Get outside and enjoy your park!

Summer offers spectacular views of waterfalls, great hiking, and endless other opportunities for recreation.

10-minute rides introduce you to an early chapter in Yosemite’s history. Fun for the whole family. (See pages 8 and 9 for history center and other program information.)

Stroll with a Ranger
Learn about the wonders of the park on a ranger-guided stroll. Programs are offered daily throughout the park on a variety of topics including waterfalls, trees, bears, geology, Yosemite Indians and more. (See area program grids on pages 6, 7, 9, and 11.)

Take a Photography Class
Learn how to best capture the landscape of Yosemite by joining a photography expert from the Ansel Adams Gallery. Several classes are offered each week.

Learn more and sign up at the Ansel Adams Gallery located in Yosemite Village at shuttle stops #5 and #9. (See pages 6 and 7 for times and meeting places.)

Discover the Night Sky
Attend the “Starry Skies Over Yosemite Valley” for a wild ride through the universe to learn about stars, constellations, planets, meteoroids, and other night sky features, all from the comfort of Yosemite Valley. Sign up at any tour desk. (See page 4 for tour desk locations.)

Go to the Theater
Yosemite Theatre LIVE offers entertainment and inspiration through a variety of live theater performances that bring Yosemite’s history to life. Discover the world of John Muir and other characters from the park’s rich history. (See page 7 for shows and starting times.)

Have Fun with the Family
Learn about Yosemite, meet a park ranger, and have a blast by becoming a Yosemite Junior Ranger or Yosemite Little Cub. Check in with any visitor center to find out how. Stop by the Nature Center at Happy Isles for another great place to explore with the family. (See page 12 for the Jr. Ranger Page.)

Visit the Yosemite Museum
Learn about Yosemite Indians by exploring a museum collection that includes remarkable woven baskets and traditional dress. Tour the outdoor Cultural Demonstrator. The Yosemite Museum is located in Yosemite Village at shuttle stops #5 and #9. (See page 5 for museum hours and a list of gallery events and features.)

Yosemite Valley
Yosemite Valley, open all year, is world-famous for its impressive waterfalls, cliffs, and unusual rock formations. You can get there via Highway 41/Wawona Road from Fresno, Highway 140/El Portal Road from Merced, Highway 120 west/Big Oak Flat Road from Manteca, and (during summer) via the Tioga Road/Highway 120 east from Lee Vining. Yosemite Valley is home to massive cliff faces like El Capitan and Half Dome, plunging waterfalls including the tallest in North America, and attractive meadows. While Yosemite Falls slows to trickle by August, a moderate hike will bring you to impressive Vernal and Nevada Falls. Walk to Mirror Lake, where you will see reflections of Half Dome. Gaze up at El Capitan, a massive granite monolith that stands 3,593 feet from base to summit. Whether you explore the valley by foot, bike, car, on horseback, raft, or tour, you will behold scenery that will leave you breathless and eager to see what’s around the next corner.
Glacier Point

Glacier Point, an overlook with a commanding view of Yosemite Valley, Half Dome, and the Yosemite’s high country, is located 30 miles (a one-hour drive) from Yosemite Valley or Wawona. To get there from either of these places, take the Wawona Road (Highway 41), to Chinquapin, then turn onto Glacier Point Road. At Glacier Point, a short, paved, and wheelchair-accessible trail takes you to an exhilarating—some might say unnerving—view 3,214 feet down to Yosemite Valley below.

Wawona and Mariposa Grove

The Mariposa Grove of Giant Sequoias is located 36 miles (1 3/4 hours) south of Yosemite Valley via the Wawona Road (Highway 41), two miles from the park’s South Entrance. The nearby Pioneer Yosemite History Center in Wawona is a collection of historic buildings associated with people and events that shaped the national park idea in Yosemite. Enjoy a horse-drawn stage ride, watch blacksmiths at work at the blacksmith shop, or hike one of the scenic trails. For more information, visit the Wawona Visitor Center at Hill’s Studio, adjacent to the historic Wawona Hotel. This was once a painting studio for the 19th-century artist Thomas Hill. The Mariposa Grove of Giant Sequoias is a short drive or help reduce congestion by taking the free shuttle from the Wawona Store.

Tioga Road and Tuolumne Grove

Tioga Road offers a 39-mile scenic drive past forests, meadows, lakes, and granite domes. It is usually open from late May or early June through sometime in November. The road’s elevation ranges from 6,200 to nearly 10,000 feet, so it offers an opportunity to experience many of Yosemite’s habitats. The White Wolf area, midway across the park, is the starting point for day hikes to Lukens Lake and Harden Lake. To see giant sequoias, park at the Tuolumne Grove parking area on the Tioga Road, and walk one steep mile down to the grove. Or park at Merced Grove trailhead on Big Oak Flat Road and walk 1.5 steep miles down to the grove. These groves are smaller than the more-famous Mariposa Grove, but are quieter and off-limits to vehicles. Remember: walking down is easier than walking back up.

Tuolumne Meadows

Tuolumne Meadows provides a glimpse of the High Sierra. The Wild and Scenic Tuolumne River winds through broad sub-alpine meadows surrounded by even higher granite domes and peaks. It is the jumping off place for countless hikes, whether you venture out for a day or a week. Stop at the Tuolumne Meadows Visitor Center for information about hiking to Cathedral Lakes, Elizabeth Lake, Dog Lake, Lembert Dome, or along the Tuolumne River through Lyell Canyon. Take advantage of the free shuttle service in Tuolumne Meadows or the Tuolumne Meadows Tour and Hikers’ Bus from Yosemite Valley.

