The Valley Visitor Shuttle operates from 7 am to 10 pm and serves stops in numerical order. Shuttles run daily every 10 to 20 minutes, depending on time of day.
The El Capitan Shuttle operates from 9 am to 6 pm. Shuttles run daily during summer every 30 minutes.
The Express Shuttle operates from 9 am to 6 pm. Shuttles run daily during summer every 20 minutes.
Seasonal Highlights

Keep this Guide with you to get the most out of your trip to Yosemite National Park.

What do you want to do with your special time in Yosemite? Whether you want to get your heart rate up with a strenuous hike, read a book in a quiet spot, or just hang out in a picnic area or campground with friends, by late spring, the days are long and the possibilities abound!

Walk to a Waterfall
Yosemite Valley is famous for its awe-inspiring waterfalls; each as distinct as the granite cliffs they dive over. While Yosemite Falls may dry early this year due to dry conditions, Vernal and Nevada Falls flow all year. Be safe! Even in drought years water ways, including rivers, streams, and lakes, can be dangerous.

Travel Back in Time
Visit Wawona’s Pioneer Yosemite History Center and join “Buckshot” for a horse-drawn stage ride! These 10-minute rides introduce you to an early chapter in Yosemite’s history. Fun for the whole family. (See pages 8 and 9 for history center and other program information.)

Have Fun with the Family
Learn about Yosemite, meet a park ranger, and have a blast becoming a Yosemite Junior Ranger or Yosemite Little Cub. Check in with any visitor center to find out how. Stop by the Nature Center at Happy Isles for another great place to explore with the family. (See page 12 for more!)

Stroll with a Ranger
Learn about the wonders of the park on a ranger-guided stroll. Programs are offered daily throughout the park on a variety of topics including waterfalls, trees, bears, geology, and more. (See area program grids for more information.)

Get outside and enjoy your park!
Summer offers spectacular views of waterfalls, great hiking, and endless other opportunities for recreation.

Ask a Climber Program
Do you see the climbers? How do they get up there? How do they get down? Where do they sleep? Join Yosemite Climbing Rangers at the El Capitan Bridge to answer any question you can think of about rock climbing in Yosemite. Use telescopes and climbing equipment to get a glimpse into the world of climbing on the big walls of Yosemite Valley. Ask A Climber is also for climbers! Come congregate at the bridge to swap stories, talk safety, and get information about climbing routes. Daily 11am-3pm.

Take a Photography Class
Learn how to best capture the landscape of Yosemite by joining a photography expert from The Ansel Adams Gallery. Several classes are offered each week. Learn more and sign up at The Ansel Adams Gallery located in Yosemite Village at shuttle stops #5 and #9. (See pages 6 and 7 for times and meeting places.)

Discover the Night Sky
Attend the “Starry Skies Over Yosemite Valley” for a wild ride through the universe to learn about stars, constellations, planets, meteors, and other night sky features, all from the comfort of Yosemite Valley. Sign up at any tour desk.

Go to the Theater
Yosemite Theater offers entertainment and inspiration through a variety of live theater performances that bring Yosemite’s history to life. Come see special live performances featuring actors portraying John Muir and Teddy Roosevelt to honor the 150th anniversary of the Yosemite Grant. (See pg. 6 & 7 for show and starting times.)

Get Outdoors With Yosemite Conservancy
Yosemite Conservancy is passionate about sharing Yosemite’s wonders. Spend a weekend observing the lives of birds or summit Half Dome with an expert leading you every step of the way. Looking for a custom Yosemite experience? Contact us to plan a Custom Adventure for your family or group. Visit yosemiteconservancy.org/ adventures or 209/379-2317 ext. 10 to find your adventure today.

Yosemite Art Center Workshops
Yosemite Conservancy invites you to participate in one of our enriching and fun art workshops. Workshops are held Monday-Saturday in Yosemite Valley. There is a registration fee of $10 per visitor. Register in advance by calling 209/372-1442. Workshops take place at the Yosemite Art Center located next to the Village Store. Art supplies, gifts and original art are available for purchase. Open daily 9am-4:30pm (closed at 12pm for lunch). (See pg. 6 for details.)

Access for People with Disabilities
Accessible parking, lodging, tours, and activities are available throughout the park.

For a complete list of accessible services, recreational opportunities, and exhibits, pick up an updated Yosemite Accessibility Guide which is available at park entrance stations, visitor centers, and online at www.nps.gov/yoav/planyourvisit/accessibility.htm, or call a park accessibility coordinator at 209/379-1035 for more information.

Accessible parking spaces are available just west of the Yosemite Valley Visitor Center. To reach these, enter the Valley on Southside Drive. Turn left on Sentinel Drive. Turn left on Northside Drive, and follow the blue and white signs.

A sign-language interpreter may be available for deaf and hard-of-hearing visitors. Please contact the park’s deaf services coordinator (209/372-0645) to request an interpreter. Advance notice is requested. Assistive Listening Devices are available upon advance request. Inquire at a visitor center.

Audio tours are available for the Yosemite Valley Visitor Center and the Mariposa Grove of Giant Sequoias. Refer to the accessibility guide, or contact an accessibility coordinator for more information.

Emergency Information

Emergency Dial 911
Yosemite Village Garage offers 24-hour emergency roadside assistance, 209/372-1060.

For up-to-date road, weather, and park information: 209/372-0200

Medical Clinic (In Yosemite Valley): Open 7 days per week from 9:00 AM to 7:00 PM for primary and urgent care needs. Phone: 209/372-4637

Dentist Clinic (In Yosemite Valley): 209/372-4200

Lost and Found

To inquire about items lost or found at one of Yosemite’s restaurants, hotels, lounges, shuttle buses or tour services, call 209/372-4357. For items lost or found in other areas of the park, call 209/379-1001.
Discover Yosemite

Let your curiosity guide you to new places

Yosemite Valley
Yosemite Valley, open all year, is world-famous for its impressive waterfalls, cliffs, and unusual rock formations. You can get there via Highway 41/Wawona Road from Fresno, Highway 140/El Portal Road from Merced, Highway 120 west/Big Oak Flat Road from Manteca, and (during summer) via the Tioga Road/Highway 120 east from Lee Vining. Yosemite Valley is home to massive cliff faces like El Capitan and Half Dome, plunging waterfalls including the tallest in North America, and attractive meadows. While Yosemite Falls slows to trickle by August, a moderate hike will bring you to impressive Vernal and Nevada Falls. Walk to Mirror Lake, where you will see reflections of Half Dome. Gaze up at El Capitan, a massive granite monolith that stands 3,593 feet from base to summit. Whether you explore the valley by foot, bike, car, on horseback, raft, or tour, you will behold scenery that will leave you breathless and eager to see what’s around the next corner.
Glacier Point

Glacier Point, an overlook with a commanding view of Yosemite Valley, Half Dome, and the Yosemite's high country, is located 30 miles (a one-hour drive) from Yosemite Valley or Wawona. To get there from either of these places, take the Wawona Road (Highway 41), to Chinquapin, then turn onto Glacier Point Road. At Glacier Point, a short, paved, and wheelchair-accessible trail takes you to an exhilarating—some might say unnerving—view 3,214 feet down to Yosemite Valley below.

Wawona and Mariposa Grove

The Mariposa Grove of Giant Sequoias is located 36 miles (1 ¼ hours) south of Yosemite Valley via the Wawona Road (Highway 41), two miles from the park’s South Entrance. The nearby Pioneer Yosemite History Center in Wawona is a collection of historic buildings associated with people and events that shaped the national park idea in Yosemite. Enjoy a horse-drawn stage ride, watch blacksmiths at work at the blacksmith shop, or hike one of the scenic trails. For more information, visit the Wawona Visitor Center at Hill’s Studio, adjacent to the historic Wawona Hotel. This was once a painting studio for the 19th-century artist Thomas Hill. The Mariposa Grove of Giant Sequoias is a short drive or help reduce congestion by taking the free shuttle from the Wawona Store.

