- Yosemite Village to Camp 4

**Where to Go and What to Do in Yosemite National Park**

September 3, 2014 - October 7, 2014

Experience Your America Volume 39, Issue 7

Granite peaks and crystal blue lakes found in Yosemite’s Wilderness.

Photo by Mark Fincher
Seasonal Highlights

Keep this Guide with you to get the most out of your trip to Yosemite National Park.
Yosemite Valley

Yosemite Valley, open all year, is world-famous for its impressive waterfalls, cliffs, and unusual rock formations. You can get there via Highway 41/Wawona Road from Fresno, Highway 140/El Portal Road from Merced, Highway 120 west/Big Oak Flat Road from Manteca, and (during summer) via the Tioga Road/Highway 120 east from Lee Vining. Yosemite Valley is home to massive cliff faces like El Capitan and Half Dome, plunging waterfalls including the tallest in North America, and attractive meadows. While Yosemite Falls slows to a trickle by August, a moderate hike will bring you to impressive Vernal and Nevada Falls. Walk to Mirror Lake, where you will see reflections of Half Dome. Gaze up at El Capitan, a massive granite monolith that stands 3,593 feet from base to summit. Whether you explore the valley by foot, bike, car, on horseback, raft, or tour, you will behold scenery that will leave you breathless and eager to see what’s around the next corner.
Glacier Point

Glacier Point, an overlook with a commanding view of Yosemite Valley, Half Dome, and the Yosemite's high country, is located 30 miles (a one-hour drive) from Yosemite Valley or Wawona. To get there from either of these places, take the Wawona Road (Highway 41), to Chinquapin, then turn onto Glacier Point Road. At Glacier Point, a short, paved, and wheelchair-accessible trail takes you to an exhilarating—some might say unnerving—view 3,214 feet down to Yosemite Valley below.

Wawona and Mariposa Grove

The Mariposa Grove of Giant Sequoias is located 36 miles (1 ½ hours) south of Yosemite Valley via the Wawona Road (Highway 41), two miles from the park’s South Entrance. The nearby Pioneer Yosemite History Center in Wawona is a collection of historic buildings associated with people and events that shaped the national park idea in Yosemite. Enjoy a horse-drawn stage ride, watch blacksmiths at work at the blacksmith shop, or hike one of the scenic trails. For more information, visit the Wawona Visitor Center at Hill's Studio, adjacent to the historic Wawona Hotel. This was once a painting studio for the 19th-century artist Thomas Hill. The Mariposa Grove of Giant Sequoias is a short drive or help reduce congestion by taking the free shuttle from the Wawona Store.

Tioga Road and Tuolumne Grove

Tioga Road offers a 39-mile scenic drive past forests, meadows, lakes, and granite domes. It is usually open from late May or early June through sometime in November. The road’s elevation ranges from 6,200 to nearly 10,000 feet, so it offers an opportunity to experience many of Yosemite’s habitats. The White Wolf area, midway across the park, is the starting point for day hikes to Lusks Lake and Harden Lake. To see giant sequoias, park at the Tuolumne Grove parking area on the Tioga Road, and walk one steep mile down to the Grove. Or park at Merced Grove trailhead on Big Oak Flat Road and walk 1.5 steep miles down to the grove. These groves are smaller than the more-famous Mariposa Grove, but are quieter and off-limits to vehicles. Remember: walking down is easier than walking back up.

Tuolumne Meadows

Tuolumne Meadows provides a glimpse of the High Sierra. The Wild and Scenic Tuolumne River winds through broad sub-alpine meadows surrounded by even higher granite domes and peaks. It is the jumping off place for countless hikes, whether you venture out for a day or a week. Stop at the Tuolumne Meadows Visitor Center for information about hiking to Cathedral Lakes, Elizabeth Lake, Dog Lake, Lembert Dome, or along the Tuolumne River through Lyell Canyon. Take advantage of the free shuttle service in Tuolumne Meadows or the Tuolumne Meadows Tour and Hikers’ Bus from Yosemite Valley.

Hetch Hetchy

Hetch Hetchy Reservoir, a source of drinking water and hydroelectric power for the city of San Francisco, is also home to spectacular scenery and the starting point for many wilderness trails. Due to its importance as a municipal water supply, no swimming is permitted, however. Hetch Hetchy Reservoir is located 40 miles from Yosemite Valley. The Hetch Hetchy Road is open 7am to 9pm May 1 through Labor Day, with reduced hours during the rest of the year. Hetch Hetchy Road is accessible via the Big Oak Flat Road and Evergreen Road and is approximately a 1 ¼-hour drive from Yosemite Valley. Trailers, vehicles over 25 feet long, and RVs and other vehicles over 8 feet wide are not allowed on the narrow, winding Hetch Hetchy Road.

DID YOU KNOW:

- The Wilderness Act took over eight years to pass. The original bill was rewritten 65 times, and 18 public hearings were held, generating more than 9,000 pages of testimony.
- The Wilderness Act designated 9 million acres of wilderness. Since 1964, 100 million more acres (an area the size of California) have been designated.
- California has more designated wilderness areas (149) than any other state. Almost 15 percent of California is wilderness.
- The longest straight line in the lower 48 states without a road (over 150 miles) starts at the Tioga Road in Yosemite and follows the Sierra crest southeast through six wilderness areas.
- 94 percent of Yosemite National Park is designated wilderness.