Hetch Hetchy

Hetch Hetchy Reservoir, a source of drinking water and hydroelectric power for the city of San Francisco, is also home to spectacular scenery and the starting point for many wilderness trails. Due to its importance as a municipal water supply, no swimming is permitted, however. Hetch Hetchy Reservoir is located 40 miles from Yosemite Valley. The Hetch Hetchy Road is open 7 am to 9 pm May 1 through Labor Day, with reduced hours during the rest of the year. Hetch Hetchy Road is accessible via the Big Oak Flat Road and Evergreen Road and is approximately a 1 1/4 hour drive from Yosemite Valley. Trailers, vehicles over 25 feet long, and RVs and other vehicles over 8 feet wide are not allowed on the narrow, winding Hetch Hetchy Road.
Yosemite Valley

Spectacular vistas and the heart of the park

The Incomparable Yosemite Valley

Yosemite Valley embraces one of the world’s most outstanding concentrations of waterfalls, granite walls, meadows, wildflowers, and trees. The Valley also harbors a rich collection of human stories, from American Indian lore to the birth of the national park movement.

Yosemite Valley

An unlimited array of possibilities await you in Yosemite Valley. Most involve sightseeing and learning about the scenery. See pages 5, 6, and 7 for more information on program topics and visitor services available.

Ranger Programs

Rangers give walks and talks every day about Yosemite’s natural and cultural history. See pages 6 and 7 for scheduled walks, talks, and evening programs.

Walking and Hiking

From easy walks to Lower Yosemite Fall, Cook’s Meadow, and Mirror Lake to strenuous hikes to the top of Yosemite Falls or Nevada Fall, Yosemite Valley has a wide range of walking and hiking possibilities. See page 17 for a list of hikes.

Bicycling

Several miles of bicycle paths wind through Yosemite Valley. You can use your own bicycle or rent one from Yosemite Lodge or Curry Village. Bikes are only allowed on paved bicycle paths.

Tours

(Tours listed below depart from Yosemite Lodge. Tours may be weather dependent.

The Valley Floor Tour is a 26-mile, two-hour open-air tram tour narrated by a park ranger (weather permitting). The tour departs Yosemite Lodge several times daily.

The Glacier Point Tour leaves Yosemite Lodge at 8:30 am, 10 am, and 1:30 pm daily when the Glacier Point Road is open. One-way tickets are available for those who want to hike down from Glacier Point.

The Grand Tour includes the Valley, Glacier Point, and the Mariposa Grove. An experienced guide narrates each tour. The tour departs Yosemite Lodge at 8:45 am daily.

Call 209/372-1240 for reservations or inquire at the tour desks at Yosemite Lodge, Yosemite Village, Curry Village, and The Ahwahnee.

Mule & Horseback Rides

Horse or mule rides begin at the stable near North Pines Campground. Stable hours are 7:30 am to 5 pm daily.

Information: 209/372-8348 (reservations strongly recommended).

Sightseeing

Some of the famous landmarks in Yosemite Valley include:

- Yosemite Falls gives the Valley an extra touch of life when it’s flowing with spring runoff. You can walk to its base or take the strenuous trail to its top (see page 17).
- Half Dome, Yosemite’s most distinctive monument, dominates most views in Yosemite Valley. Forces of uplift, erosion from rivers and glaciers, and rockfall all shaped this famous feature into what we see today. Cook’s Meadow, Sentinel Bridge, Tunnel View, and Glacier Point, are just a few locations with stunning views of Half Dome.
- El Capitan, a massive granite monolith, stands 3,593 feet from base to summit. From spring to fall, climbers come from all over the globe to scale El Capitan.
- Happy Isles is a place to see dramatic natural processes at work. It is easily reached by shuttle at stop #16 or by walking from Curry Village. Cross the footbridges onto the isles and wander through outdoor and indoor exhibits detailing Yosemite’s geologic story.
- Tunnel View, along Wawona Road (Hwy 41) provides a classic view of Yosemite Valley, El Capitan, Half Dome, Sentinel Rock, Cathedral Rocks, and Bridalveil Fall. It is spectacular at sunset or after the clearing of a storm.
Valley Visitor Center and Bookstore

Visitor center and bookstore hours are 9am to 6pm. The visitor center is just west of the main post office (shuttle stops #5 and #9). The facility offers information, maps, and books. Explore the exhibits and learn how Yosemite’s landscape formed and how people interact with it.

FILM: SPIRIT OF YOSEMITE

This inspiring visitor-orientation film provides a stunning overview of Yosemite’s splendor. It is shown every 30 minutes, Monday through Thursday between 9:30 am and 5:30 pm, Friday and Saturday between 9:30 am and 4:00 pm and Sunday between noon and 5:30 pm in the Valley Visitor Center Theater.

Yosemite Museum

Located in Yosemite Village next to the Visitor Center.

INDIAN CULTURAL EXHIBIT

Open 9 am to 5 pm. Interprets the cultural history of Yosemite’s Miwok and Paiute people from 1850 to the present.

YOSEMITE MUSEUM STORE

Open daily from 9 am to 5 pm. The store offers books and traditional American Indian arts, crafts, jewelry, and books.

YOSEMITE MUSEUM GALLERY

Yosemite Viewed: 19th and 20th Century Landscape Paintings:

This exhibit features a selection of landscapes from the Yosemite Museum collection ranging from Thomas Ayres’ 1855 drawing of the view from Inspiration Point to a late 20th century reinterpretation of the same scene by Jane Culp. Works by Albert Bierstadt, Thomas Moran, Chris Jorgensen, Chiura Obata, and others will be included. The Cosmopolitan Register, which includes signatures of prominent visiting artists, and the Cosmopolitan interactive, will be part of the display. Yosemite Museum Gallery, June 4 through September 30, daily from 9 a.m. to 5 p.m.

Ansel Adams Gallery

In Yosemite Village next to the Valley Visitor Center, the gallery is open daily from 9 am to 6 pm. The gallery offers the work of Ansel Adams, other photographers and artists, camera walks, workshops, and classes. Activities are listed on the front porch.

May 14- July 1st: “Photo-Graphic Thinking” Photographs by Workshop Instructors and Assistant.

Reception May 19, 3:00-5:00 p.m.

Call 209/372-4413, or visit www.anseladams.com.

Wilderness Center

The Valley Wilderness Center is located in Yosemite Village adjacent to the post office. Hours are 8 am to 5 pm. Visit the wilderness center to learn about wilderness safety, plan trips, obtain wilderness permits and maps, and rent bear canisters.