Tioga Road and Tuolumne Grove

Tioga Road offers a 39-mile scenic drive past forests, meadows, lakes, and granite domes. It is usually open from late May or early June through sometime in November. The road’s elevation ranges from 6,200 to nearly 10,000 feet, so it offers an opportunity to experience many of Yosemite’s habitats. The White Wolf area, midway across the park, is the starting point for day hikes to Lukens Lake and Harden Lake. To see giant sequoias, park at the Tuolumne Grove parking area on the Tioga Road, and walk one steep mile down to the grove. Or park at Merced Grove trailhead on Big Oak Flat Road and walk 1 ½ steep miles down to the grove. These groves are smaller than the more-famous Mariposa Grove, but are quieter and off-limits to vehicles. Remember: walking down is easier than walking back up.

Tuolumne Meadows

Tuolumne Meadows provides a glimpse of the High Sierra. The Wild and Scenic Tuolumne River winds through broad sub-alpine meadows surrounded by even higher granite domes and peaks. It is the jumping off place for countless hikes, whether you venture out for a day or a week. Stop at the Tuolumne Meadows Visitor Center for information about hiking to Cathedral Lakes, Elizabeth Lake, Dog Lake, Lembert Dome, or along the Tuolumne River through Lyell Canyon. Take advantage of the free shuttle service in Tuolumne Meadows or the Tuolumne Meadows Tour and Hikers’ Bus from Yosemite Valley.

Hetch Hetchy

Hetch Hetchy Reservoir, a source of drinking water and hydroelectric power for the city of San Francisco, is also home to spectacular scenery and the starting point for many wilderness trails. Due to its importance as a municipal water supply, no swimming is permitted, however. Hetch Hetchy Reservoir is located 40 miles from Yosemite Valley. The Hetch Hetchy Road is open 7 am to 9 pm May 1 through Labor Day, with reduced hours during the rest of the year. Hetch Hetchy Road is accessible via the Big Oak Flat Road and Evergreen Road and is approximately a 1 ¼-hour drive from Yosemite Valley. Trailers, vehicles over 25 feet long, and RVs and other vehicles over 8 feet wide are not allowed on the narrow, winding Hetch Hetchy Road.

DID YOU KNOW:

• Swift water and underwater hazards like boulders and tree snags aren’t the only things to be aware of when exploring Yosemite’s river and creek areas. In an average year, the temperature of the Merced River at Happy Isles varies from 58°F (14°C) to 36°F (2°C). Even expert swimmers quickly lose their strength in the icy water. Just one more reason to stay clear of potentially slippery rocks around water areas, and wear a personal flotation device when rafting.

• Yosemite Search and Rescue responds 250 incidents in the park each year; nearly one-third of those incidents happen on trails leading to Half Dome. Weather conditions and personal preference affect the amount of water you need, but suggested minimum amounts per person are: 1 gallon (4 liters) if hiking to the top of Half Dome, 2 quarts (2 liters) if hiking only to the top of Nevada Fall, 1 quart (1 liter) if hiking only to the top of Vernal Fall.

Want the Guide on your Apple or Android device?

Search NPS Yosemite in app stores or at nps.gov/yose/planyourvisit to download the official park app for up-to-date listings of programs, services, an interactive map, and more!
The Incomparable Yosemite Valley
Yosemite Valley embraces one of the world’s most outstanding concentrations of waterfalls, granite walls, meadows, wildflowers, and trees. The Valley also harbors a rich collection of human stories, from American Indian lore to the birth of the national park movement.

Yosemite Valley
An unlimited array of possibilities await you in Yosemite Valley. Most involve sightseeing and learning about the scenery. See pages 5, 6, and 7 for more information on program topics and visitor services available.

Naturalist Programs
Naturalists give walks and talks every day about Yosemite’s natural and cultural history. See pages 6 and 7 for scheduled walks, talks, and evening programs.

Walking and Hiking
From easy walks to LOWER Yosemite Fall, Cook’s Meadow, and Mirror Lake to strenuous hikes to the top of Yosemite Falls or Nevada Fall, Yosemite Valley has a wide range of walking and hiking possibilities. See page 17 for a list of hikes.

Bicycling
Several miles of bicycle paths wind through Yosemite Valley. You can use your own bicycle or rent one from Yosemite Lodge or Curry Village. Bikes are only allowed on paved bicycle paths.

Tours
Tours listed depart from Yosemite Lodge. Tours may be weather dependent.

The Valley Floor Tour is a 26-mile, two-hour open-air tram tour narrated by a park ranger (weather permitting). The tour departs Yosemite Lodge several times daily. Check Tour & Activity Desk for times.

The Glacier Point Tour leaves Yosemite Lodge at 8:30 am, 10 am, and 1:30 pm daily when the Glacier Point Road is open. One-way tickets are available for those who want to hike down from Glacier Point.

The Grand Tour includes the Valley, Glacier Point, and the Mariposa Grove. An experienced guide narrates each tour. The tour departs Yosemite Lodge at 8:45 am daily.

Call 209/372-1240 for reservations or inquire at the tour desk at Yosemite Lodge, Yosemite Village, Curry Village, and The Ahwahnee.

Mule & Horseback Rides
Horse or mule rides begin at the stable near North Pines Campground. Stable hours are 7:30 am to 5 pm daily. Information: 209/372-8348.

Sightseeing
Some of the famous landmarks in Yosemite Valley include:

- **Yosemite Falls** gives the Valley an extra touch of life when it’s flowing with spring runoff. You can walk to its base or take the strenuous trail to its top (see page 17).
- **Half Dome**, Yosemite’s most distinctive monument, dominates most views in Yosemite Valley. Forces of uplift, erosion from rivers and glaciers, and rockfall all shaped this famous feature into what we see today. Cook’s Meadow, Sentinel Bridge, Tunnel View, and Glacier Point, are just a few locations with stunning views of Half Dome.
- **El Capitan**, a massive granite monolith, stands 3,593 feet from base to summit. From spring to fall, climbers come from all over the globe to scale El Capitan.
- **Happy Isles** is a place to see dramatic natural processes at work. It is easily reached by shuttle at stop #16 or by walking from Curry Village. Cross the footbridges onto the isles or wander through outdoor and indoor exhibits detailing Yosemite’s geologic story.
- **Tunnel View**, along Wawona Road (Hwy 41) provides a classic view of Yosemite Valley. El Capitan, Half Dome, Sentinel Rock, Cathedral Rocks, and Bridalveil Fall. It is spectacular at sunset or after the clearing of a storm.

**Yosemite Valley**

Where to go and what to do

---

Valley Visitor Center and Bookstore

The Yosemite Valley Visitor Center is open from 9am to 5pm, and bookstore hours are 9am to 7pm. The visitor center is west of the main post office (shuttle stops #5 and #9). The facility offers information, maps, and books. Explore the exhibits and learn how Yosemite's landscape formed and how people interact with it.

**YOSEMITE FILMS**

Two films are shown daily, every half hour beginning at 9:30am (except on Sundays, when the first showing is at noon). The last film is at 4:30pm. “Ken Burns’ Yosemite: A Gathering of Spirit” plays on the hour and The Spirit of Yosemite” plays on the half hour. Valley Visitor Center Theater.

**Yosemite Museum**

Located in Yosemite Village next to the Valley Visitor Center.

**INDIAN CULTURAL EXHIBIT**

Open 9am to 5pm. Interprets the cultural history of Yosemite’s Miwok and Paiute people from 1850 to the present.