Want the Guide on your Apple or Android device?

Get the App!

Search NPS-Yosemite in app stores or at nps.gov/yose/planyourvisit to download the official park app for up-to-date listings of programs, services, an interactive map, and more!
Yosemite Valley embraces one of the world’s most outstanding concentrations of waterfalls, granite walls, meadows, wildflowers, and trees. The Valley also harbors a rich collection of human stories, from American Indian lore to the birth of the national park movement.

Yosemite Valley

An unlimited array of possibilities await you in Yosemite Valley. Most involve sightseeing and learning about the scenery. See pages 5, 6, and 7 for more information on program topics and visitor services available.

Naturalist Programs
Naturalists give talks and walks every day about Yosemite’s natural and cultural history. See pages 6 and 7 for scheduled walks, talks, and evening programs.

Walking and Hiking
From easy walks to Lower Yosemite Fall, Cook’s Meadow, and Mirror Lake to strenuous hikes to the top of Yosemite Falls or Nevada Fall, Yosemite Valley has a wide range of walking and hiking possibilities. See page 17 for a list of hikes.

Bicycling
Several miles of bicycle paths wind through Yosemite Valley. You can use your own bicycle or rent one from Yosemite Lodge or Curry Village. Bikes are only allowed on paved bicycle paths. Bike rentals are available from 9am to 6pm, last bike goes out at 4:45pm

Tours
Tours listed depart from Yosemite Lodge. Tours may be weather dependent.

The Valley Floor Tour is a 26-mile, two-hour open-air tram tour narrated by a park ranger (weather permitting). The tour departs Yosemite Lodge several times daily. Check Tour & Activity Desk for times.

The Glacier Point Tour leaves Yosemite Lodge at 8:30am, 10am, and 1:30pm daily when the Glacier Point Road is open. One-way tickets are available for those who want to hike down from Glacier Point.

The Grand Tour includes the Valley, Glacier Point, and the Mariposa Grove. An experienced guide narrates each tour. The tour departs Yosemite Lodge at 8:45am daily.

Call 209/372-1240 for reservations or inquire at the tour desks at Yosemite Lodge, Yosemite Village, Curry Village, and The Ahwahnee.

Mule & Horseback Rides
Horse or mule rides begin at the startable near North Pines Campground. Stable hours are 7am to 5pm daily. Information: 209/372-8348 (reservations strongly recommended).

Sightseeing
Some of the famous landmarks in Yosemite Valley include:

- Yosemite Falls gives the Valley an extra touch of life when it’s flowing with spring runoff. You can walk to its base or take the strenuous trail to its top (see page 17).
- Half Dome, Yosemite’s most distinctive monument, dominates most views in Yosemite Valley. Forces of uplift, erosion from rivers and glaciers, and rockfall all shaped this famous feature into what we see today. Cook’s Meadow, Sentinel Bridge, Tunnel View, and Glacier Point, are just a few locations with stunning views of Half Dome.
- El Capitan, a massive granite monolith, stands 3,593 feet from base to summit. From spring to fall, climbers come from all over the globe to scale El Capitan.
- Happy Isles is a place to see dramatic natural processes at work. It is easily reached by shuttle at stop #16 or by walking from Curry Village. Cross the footbridges onto the isles or wander through outdoor and indoor exhibits detailing Yosemite’s geologic story.
- Tunnel View, along Wawona Road (Hwy 41) provides a classic view of Yosemite Valley, El Capitan, Half Dome, Sentinel Rock, Cathedral Rocks, and Bridalveil Fall. It is spectacular at sunset or after the clearing of a storm.
Valley Visitor Center and Bookstore

The Yosemite Valley Visitor Center is open from 9am to 5pm, and bookstore hours are 9am to 7pm. It is located west of the main post office (shuttle stops #5 and #9). The facility offers information, maps, and books. Explore the exhibits and learn how Yosemite’s landscape formed and how people interact with it.

YESEMITE FILMS

Two films are shown daily, every half hour beginning at 9:30am (except on Sundays, when the first showing is at noon). The first film is at 4:30pm. “Ken Burns’ Yosemite - A Gathering of Spirit” plays on the hour and “The Spirit of Yosemite” plays on the half hour. Valley Visitor Center Theater.

Yosemite Museum

Located in Yosemite Village next to the Valley Visitor Center.

INDIAN CULTURAL EXHIBIT

Open daily from 9am to 5pm. Interprets the cultural history of Yosemite’s Miwuk and Paute people from 1850 to the present.

YESEMITE MUSEUM STORE

Open daily from 9am to 5pm. The store offers books and traditional American Indian arts, crafts, jewelry, and books.