Yosemite Art Center

The Yosemite Art Center offers a selection of original art and art supplies, as well as four-hour art workshops Tuesday through Saturday (see pg. 6). Located south of the Village Store, the Center is open 9 am to noon and 1 pm to 4:30 pm daily.

Nature Center at Happy Isles

Open 9:30 am to 5 pm through September. Designed for nature-exploring children and their families, the nature center offers natural-history exhibits and a bookstore. The nature center is a short walk from shuttle stop #16.

Yosemite Theater LIVE

Yosemite Theatre LIVE offers entertainment and inspiration through a variety of live theater performances that bring Yosemite’s history to life. Discover the world of John Muir and other characters from the park’s rich history.

LeConte Memorial Lodge

LeConte Memorial Lodge is open Wednesday through Sunday from 10 am to 4 pm, with evening programs Friday, Saturday, and Sunday evenings, and some Thursday evenings. Evening programs are scheduled for 8:00 pm and are free. The Lodge has a library, children’s corner, and a new climate change exhibit. The Lodge is located at shuttle stop #12.

Wawona, Mariposa Grove, and Glacier Point

Explore History Discover Giant Trees and Find Amazing Vistas

These park areas offer endless opportunities for amazing experiences.

Wawona & Mariposa Grove

Coffee with a Ranger
Grab your mug and join a ranger in the Wawona Campground Amphitheater for coffee, tea, and hot cocoa. Use this time to plan your day or to get other questions answered. See page 9 for scheduled programs.

Evening Programs
Join pianist/singer Tom Bopp in the Wawona Hotel lobby from 5:30 pm to 9:30 pm, Tuesday through Saturday. As he performs songs and stories from Yosemite’s past, once or twice a week, he will present an hour-long interpretive program on the vintage songs of Yosemite or the history of Wawona with slide or music accompaniment. Check with Tom at the piano for dates and times.

Ranger Evening Programs
Join a ranger for an hour of nature, history, and insight into Yosemite. Topics vary nightly. See page 9 for dates, times, and locations.

Wawona Information Station at Hill’s Studio
Open 8:30 am to 5 pm, the visitor center offers information about park activities, wilderness permits, trail information, books, bear canister rentals, and maps. Located on the grounds of the Wawona Hotel, Hill’s Studio was the gallery and art studio of famous 19th-century landscape painter, Thomas Hill. Walk from the hotel or park at the Wawona store parking area and follow the path up the hill.

Pioneer Yosemite History Center
Go back to a time of horse-drawn wagons, a covered bridge, and log cabins. A visit to the Pioneer Yosemite History Center explores Yosemite’s history and explains how Yosemite was the inspiration for national parks across America and around the world. The center is always open, and interpretive signs and brochures are available.

EXPERIENCE HORSE-DRAWN TRAVEL
Travel into history by taking a 10-minute horse-drawn stage ride. Tickets may be purchased at the Stage Office in the Pioneer Yosemite History Center. See page 9 for dates, times, and locations.

BLACKSMITH SHOP
Smell the burning coal, hear the ring of the hammer on the anvil, and watch a demonstration of the ancient art of blacksmithing. See page 9 for dates, times, and locations.

Nature Walks in the Mariposa Grove
Join a ranger for a nature walk in the Mariposa Grove to discover many mysteries about these large trees. Saturdays and Sundays at 10:00 am and 2:00 pm and Monday, May 28 at 10:00 am. Meet at the Lower Grove trailhead.

Mariposa Grove
Located near Yosemite’s South Entrance, the Mariposa Grove is the park’s largest stand of giant sequoias, with about 300 trees. A few of these giants are visible in the parking area. Information about access for disabled people is available at the tram boarding area.

Getting to Mariposa Grove
Allow 1½ hours driving time to reach the grove from the Valley. Cars are prohibited beyond the grove parking lot. The access road to the grove may close intermittently due to limited parking.

Mariposa Grove Museum
Open 10 am to 4 pm. Located in the Upper Mariposa Grove, the museum offers information, displays on giant sequoias.

WALKING THROUGH THE GROVE
Trails into the grove extend uphill from the trailhead at the far end of the parking area. Interpretive signs between the trailhead and the California Tree provide a self-guiding tour. Written translations are available at the trailhead in Spanish, German, French, and Japanese.

Mariposa Grove Shuttle
A shuttle stop at the Wawona Store, South Entrance, and Mariposa Grove. Visitors may park at the Wawona Store to board the bus. Shuttles operate beginning at 9 am, and the last shuttle leaves the grove at 6 pm, or after the last tour. Please use this free bus service to help reduce congestion and parking delays.

Dogs/bikes are not permitted anywhere in the Grove.

Tuolomne Meadows, White Wolf, and Crane Flat

Tuolomne Meadows Visitor Center
Once open for the season, hours are 9 am to 5 pm. Park orientation, trail information, books, maps, and displays.

Tuolomne Meadows Wilderness Center
Open 8 am to 5 pm. The wilderness center offers wilderness permits, bear canister rentals, visitor information, maps, and general park information. The Tuolomne Meadows Wilderness Center is located just south of Tioga Road, along the road to Tuolomne Meadows Lodge, at shuttle stop #3.

Parsons Memorial Lodge, McCauley Cabin, and Soda Springs
Two trails, both flat and 3/4-mile long, lead to this historic area accessible only by walking. Parsons Memorial Lodge may be open from 10 am to 4 pm beginning in late June. Soda Springs are small, naturally-carbonated springs that attract birds and deer, especially at sunrise and sunset.

Just for Kids
Programs for children include Junior Rangers, a two-hour, ranger-led program for children (ages 7-12), and Campfire for Kids. Programs not scheduled to begin until late June.

Ranger Walks
Join a ranger to explore new areas and learn about geology, birds, flowers, history, the Tuolomne River, and more. These walks range from one to eight hours and, except for the long walks, are fairly easy. On Friday, end your day with a Music Walk. This easy stroll will inspire and delight. Programs not scheduled to begin until late June.