**YOSEMITE MUSEUM STORE**

Open daily from 9 am to 5 pm. The store offers books and traditional American Indian arts, crafts, jewelry, and books.

**YOSEMITE MUSEUM GALLERY EXHIBIT**

“Yosemite, the Grand Experiment” This Yosemite Museum exhibit commemorates the 150th anniversary of the Yosemite Grant with a display of artwork, documents and artifacts from that early period. Photographs and paintings of visitors and the landscape, including some of the earliest images, will be included from the park’s museum collection. The Grand Register of the Cosmopolitan Saloon will be on view. The Edmunds report, a review of the proposed land grant sent days before the grant legislation was signed into law in 1864, will be on loan from the National Archives in Washington, D.C. Digital slide shows will supplement the paintings and photographs on exhibit. A video presentation will feature scholars discussing the importance of the grant, and the influence of painting and photography on the movement to protect public lands and remarkable scenery. An audio kiosk will feature quotations from a variety of historic figures from Yosemite’s past. This project was made possible through the generous support of Yosemite Conservancy donors. Yosemite Museum Gallery, June 3 through September 30, open daily 9 to 5; from October 1 through October 18, open daily from 10 to 12 and 1 to 4.

**Wilderness Center**

Open 8 am to 5 pm. Visit the wilderness center to learn about wilderness safety, plan trips, obtain wilderness permits and maps, and rent bear canisters. The Valley Wilderness Center is located in Yosemite Village, between the post office and Ansel Adams Gallery.

---

Nature Center at Happy Isles

9:30 am to 5 pm, beginning May 23 through September. Designed for nature-exploring children and their families, the nature center offers natural-history exhibits and a bookstore. The nature center is a short walk from shuttle stop # 16.

**Yosemite Art Center**

The Yosemite Art Center offers a selection of original art and art supplies, as well as four-hour art workshops daily (see pg. 6). Located near the Village Store, the Center is open 9 am to noon and 1 pm to 4:30 pm daily.

**Yosemite Theater**

Yosemite Theater offers entertainment and inspiration through a variety of live theater performances. Revel as park ranger Shelton Johnson and other performers bring the park’s adventures to life! Tickets $8 adults, $4 children.

**The Ansel Adams Gallery**

In Yosemite Village next to the Valley Visitor Center, the gallery is open daily from 9am to 6pm. The gallery offers the works of Ansel Adams, contemporary photographers, and other artists. See page 6 for photo walk times. For more information, call 209/372-4413, or visit www.anseladams.com.

**EXHIBITS**

- “Generation V” – Black & White Photography from Yosemite April 6 through May 31, 2014
- “As Others See It: Photographs from Inspired Generations” June 1 through July 26, 2014
- Not long after the Mariposa Battalion’s discovery of the Yosemite Valley in 1851, the first artist undertook the arduous journey to see it firsthand. Photographers, technically capable of “documenting” the now-fabled valley, were soon to follow. And the rest, as they say, is history. These photographers ultimately became the first promoters of the soon-to-be park, and by proxy, early environmentalists as well. Their photographs lent a voice to Lincoln, prompting the creation of the Yosemite Grant in 1864. Today, this symbiotic relationship continues. Traveling long distances to be here, we become surrogates for preservation and recreation. Starting June 1st and running through July 26th, The Ansel Adams Gallery will host “As Others See It” – exhibiting a variety of work from early 19th century artists, to contemporary artists working today – showcasing the wisdom of The Yosemite Grant, and how this park inspires each of us in unique and fulfilling ways.

---

LeConte Memorial Lodge

LeConte Memorial Lodge is open Thursday through Sunday from 10 am to 4 pm, with evening programs Friday, Saturday, and Sunday evenings, and some Thursday evenings. Evening programs are scheduled for 8:00 pm and are free. The Lodge has a library, children’s corner, and a new climate change exhibit. The Lodge is located at shuttle stop #12.

Yosemite Conservancy Outdoor Adventures (YC)

Yosemite Conservancy is passionate about sharing the wonders of Yosemite through outdoor adventure programs. Join one of the many year-round programs available and explore everything Yosemite has to offer.

June 6 - June 8

The Lives of Birds: Yosemite Valley

Yosemite Conservancy will explore some of the most beautiful and diverse bird species in Yosemite Valley, including tanagers, grosbeaks, orioles, vireos, flycatchers and plenty of warblers.

June 13

Soak up the Sun on the Longest Day

June 20 - June 21

Witness Revegetation of Shrubs and Trees

June 14 - June 15

The Pursuit in the Dark

Including tanager, grosbeak, oriole, vireo, flycatcher and plenty of warbler.

Yosemite Theater (YC)

Yosemite Theater offers entertainment and inspiration through a variety of live theater performances. Join park ranger Shantel Johnson and other performers bring the park's adventures to life! Tickets $8 adults, $4 children.

SUNDAYS

June 9 - June 14

Playful Acrylic Yosemite Landscape

Tina Gleave

Watercolor Yosemite: As You See It,

Painting From the Heart: Watercolor

June 2 - June 7

Serendipitous Spring: Watercolor

June 13

Yosemite Conservancy invites you to enjoy a hands-on art experience in Yosemite Valley. Celebrated artists lead workshops from 10am - 2pm Monday through Saturday.

Yosemite Art Center Workshops (YAC)

Yosemite Conservancy invites you to enjoy a hands-on-art experience in Yosemite Valley. Celebrated artists lead workshops from 10am - 2pm Monday through Saturday.

SUNDAYS

May 19 - May 24

Serenade in Progress: Watercolor, Soria Hamilton

May 26 - May 31

Rushing Water, Silent Stone: Watercolor, Roge Falk

June 2 - June 7

Painting From the Heart: Watercolor, Robert Dvorak

June 9 - June 14

Watercolor Yosemite: As You See It, John Formia

June 16 - June 21

Landscape Painting on Silk, Tina Gleave

June 23 - June 28

Playful Acrylic: Yosemite Landscape, Byron Spicer

There is a registration fee of $10 per visitor, supplies are available for purchase.

SCHEDULED EVENTS
IN YOSEMITE VALLEY

May 21, 2014 - June 24, 2014

MORNING

9:00am

CHILDREN’S THEATER LIVE: RANGER NED’S BIG ADVENTURE! 1 hr. Curry Village Amphitheater (DNC)

9:15am

Adventures in the High Sierra (YC) 1 hr. Church of Jesus Christ of Latter-day Saints

9:30am

Birdwalk in the Woods 2 hrs. Meet at the Yosemite Art Center for an easy stroll to explore the streamsites of Yosemite Valley. (YC) 0.5 hr.

9:30am

**Programs printed in ALL CAPS AND COLOR are especially for children and their families.**
Wawona, Mariposa Grove, and Glacier Point

Explore History, Discover Giant Trees, and Find Amazing Vistas

These park areas offer endless opportunities for amazing experiences.

Wawona & Mariposa Grove

Coffee with a Ranger
Grab your mug and join a ranger in the Wawona Campground Amphitheater for coffee, tea, and hot cocoa. Use this time to plan your day or to get other questions answered. See page 9 for scheduled programs.

Evening Programs
Join pianist/singer Tom Bopp in the Wawona Hotel lobby from 5:30 pm to 9:30 pm, Tuesday through Saturday, as he performs songs and stories from Yosemite’s past. Once or twice a week, he will present an hour-long interpretive program on the vintage songs of Yosemite or the history of Wawona with slide or music accompaniment. Check with Tom at the piano for dates and times.

Wawona Visitor Center at Hill’s Studio
The Wawona Visitor Center at Hill’s Studio is open daily from 8:30 am to 5 pm. The visitor center offers information about park activities, wilderness permits, trail information, books, bear canister rentals, and maps. Located on the grounds of the Wawona Hotel, Hill’s Studio was the gallery and art studio of the famous 19th-century landscape painter, Thomas Hill. Walk from the hotel or park at the Wawona store parking area and follow the path up the hill.