YESEMITE MUSEUM GALLERY EXHIBIT

“Yosemite, the Grand Experiment” This Yosemite Museum exhibit commemorates the 150th anniversary of the Yosemite Grant with a display of artwork, documents and artifacts from that early period. Photographs and paintings of visitors and the landscape, including some of the earliest images, will be included from the park’s museum collection. The Grand Register of the Cosmopolitan Saloon will be on view. The Edmunds Report, a review of the proposed land grant sent days before the grant legislation was signed into law in 1864, will be on loan from the National Archives in Washington, D.C. Digital slide shows will supplement the paintings and photographs on exhibit. A video presentation will feature scholars discussing the importance of the grant, and the influence of painting and photography on the movement to protect public lands and remarkable scenery. An audio kiosk will feature quotations from a variety of historic figures from Yosemite’s past. This project was made possible through the generous support of Yosemite Conservancy donors. Yosemite Museum Gallery, June 3 through September 30, open daily 9am to 5pm; from October 1 through October 18, open daily from 10am to 12pm and 1pm to 4pm.

YESEMITE RENAISSANCE XXX CALL FOR ENTRIES

In its 30th year, Yosemite Renaissance is an all-media, juried, fine art competition and exhibition on the theme of Yosemite and the environment of the Sierra Nevada. It is open to all living artists, $4,000 in awards. Entry is by digital files, $15 per entry (maximum of 8 entries per person). The exhibit begins at the Yosemite Museum Gallery, February 28, 2015. For a prospectus and entry form visit: http://www.yosemiterenaissance.org. Deadline for entries: November 15, 2014. Yosemite Renaissance is a non-profit organization which encourages diverse interpretations of Yosemite in the visual arts.

Wilderness Center

Open 8am to 5pm. Visit the wilderness center to learn about wilderness safety, plan trips, obtain wilderness permits and maps, and rent bear canisters. The Valley Wilderness Center is located in Yosemite Village in between the post office and the Ansel Adams Gallery.

Nature Center at Happy Isles

Open 9:30am to 5pm through September 29. Designed for nature-exploring children and their families, the nature center offers natural-history exhibits. The nature center is a short walk from shuttle stop #16.

Yosemite Art Center

The Yosemite Art Center offers a selection of original art and art supplies, as well as four hour art workshops daily (see page 6). Located near the Village Store, the Center is open 9am to noon and 1pm to 4:30pm.

Yosemite Theater

Yosemite Theater offers entertainment and inspiration through a variety of live theater performances. Revel as park ranger Shelton Johnson and other performers bring the park’s adventures to life! Tickets $8 adults, $4 children.

The Ansel Adams Gallery

In Yosemite Village next to the Valley Visitor Center, the gallery is open daily from 9am to 6pm. The gallery offers the works of Ansel Adams, contemporary photographers, and other artists. See page 6 for photo walk times. For more information, call 209/372-4413, or visit www.anseladams.com.

EXHIBITS

July 27 - September 13 “Spectrum Analysis: Yosemite in Color” The Sierra Nevada was long ago consecrated The Range of Light by John Muir – a sobriquet that has both motivated and defined artistic and environmental enterprise. As the end of the 19th century and the beginning of the 20th passed, photographers valiantly captured the famous “light” of the Sierra on glass plates and film, often times risking physical health, financial stability and conjugal solidarity due to their long journeys and new betrothal to the landscape. Today photographers are engaging with this landscape more than ever through the medium of color film and digital capture, framing a more dynamic Yosemite that exposes a vibrancy that should surely be noted as an equal to the mythological light of the park. And while the photographer’s means of arrival are perhaps more convenient and efficient in the present day, the journey is no less exciting or revealing than it was 150 years ago.

September 14 - October 22 “The Vertical Generation - Views from Yosemite’s Edge” LeConte Memorial Lodge

LeConte Memorial Lodge is open Wednesday through Sunday from 10am to 4pm. Free evening programs, scheduled for 8pm, are held on Friday and Saturday. Programs held in the building are limited to 50 guests. The Memorial has a library, children’s corner, and exhibits. The Memorial is located at shuttle stop #12, across from the Housekeeping Cabins. Call 209/372-4542 for program details.

VALLEY SERVICES

GARAGE

Village Garage
8am to 5pm / 24 hour AAA towing available
209/372-8320

POST OFFICES

Main Office
Monday-Friday: 8:30am to 5pm
Saturday: 10am to 12pm

Post Office
Monday-Friday: 12:30pm to 2:45pm

GROCERIES AND TOU"
Yosemite Mountaineering School (YMS) offers rock climbing classes, guided climbs, custom backcountry trips, and daily hikes.

Yosemite Theater offers entertainment and inspiration through a variety of live theater performances. Reserve seats or purchase tickets at the theater's box office.

Yosemite Mountaineering School (YMS)
YMS offers rock climbing classes, guided climbs, custom backcountry trips, and daily hikes. There is a registration fee of $10 per visitor, supplies are available for purchase.

