lodge is open Wednesday through Sunday from 10 am to 4 pm, with evening programs Friday, Saturday, and Sunday evenings, and some Thursday evenings. Evening programs are scheduled for 8:00 pm and are free. The Lodge has a library, children’s corner, and a new climate change exhibit. The Lodge is located at shuttle stop #12.

Did you know?

Congress has designated nearly 95 percent of Yosemite National Park as Wilderness. Wilderness is meant to protect the land’s natural conditions, scientific, educational, ecological, and historic values; and provide opportunities for solitude and primitive recreation. The best way to experience the 1,100 square miles of Yosemite’s Wilderness is to explore it first-hand. In 1898, John Muir said, “Thousands of tired, nerve-shaken, over-civilized people are beginning to find out that going to the mountains is going home; that wilderness is a necessity...” To learn more about how to plan your trip and reduce your impact on the Wilderness during your visit, see pages 14 and 15.

Experience Your America  Yosemite National Park

Wawona, Mariposa Grove and Glacier Point

Where to Go & What to Do

Explore History
Discover Giant Trees
Find Amazing Vistas

These park areas offer endless opportunities for amazing experiences.

Wawona & the Mariposa Grove

Wawona Visitor Center at hill’s Studio
Open 8:30 am to 5 pm, the visitor center offers information about park activities, wilderness permits, trail information, books, bear canister rentals, and maps. Located on the grounds of the Wawona Hotel, Hill’s Studio was the gallery and art studio of famous 19th-century landscape painter, Thomas Hill. Walk from the hotel or park at the Wawona Store parking area and follow the path up the hill. 209/375-9531.

Coffee with a Ranger
Grab your mug and join a ranger in the Wawona Campground Amphitheater for coffee, tea, and hot cocoa. Use this time to plan your day or get other questions answered. See page 9, at right, for dates and times.

Evening Programs at the Wawona Hotel
Join pianist/singer Tom Bopp in the Wawona Hotel lobby from 5:30 pm to 9:30 pm, Tuesday through Saturday, as he performs songs and stories from Yosemite’s past. Once or twice a week, he will present an hour-long interpretive program on the vintage songs of Yosemite, or on the history of Wawona, with slide or music accompaniment.

Pioneer Yosemite History Center
Go back to a time of horse-drawn wagons, a covered bridge, and log cabins. A visit to the Pioneer Yosemite History Center explores Yosemite’s history and explains how Yosemite was the inspiration for national parks across America and around the world. The history center is always open, and interpretive signs and brochures are available.

EXPERIENCE HORSE-DRAWN TRAVEL
Travel into history by taking a 10-minute horse-drawn stage ride. Tickets may be purchased at the Stage Office in the Pioneer Yosemite History Center. $4/ adults and $3/child (ages 3-12).

Mariposa Grove
Located near Yosemite’s South Entrance, the Mariposa Grove is the park’s largest stand of giant sequoias, with about 500 large mature sequoias. A few of these giants are visible in the parking area. Information about access for people with disabilities is available at the tram boarding area.

Getting to Mariposa Grove
Allow 1 1/4 hours driving time to reach the grove from the Valley. Cars are prohibited beyond the grove parking lot. The road may close due to limited parking, so use the free shuttle.

Please see pg. 3 or call 209/372-0200 for important road construction information. Trailers are prohibited on the Mariposa Grove Road. Private vehicles longer than 25 feet are not permitted on this road.

FREE MARIPOSA GROVE & WAWONA SHUTTLE
A shuttle stops at the Wawona Store, South Entrance, and Mariposa Grove. Visitors may park at the Wawona Store to board the bus. Shuttles operate beginning at 9 am, and the last shuttle leaves the grove at 6 pm, or after the last tour. Shuttle operates weekends only after September 26th.

Please use this free shuttle service to help reduce congestion and parking delays.