Pioneer Yosemite History Center
Go back to a time of horse-drawn wagons, a covered bridge, and log cabins. A visit to the Pioneer Yosemite History Center explores Yosemite’s history and explains how Yosemite was the inspiration for national parks across America and around the world. The center is always open, and interpretive signs and brochures are available.

Experience Horse-Drawn Travel
Travel into history by taking a 10-minute horse-drawn stage ride. Tickets may be purchased at the Stage Office in the Pioneer Yosemite History Center. See page 9 for dates, times, and locations. $5/adults and $4/child (ages 3-12)

Blacksmith Shop
Smell the burning coal, hear the ring of the hammer on the anvil, and watch a demonstration of the ancient art of blacksmithing. See page 9 for dates, times, and locations.

Mariposa Grove
Located near Yosemite’s South Entrance, the Mariposa Grove is the park’s largest stand of giant sequoias, with about 900 trees. A few of these giants are visible in the parking area. Information about access for disabled people is available at the tram boarding area.

Getting to Mariposa Grove
Allow ½ hours driving time to reach the grove from the Valley. Cars are prohibited beyond the grove parking lot. The access road to the grove may close intermittently due to limited parking.

FREE MARIPOSA GROVE & WAWONA SHUTTLE
A shuttle stops at the Wawona Store, South Entrance, and Mariposa Grove. Visitors may park at the Wawona Store to board the bus. Shuttles operate beginning at 9 am, and the last shuttle leaves the grove at 7 pm, or after the last tour. Please use this free bus service to help reduce congestion and parking delays.

Walking through the Grove
Trails into the grove extend uphill from the trailhead at the far end of the parking area. Interpretive signs between the trailhead and the California Tree provide a self-guiding tour. Written translations are available at the trailhead in Spanish, German, French, and Japanese.

Dogs/bikes are not permitted anywhere in the Grove

Programs printed in **ALL CAPS AND COLOR** are especially for children and their families.
Tuolumne Meadows, White Wolf, and Crane Flat

Tuolumne Meadows

Please walk on official trails to protect fragile meadow ecosystems.

Dogs, bicycles, and strollers are only allowed on roads open to vehicles.

Day-hikers and backpackers must go to the bathroom at least 100 feet away from water, trail, and camp areas; bury human waste six inches deep; pack out toilet paper and all other trash.

Tuolumne Meadows Visitor Center

Once open for the season, hours will be 9am to 5pm. Park orientation, trail information, books, maps, and displays available. 209/372-0263

Tuolumne Meadows Wilderness Center

Open 8:30 am to 4:30 pm. Visit the wilderness center to learn about wilderness safety, plan trips, obtain wilderness permits and maps, and rent bear canisters. The Tuolumne Meadows Wilderness Center is located just south of Tioga Road, along the road to Tuolumne Meadows Lodge, across from shuttle stop #3.

Just for Kids

Programs for children include Junior Rangers, a two-hour, ranger-led program for children (ages 7-12), and Campfire for Kids. Program schedule begins June 28.

Parsons Memorial Lodge, McCauley Cabin, and Soda Springs

Two trails, both flat and 3/4-mile long, lead to this historic area accessible only by walking. Parsons Memorial Lodge will be open from 10am to 6pm beginning mid-June. Soda Springs are small, naturally-carbonated springs that attract birds and deer, especially at sunrise and sunset.

Ranger Walks

Join a ranger to explore new areas and learn about geology, birds, flowers, history, the Tuolumne River, and more. These walks range from one to eight hours and, except for the long walks, are fairly easy. Program schedule begins June 28.

Evening Activities

Come to a traditional, ranger-led campfire program for stories, songs, and insight into Yosemite. Program topics vary and are posted at the campground, Tuolumne Meadows Lodge, and Tuolumne Meadows Visitor Center. End your day with a star program—bring a pad to sit on and dress warmly. Program schedule begins June 28.

Mule and Horseback Rides

Horse or mule rides begin at the Parsons Lodge. A mule and horseback ride begins mid-June. Soda Springs are located fairly easy. Program schedule begins June 28.

Big Oak Flat

Big Oak Flat Information Station

The Bookstore only is open daily from 9am to 5pm. Beginning May 30th, the center will be open daily from 8am to 5pm. The visitor center offers information about park activities, wilderness permits, trail information, books, bear canister rentals, and maps. The center is located just inside the park entrance on Hwy 120W.

Ranger Programs

Ranger walks and evening programs will be available at Tuolumne Meadows Campground, Crab Lake, and White Wolf beginning June 1. Check local postings for details or call (209)379-1899.

Merced Grove

Merced Grove is the Merced Grove, a group of approximately 20 big trees accessible only on foot. It’s a three-mile round-trip hike (about three hours) into the grove. The trail drops down 1.5 miles making this a moderately strenuous hike on the uphill portion. There is no potable water at the parking area or down in the grove. Be sure to bring drinking water with you. The grove is located 3½ miles north of Crane Flat and 4½ miles south of the Big Oak Flat Entrance along the Big Oak Flat Road (Highway 120 West). The trail is marked by a sign and a post labeled B-10.

Tuolumne Grove

The trailhead for this grove of approximately 25 sequoias is near the intersection of the Big Oak Flat and Tioga roads at Crane Flat. The former route of the Big Oak Flat Road leads downhill from the parking area into the grove. The trail drops 500 feet (150 meters) in one mile. The way down can seem much easier than the uphill return to the parking lot. The trip is moderately strenuous on the uphill portion. Within the Tuolumne Grove there is an easy, half-mile, self-guided nature trail. There is no potable water at the parking area or in the grove. Be sure to bring drinking water with you.

Photo by John Sun
Check local postings for programs in Tuolumne Meadows, Hodgdon Meadows, White Wolf, Crane Flat, and Hetch Hetchy

Explore Yosemite’s High Country Meadows
Tuolumne Meadows offers a multitude of adventures in spring. Help keep these beautiful, wild places (and yourself!) safe. See our feature story on page 18 of this Guide for more.

Spring in the High Country
When you arrive in Tuolumne Meadows or the High Country of the Sierra, notice how your first breath of air feels. You are in a completely different place where even the season is unlike that of the lower elevations. Because you are at 8600 feet (2621m) above sea level in Tuolumne Meadows, spring comes later! Look around you as you walk the trails and see if you can find early signs of spring as the snow melts and puddles dry.

Winter is typically long here, lasting as much as 7 months in the places hidden from the sun. Plants and animals must act quickly to get their seasonal “work” done. You may see birds courtng or building nests or even feeding babies in late June or even July! If you are lucky you might get a glimpse of a bear or deer in search of food in this sparse habitat. Maybe you will witness tiny young squirrels in the meadows chasing each other or a chubby marmot soaking up the morning sun on a boulder. You may find eager, green shoots of sedge or miniature wildflowers pushing up through the soft meadow soils. See if you can see a plant as small as a pin. Feel the wildness of the season here.

This past winter was an exceptionally light one with a snowpack about 30% of normal. The opening of the Tioga Road on May 2 was relatively easy and earlier than the average date of May 27.

While we are here as visitors to the high country, we can do our part to help protect the wildlife and plants by simply being aware of them and by keeping our feet on trails as we explore. If we take our pictures from resilient places and leave our footprints only on trails, the high country beauty we love will endure for the future generations of animals and people to enjoy.

Yosemite and the Rim Fire
While visiting the Western portion of the park you will be in the area that was affected by the Rim Fire that started in August of last year. This fire burned 257,314 acres (402 square miles) in Stanislaus National Forest and Yosemite National Park (77,183 acres in Yosemite). This year offers an amazing opportunity to see the renewal process that follows a wildfire, as well as the variety of ways that wildfire can affect a landscape. While visiting, please stay on the established trails as much as possible to prevent erosion and to allow for the renewal of the vegetation. This is especially important in the Merced and Tuolumne groves of sequoias. We invite you to enjoy the majestic beauty of the groves while protecting them for future generations.