SCHEDULED EVENTS IN YOSEMITE VALLEY
September 3, 2014 - October 7, 2014

MORNING

Sunday
10:00am JUNIOR RANGER WALK (except October 5) 1 hr. Nature Center at Happy Isles, near shuttle stop #16. (NPS)
10:00am Meet Your Yosemite 15 mins. Front of Yosemite Valley Visitor Center, near shuttle stop #58. (NPS)
11:00am Ask A Climber 4 hrs. Join a ranger at the El Capitan Bridge for this informal program. Use telescopes to observe climbers on El Capitan and learn about climbing in Yosemite. (NPS)

Monday
7:00am Ask A Climber 4 hrs. Join a ranger at the El Capitan Bridge for this informal program. Use telescopes to observe climbers on El Capitan and learn about climbing in Yosemite. (NPS)
9:00am Camera Walk 1.5 hrs. Sign up in advance at The Ansel Adams Gallery and meet at the Ansel Adams Gallery. (TAAG)
9:00am Using the Digital Darkroom: Landscapes and Lightroom 4hrs. Sign up and meet at The Ansel Adams Gallery (TAAG) $15.
10:00am JUNIOR RANGER WALK (except October 6) 1 hr. Nature Center at Happy Isles, near shuttle stop #16. (NPS)
10:00am Meet Your Yosemite 15 mins. Front of Yosemite Valley Visitor Center, near shuttle stop #58. (NPS)
10:00am Art Workshop 8 hrs. Yosemite Art Center. For more information, see page 6 (YC) $50.
11:00am Ask A Climber 4 hrs. Join a ranger at the El Capitan Bridge for this informal program. Use telescopes to observe climbers on El Capitan and learn about climbing in Yosemite. (NPS)

Tuesday
9:00am Camera Walk 1.5 hrs. Sign up in advance and meet at The Ansel Adams Gallery. (TAAG)
10:00am JUNIOR RANGER WALK (except October 7) 1 hr. Nature Center at Happy Isles, near shuttle stop #16. (NPS)
10:00am Meet Your Yosemite 15 mins. Front of Yosemite Valley Visitor Center, near shuttle stop #58. (NPS)
10:00am Art Workshop 8 hrs. Yosemite Art Center. For more information, see page 6 (YC) $50.
11:00am Ask A Climber 4 hrs. Join a ranger at the El Capitan Bridge for this informal program. Use telescopes to observe climbers on El Capitan and learn about climbing in Yosemite. (NPS)

Wednesday
9:00am Wilderness Walk (September 3 only) 1 hr. Meet in front of the Valley Visitor Center and take a walk with a ranger to discover more about the American Wilderness legacy. (NPS)
10:00am JUNIOR RANGER WALK 1 hr. Nature Center at Happy Isles, near shuttle stop #16. (NPS)
10:00am Meet Your Yosemite 15 mins. Front of Yosemite Valley Visitor Center, near shuttle stop #58. (NPS)
10:00am Art Workshop 8 hrs. Yosemite Art Center. For more information, see page 6 (YC) $50.
11:00am Living History. Galen Clark (September 3 only) 1 hr. Meet in front of the Valley Visitor Center to take a stroll with Yosemite's first guardian. Galen Clark. (Yosemite Conservancy)
11:00am Wilderness 50th Anniversary Celebration (September 3 only) 4 hrs. Yosemite Village Mall. Join Wilder enthusiasts from throughout the Sierra in a celebration of the 50th Anniversary of the Wilderness Act. Participate in a variety of activities as you explore the values of wild places. (NPS, USFS, BLM, YC, and more)
11:00am Ask A Climber 4 hrs. Join a ranger at the El Capitan Bridge for this informal program. Use telescopes to observe climbers on El Capitan and learn about climbing in Yosemite. (NPS)

Thursday
9:00am Camera Walk 1.5 hrs. Sign up in advance and meet at The Ansel Adams Gallery. (TAAG)
10:00am JUNIOR RANGER WALK 1 hr. Nature Center at Happy Isles, near shuttle stop #16. (NPS)
10:00am Meet Your Yosemite 15 mins. Front of Yosemite Valley Visitor Center, near shuttle stop #58. (NPS)
10:00am Art Workshop 8 hrs. Yosemite Art Center. For more information, see page 6 (YC) $50.
11:00am Meet Your Yosemite 15 mins. Front of Yosemite Valley Visitor Center, near shuttle stop #58. (NPS)
10:00am Art Workshop 8 hrs. Yosemite Art Center. For more information, see page 6 (YC) $50.
11:00am Ask A Climber 4 hrs. Join a ranger at the El Capitan Bridge for this informal program. Use telescopes to observe climbers on El Capitan and learn about climbing in Yosemite. (NPS)

Friday
9:00am Camera Walk 1.5 hrs. Sign up in advance and meet at The Ansel Adams Gallery. (TAAG)
10:00am JUNIOR RANGER WALK (except October 4) 1 hr. Nature Center at Happy Isles, near shuttle stop #16. (NPS)
10:00am Meet Your Yosemite 15 mins. Front of Yosemite Valley Visitor Center, near shuttle stop #58. (NPS)
10:00am Art Workshop 8 hrs. Yosemite Art Center. For more information, see page 6 (YC) $50.
11:00am Meet Your Yosemite 15 mins. Front of Yosemite Valley Visitor Center, near shuttle stop #58. (NPS)
10:00am Art Workshop 8 hrs. Yosemite Art Center. For more information, see page 6 (YC) $50.
11:00am Ask A Climber 4 hrs. Join a ranger at the El Capitan Bridge for this informal program. Use telescopes to observe climbers on El Capitan and learn about climbing in Yosemite. (NPS)

Saturday
9:00am Camera Walk 1.5 hrs. Sign up in advance and meet at The Ansel Adams Gallery. (TAAG)
10:00am JUNIOR RANGER WALK (except October 5) 1 hr. Nature Center at Happy Isles, near shuttle stop #16. (NPS)
10:00am Meet Your Yosemite 15 mins. Front of Yosemite Valley Visitor Center, near shuttle stop #58. (NPS)
10:00am Art Workshop 8 hrs. Yosemite Art Center. For more information, see page 6 (YC) $50.