Evening Activities
Come to a traditional, ranger-led campfire program for stories, songs, and insight into Yosemite. Program topics vary, and are posted at the campground, Tuolomne Meadows Lodge, and Tuolomne Meadows Visitor Center. End your day with a star program—bring a pad to sit on and dress warmly. Programs not scheduled to begin until late June.

Mule and Horseback Rides
Horse or mule rides begin at the Tuolomne Meadows stable. Stable hours are 7 am to 5 pm once open for the season. Information: 209/372-8427.

Big Oak Flat
Big Oak Flat Information Station
Open 8 am to 5 pm. The information station offers general park information, books and maps. It also provides wilderness permits, bear canister rentals, trail, and backpacking information.

Merced Grove
Yosemite’s quietest stand of sequoias is the Merced Grove, a group of about 20 big trees accessible only on foot. It’s a three-mile round-trip hike (about three hours) into the grove. The trail drops 500 feet (150 meters) in one mile. The way down can seem much easier than the uphill return to the parking lot. The trip is moderately strenuous on the uphill portion. Within the Tuolomne Grove there is an easy, half-mile, self-guided nature trail. There is no potable water at the parking area or in the grove. Be sure to bring drinking water with you.

Tuolomne Grove
The trail head for this grove of about 25 sequoias is near the intersection of the Big Oak Flat and Tioga roads at Crane Flat. The former route of the Big Oak Flat Road leads downhill from the parking area into the grove. The trail drops 500 feet (150 meters) in one mile. The way down can seem much easier than the uphill return to the parking lot. The trip is moderately strenuous on the uphill portion. Within the Tuolomne Grove there is an easy, half-mile, self-guided nature trail. There is no potable water at the parking area or in the grove. Be sure to bring drinking water with you.

Follow these steps to earn your Junior Ranger badge.*

1. With an adult, pick a trail to walk. See page 17 of this Guide or stop by a visitor center to choose your trail. As you go, walk quietly, watch, listen, and think.

Write the name of the trail you walked. ___________________________________

2. Explore with your senses! Record the following.

I see: ______________________   I hear: ______________________

I smell: ____________________   I touch: ______________________

3. Leave no Trace! If you see trash or rubbish, pick it up. Junior Rangers learn to be good park stewards by bringing in a bag of trash. Recycle any recyclable materials you pick up or bring along.

4. Learn more. Go to a ranger-led program or visit with an Indian Cultural Demonstrator. What program did you attend? Have the ranger or demonstrator sign below.

Signed by: ___________________________________________________

5. Write down something you learned from a ranger or Indian Cultural Demonstrator.

_____________________________________________________________

6. Think about this. Why do people work to protect national parks?

_____________________________________________________________

7. When you complete this page, take it to a visitor center. There you will take your oath and receive your Junior Ranger badge.

*Expanded Junior Ranger and Little Cub programs (and the chance to earn a patch) are available in the Junior Ranger or Little Cub Handbooks, which can be purchased at any Yosemite Conservancy bookstore.
Bears and Wildlife

Enjoying wildlife safely and responsibly

Keep Wildfire Wild!

Black bears, coyote, deer, and grey squirrels are just a few of the many animal species in the park that are active year-round. Learn how to help protect Yosemite's wildlife.

Store Your Food Properly.

4,000 to 20,000 calories worth of grasses, berries, acorns, and grubs—that’s the typical daily diet of most bears. It’s a lot easier for a bear to eat the thousands of calories of food in an ice chest than it is to spend all day nibbling at grasses. Their incredible sense of smell allows them to detect things we can’t, which helps them find food—a black bear can smell a dead deer three miles away. To top it off, bears have excellent vision and can see in color, so they recognize ice chests, grocery bags, and other food containers as potential food sources.

If you see a bear, scare it away or keep your distance.

You may not see a bear during your visit because they naturally avoid people. However, if you see one in a developed area (like a campground or parking lot), act immediately to scare it away: Make noise and yell as loud as possible. If there is more than one person, stand together to present a more intimidating figure, but do not surround the bear.

If you see a bear anywhere else, consider yourself lucky—but keep your distance (at least 50 yards, or about the distance made by four shuttle buses parked end to end). If you get too close, you will be helping the bear become used to being around people. Bears that become comfortable around humans lose their natural fear of us and may become too aggressive. When that happens, they sometimes have to be killed.

Drive the speed limit.

The most common human-related cause of death for a black bear in Yosemite is being hit by a car. Slow down! Driving too fast is almost always the cause of these accidental deaths.

Red Bear, Dead Bear

Did you notice the red bear markers as you drove through the park? Each of them mark a place where a bear was recently hit. Every year bears, hundreds of deer, and countless other animals are killed while trying to cross park roads. Many of these deaths could have been avoided if drivers observed posted speed limits.

Please remember that Yosemite National Park is a wildlife preserve: by driving the speed limit you are helping to protect the park and its wildlife.

Backpackers:

Save Your Food, Save A Bear

Bear resistant food canisters are 2.7-pound containers that can be used to store five or more days of backpacker food when meals are carefully planned. Canisters have an insect lid that bears are unable to open. When used correctly, bears learn that—although they smell like food—the canisters are not worth investigating.

Report Bear Sightings!

To report bear sightings, improper food storage, trash problems, and other bear-related problems, leave a message for the Bear Management Team at 209/372-0322. Your call can be made anonymously. For more information regarding bears and proper food storage, visit the park’s website (www.nps.gov/yose/bears).

Coyotes

Watching a coyote hunting for mice in one of Yosemite’s many meadows can be an amazing wildlife experience. Coyotes are opportunistic carnivores that primarily prey on small mammals. Like bears, their diets change throughout the year with food availability.

Unfortunately, coyotes sometimes change their natural behavior to try to obtain human food. Approaching, and/or feeding coyotes can cause them to lose their natural fear of humans. Please do not stop to feed coyotes that you see along the sides of the roads. This encourages them to frequent roadways to beg for food, endangering both coyotes and drivers.