FOOD & BEVERAGE
Tuolumne Meadows
Tuolumne Meadows Grill
(Open May 41, weather and conditions permitting)
9am to 5pm
Tuolumne Meadows Lodge
Dining Room
(Open June 7, conditions permitting)
Breakfast - Reservations recommended - 7am-9am
Dinner: Reservations strongly recommended - 5:45pm - 8pm
209372-8413
White Wolf
(Open June 14, conditions permitting)
White Wolf Lodge
Breakfast - 7:30am to 9:30am.
Lunch - Sandwiches, beverages, and snacks available at the front desk store
Dinner - 6-8pm
Reservations recommended 209372-8416

GROCERIES
Tuolumne Meadows Store
(Open May 23, conditions permitting)
Daily 9am to 5pm
Tuolumne Meadows Bookstore
(Open May 23, conditions permitting) 9am to 5pm, when Visitor Center is open
Tuolumne Meadows Store
(Open May 23, conditions permitting) 9am to 5pm

POST OFFICE
Tuolumne Meadows Post Office
Monday – Friday: 9am to 5pm
Saturday: 9am to 1pm

GAS STATIONS
Tuolumne Meadows
(Open June 7, conditions permitting) 9am to 5pm, Gas and propane available.
Pay at the pump 24 hours with credit or debit card.
Crane Flat
9am to 5pm, 9am to 7pm beginning May 23. Diesel & propane available.
Pay at the pump 24 hours with credit or debit card.

FREE SHUTTLE BUS
Crane Flat / Tuolumne / Tioga Pass
Shuttle service scheduled to begin June 7, conditions permitting.
See map, page 10. Free shuttle service is available along the Tioga Road from Olmsted Point to Tioga Pass. Service begins when conditions permit.
Shuttles travel between Tuolumne Meadows Lodge and Olmsted Point with stops along the Tioga Road, including Tuolumne Meadows Campground and the visitor center.
The shuttle also makes morning and afternoon runs to Tioga Pass.
Service begins at the Lodge at 7am. Shuttles arrive at approximately 30-minute intervals between 7am and 7pm. Stop times posted at bus stops.

Become a Junior Ranger

Follow these steps to earn your Junior Ranger badge.*

1. With an adult, pick a trail to walk. See page 17 of this Guide or stop by a visitor center to choose your trail. As you go, walk quietly, watch, listen, and think.
   Write the name of the trail you walked.

   [Box for trail name]

2. Explore with your senses! Record the following.

   I see: ______________________   I hear: ______________________
   I smell: ____________________   I touch: ______________________

3. Leave no Trace! If you see trash or rubbish, pick it up. Junior Rangers learn to be good park stewards by bringing in a bag of trash. Recycle any recyclable materials you pick up or bring along.

4. Ask a Ranger! What President signed the Yosemite Grant Act on June 30, 1864, setting aside Yosemite Valley and the Mariposa Grove for special protection?

   [Box for answer]

5. Learn more. Go to a ranger-led program or visit with an Indian Cultural Demonstrator. What program did you attend? Have the ranger or demonstrator sign below.

   Signed by: ___________________________________________________

6. Write down something you learned from a ranger or Indian Cultural Demonstrator.

   _______________________________________________________________

7. Think about this. Why do people work to protect national parks?

   _______________________________________________________________

8. When you complete this page, take it to a visitor center. There you will take your oath and receive your Junior Ranger badge.

   [Box for signature]

*Expanded Junior Ranger and Little Cub programs (and the chance to earn a patch) are available in the Junior Ranger or Little Cub Handbooks, which can be purchased at any Yosemite Conservancy bookstore.
**Store Your Food Properly.**

4,000 to 20,000 calories worth of grasses, berries, acorns, and grubs—that’s the typical daily diet of most bears. It’s a lot easier for a bear to eat the thousands of calories of food in an ice chest than it is to spend all day nibbling at grasses. Their incredible sense of smell allows them to detect things we can’t, which helps them find food—a black bear can smell a dead deer three miles away. To top it off, bears have excellent vision and can see in color, so they recognize ice chests, grocery bags, and other food containers as potential food sources.

If you see a bear, scare it away or keep your distance. You may not see a bear during your visit because they naturally avoid people. However, if you see one in a developed area (like a campground or parking lot), act immediately to scare it away: Make noise and yell as loud as possible. If there is more than one person, stand together to present a more intimidating figure, but do not surround the bear.

If you see a bear anywhere else, consider yourself lucky—but keep your distance (at least 50 yards, or about the distance made by four shuttle buses parked end to end). If you get too close, you will be helping the bear become used to being around people. Bears that become comfortable around humans lose their natural fear of us and may become too aggressive. When that happens, they sometimes have to be killed.

**Drive the speed limit.**

The most common human-related cause of death for a black bear in Yosemite is being hit by a car. Slow down! Driving too fast is almost always the cause of these accidental deaths.

**Red Bear, Dead Bear**

Did you notice the red bear markers as you drove through the park? Each of them marks a place where a bear was recently hit. Every year bears, hundreds of deer, and countless other animals are killed while trying to cross park roads. Many of these deaths could have been avoided if drivers observed posted speed limits.

Please remember that Yosemite National Park is a wildlife preserve: by driving the speed limit you are helping to protect the park and its wildlife.

**Backpackers:**

**Save Your Food, Save A Bear**

Bear resistant food canisters are 2.7-pound containers that can be used to store five or more days of backpacker food when meals are carefully planned. Canisters have an inset lid that bears are unable to open. When used correctly, bears learn that—although they smell like food—the canisters are not worth investigating.

**Report Bear Sightings!**

To report bear sightings, improper food storage, trash problems, and other bear-related problems, leave a message for the Bear Management Team at 209/372-0322. Your call can be made anonymously. For more information regarding bears and proper food storage, visit the park’s website (www.nps.gov/yose/bears).

**Coyotes**

Watching a coyote hunting for mice in one of Yosemite’s many meadows can be an amazing wildlife experience. Coyotes are opportunistic carnivores that primarily prey on small mammals. Like bears, their diets change throughout the year with food availability. Unfortunately, coyotes sometimes change their natural behavior to try to obtain human food. Approaching, and/or feeding coyotes can cause them to lose their natural fear of humans. Please do not stop to feed coyotes that you see along the sides of the roads. This encourages them to frequent roadides to beg for food, endangering both coyotes and drivers.

**Mountain Lions**

Mountain lions are a normal and important part of the park ecosystem. They are attracted to areas with healthy deer and raccoon populations, which include many areas of the park. Although lions attacks on humans are extremely rare, they are possible, just as is injury from any wild animal.

For your safety: Do not leave pets or pet food outside and unattended. Pets can attract mountain lions. Avoid hiking alone. Watch children closely and never let them run ahead or lag behind on the trail. Teach children what to do if they see a lion.

**What should you do if you meet a mountain lion?**

Never approach one, especially if it is with kittens. Most lions will avoid confrontation. Always give them a way to escape. Do not run. Stay calm. Hold your ground, or back away slowly. Face the lion and stand upright. Do all you can to appear larger. Raise your arms. If you have small children with you, pick them up. If the lion behaves aggressively, wave your arms, shout, and throw objects at it. The goal is to convince it that you may be dangerous. If attacked, fight back!

Mountain Lions are magnificent creatures and native to Yosemite. Generally, they are calm, quiet, and elusive. Sightings are rare, so if you spot one, consider yourself privileged!