Wawona, Mariposa Grove, and Glacier Point

Experience Your America Yosemite National Park

Explore History, Discover Giant Trees, and Find Amazing Vistas

These park areas offer endless opportunities for amazing experiences.

Wawona & Mariposa Grove

Evening Programs
Join pianist/singer Tom Bopp in the Wawona Hotel lobby from 5:30pm to 9:30pm, Tuesday through Saturday, as he performs songs and stories from Yosemite’s past. Once or twice a week, he will present an hour-long interpretive program on the vintage songs of Yosemite or the history of Wawona with slide or music accompaniment. Check with Tom at the piano for dates and times.

Wawona Visitor Center at Hill’s Studio
Open 8.30am to 5pm. The visitor center offers information about park activities, wilderness permits, trail information, books, bear canister rentals, and maps. Located on the grounds of the Wawona Hotel, Hill’s Studio was the gallery and art studio of famous 19th-century landscape painter, Thomas Hill. Walk from the hotel or park at the Wawona store parking area and follow the path up the hill.

Pioneer Yosemite History Center
Go back to a time of horse-drawn wagons, a covered bridge, and log cabins. A visit to the Pioneer Yosemite History Center explores Yosemite’s history and explains how Yosemite was the inspiration for national parks across America and around the world. The center is always open, and interpretive signs and brochures are available.

Experience Horse-Drawn Travel
Travel into history by taking a 10-minute horse-drawn stage ride. Tickets may be purchased at the Stage Office in the Pioneer Yosemite History Center. See page 9 for dates, times, and locations. $5/adults and $4/child (ages 3-12)

Mariposa Grove
Located near Yosemite’s South Entrance, the Mariposa Grove is the park’s largest stand of giant sequoias, with about 500 trees. A few of these giants are visible in the parking area. Information about access for disabled people is available at the tram boarding area.

Getting to the Mariposa Grove
Allow 1.5 hours driving time to reach the grove from the Valley. Cars are prohibited beyond the grove parking lot. The access road to the grove may close intermittently due to limited parking.

Trails are prohibited on the Mariposa Grove Road. Private vehicles longer than 25 feet are not permitted on this road.

BIG TREES TRAM TOUR
Please visit the Big Trees Ticket Kiosk at the Big Trees Gift Shop, in the Mariposa Grove, for departure times. Open from 9:30am to 5pm, weather and conditions permitting.

Mariposa Grove Museum
Open 10am to 4pm. Located in the Upper Mariposa Grove, the museum offers information, displays on giant sequoias.

Dogs/bikes are not permitted anywhere in the Grove.
## WAWONA & MARIPOSA GROVE

#### commemorative events

- Horse-Drawn Stage Rides 10 mins. each. Purchase tickets at the Grey Barn in the Pioneer Yosemite History Center. $5 adult / $4 child 3-12 (NPS) $
- Tom Bopp Performing at the Piano 4 hrs. Live music and historical programs with pianist/singer Tom Bopp. Historical programs are available by request, usually given at 8:30pm. For more details, drop by the piano early in the evening to ask Tom or stop by the front desk. Wawona Hotel Lounge (DNC) $
Tuolumne Meadows, White Wolf, and Crane Flat

Tuolumne Meadows

Please walk on official trails to protect fragile meadow ecosystems.

Pets, bicycles, and strollers are only allowed on roads open to vehicles.

Day-hikers and backpackers must go to the bathroom at least 100 feet away from water, trail, and camp areas; bury human waste six inches deep; pack out toilet paper and all other trash.

Tuolumne Meadows Visitor Center

Visitor Center hours are 9am to 5pm. Park orientation, trail information, books, maps, and displays. The visitor center will close for the season on Thursday, September 25.

Tuolumne Meadows Wilderness Center

Open 8am to 5pm. Visit the wilderness center to learn about wilderness safety, plan trips, obtain wilderness permits and maps, and rent bear canisters. The Tuolumne Meadows Wilderness Center is located just south of Tioga Road, along the road to Tuolumne Meadows Lodge, across from shuttle stop #3.

Mule and Horseback Rides

Horse or mule rides begin at the Tuolumne Meadows stable. Stable hours are 7am to 5pm, closed for the season September 7. Information: 209/372-8427.

Just for Kids

Programs for children include Junior Rangers, a two-hour, ranger-led program for children (ages 7-12), and Campfire for Kids.

Parsons Memorial Lodge, McCauley Cabin, and Soda Springs

Two trails, both flat and 3/4-mile long, lead to this historic area accessible only by walking. Please note, the trail just east of the Visitor Center that crosses the meadow to the bridge below Soda Springs will be closed Monday through Thursday for ecological restoration. Parsons Memorial Lodge is open from 10am to 4pm through Saturday, September 20. Soda Springs are small, naturally-carbonated springs that attract birds and deer, especially at sunrise and sunset.

Ranger Walks

Join a ranger to explore new areas and learn about geology, birds, flowers, history, the Tuolumne River, and more. These walks range from one to eight hours and, except for the long walks, are fairly easy.