Mariposa Grove Ranger Walks
Rangers lead walks among the giant sequoias, explaining their natural history and historical importance. (See page 9 for schedule.)

Big Trees Tram Tour
A 1 1/4-hr. tram tour of the grove is available 9 am to 5 pm. This audio tour is available in five languages and for the visually impaired. Call 209/375-1621 or stop at a tour desk for more information.

Mariposa Grove Museum & Trails
Open 10 am to 4 pm daily through October 1. Located in the Upper Mariposa Grove, the museum offers information, displays on giant sequoias, and a small bookstore.

The trail to the Grizzly Giant has new interpretive signs that provide a self-guiding tour. Information is available in Spanish, German, French and Japanese.

Dogs or bikes are not allowed on trails and roads in the Mariposa Grove.
Stargazing programs are offered as well.

a ranger to enjoy the lengthening and across the High Sierra. Meet Approximately an hour’s drive from Geology Hut.

Enjoy breathtaking scenery and Glacier Point.
Tuolumne Meadows, White Wolf, Crane Flat, and Hetch Hetchy

Where to Go & What to Do

High Sierra Peaks and Quiet Corners of the Park

These areas of the park offer amazing vistas and opportunities for solitude. Hiking, backpacking, and ranger-led programs are popular activities here.

Tuolumne Meadows

Tuolumne Meadows Visitor Center

Open 9 am to 5 pm through Sunday, September 26. Park orientation, trail information, books, maps, and displays are available.

Parsons Memorial Lodge, McCauley Cabin, and Soda Springs

Two trails, both flat and 3/4-mile long, lead to this historic area accessible only by walking. Parsons Memorial Lodge is open from 10 am to 4 pm through Saturday, September 18. Soda Springs are small, naturally-carbonated springs that attract birds and deer, especially at sunrise and sunset.

Ranger Walks

Join a ranger to explore new areas and learn about geology, birds, flowers, history, the Tuolumne River, and more. These walks range from one to eight hours and, except for the long walks, are fairly easy.

Evening Activities

Come to a traditional, ranger-led campfire program for stories, songs, and insight into Yosemite. Program topics vary and are posted at the campground, Tuolumne Meadows Lodge, and Tuolumne Meadows Visitor Center. End your day with a star program—bring a pad to sit on and dress warmly.

Big Oak Flat

Big Oak Flat Information Station

Open 8 am to 4:30 pm. The information station offers general park information, books, and maps. It also provides wilderness permits, bear canister rentals, and backpacking information. The wilderness center at the Big Oak Flat information station will be open through October 14.

Tuolumne Grove

This cluster of about 25 sequoias is near Crane Flat at the intersection of Big Oak Flat and Tioga Roads. The former route of the Big Oak Flat Road leads downhill from Crane Flat into the grove. The path drops 500 feet (150 meters) in one mile. The way down can seem much easier than the return to the parking lot. The trip is moderately strenuous on the uphill portion. Within the Tuolumne Grove there is an easy, half-mile, self-guiding nature trail.

Did you know?

The Tioga Road is the highest trans-sierra route in California, crossing Tioga Pass at 9,945 feet in elevation. The road, which isn’t plowed during winter months, is a great place to cross-country ski!

- Credit Card: 9am to 12:30pm
- Diesel & propane available. Pay at the pump 24 hours with credit card.

Programs in <strong>**COLOR**</strong> are especially for children & their families.
Become a Junior Ranger
Activities for kids ages 3 and up!

Yosemite National Park offers a wide variety of programs and activities for kids of all ages! To find kid-friendly programs, see pages 6, 7, 9, and 11 of the Guide for program descriptions:

Follow these steps to earn your Junior Ranger badge.*

1. With an adult, pick a trail to walk. See page 17 of this Guide or stop by a visitor center to choose your trail. As you go, walk quietly, watch, listen, and think. Write the name of the trail you walked. ___________________________________

2. Explore with your senses! Record the following.
   I see: ________________________, I hear: ________________________
   I smell: ____________________, I touch: _______________________

3. Leave no Trace! If you see trash or rubbish, pick it up. Junior Rangers learn to be good park stewards by bringing in a bag of trash. Recycle any recyclable materials you pick up or bring along.