---

**How to Store Food**

- **LOCATIONS**
  - Your Vehicle
  - Your Campsite or Tent Cabin
  - Picnic Areas & on the Trails
  - Backpacking in the Wilderness

- **FOOD STORAGE**
  - You may store food in your car (with windows closed) only during daylight hours. Do not store food in your car after dark. Use a food locker. Remember to clean your car of food vaporizers, baby wipes, and crumbs in baby seats. Never leave unattended food wrapped to the outside of a vehicle or in a pickup truck bed.
  - You must store all your food in food lockers—not in your tent or tent cabin. A food locker is available at each campsite and tent cabin. Food may be stored out of sight in hard-sided fits with windows closed.
  - Do not leave food unattended. Always keep food within arm’s reach. Don’t turn your back to your food.
  - Bear resistant food containers are required throughout the Yosemite Wilderness. Hanging food is prohibited in Yosemite.

- **WHEN**
  - Bears can smell food, even if it’s sealed in the trunk or glove compartment, and they recognize boxes and bags as potential food sources. They can easily and quickly break into all kinds of vehicles!
  - Bears may enter campsites when people are present, and some will even check food lockers to see if they’re secured. Keep food lockers closed and latched at all times, even when you are in your campsite or tent cabin.
  - Bears may investigate picnic areas or backpacks for food even when people are present, so be alert.
  - In Yosemite and the southern Sierra, bear canisters are the only effective and proven method of preventing bears from getting human food.

---

Permit Required to Hike Half Dome

Permits to hike to the top of Half Dome are required seven days a week when the cables are up for 2014, May 23 through October 14, conditions permitting. A daily total of 225 preseason lottery permits have already been issued for 2014. In addition, approximately 50 permits will be released by daily lottery throughout the season based on estimated under-use and cancellation rates (exact number may change throughout the summer). Applications for daily lotteries will be accepted 2 days prior to the desired hiking date between midnight and 1 pm. To apply, visit Recreation.gov or call 877/444-6777. A non-refundable application fee applies to all submissions and a use fee applies to winning applicants. Finally, a daily quota of 75 Half Dome permits will be available to overnight users with an appropriate wilderness permit (use fee applies). These permits may be acquired through early reservations (50 per day) or before walk-up (25 per day). Rock climbers who reach the top of Half Dome without entering the subdome area may descend on the Half Dome Trail without a permit. More information is available at: http://www.nps.gov/yose/planyourvisit/hdpersonalpermits.htm. For backpackers more information is available at: http://www.nps.gov/yose/planyourvisit/hdwildpermits.htm.

Keep yourself safe while exploring your park.

There are many ways to experience the wilderness of Yosemite. While the forces of nature can create unexpected hazardous conditions, with a little common sense and some pre-planning, you can minimize the risks associated with many activities.

Around Water

• Stay away from swiftly-moving water. Keep children from wandering on or near these hazards. Choose swimming areas carefully and swim only during low water conditions.
• Always supervise children closely.
• Avoid areas of whitewater, where streams flow over rocky obstructions.
• Never swim or wade upstream from of a waterfall, even if the water appears shallow and calm. Each year, unsuspecting visitors are swept over waterfalls to their deaths when swimming in these areas.
• Swimming is not permitted in the Hetch Hetchy reservoir or in Emerald Pool above Vernal Fall.

Water Quality
To protect yourself from disease, treat any surface water before drinking. Treatment methods include boiling for five minutes, use of a Giardia-rated water filter, or iodine-based purifier. To prevent the spread of Giardia and other water-borne disease organisms, use restroom facilities where available, and always wash hands afterwards with soap and water. In natural areas where facilities are not available, wash, camp, and bury human waste at least 100 feet away from any water source or trail, burying human waste six inches deep and pack out any toilet paper.

Traffic Safety
Roads leading to the park are two-lane, narrow, and winding. When traveling on park roads you can protect yourself, other visitors, and park wildlife by observing the following simple rules: Please obey posted speed limits. Yosemite’s roads are used by both visitors and park wildlife. Use turnouts to pull completely out of the road, to take photos, consult the park map, or simply enjoy the park’s scenery and wildlife.

Effects of Altitude
Altitude sickness may develop in otherwise healthy and fit people who are exposed to rapid increases in altitude. It can develop at altitudes as low as 8,000 feet (Yosemite Valley’s elevation is 4,000 feet). Should altitude sickness develop, descend to a lower elevation.

Hantavirus Information
Mice are an important part of the ecosystem, but can carry diseases that are harmful to humans. Hantavirus Pulmonary Syndrome (HPS) is a rare but serious disease spread in the droppings and saliva of infected rodents. Not all rodents are infected with hantavirus, but infected rodents have been found throughout the US. You can be in close proximity to park rodents, so it is important you take steps to protect yourself from HPS.

Tell housekeeping staff if you see evidence of mice in your tent or cabin and do not clean up the area yourself. Keep doors shut and do not eat or bring food into your cabin that is not in a sealed container. Do not pitch tents near rodent burrows or droppings. HPS begins with chills, fever, and chills: 1-8 weeks after exposure, progressing to cough and difficulty breathing. Seek medical attention immediately if you experience these symptoms.

For more information on rodent-borne diseases and other environmental safety hazards visit: http://www.nps.gov/yose/planyourvisit/yourhealth.htm

Hiking, Backpacking, River and Creek Crossings, and Rock Climbing

• Tell someone where you are going and when you are due back.
• Carry and know how to use a map and compass.
• Know how to use your gear and carry basic repair materials.

• Check weather forecasts.
• Avoid dehydrating or heat exhaustion, carry and drink plenty of water, and bring high-energy food.
• Be prepared to set up emergency shelter even when out just for the day.
• Summer trails are not marked for winter use. When trails have full or partial snow coverage, good navigation skills are necessary.
• During spring runoff and high water any unbridged river or creek crossing can be hazardous. Always take extra time and use good judgment when crossing rivers and creeks.

Wilderness Permit Information
Wilderness permits are required year round for all overnight trips into the Yosemite Wilderness. Permits are issued and bear canisters are available for rent at the Yosemite Valley Wilderness Center, the Tuolumne Meadows Wilderness Center, the Big Oak Flat Information Center, Hill’s Studio in Wawona, and the Hetch Hetchy Entrance Station during hours of operation. Check the website at www.nps.gov/yose/planyourvisit/wildpermits.htm or call the park’s main phone line at 209/372-0200, for additional information. 60% of the trailhead quota is available in advance. Reservations are taken from 24 weeks to two days in advance of the start of your trip. A processing fee of $5 per permit plus $5 per person is charged to each confirmed reservation. Check the park’s website for trailhead availability and call 209/372-0740. 40% of the trailhead quota is available for first come first serve. First come first serve permits are available the day of at opening and the day before starting at 11 am.
Protecting Yourself and the Park

Prepare yourself for a wild experience. Yosemite is a place where natural forces—such as rockfall, fire, and flood—are constantly at work. Here, wildlife freely roams. This is a place where wilderness prevails. The National Park Service recognizes the importance of Yosemite's natural processes and is bound by its mission to protect them for the benefit and enjoyment of future generations. While you are enjoying your visit, be attentive to the special regulations in place to protect park resources and those designed for your safety.

Rafting

Conditions permitting, rafting on the Merced River in Yosemite Valley (Stoneman Bridge to Sentinel Beach) and the South Fork of the Merced River in Wawona is open from 10 am to 6 pm daily to any type of non-motorized vessel or other flotation device.

- The entire length of the Merced River in Yosemite Valley is closed to all flotation devices whenever the river gauge at Sentinel Bridge reads 6.5 feet or higher. Ask at a visitor center for conditions and obey all posted signs.
- You must wear or have a U.S. Coast Guard-approved personal flotation device immediately available.
- Fallen trees and other natural debris in the river create important habitat for fish and other wildlife. Be alert—they can also create hazards for rafters.