How to Store Food

"Food" includes any item with a scent, regardless of packaging. This may include items that you do not consider food, such as canned goods, bottles, drinks, soap, cosmetics, toiletries, trash, ice chests (even when empty), and unwashed items used for preparing or eating meals.

Mountain Lions

Mountain lions are a normal and important part of the park ecosystem. They are attracted to areas with healthy deer and raccoon populations, which include many areas of the park. Although lion attacks on humans are extremely rare, they are possible, just as is injury from any wild animal.

For your safety:

Do not leave pets or pet food outside and unattended. Pets can attract mountain lions.

Avoid hiking alone. Watch children closely and never let them run ahead or lag behind on the trail. Teach children what to do if they see a lion.

What should you do if you meet a mountain lion?

Never approach one, especially if it is with kittens. Most lions will avoid confrontation. Always give them a way to escape.

Do not run. Stay calm. Hold your ground, or back away slowly. Face the lion and stand upright. Do all you can to appear larger. Raise your arms. If you have small children with you, pick them up.

If the lion behaves aggressively, wave your arms, shout, and throw objects at it. The goal is to convince it that you may be dangerous. If attacked, fight back!

Mountain Lions are magnificent creatures and native to Yosemite. Generally, they are calm, quiet, and elusive. Sightings are rare, so if you spot one, consider yourself privileged!

Protect Yourself...

Keep safety in mind as you explore the park

Permit Required to Hike Half Dome

Permits to hike to the top of Half Dome are required seven days a week when the cables are up for 2012, May 25 to October 8, conditions permitting. This interim measure increases safety along the cables while the park develops a long-term plan to manage use on the Half Dome Trail. In addition to the 300 permits per day released during the pre-season lottery, approximately 50 permits will be available each day by lottery during the hiking season. These permits will be available based on the estimated rate of use and cancellations of permits (the exact number may change through the summer). The daily lotteries will have an application period two days prior to the hiking date with a notification late that night. To apply for a permit, visit Recreation.gov or call 877/444-6777. An application fee applies to all and a use fee applies to winning applicants. Backpackers with an appropriate wilderness permit can receive a Half Dome permit when they pick up their wilderness permit (use fee applies). Rock climbers who reach the top of Half Dome without entering the subdome area can descend on the Half Dome Trail without a permit. More information is available at www.nps.gov/yose/planyourvisit/hdpermits.htm.

Keep yourself safe while exploring your park.

There are many ways to experience the wilderness of Yosemite. While the forces of nature can create unexpected hazardous conditions, with a little common sense and some pre-planning, you can minimize the risks associated with many activities.

Around Water
- Stay away from swiftly-moving water. Keep children from wandering on or near these hazards. Choose swimming areas carefully and swim only during low water conditions.
- Always supervise children closely.
- Avoid areas of whitewater, where streams flow over rocky obstructions.
- Never swim or wade upstream from of a waterfall, even if the water appears shallow and calm. Each year, unsuspecting visitors are swept over waterfalls to their deaths when swimming in these areas.
- Swimming is not permitted in the Hetch-Hetchy reservoir or in Emerald Pool above Vernal Fall.

Water Quality
To protect yourself from disease, treat any surface water before drinking. Treatment methods include boiling for five minutes, use of a Giardia-rated water filter, or iodine-based purifier. To prevent the spread of Giardia and other water-borne disease organisms, use restroom facilities where available, and always wash hands afterwards with soap and water. In natural areas where facilities are not available, wash, camp, and bury human waste at least 100 feet away from any water source or trail, burying human waste six inches deep and pack out any toilet paper.

Traffic Safety
Roads leading to the park are two-lane, narrow, and winding. When traveling on park roads you can protect yourself, other visitors, and park wildlife by observing the following simple rules. Please obey posted speed limits. Yosemite’s roads are used by both visitors and park wildlife. Use turnouts to pull completely out of the road, to take photos, consult the park map, or simply enjoy the park’s scenery and wildlife.

Effects of Altitude
Altitude sickness may develop in otherwise healthy and fit people who are exposed to rapid increases in altitude. It can develop at altitudes as low as 8,000 feet (Yosemite Valley’s elevation is 4,000 feet). Should altitude sickness develop, descend to a lower elevation.

Hiking, Backpacking, River and Creek Crossings, and Rock Climbing
- Tell someone where you are going and when you are due back.
- Carry and know how to use a map and compass.
- Know how to use your gear and carry basic repair materials.
- Check weather forecasts.
- Avoid dehydration or heat exhaustion; carry and drink plenty of water, and bring high-energy food.
- Be prepared to set up emergency shelter even when out just for the day.
- Know how to use your gear and carry basic repair materials.
- Summer trails are not marked for winter use. When trails have full or partial snow coverage, good navigation skills are necessary.
- During spring runoff and high water any unbridged river or creek crossing can be hazardous. Always take extra time and use good judgment when crossing rivers and creeks.

Wilderness Permit Information
Wilderness permits are required year round for all overnight trips into the Yosemite Wilderness. Permits are issued and bear canisters are available for rent at the Yosemite Valley Wilderness Center, the Tuolumne Meadows Wilderness Center, the Big Oak Flat Information Center, Hill’s Studio in Wawona, and the Hetch Hetchy Entrance Station during hours of operation. Call the park’s main phone line at 209/372-0200, or check the web at www.nps.gov/yose/planyourvisit/wildpermits.htm, for additional information. 60% of the trailhead quota is available in advance. Reservations are taken from 24 weeks to two days in advance of the start of your trip. A processing fee of $5 per permit plus $5 per person is charged to each confirmed reservation. Check the park’s website for trailhead availability and call 209/372-0740. 40% of the trailhead quota is available for first come first serve. First come first serve permits are available the day of at opening and the day before starting at 11am.
Protecting Yourself and the Park

Prepare yourself for a wild experience. Yosemite is a place where natural forces—such as rockfall, fire, and flood—are constantly at work. Here, wildlife freely roams. This is a place where wilderness prevails. The National Park Service recognizes the importance of Yosemite's natural processes and is bound by its mission to protect them for the benefit and enjoyment of future generations. While you are enjoying your visit, be attentive to the special regulations in place to protect park resources and those designed for your safety.