4. Learn more. Go to a ranger-led program or visit with an Indian Cultural Demonstrator. Have the ranger or demonstrator sign below.
   Signed by: ___________________________________________________

5. Write down something you learned from a ranger or Indian Cultural Demonstrator.
   ______________________________________________________________

6. Think about this. Why do people work to protect national parks?
   ______________________________________________________________

7. When you complete this page, take it to a visitor center. There you will take your oath and receive your Junior Ranger badge.

*Expanded Junior Ranger and Little Cub programs (and the chance to earn a patch) are available in the Junior Ranger or Little Cub Handbooks, which can be purchased at any park bookstore.

Be a naturalist. Look for these common Yosemite animals. If you see one, make a note by the animal’s picture below. If you don’t see the animal below, try to draw it in the box on this page. Where did you see it? What was it doing? Also, remember never to feed or approach an animal.

Illustration by Tom Whitworth
Bears and Wildlife

Enjoying wildlife safely and responsibly

Keeping Bears Wild

(While protecting yourself and your property)

**Keep Yosemite’s Black Bears Wild and Alive:**

1. **Store Your Food Properly.**

   (See table below for details.)

   4,000 to 20,000 calories worth of grasses, berries, acorns, and grubs—
   that’s the typical daily diet of most bears. It’s a lot easier for a bear to eat the
   thousands of calories of food in an ice chest than it is to spend all day nibbling
   at grasses. Their incredible sense of smell allows them to detect things we
   can’t, which helps them find food—a black bear can smell a dead deer three
   miles away. To top it off, bears have excellent vision and can see in color, so
   they recognize ice chests, grocery bags, and other food containers as potential
   food sources.

2. **If you see a bear, scare it away or keep your distance.**

   You may not see a bear during your visit because they naturally avoid people.
   However, if you see one in a developed area (like a campground or parking lot),
   act immediately to scare it away: Make noise and yell as loud as possible. If
   there is more than one person, stand together to present a more intimidating
   figure, but do not surround the bear. If you see a bear anywhere else, consider
   yourself lucky—but keep your distance (at least 50 yards, or about the distance
   made by four shuttle buses parked end to end). If you get too close, you will
   be helping the bear become used to being around people. Bears that become
   comfortable around humans lose their natural fear of us and may become too
   aggressive. When that happens, they sometimes have to be killed.

3. **Drive the speed limit.**

   The most common human-related cause of death for a black bear in Yosemite is
   being hit by a car. Slow down! Driving too fast is almost always the cause of
   these accidental deaths.

Red Bear, Dead Bear

Did you notice the red bear markers as you drove through the park? Each
of them mark a place where a bear was recently hit. Every year bears, hundreds
of deer, and countless other animals are killed while trying to cross park roads.
Many of these deaths could have been avoided if drivers observed posted
speed limits.

Please remember that Yosemite National Park is a wildlife preserve; by driving
the speed limit you are helping to protect the park and its wildlife.

How to Store Food

“Food” includes any item with a scent, regardless of packaging. This may include items that you do not consider food, such as canned goods, bottles, drinks, soap, cosmetics, toiletries, trash, ice chests (even when empty), and unwashed items used for preparing or eating meals.