Pets

Fishing in Yosemite is regulated by state law. A valid California sport-fishing license is required for those persons age 16-years and older. When fishing, the license must be plainly visible by attaching it to an outer layer of clothing above the waistline.

- Trout season runs through November 15 (except Frog Creek near Lake Eleanor, which opens June 15).
- Special fishing regulations apply on the Merced River in Yosemite Valley from Happy Isles downstream to the Forstera Bridge in El Portal. Within these reaches of the river, it is catch-and-release only for rainbow trout. Brown trout limits are five fish per day. Only artificial lures or flies with barbless hooks may be used.
- The use of live or dead minnows, bait fish or amphibians, non-preserved fish eggs or roe is prohibited.

They are not allowed on trails, in wilderness areas, or where signs are posted prohibiting them.
- Pets must be on a leash (6 feet or less) or otherwise physically restrained.
- For the courtesy of others, human companions are responsible for cleaning up and depositing pet feces in trash receptacles.
- Pets are not allowed in any lodging facilities or other buildings within the park and are not allowed in some campgrounds.
- Pets may not be tied to an object and left unattended.

Bicycling

Each season, plants are crushed from bicycle travel in meadows, campgrounds, and picnic areas. Please respect park resources and keep bicycles on paved roads and paved bicycle trails. Bikes are not allowed to travel off paved trails. Mountain biking opportunities are available in designated areas outside of Yosemite.

Rafting

Consequences permitting, rafting on the Merced River in Yosemite Valley (Stoneman Bridge to Sentinel Beach) and the South Fork of the Merced River in Wawona is open from 10 am to 6 pm daily to any type of non-motorized vessel or other flotation device.

- The entire length of the Merced River in Yosemite Valley is closed to all flotation devices whenever the river gauge at Sentinel Bridge reads 6.5 feet or higher. Ask at a visitor center for conditions and obey all posted signs.
- You must wear or have a U.S. Coast Guard-approved personal flotation device immediately available.
- Fallen trees and other natural debris in the river create important habitat for fish and other wildlife. Be alert—they can also create hazards for rafters.

Pets

Fishing in Yosemite is regulated by state law. A valid California sport-fishing license is required for those persons age 16-years and older. When fishing, the license must be plainly visible by attaching it to an outer layer of clothing above the waistline.

- Trout season runs through November 15 (except Frog Creek near Lake Eleanor, which opens June 15).
- Special fishing regulations apply on the Merced River in Yosemite Valley from Happy Isles downstream to the Forstera Bridge in El Portal. Within these reaches of the river, it is catch-and-release only for rainbow trout. Brown trout limits are five fish per day. Only artificial lures or flies with barbless hooks may be used.

- Pets may not be tied to an object and left unattended.

Bicycling

Each season, plants are crushed from bicycle travel in meadows, campgrounds, and picnic areas. Please respect park resources and keep bicycles on paved roads and paved bicycle trails. Bikes are not allowed to travel off paved trails. Mountain biking opportunities are available in designated areas outside of Yosemite.

Weather in Yosemite

Dressing in layers and bringing plenty of water can help you stay safe through Yosemite's changing weather conditions. As is true of all mountainous regions, weather in the Sierra Nevada can change rapidly any season of the year. Elevation plays a major role in temperature and precipitation variability, and Yosemite ranges in elevation from 2,000 feet to more than 13,000 feet above sea level. It is not uncommon for clouds to build up suddenly, bringing rain and/or thunderstorms to an otherwise sunny day. In September and October, temperatures in Tuolumne Meadows can dip well below freezing, while day time temperatures at lower elevations, like Yosemite Valley and Hetch Hetchy, can soar to over 100°F.
Camping

An adventurous overnight experience

Yosemite National Park contains 13 popular campgrounds. Up to seven are on a reservation system, the rest are first-come, first-served. From April through September, reservations are essential and the first-come, first-served sites often fill by noon during these months.

Camping Reservations

Reservations are required March through November for campsites in Yosemite Valley’s car campgrounds and summer through fall for Hodgdon Meadow, Crane Flat, Wawona, and half of Tuolumne Meadows. All other campgrounds (except group and stock campgrounds) are first-come, first-served. Campground reservations are available up to five months in advance, on the 15th of each month at 7 am Pacific time. Log onto the website or call as soon as possible as some campgrounds fill within a few minutes of the opening period.

For campground reservations, visit www.recreation.gov (recommended) or call 877/444-6777 or TDD 877/833-6777 or 518/885-3639 from outside the US and Canada.

Hours:

7 am to 7 pm Pacific time (November through February)
7 am to 9 pm Pacific time (March through October)

Reservation offices in the park are located in the visitor parking area at Curry Village (shuttle bus stop #4), the Tuolumne Meadows Campground entrance, in Wawona off Chilnualna Falls Road, and at Big Oak Flat Information Station.

Yosemite Valley

There is a 30-day camping limit within Yosemite National Park in a calendar year; however, May 1 to September 15, the camping limit is 14 days and only seven of those days can be in Yosemite Valley or Wawona. Camp 4 is a walk-in campground and is open all year on a first-come, first-served basis; these campites are not wheelchair accessible. Sites are available on a per-person basis, and six people will be placed in each campsite, regardless of number of people in your party. Camp 4 often fills before 9 am each day, May through September.

Camping in Areas Surrounding Yosemite

The U.S. Forest Service (USFS) operates a variety of campgrounds on a seasonal basis near Yosemite. For additional information, contact Groveland Ranger Station at 209/962-7825; Mariposa Ranger Station at 209/966-3638; Mono Lake Ranger Station at 760/647-3044; or Oakhurst Ranger Station at 559/683-4636. For private campgrounds outside Yosemite, call the respective chamber of commerce or visitor bureau listed on page 10.

Group Campgrounds

There are group campgrounds at Tuolumne Meadows, Hodgdon Meadow, Wawona, and Bridalveil Creek Campgrounds. Reservations can be made the same way as individual site reservations; 13 to 30 people are allowed in each group campsite. Tent camping only. Pets, RVs, and generators are not permitted in group sites.

General Info...

To check same-day camping availability, call 209/372-0266

Services

• All campgrounds include picnic tables, firepits with grills, and a food locker (33” x 45” x 18”). See page 5 for food storage regulations.
• Toilets are available in campgrounds; however, Tuolumne Flat, Yosemite Creek, and Porcupine Flat have non-flushing vault toilets only and no potable water.
• Showers and laundry facilities are available year-round in Yosemite Valley.
• RVs over 24 feet are not recommended for Tamarack Flat, Yosemite Creek, and Porcupine Flat campgrounds, and RVs are not permitted in walk-in and group campites. There are no hookups in Yosemite campgrounds, but there are sanitary dump stations in Yosemite Valley (all year), and summer only in Wawona and Tuolumne Meadows.

Regulations

• Proper food storage is required 24 hours a day.
• A maximum of six people (including children) and two vehicles are allowed per campsite.
• Quiet hours are from 10 pm to 6 am.
• Where permitted, pets must be on a leash and may not be left unattended.

Campfires

• In Yosemite Valley between May 1 and September 30, campfires are permitted between 5 pm and 10 pm. At other times of the year and in out-of-Valley campgrounds, fires are permitted any time, as long as they are attended.
• Firewood collection (including pine cones and pine needles) is not permitted in Yosemite Valley; you may purchase firewood at stores near the campgrounds.