Evening Activities

Come to a traditional, ranger-led campfire program for stories, songs, and insight into Yosemite. Program topics vary and are posted at the campground, Tuolumne Meadows Lodge, and Tuolumne Meadows Visitor Center. End your day with a star program. Bring a pad to sit on and dress warmly.

Big Oak Flat

Big Oak Flat Information Station

Open from 8am to 5pm. The visitor center offers information about park activities, wilderness permits, trail information, books, bear canister rentals, and maps. The center is located just inside the park entrance on Hwy 120W.

Ranger Programs

Ranger walks and evening programs are available at Hetch Hetchy, Hodgdon Meadows, Crane Flat, and White Wolf. Please check local listings for current programs or call 209/379-1899.

Merced Grove

Yosemite’s quietest stand of sequoias is the Merced Grove, a group of approximately 20 big trees accessible only on foot. It’s a three-mile round-trip hike (about three hours) into the grove. The trail drops down 1.5 miles making this a moderately strenuous hike on the uphill portion. There is no potable water at the parking area or down in the grove. Be sure to bring drinking water with you. The grove is located 3.5 miles north of Crane Flat and 4.5 miles south of the Big Oak Flat Entrance along the Big Oak Flat Road (Highway 120 West). The trail is marked by a sign and a post labeled B-10.

Tuolumne Grove

The trailhead for this grove of approximately 25 sequoias is near the intersection of the Big Oak Flat and Tioga roads at Crane Flat. The former route of the Big Oak Flat Road leads downhill from the parking area into the grove. The trail drops 500 feet (150 meters) in one mile. The way down can seem much easier than the uphill return to the parking lot. The trip is moderately strenuous on the uphill portion. Within the Tuolumne Grove there is an easy, half-mile, self-guided nature trail. There is no potable water at the parking area or in the grove. Be sure to bring drinking water with you.

Programs printed in **ALL CAPS AND COLOR** are especially for children and their families.
Become a Junior Ranger

Follow these steps to earn your Junior Ranger badge.*

Yosemite National Park offers a wide variety of programs and activities for kids of all ages! To find kid-friendly programs, see pages 6, 7, 9, and 11 of the Guide for program descriptions:

1. With an adult, pick a trail to walk. See page 17 of this Guide or stop by a visitor center to choose your trail. As you go, walk quietly, watch, listen, and think.
   
   Write the name of the trail you walked. ___________________________________

2. Explore with your senses! Record the following.
   
   I see: ______________________   I hear: ______________________
   
   I smell: ____________________   I touch: ______________________

3. Leave no Trace! If you see trash or rubbish, pick it up. Junior Rangers learn to be good park stewards by bringing in a bag of trash. Recycle any recyclable materials you pick up or bring along.

4. Ask a Ranger! What President signed the Yosemite Grant Act on June 30, 1864, setting aside Yosemite Valley and the Mariposa Grove for special protection?

5. Learn more. Go to a ranger-led program or visit with an Indian Cultural Demonstrator. What program did you attend? Have the ranger or demonstrator sign below.

   Signed by: ___________________________________________________

6. Write down something you learned from a ranger or Indian Cultural Demonstrator.

   ______________________________________________________________

7. Think about this. Why do people work to protect national parks?

   ______________________________________________________________

8. When you complete this page, take it to a visitor center. There you will take your oath and receive your Junior Ranger badge.

   *Expanded Junior Ranger and Little Cub programs (and the chance to earn a patch) are available in the Junior Ranger or Little Cub Handbooks, which can be purchased at any Yosemite Conservancy bookstore.
Bears and Wildlife

Enjoying wildlife safely and responsibly

Keep Wild Wild!

Black bears, coyote, deer, and grey squirrels are just a few of the many animal species in the park that are active year round. Learn how to help protect Yosemite’s wildlife.

Store Your Food Properly.

4,000 to 20,000 calories worth of grasses, berries, acorns, and grubs— that’s the typical daily diet of most bears. It’s a lot easier for a bear to eat the thousands of calories of food in an ice chest than it is to spend all day nibbling at grasses. Their incredible sense of smell allows them to detect things we can’t, which helps them find food—a black bear can smell a dead deer three miles away. To top it off, bears have excellent vision and can see in color, so they recognize ice chests, grocery bags, and other food containers as potential food sources.

If you see a bear, scare it away or keep your distance.

You may not see a bear during your visit because they naturally avoid people. However, if you see one in a developed area (like a campground or parking lot), act immediately to scare it away. Make noise and yell as loud as possible. If there is more than one person, stand together to present a more intimidating figure, but do not surround the bear.

If you see a bear anywhere else, consider yourself lucky—but keep your distance.

If you see a bear, scare it away or keep your distance.

Drive the speed limit.

The most common human-related cause of death for a black bear in Yosemite is being hit by a car. Slow down! Driving too fast is almost always the cause of these accidental deaths.

Red Bear, Dead Bear

Did you notice the red bear markers as you drove through the park? Each of them mark a place where a bear was recently hit. Every year bears, hundreds of deer, and countless other animals are killed while trying to cross park roads. Many of these deaths could have been avoided if drivers observed posted speed limits.