<table>
<thead>
<tr>
<th>LOCATION</th>
<th>FOOD STORAGE</th>
<th>WHY</th>
</tr>
</thead>
<tbody>
<tr>
<td>Your Vehicle</td>
<td>You may store food in your car (with windows closed) only during daylight hours. Do not store food in your car after dark: use a food locker. Remember to clean your car or food wrappers, baby wipes, and crumbs in baby seats. Bears can smell food, even if it's sealed in the trunk or glove compartment, and they recognize boxes and bags as potential food sources. They can easily and quickly break into all kinds of vehicles.</td>
<td>Bears can smell food, even if it's sealed in the trunk or glove compartment, and they recognize boxes and bags as potential food sources. They can easily and quickly break into all kinds of vehicles.</td>
</tr>
<tr>
<td>Your Campsite or Tent Cabin</td>
<td>You must store all your food in food lockers—not in your tent or tent cabin. A food locker is available at each campsite and tent cabin. Food may be stored out of sight in hard-sided RVs with windows closed. Bears may enter campers when people are present, and some will even check food lockers to see if they're secured. Keep food lockers closed and latched at all times, even when you are in your campsite or tent cabin.</td>
<td>Bears may enter campers when people are present, and some will even check food lockers to see if they're secured. Keep food lockers closed and latched at all times, even when you are in your campsite or tent cabin.</td>
</tr>
<tr>
<td>Picnic Areas &amp; on the Trails</td>
<td>Do not leave food unattended. Always keep food within arm's reach. Don't turn your back to your food. Bears may investigate picnic areas or backpacks for food even when people are present, so be alert.</td>
<td>Bears may investigate picnic areas or backpacks for food even when people are present, so be alert.</td>
</tr>
<tr>
<td>Backpacking in the Wilderness</td>
<td>Bear resistant food containers are required throughout the Yosemite Wilderness. Hanging food is prohibited in Yosemite. In Yosemite and the southern Sierra, bear canisters are the only effective and proven method of preventing bears from getting human food.</td>
<td>Bear canisters are the only effective and proven method of preventing bears from getting human food.</td>
</tr>
</tbody>
</table>

*Note: Improper food storage may result in impairment of your food or vehicle, a fine of up to $5,000, and revocation of camping permit. Following these regulations and precautions decreases the chance of personal injury or property damage. However, bear damage and confrontations are still possible, even when all the regulations and guidelines are followed.*

Mountain Lions

Mountain lions are a normal and important part of the park ecosystem. They are attracted to areas with healthy deer and raccoon populations, which include many areas of the park. Although lion attacks on humans are extremely rare, they are possible, just as is injury from any wild animal.

For your safety:

Do not leave pets or pet food outside and unattended. Pets can attract mountain lions.

Avoid hiking alone. Watch children closely and never let them run ahead or lag behind on the trail.

Teach children what to do if they see a lion.

What should you do if you meet a mountain lion?

Never approach one, especially if it is with kittens. Most lions will avoid confrontation. Always give them a way to escape.

Don't run. Stay calm. Hold your ground, or back away slowly. Face the lion and stand upright. Do all you can to appear larger. Raise your arms. If you have small children with you, pick them up.

If the lion behaves aggressively, wave your arms, shout, and throw objects at it. The goal is to convince it that you may be dangerous. If attacked, fight back!

Generally, mountain lions are calm, quiet, and elusive. Sightings are rare, so if you spot one, consider yourself privileged!
Protecting yourself...

Permit Required to Hike Half Dome

To address safety concerns related to increased crowding on the Half Dome cables, the National Park Service has instituted an interim permit system for 2010 and 2011. The system limits the number of people using the cables to about 400 people per day and is in effect on Fridays, Saturdays, Sundays, and federal holidays when the cables are up (until October 11 in 2010). A permit is not required to day-hike to Half Dome on other days.

Backpackers with an appropriate wilderness permit can receive a Half Dome permit when they pick up their wilderness permit. Rock climbers who reach the top of Half Dome without entering the subdome area can descend on the Half Dome Trail without a permit.

No more permits are available for September or October 2010. Permits are also not available in the park or on a first-come, first-served basis. You can find more information at www.nps.gov/yose/planyourvisit/hdpermits.htm.

Keep yourself safe while exploring your park.

There are many ways to experience the wildness of Yosemite. While the forces of nature can create unexpected hazardous conditions, with a little common sense and some pre-planning, you can minimize the risks associated with many activities.