Featured Hike

The Mist Trail to Vernal and Nevada Falls

Vernal Fall footbridge: 1.6 miles/2.6 km round-trip; 1.5 hours with 400 ft/122 m elevation gain

Vernal Fall: 2.4 miles/3.9 km round-trip; 3 hours with 1,000 ft/366 m elevation gain (via Mist Trail)

Nevada Fall: 5.4 miles/8.7 km round-trip, 5 to 6 hours with 2,000 ft/610 m elevation gain (via Mist Trail)

Begin at Happy Isles (shuttle stop #16)

Trail Description:

An excellent view of Vernal Fall is visible from the footbridge at 0.75 miles (1.3 km). Beyond the bridge, at 0.2 miles, the Mist Trail and the John Muir Trail diverge. To proceed directly to the top of Vernal Fall, follow the Mist Trail 0.5 mile (0.8 km) up a steep granite stairway of over 600 steps. Prepare for slippery footing and a tremendous amount of waterfall spray in spring and early summer. The top of Nevada Fall may be reached by continuing 1.3 miles (2.1 km) along the Mist Trail.

Things to know before you go:

- Swimming is not permitted in the Hetch Hetchy reservoir or in Emerald Pool above Vernal Fall.
- Stay away from swiftly-moving water. Keep children from wandering on or near these hazards. Choose swimming areas carefully and swim only during low water conditions.
- Always supervise children closely.
- Avoid areas of whitewater, where streams flow over rocky obstructions.
- Never swim or wade upstream from of a waterfall, even if the water appears shallow and calm. Each year, unsuspecting visitors are swept over waterfalls to their deaths when swimming in these areas.
Yosemite takes us away from the everyday world. It’s an escape into an amazing, wild place where we can take in things we would never see or experience at home. Yosemite takes us away from mornings like this: You get on the train for work, and start reading the news. It’s been a rushed morning, grabbing coffee on the way to the station. No time to pack lunch, but you’ll grab something at the cafeteria. It was such a rushed morning, you even forgot your jacket. But you’ll beinside most of the day anyway. The train arrives at your stop, and you get ready to make a dash through the rain to your office. As you dash the half block to yourbuilding, your toe catches on a crackin the sidewalk and you go tumbling to the ground. You pick yourself up off the ground, work clothes wet and shoes scuffed. What a way to start the day.

Mornings like this are one reason we come to Yosemite. To be free for a day or two. Yosemite is worlds away from where most of us spend our days. It can heal, calm, re-create us. But being worlds away also means we must walk, enjoy, and prepare differently than we do in our typical everyday lives.

What happens if a similar scenario begins your morning on a Yosemite trail? No food and a storm bringing light rain to the granite around your trail.

You’re becoming cold as your clothes become damp. You pick up speed to complete your trail faster before the rain gets worse, and you slip on the wet granite. You land hard, knocking your head on the ground and twisting your ankle. You’re unable to walk. What to do now, as you wait for someone on the trail to find you? The rain comes down harder, and you’re becoming colder and hungrier.

In Yosemite, the bicycle trails, the stores, and hotels can lure us into thinking of Yosemite like our city home. But it is not. Yosemite is where the sidewalk ends, and wild spaces begin. The majority of search and rescue incidents occurring in the last 4 years have been hikers out for the day. The second most frequent group to be rescued is hikers out overnight. Follow these simple guidelines to help you have a safe adventure...

1. Research the trail before heading out. Most of us rely on Internet maps to navigate us along the roads in our car. In Yosemite, GPS can be an extra tool. However, it does not replace a good trail map or knowledge of estimated roundtrip time and elevation gain. These simple things help you decide how much food, water, and supplies to bring. It can also mean getting on the trail early enough so that your adventure can be finished before sun down.

2. Pack a variety of food and plenty of water. Junk food and power gels are extras to bring along, but don’t leave camp without some healthy, protein packed food. Every hiker should carry his or her own water. Remember, there is no snack stand or cafeteria out on the trail. Your backpack will be your vending machine.

3. You are your own best friend. Be ready to take care of yourself. In the city, we can rely on a gas station attendant to give us directions if we’re lost, the corner market to grab a bottle of water, or our smartphone to provide information. Out on a trail, such resources are not readily available. Be prepared to take care of yourself in any situation, in case you are alone or in case help is delayed for a long period of time. Carry things like (but not limited to) a flashlight with extra batteries, a rain jacket, medication, moleskin for blisters, and as mentioned above, plenty of water and food.

4. Be ready and willing to turn around. When encountering the unexpected in your work commute, it is likely you will hit a detour around the obstacle. Obstacle on the trail can be low energy, running out of water, or weather, to name a few. Unlike at home, these obstacles are times to consider turning back to avoid the adventure becoming too dangerous.

5. Tell someone where you’re headed and when you will return. When you’re caught in a traffic jam and will be extremely late, you might call your family to let them know you’re fine and running behind. That last minute call isn’t an option on the trail. Giving someone your itinerary and return time means that if something does happen on the trail, friends or family can let rangers know.

6. Rivers and water sources have strong hidden currents and glacier polished banks that are deceptively slippery. Even wading to cool off or fill a water bottle can lead to being swept down stream. Keep away from the edge of moving water.

For more information about how to keep yourself safe on the trail, read Yosemite’s Preventive Search and Rescue blog: http://www.nps.gov/yose/blogs/psarblog.htm or attend Yosemite Theater every Tuesday night at 7pm to learn from an experienced Search and Rescue Ranger.
Supporting Your Park

Enhance the Visitor Experience

It takes a legion of people working together to protect this special park for you and future generations of visitors. You too can extend your connection to Yosemite well after you return home by getting involved with the organizations that partner to preserve Yosemite.

This publication was made possible by the Yosemite Park Partners listed on this page. Read more below or visit www.yosemitepartners.org to learn more about helping these organizations provide for the future of Yosemite National Park.

The Ansel Adams Gallery

The Ansel Adams Gallery, owned by the family of photographer Ansel Adams since 1902, is a center that celebrates the arts and the natural grandeur of our environment. It cultivates an aesthetic appreciation and concern for our world by offering visitors a unique variety of literature and art, as well as programs that inspire creativity. Visit online at: www.anseladams.gallery.com.

DNC Parks & Resorts at Yosemite

DNC Parks & Resorts at Yosemite (DNC) operates hotels, restaurants, sightseeing tours, recreational activities, interpretive programs, stores, shuttles and service stations in the park under contract with the U.S. Department of the Interior. DNC encourages its employees to develop a strong relationship with the park during their tenure.

For more information and employment opportunities with DNC at Yosemite, visit online at: www.YosemitePark.com

NatureBridge

NatureBridge provides residential field science programs for youth in the world’s most spectacular classroom - Yosemite National Park. Through active student engagement, our faculty teaches science, history, and the arts and gives these subjects context through personal experience. A NatureBridge learning adventure strives to foster a life-long connection to the natural world and responsible actions to sustain it. Find out more about our year-round programs for schools and summer programs for individual teens at www.naturebridge.org/yosemite

Yosemite Conservancy

Through the support of donors, Yosemite Conservancy provides grants and support to Yosemite National Park to help preserve and protect Yosemite today and for future generations. The work funded by Yosemite Conservancy is visible throughout the park, from trail rehabilitation to wildlife protection and habitat restoration. The Conservancy is dedicated to enhancing the visitor experience and providing a deeper connection to the park through outdoor programs, volunteering and wilderness services. Thanks to dedicated supporters, the Conservancy has provided more than $81 million in grants to Yosemite National Park. Donate now or learn more at www.yosemiteconservancy.org or call 1-800-469-7275.

Habitat Protectors of Yosemite (HaPY)

Be part of the solution! Join park staff to help protect Yosemite's habitat through ecological restoration and litter cleanup projects. Volunteers of all ages are welcome to work one to three hours. Volunteers must wear long pants, closed-toe shoes. A hat and sun protection is recommended, and we encourage volunteers to bring water and snacks. All tools will be provided. Groups larger than 10 should contact the volunteer program in advance: 209/379-1850.