Please remember that Yosemite National Park is a wildlife preserve: by driving the speed limit you are helping to protect the park and its wildlife.

Backpackers: Save Your Food, Save A Bear

Bear resistant food canisters are 2.7-pound containers that can be used to store five or more days of backpacker food when meals are carefully planned. Canisters have an insect lid that bears are unable to open. When used correctly, bears learn that—although they smell like food—the canisters are not worth investigating.

Report Bear Sightings!

To report bear sightings, improper food storage, trash problems, and other bear-related problems, leave a message for the Bear Management Team at 209-372-0322. Your call can be made anonymously. For more information regarding bears and proper food storage, visit the park’s website (www.nps.gov/yose/bears).

Coyotes

Watching a coyote hunting for mice in one of Yosemite’s many meadows can be an amazing wildlife experience. Coyotes are opportunistic carnivores that primarily prey on small mammals. Like bears, their diets change throughout the year with food availability.

Unfortunately, coyotes sometimes change their natural behavior to try to obtain human food. Approaching, and/or feeding coyotes can cause them to lose their natural fear of humans. Please do not stop to feed coyotes that you see along the sides of the roads. This encourages them to frequent roadways to beg for food, endangering both coyotes and drivers.

How to Store Food

*“Food” includes any item with a scent, regardless of packaging. This may include items that you do not consider food, such as canned goods, bottles, drinks, soap, cosmetics, toiletries, trash, ice chests (even when empty), and unwashed items used for preparing or eating meals.*

<table>
<thead>
<tr>
<th>Item to Store</th>
<th>Store It</th>
</tr>
</thead>
<tbody>
<tr>
<td>Your Vehicle</td>
<td>You may store food in your car (with windows closed) only during daylight hours. Do not store food in your car after dark. Use a food locker. Remember to clear your car of food wrappers, baby wipes, and crumbs in baby seats. Never leave unattended food wrapped to the outside of a vehicle or in a pickup truck bed. Bears can smell food, even if it’s sealed in the trunk or glove compartment, and they recognize loose and bags as potential food sources. They can easily and quickly break into all kinds of vehicles!</td>
</tr>
<tr>
<td>Your Campsite or Tent Cabin</td>
<td>You must store all your food in food lockers—not in your tent or tent cabin. A food locker is available at each campsite and tent cabin. Food may be stored out of sight in hard-sided fits with windows closed. Bears may enter campsites when people are present, and some will even check food lockers to see if they’re secured. Keep food wrappers closed and latched at all times, even when you are in your campsite or tent cabin. Bears may investigate picnic areas or backpacks for food even when people are present, so be alert.</td>
</tr>
<tr>
<td>Picnic Areas &amp; on the Trails</td>
<td>Do not leave food unattended. Always keep food within arm’s reach. Don’t turn your back to your food! Bears may investigate picnic areas or backpacks for food even when people are present, so be alert.</td>
</tr>
<tr>
<td>Backpacking in the Wilderness</td>
<td>Bear resistant food containers are required throughout the Yosemite Wilderness. Hanging food is prohibited in Yosemite. In Yosemite and the southern Sierra, bear canisters are the only effective and proven method of preventing bears from getting human food.</td>

Experience Your America    Yosemite National Park

**Protect Yourself...**
Keep safety in mind as you explore the park

---

**Permit Required to Hike Half Dome**

Permits to hike to the top of Half Dome are required seven days a week when the cables are up for 2014, May 23 through October 14, conditions permitting. A daily total of 225 preseason lottery permits have already been issued for 2014. In addition, approximately 50 permits will be released by daily lottery throughout the season based on estimated under-use and cancellation rates (exact number may change throughout the summer). Applications for daily lotteries will be accepted 2 days prior to the desired hiking date between midnight and 3pm. To apply, visit Recreation.gov or call 877/444-6777. A non-refundable application fee applies to all submissions and a use fee applies to winning applicants. Finally, a daily quota of 75 Half Dome permits will be available to overnight users with an appropriate wilderness permit (use fee applies). These permits may be acquired through early reservations (50 per day) or day before walk-up (25 per day). Rock climbers who reach the top of Half Dome without entering the subdome area may descend on the Half Dome Trail without a permit. More information is available at: [http://www.nps.gov/yose/planyourvisit/hdpermits.htm](http://www.nps.gov/yose/planyourvisit/hdpermits.htm).

For backpackers more information is available at: [http://www.nps.gov/yose/planyourvisit/hdwildpermits.htm](http://www.nps.gov/yose/planyourvisit/hdwildpermits.htm).

---

**Keep yourself safe while exploring your park.**

There are many ways to experience the wildness of Yosemite. While the forces of nature can create unexpected hazardous conditions, with a little common sense and some pre-planning, you can minimize the risks associated with many activities.

---

**Stay on Trail**

- Many accidents occur because visitors leave a trail or pathways. Off trail travel can be extremely dangerous, especially next to waterways where rocks have been polished.
- Scrambling on boulders, wading across streams or rivers, and traveling beyond railings or other barriers may put you one slip away from a fatal accident.
- Avoid shortcuts. Visitors commonly get “legged out” after cutting across trails.