Traffic Safety

Roads leading to the park are two-lane, narrow, and winding. When traveling on park roads you can protect yourself, other visitors, and park wildlife by observing the following simple rules:

- Please obey posted speed limits.
- Yosemite’s roads are used by both visitors and park wildlife. Use turnouts to pull completely out of traffic lanes, to take photos, consult the park map, or simply enjoy the park’s scenery and wildlife.

Bring Water

Avoid dehydration and heat exhaustion by carrying and drinking plenty of water. Filters or other treatment methods are essential. (See “Water Quality,” page 15)

Hiking, Backpacking, Rock Climbing, and Scrambling

- Be honest about your abilities and plan with the least experienced member of your group in mind. Tell someone where you are going and when you are due back. Carry a signal mirror and whistle. Solo activities require increased precautions.
- Stay on designated trails and routes. Carry and know how to use a map and compass.
- Avoid scrambling in steep terrain or off-trail. If new to climbing, take a class to learn critical safety and protection techniques. Never climb alone.
- Avoid dehydration or heat exhaustion; carry and drink plenty of water, and bring high-energy food.
- Be prepared to set up emergency shelter even when out just for the day.

- Don’t depend on cell phone or GPS reception for your safety.

Protect Yosemite’s Wilderness

The Yosemite Wilderness provides outstanding opportunities for solitude in a beautiful setting. In order to avoid overcrowding and reduce impacts, a trailhead quota system limits the number of backpackers entering each trailhead each day.

Of the daily quota for a trailhead, 60% can be reserved ahead of time, while 40% is available on a first-come, first-served basis one day prior to, or the same day as, the beginning of the hike.

- Free wilderness permits are required for all wilderness trips.
- Pack out all trash and toilet paper/sanitary products.
- Use gas stoves, not wood fires.
- Pack out all trash and toilet paper/sanitary products.
- Use gas stoves, not wood fires.
- Camp in an existing campsite at least 100 feet from water and trail. You must camp four trail miles from any populated area and one mile from any road.
- To minimize trampling of vegetation, bring a container to carry water to your camp from lakes or streams.
- Maximum group is 15 people for on-trail and eight for off-trail travel.

Wilderness Permits

Free permits are required for overnight trips. Permits are issued at Yosemite Valley, Big Oak Flat, Wawona, Tuolumne Meadows, and the Hetchy Entrance Station (opening times vary). You can reserve permits, but they must be picked up in person. Check the park’s website for trailhead availability and call 209/372-0740 to reserve a permit.

Safety for Pets

Keep in mind, daytime temperatures can reach above 100° Fahrenheit in the summer. Make sure to keep your pet cool and well-hydrated. In Yosemite, pet owners have a few rules to follow:

- Pets are allowed in developed areas and on roads and paved bike paths. Pets are not allowed anywhere in the Mariposa or Merced sequoia groves. They are not allowed on trails, in wilderness areas, or where signs are posted prohibiting them.
- Pet owners have a few rules to follow:
  - Pets must be on a leash (6 feet or less) or otherwise physically restrained.
  - For the courtesy of others, human companions are responsible for cleaning up and depositing pet feces in trash receptacles.
  - Pets are not allowed in any lodging facilities or other buildings within the park and are not allowed in some campgrounds.
  - Pets may not be tied to an object and left unattended.
The Water Ways

Not long ago, many areas along the Merced River showed signs of human trampling. Now, because of the careful actions of park staff and visitors, many of these areas have been restored to more natural conditions. The plants, birds, insects, and animals that depend on living in or near the water have been able to return to these once barren areas. You can help continue this progress by entering and exiting the river at designated launch and removal points. Packing out what you pack in will also help keep the river free from trash and prevent animals from swallowing harmful plastic or aluminum.

Please observe the following safety tips to protect Yosemite’s river and lakeshore habitats and to safely enjoy water activities throughout the park.