Rafting
Conditions permitting, rafting on the Merced River in Yosemite Valley (Stoneman Bridge to Sentinel Bridge) and the South Fork of the Merced River in Wawona is open from 10 am to 6 pm daily to any type of non-motorized vessel or other flotation device.
- The entire length of the Merced River in Yosemite Valley is closed to all flotation devices whenever the river gauge at Sentinel Bridge reads 6.5 feet or higher. Ask at a visitor center for conditions and obey all posted signs.
- You must wear or have a U.S. Coast Guard-approved personal flotation device immediately available.
- Fallen trees and other natural debris in the river create important habitat for fish and other wildlife. Be alert—they can also create hazards for rafters.

Fishing
Fishing in Yosemite is regulated by state law. A valid California sport-fishing license is required for those persons age 16 years and older. When fishing, the license must be plainly visible by attaching it to an outer layer of clothing above the waistline.
- Trout season runs through November 15 (except Frog Creek near Lake Eleanor, which opens June 15).
- Special fishing regulations apply on the Merced River in Yosemite Valley from Happy Isles downstream to the Foresta Bridge in El Portal. Within these reaches of the river, it is catch-and-release only for rainbow trout. Brown trout limits are five fish per day. Only artificial lures or flies with barbless hooks may be used.
- The use of live or dead minnows, bait fish or amphibians, non-preserved fish eggs or roe is prohibited.

Pets
Keep in mind, daytime temperatures can reach above 100 °F in the summer. Make sure to keep your pet cool and well-hydrated. In Yosemite, pet owners have a few rules to follow:
- Pets are only allowed in developed areas, or where signs are posted prohibiting them.
- Pets must be on a leash (6 feet or less) or otherwise physically restrained.
- For the courtesy of others, human companions are responsible for cleaning up and depositing pet feces in trash receptacles.
- Pets are not allowed in any lodging facilities or other buildings within the park and are not allowed in some campgrounds.
- Pets may not be tied to an object and left unattended.

Bicycling
Bike rentals at Curry Village and Yosemite Lodge are open 9am to 6pm (8:30am to 8pm beginning June 15). Each season, plants are crushed from bicycle travel in meadows, campgrounds, and picnic areas. Please respect park resources and keep bicycles on paved roads and paved bicycle trails. Bikes are not allowed to travel off paved trails. Mountain biking opportunities are available in designated areas outside of Yosemite.

Protecting park resources

Yosemite Guardians

Visitors to Yosemite National Park are the park’s most important guardians. With 4 million people watching over its special plants, animals, historic, and archeological sites, imagine how well-protected these park resources could be!
During your visit to Yosemite be aware that there are people who either unknowingly or intentionally harm park resources. Please contact a park official if you see any of the following illegal acts:
- Feeding or approaching wildlife
- Collecting plants
- Hunting animals
- Collecting reptiles and butterflies
- Picking up archeological items, such as arrowheads
- Using metal detectors
- Driving vehicles into meadows
- Biking off of paved roads
- Camping outside of designated campgrounds
- Possession of weapons inside federal facilities

If you see activities that could harm people or park resources, jot down any descriptions or a vehicle license plate number and call the park dispatch office at 209/379-1992.

FOR MORE INFORMATION

To find out more about Yosemite National Park regulations visit www.nps.gov/yose/planyourvisit/yoursafety.htm and find a copy of the Superintendent’s Compendium. This document is a compilation of designations, closures, permit requirements, and other restrictions made by the superintendent, in addition to what is contained in Title 36 of the Code of Federal Regulations (Chapter 1, Parts 1 through 7 and 34), and other applicable federal statutes and regulations.

Weather in Yosemite

Dressing in layers and bringing plenty of water can help you stay safe through Yosemite’s changing weather conditions. As is true of all mountainous regions, weather in the Sierra Nevada can change rapidly any season of the year. Elevation plays a major role in temperature and precipitation variability, and Yosemite ranges in elevation from 2,000 feet to more than 13,000 feet above sea level. It is not uncommon for clouds to build up suddenly, bringing rain and/or thunderstorms to an otherwise sunny day. In September and October, temperatures in Tuolumne Meadows can dip well below freezing, while day time temperatures at lower elevations, like Yosemite Valley and Hetch Hetchy, can soar to over 100° F.
A primitive overnight experience

Yosemite National Park contains 13 popular campgrounds. Up to seven are on a reservation system, the rest are first-come, first-served. From April through September, reservations are essential and the first-come, first-served sites often fill by noon during these months.

Camping Reservations

Reservations are required March through November for campers in Yosemite Valley’s car campgrounds and summer through fall for Hodgdon Meadow, Crane Flat, Wawona, and half of Tuolumne Meadows. All other campgrounds (except group and stock campgrounds) are first-come, first-served. Campground reservations are available up to five months in advance, on the 15th of each month at 7 am Pacific time. Log onto the website or call as soon as possible as some campgrounds fill within a few minutes of the opening period.

For campground reservations, visit www.recreation.gov (recommended) or call 877/444-6777 or TDD 877/833-6777 or 518/885-3639 from outside the US and Canada.

Hours:

7 am to 7 pm Pacific time (November through February)
7 am to 9 pm Pacific time (March through October)

Reservation offices in the park are located in the visitor parking area at Curry Village (shuttle bus stop #4), the Tuolumne Meadows Campground entrance, in Wawona off Chilnualna Falls Road, and at Big Oak Flat Information Station.

Yosemite Valley

There is a 30-day camping limit within Yosemite National Park in a calendar year; however, May 1 to September 15, the camping limit is 14 days and only seven of those days can be in Yosemite Valley or Wawona.
Camp 4 is a walk-in campground and is open all year on a first-come, first-served basis; these campers are not wheelchair accessible. Sites are available on a per-person basis, and six people will be placed in each campsite, regardless of number of people in your party. Camp 4 often fills before 9 am each day, May through September.