Swimming
Choose swimming areas carefully and swim only during low water conditions.
• Always supervise children closely.
• Avoid areas of whitewater, where streams flow over rocky obstructions.
• Never swim or wade upstream from of a waterfall, even if the water appears shallow and calm. Each year, unsuspecting visitors are swept over waterfalls to their deaths when swimming in these areas.
• Swimming is not permitted in the Hetch Hetchy reservoir or in Emerald Pool above Vernal Fall.

River Crossings
In summer, rivers and creeks swollen by runoff from snowmelt are dangerous.
• Stay away from river and creek banks during high water conditions and avoid rock hopping. Stream-polished rocks along the water’s edge are slippery when wet or dry.
• If you choose to cross a stream without a bridge, avoid places where the water is either swift or over your knees. Use a stick or pole for balance and try to cross where there is a gravel bottom. Crossing on a natural bridge of rocks or logs can be surprisingly slippery. Consider where you will land if you fall.

Weather in Yosemite
Dressing in layers and bringing plenty of water can help you stay safe through Yosemite’s changing weather conditions. As is true of all mountainous regions, weather in the Sierra Nevada can change rapidly any season of the year. Elevation plays a major role in temperature and precipitation variability, and Yosemite ranges in elevation from 2,000 feet to more than 13,000 feet above sea level.

It is not uncommon for clouds to build up suddenly, bringing rain and/or thunderstorms to an otherwise sunny day. In September and October, temperatures in Tuolumne Meadows can dip well below freezing, while day time temperatures at lower elevations, like Yosemite Valley and Hetch Hetchy, can soar to over 100°F.

Yosemite Guardians
Visitors to Yosemite National Park are the park’s most important guardians. With nearly 4 million people watching over its special plants, animals, historic, and archeological sites, imagine how well-protected these park resources could be!

During your visit to Yosemite be aware that there are people who either unknowingly or intentionally harm park resources. Please contact a park official if you see any of the following illegal acts:
• Feeding or approaching wildlife
• Collecting plants
• Hunting animals
• Collecting reptiles and butterflies
• Picking up archeological items, such as arrowheads
• Using metal detectors
• Driving vehicles into meadows
• Biking off of paved roads
• Camping outside of designated campgrounds
• Possession of weapons inside federal facilities

If you see activities that could harm people or park resources, jot down any descriptions or a vehicle license plate number and call the park dispatch office at 209/379-1992.

FOR MORE INFORMATION
To find out more about Yosemite National Park regulations visit www.nps.gov/yose/planyourvisit/ yoursafety.htm and find a copy of the Superintendent’s Compendium. This document is a compilation of designations, closures, permit requirements, and other restrictions made by the superintendent, in addition to what is contained in Title 36 of the Code of Federal Regulations (Chapter 1, Parts 1 through 7 and 34), and other applicable federal statutes and regulations.

...and Yosemite
Camping
Planning your camping experience

A primitive overnight experience
Yosemite National Park contains 13 popular campgrounds. Up to seven are on a reservation system, the rest are first-come, first-served. From April through September, reservations are essential and the first-come, first-served sites often fill by noon during these months.

Camping Reservations
Reservations are required March through October for campfires in Yosemite Valley’s car campgrounds and summer through fall for Hodgdon Meadow, Wawona, and half of Tuolumne Meadows and Crane Flat. All other campgrounds (except group and stock campgrounds) are first-come, first-served. Campground reservations are available up to five months in advance, on the 15th of each month at 7 am Pacific time. Log onto the website or call as soon as possible as some campgrounds fill within a few minutes of the opening period.

For campground reservations, visit www.recreation.gov (recommended) or call 877/444-6777 or TDD 877/833-6777 or 518/885-3639 from outside the US and Canada.