Camping in Areas Surrounding Yosemite

The U.S. Forest Service (USFS) operates a variety of campgrounds on a seasonal basis near Yosemite. For additional information, contact Groveland Ranger Station at 209/962-7825, Mariposa Ranger Station at 209/966-3638; Mono Lake Ranger Station at 760/647-3044; or Oakhurst Ranger Station at 559/683-4636. For private campgrounds outside Yosemite, call the respective chamber of commerce or visitor bureau listed on page 10.

Group Campgrounds

There are group campsites at Tuolumne Meadows, Hodgdon Meadow, Wawona, and Bridalveil Creek Campgrounds. Reservations can be made the same way as individual site reservations; 13 to 30 people are allowed in each group campsite. Tent camping only. Pets, RVs, and generators are not permitted in group sites.

General Info...

To check same-day camping availability, call 209/372-0266

Services

• All camps include picnic tables, firepits with grills, and a food locker (33” x 45” x 18”). See page 5 for food storage regulations.
• Toilets are available in campgrounds; however, Tamarack Flat, Yosemite Creek, and Porcupine Flat have non-flushing vault toilets only and no potable water.
• Shower and laundry facilities are available year-round in Yosemite Valley.
• RVs over 24 feet are not recommended for Tamarack Flat, Yosemite Creek, and Porcupine Flat campgrounds, and RVs are not permitted in walk-in and group campsites. There are no hookups in Yosemite campgrounds, but there are sanitary dump stations in Yosemite Valley (all year), and summer only in Wawona and Tuolumne Meadows.

Regulations

• Proper food storage is required 24 hours a day.
• A maximum of six people (including children) and two vehicles are allowed per campsite.
• Quiet hours are from 10 pm to 6 am.
• Where permitted, pets must be on a leash and may not be left unattended.

Campfires

• In Yosemite Valley between May 1 and September 30, campfires are permitted between 5 pm and 10 pm. At other times of the year and in out-of-Valley campgrounds, fires are permitted at any time, as long as they are attended.
• Firewood collection (including pine cones and pine needles) is not permitted in Yosemite Valley; you may purchase firewood at stores near the campgrounds.

Featured Hike
The Mist Trail to Vernal and Nevada Falls

Vernal Fall footbridge: 1.6 miles/2.6 km round-trip, 1.5 hours with 400 ft./122 m elevation gain
Vernal Fall: 2.4 miles/3.9 km round-trip, 3 hours with 1,000 ft./366 m. elevation gain (via Mist Trail)
Nevada Fall: 5.4 miles/8.7 km round-trip, 5 to 6 hours with 2,000 ft./610 m. elevation gain (via Mist Trail)

Begin at Happy Isles (shuttle stop #16)

Trail Description:
An excellent view of Vernal Fall is visible from the footbridge at 0.75 miles (1.3 km). Beyond the bridge, at 0.2 miles, the Mist Trail and the John Muir Trail diverge. To proceed directly to the top of Vernal Fall, follow the Mist Trail 0.5 mile (0.8 km) up a steep granite stairway of over 600 steps. Prepare for slippery footing and a tremendous amount of waterfall spray in spring and early summer. The top of Nevada Fall may be reached by continuing 1.3 miles (2.1 km) along the Mist Trail.

Things to know before you go:
• Swimming is not permitted in the Hetch Hetchy reservoir or in Emerald Pool above Vernal Fall.
• Stay away from swiftly-moving water. Keep children from wandering on or near these hazards. Choose swimming areas carefully and swim only during low water conditions.
• Always supervise children closely.
• Avoid areas of whitewater, where streams flow over rocky obstructions.
• Never swim or wade upstream from of a waterfall, even if the water appears shallow and calm. Each year, unsuspecting visitors are swept over waterfalls to their deaths when swimming in these areas.
LeConte Memorial Lodge
First Permanent Visitor Center in Yosemite Valley & Home of the Sierra Club in Yosemite National Park

By Bonnie J. Gisel, Ph.D., Curator, LeConte Memorial Lodge

Before Yosemite National Park undertook the construction of a visitor center and before the National Park Service was created in 1916, the Sierra Club, in 1903, built LeConte Memorial Lodge, the first permanent public information center in Yosemite Valley. The Memorial honors the life and legacy of Dr. Joseph LeConte, founding member and board member of the Sierra Club; professor of Geology at the University of California, Berkeley; and colleague of John Muir. LeConte supported Muir’s ideas about the glaciation of Yosemite Valley at a time when Josiah Whitney, director of the California Geological Survey, not only disagreed with Muir’s findings but went so far as to call him a sheepherding ignoramus.

Open to all Yosemite National Park visitors from May 1 until September 30, Wednesday through Sunday, from 10 am until 4 pm, the Memorial offers interpretive exhibits that showcase the life of LeConte, the history of Yosemite National Park including the significant work undertaken by Muir and Robert Underwood Johnson to create Yosemite National Park, the Sierra Club’s environmental victories, and climate change. In addition there is a natural history library and a children’s activity corner. Free programs are offered Friday, Saturday, and Sunday evenings at 8:00 pm and present natural history and environmental issues; storytelling, concerts; art activities; narrative hiking videos; the history of Yosemite Valley and Yosemite National Park and the many individuals whose memory we have not forgotten—including Galen Clark, Theodore Roosevelt, and, of course, John Muir. The Sierra Club, created in 1892 to assist in the preservation of the newly created Yosemite National Park, founded in 1890, established a presence in Yosemite Valley in 1898. Renting two rooms in a small cottage built by Adolph Sinning, a Yosemite wood carver, the Sierra Club “Reading Room” provided photographs, an herbarium [a collection of dried native plants], maps, and books, and enabled the Club to assist visitors and work with authorities in preserving the Park. When LeConte died in Yosemite Valley in July 1901, just as the Sierra Club was about to embark from Curry Village on its first High Sierra trip (today called “Outings”), a decision was made to build LeConte Memorial Lodge not far from where LeConte died. The $4,500 necessary to fund the construction of the Memorial was contributed by faculty, alumni, and students from the University of California, faculty from Stanford University, prominent San Francisco merchants, geologists and mining engineers; and LeConte relatives and friends. The Sierra Club levied a $1.00 assessment on each of its 764 members to help fund the construction.