Camping in Areas Surrounding Yosemite
The U.S. Forest Service (USFS) operates a variety of campgrounds on a seasonal basis near Yosemite. For additional information, contact Groveland Ranger Station at 209/962-7825; Mariposa Ranger Station at 209/966-3638; Mono Lake Ranger Station at 760/647-3044; or Oakhurst Ranger Station at 559/683-4636. For private campgrounds outside Yosemite, call the respective chamber of commerce or visitor bureau listed on page 10.

Group Campgrounds
There are group campsites at Tuolumne Meadows, Hodgdon Meadow, Wawona, and Bridalveil Creek Campgrounds. Reservations can be made the same way as individual site reservations, 13 to 30 people are allowed in each group campsite. Tent camping only. Pets, RVs, and generators are not permitted in group sites.

Self-Guided Trails

A Changing Yosemite
This one-mile long walk through Cook’s Meadow explores both natural and cultural stories of Yosemite. Brochure available at the Yosemite Valley Visitor Center.

Giant Sequoias
Two self-guiding trails in the Mariposa Grove, and one in the Tuolumne Grove, interpret the natural history and ecological dynamics of the giant sequoia community.

Mirror Lake
Mirror Lake interpretive trail is a short loop adjacent to Mirror Lake, a seasonal lake on Tenaya Creek. Exhibits focus on the rich natural history of the area, American Indian use, and history of this popular destination. To reach the start of the trail, walk one mile from shuttle stop #17 to the disabled parking spaces near the lake. The self-guiding trail begins here.

Indian Village
This short loop winds through the Indian Village of Ahwahnee, a reconstructed Miwok-Paiute village. A booklet is available at the trailhead and in the Visitor Center. The trail begins behind the Yosemite Museum.

Curry Village
The Legacy of Curry Village is an easy stroll commemorating the early days of Camp Curry. Pick up a map and guide at the Curry Village front desk or tour desk.

*These are drop-off points via the Tuolumne Meadows Hikers’ Bus.

Blame it all on Josiah Whitney.

The thousands of people attempting it’s notorious summit, the immediately recognizable silhouette prevalent on outdoor gear. It’s all because Whitney declared Half Dome to be, “probably the only one of all the prominent points about the Yosemit which never has been, and never will be, trodden by human foot.” Whitney underestimated later climbers. Not climbing Half Dome might have been a disappointment for him and the rest of the California Geological Survey. This team of hardy explorers came to Yosemite in 1863 to map the remote high country. They successfully summited many Yosemite peaks, including Mt. Hoffmann, Mt. Conness, Mt. Dana, Ragged Peak, Merced Peak, Red Peak, and the formidable Mt. Clark. Yet, this mountaineering dream team didn’t even try Half Dome. No wonder Whitney described Half Dome as “perfectly inaccessible” in his 1868 Yosemite Book.

Those words forever changed Half Dome’s future by daring adventurers to prove Whitney wrong. Hotelier James Hutchings attempted the Dome in 1869. According to his book, In the Heart of the Sierras, Hutchings used an “old Indian trail” around Grizzly Peak to reach Half Dome’s shoulder. This adventurous approach required his party to carefully edge along narrow ledges, depending on rock outcroppings and small bushes as handholds. The men feared for their lives, but kept going anyway and eventually reached the safety of the flat shoulder. Relief gave way to despair, though, as they eyed the remaining slope of rock: “To our dismay, as well as disappointment, we found a great smooth mountain before us, standing at an angle of 40 degrees . . . There was not a place to set a secure foot upon, or a point that we could clutch with our fingers. The very first sight put every hope to flight of reaching its exalted summit.” Hutchings declared defeat. Their experience, though, helped trail builder John Conway plan his attempt. Conway and his sons brought a rope and some bolts to assist them through the steep section. They opted to climb the smooth rock barefoot instead of wearing hob nailed boots. Still, Yosemite’s master trail builder only made it 200 feet higher than Hutchings before turning around. The locals had deemed Half Dome too dangerous to climb.