The design for LeConte Memorial Lodge is attributed to John White, who was influenced by his brother-in-law Bernard Maybeck. Maybeck, who developed the “First Bay Tradition” of architecture, was renowned for incorporating the stylistic qualities of Gothic Tudor Revival and the Arts and Crafts movement. He proposed that building design should be derived from native building materials and that the site location should determine the design of the building. Maybeck favored sharply pitched roofs, high central spaces without horizontal ties, and a massive fireplace that dominated a focal wall. LeConte Memorial Lodge captures these elements, and adopted the verticality, color, and texture of Yosemite Valley. Featuring rough-hewn granite masonry, a steep-pitched wooden gabled roof, exposed hammer beams, and scissor trusses, the building lends itself to lofty thoughts and inspiration.

Constructed at the base of Glacier Point in Curry Village, at what was in 1903 the northern terminus of the John Muir Trail, the Memorial was dedicated on July 3, 1904. Moved to its present location on Southside Drive in 1919, the facility has been guided by a succession of curators. Perhaps the most noteworthy was a young Ansel Adams, who joined the Sierra Club in 1919 to become the caretaker from 1920 until 1923.

Today, LeConte Memorial Lodge is owned by the National Park Service and the Sierra Club operates the building under an agreement with the NPS as a public service with public access to all visitors to Yosemite National Park. Designated a National Historic Landmark in 1987, the Memorial was the first center of naturalist activities and lectures for Yosemite visitors. Through interpretive environmental education exhibits, programs, and projects, the legacy of stewardship continues today. Through the service of Sierra Club volunteers, LeConte Memorial Lodge opens each season to welcome visitors to Yosemite National Park and continues to inspire generations to enjoy, explore, and protect the natural world. In keeping with the goals of the National Park Service, LeConte Memorial Lodge is dedicated to serving as a model for the preservation and conservation of America’s natural and historic resources.
Enhance the Visitor Experience

It takes a legion of people working together to protect this special park for you and future generations of visitors. You too can extend your connection to Yosemite well after you return home by getting involved with the organizations that partner to preserve Yosemite.

This publication was made possible by the Yosemite Park Partners listed on this page. Read more below or visit www.yosemitepartners.org to learn more about helping these organizations provide for the future of Yosemite National Park.

The Ansel Adams Gallery
The Ansel Adams Gallery, owned by the family of photographer Ansel Adams since 1902, is a center that celebrates the arts and the natural grandeur of our environment. It cultivates an aesthetic appreciation and concern for our world by offering visitors a unique variety of literature and art, as well as programs that inspire creativity. Visit online at: www.anseladamsgallery.com.

NatureBridge
NatureBridge provides residential field science programs for youth in the world’s most spectacular classroom - Yosemite National Park. Through active student engagement, our faculty teaches science, history, and the arts and gives these subjects context through personal experience. A NatureBridge adventure strives to foster a life-long connection to the natural world and responsible actions to sustain it. Find out more about our year-round programs for schools and summer programs for individual teens at www.naturebridge.org/yosemite

Yosemite Conservancy
Yosemite Conservancy is the nonprofit formed by a merger of the Yosemite Association and The Yosemite Fund. The Conservancy has a long history in Yosemite with over 100 years of combined experience supporting the park. Yosemite Conservancy can make the difference you see around you because we are the only philanthropic organization that is dedicated exclusively to Yosemite.

Our mission remains the same: Providing for Yosemite’s future is our passion. We inspire people to support projects and programs that preserve and protect Yosemite National Park’s resources and enrich the visitor experience. The Yosemite Conservancy has funded over 300 projects through 60 million in grants to help preserve and protect the park. The work of the Conservancy can be found in every aspect of the visitor experience from trail restoration, bear-proof lockers, wilderness permits, wildlife preservation, outdoor education and so much more. Annually the Yosemite Conservancy recruits over 400 volunteers to work in the park to repair trails, remove invasive species, and provide visitor information.

For more information, visit park bookstores or go online at: www.yosemiteconservancy.org

DNC Parks & Resorts at Yosemite
DNC Parks & Resorts at Yosemite (DNC) operates hotels, restaurants, sightseeing tours, recreational activities, interpretive programs, stores, shuttles and service stations in the park under contract with the U.S. Department of the Interior. DNC encourages its employees to develop a strong relationship with the park during their tenure.

For more information and employment opportunities with DNC at Yosemite, visit online at: www.YosemitePark.com

Volunteer in Yosemite
Over 9,300 volunteers donated more than 177,000 hours of service to Yosemite last year, restoring native habitat, working in visitor centers, serving as camp hosts, studying wildlife, cleaning up litter and more. Would you like to serve? We have group and individual volunteer opportunities, both short term and long term. Learn more at www.nps.gov/yose/supportyourpark/volunteer.htm or call the volunteer office at 209/379-1850.

In response to visitor comments regarding traffic in Yosemite Valley, the National Park Service will convert one lane of South Side Drive (the road leading into Yosemite Valley) into a bus lane to provide for better flow of traffic for shuttle buses, Valley Floor Tour trams, public transit, commercial tour buses, and emergency vehicles during the summer of 2012. This pilot traffic management project will run from 9:00 am - 7:00 pm every day beginning Monday, May 21. The park service will evaluate the effectiveness of this program in June to determine if this bus lane should continue for the rest of the summer. Expect additional traffic signs and directions from traffic personnel this summer while you are enjoying your visit to Yosemite Valley.

Join park and partner staff to learn about projects and plans at a free monthly public Open House! Open Houses will be held at the Yosemite Valley Visitor Center Auditorium on:

May 30 1-4pm, 2 pm presentation on Mariposa Grove Restoration Plan
June 27 1-4pm

Park fees are waived for those attending. For more information, visit us on the web at www.nps.gov/yose.