The dangers, daring attempts and dreaded defeats added to Half Dome’s fame. An enterprising blacksmith named George Anderson decided he would make his fortune by building and operating a toll trail leading all the way to Half Dome’s top. But before realizing his dream of fame and fortune, he had to actualize the first ascent.

In the fall of 1875, Anderson attacked that mountain with all he could muster. He based his siege from the slopes above Little Yosemite, and his weapons included baling rope, a sledge hammer, hand drill, wooden pins, a forge and at least 40 home-made seven inch long eye-bolts. He used pine pitch to increase friction on the slick rock. Then, with heavy gear and sticky feet, he began his assault on the final 1,000 feet of “impossible” and “dangerous” climbing.

Anderson slowly made his way up by creating and climbing a bolt and rope ladder. His method was to drill a hole into the hard granite with his sledge hammer and hand drill. Then, he drove in the seven inch eye-bolt, secured loose ones with a wooden peg, and threaded the rope through the eye of the bolt. Finally, he used that rope, friction on the smooth rock, and his prodigious strength to pull himself up until he was standing on the very same bolt he had just drilled. Then he began the process all over again. Anderson placed bolts every five or six feet until he had secured 975 feet of rope and reached the summit. Thus, on October 12, 1875, Anderson stood atop Half Dome. The crowds of visitors followed shortly thereafter.

You too are following in these pioneers’ footsteps, even if you never set foot on Half Dome. You depend on their knowledge whenever you read a map. You benefit from their ambition whenever you travel on a road or trail. You can carry on their passion by doing some exploring of your own. Learn something new from a Ranger program. Spend some time enjoying the scenery from an overlook you’ve never stopped at before. Hike to some place new, or try to find something new on a familiar trail. Keep on exploring. One day you too will find yourself standing atop your impossible dream.
Supporting Your Park
Providing for Yosemite’s Future

Enhance the Visitor’s Experience
It takes a legion of people working together to protect this special park for you and future generations of visitors. You, too, can extend your connection to Yosemite well after you return home by getting involved with the organizations that partner to preserve Yosemite.

This publication was made possible by the Yosemite Park Partners listed on this page. Read more below or visit www.yosemitepartners.org to learn more about helping these organizations provide for the future of Yosemite National Park.

The Ansel Adams Gallery
The Ansel Adams Gallery, owned by the family of photographer Ansel Adams since 1902, is a center that celebrates the arts and the natural grandeur of our environment. It cultivates an aesthetic appreciation and concern for our world by offering visitors a unique variety of literature and art, as well as programs that inspire creativity. Visit online at www.anseladams.com

Yosemite Institute
Since 1971, thousands of school-age children have benefited from learning in “nature’s classroom” through the residential field-science programs offered by Yosemite Institute (YI). A YI experience strives to foster a life-long connection to the natural world—whether it is in Yosemite, on a city street or in our own backyards. YI also offers professional development for teachers, summer youth programs, backpacking adventures, community outreach programs and service learning projects. For more information, visit www.yni.org/yi.

Yosemite Conservancy
Yosemite Conservancy is the new nonprofit formed by a merger of the Yosemite Association and The Yosemite Fund. The Conservancy has a long history in Yosemite with over 100 years of combined experience supporting the park. Yosemite Conservancy can make the difference you see around you because we are the only philanthropic organization that is dedicated exclusively to Yosemite.

Our mission remains the same: Providing for Yosemite’s future is our passion. We inspire people to support projects and programs that preserve and protect Yosemite National Park’s resources and enrich the visitor experience.

The Yosemite Conservancy has funded over 300 projects through $55 million in grants to help preserve and protect the park. The work of the Conservancy can be found in every aspect of the visitor experience from trail restoration, bear-proof lockers and canisters, habitat restoration, outdoor education and so much more.

Annually the Yosemite Conservancy recruits over 400 volunteers to work in the park to repair trails, remove invasive species, and provide visitor information.