---

**Around Water**

- Never swim or wade upstream from a waterfall, even if the water appears shallow and calm. Each year, unsuspecting visitors are swept over waterfalls to their deaths when swimming in these areas.
- Mountain water is very cold, no matter what time of year it is. Yosemite’s rivers are fed by melted snow, and even expert swimmers can quickly lose their strength in the icy water.
- Ask a ranger about safe places to swim.
- Swimming is not permitted in the Hetch Hetchy reservoir or in Emerald Pool above Vernal Fall.

---

**Water Quality**

To protect yourself from disease, treat any surface water before drinking. Treatment methods include boiling for five minutes, use of a Giardia-rated water filter, or iodine-based purifier. To prevent the spread of Giardia and other water-borne disease organisms, use restroom facilities where available, and always wash hands afterwards with soap and water. In natural areas where facilities are not available, wash, camp, and bury human waste at least 100 feet away from any water source or trail, burying human waste six inches deep and pack out any toilet paper.

---

**Traffic Safety**

Roads leading to the park are two-lane, narrow, and winding. When traveling on park roads you can protect yourself, other visitors, and park wildlife by observing the following simple rules: Please obey posted speed limits. Yosemite’s roads are used by both visitors and park wildlife. Use turnouts to pull completely out of the road, to take photos, consult the park map, or simply enjoy the park’s scenery and wildlife.

**Hiking, Backpacking, River and Creek Crossings, and Rock Climbing**

- Tell someone your plan and when you hope to return.
- Avoid dehydration or heat exhaustion; carry and drink plenty of water, at least three liters of water per person, more on hot days, and bring high-energy food.
- Carry a map and know where you are at all times, with a planned route.
- Altitude sickness can develop at altitudes as low as 8,000 feet. Descend to a lower elevation should it develop.
- Know the weather and prepare for changes. Retreat from exposed mountaintops, high ridges, and open granite slabs at the first sign of thunder or lightning.
- Bring a flashlight in case you need to stay on the trail longer than expected.
- Be prepared to set up emergency shelter even when out just for the day.
- Admire wildlife from a distance to prevent injury to you or animals.

**Wilderness Permit Information**

Wilderness permits are required year round for all overnight trips into the Yosemite Wilderness. Permits are issued and bear canisters are available for rent at the Yosemite Valley Wilderness Center, the Tuolumne Meadows Wilderness Center, the Big Oak Flat Information Center, Hill’s Studio in Wawona, and the Hetch Hetchy Entrance Station during hours of operation. Check the website at www.nps.gov/yose/planyourvisit/wildpermits.htm or call the park’s main phone line at 209/372-0200, for additional information. 40 percent of the trailhead quota is available for first come first serve. First come first serve permits are available the day of opening and the day before starting at 11am.

**Hantavirus Information**

Mice are an important part of the ecosystem, but can carry diseases that are harmful to humans. Hantavirus Pulmonary Syndrome (HPS) is a rare but serious disease spread in the droppings and saliva of infected rodents. Not all rodents are infected with hantavirus, but infected rodents have been found throughout the US. You can be in close proximity to park rodents, so it is important you take steps to protect yourself from HPS.

Tell housekeeping staff if you see evidence of mice in your tent or cabin and do not clean up the area yourself. Keep doors shut and do not eat or bring food into your cabin that is not in a sealed container. Do not pitch tents near rodent burrows or droppings. HPS begins with aches, fever, and chills one to 8 weeks after exposure, progressing to cough and difficulty breathing. Seek medical attention immediately if you experience these symptoms.

For more information on rodent-borne diseases and other environmental safety hazards visit: [http://www.nps.gov/yose/planyourvisit/yoursafety.htm](http://www.nps.gov/yose/planyourvisit/yoursafety.htm)

**Avoid contact with wildlife and keep food and trash stored properly.**

Wild animals in Yosemite can transmit numerous diseases, including plague, rabies, and hantavirus. Keeping your distance and your food from wildlife not only protects them, it also protects you from injury and exposure to diseases.

If you encounter a mammal, particularly a raccoon, skunk, fox, coyote, or bat, that is behaving erratically, don’t touch the animal. Instead, report the sick animal to a park employee.

In addition to keeping bears away, storing your food properly also reduces your exposure to rodents and their fleas, which may carry plague.
Protecting Yourself and the Park

Prepare yourself for a wild experience. Yosemite is a place where natural forces—such as rockfall, fire, and flood—are constantly at work. Here, wildlife freely roams. This is a place where wilderness prevails. The National Park Service recognizes the importance of Yosemite's natural processes and is bound by its mission to protect them for the benefit and enjoyment of future generations. While you are enjoying your visit, be attentive to the special regulations in place to protect park resources and those designed for your safety.

Rafting

Conditions permitting, rafting on the Merced River in Yosemite Valley is allowed to all rafting devices. The entire length of the Merced River in Yosemite Valley is closed to all floating devices whenever the river gauge at Sentinel Bridge reaches 6.5 feet or higher. Ask at a visitor center for conditions and obey all posted signs.

You must wear or have a U.S. Coast Guard-approved personal flotation device immediately available.

Fallen trees and other natural debris in the river create important habitat for fish and other wildlife. Be aware—¡they can also create hazards for rafters!

Bicycling

Each season, plants are crushed from bicycle trails. Mountain biking opportunities are available in designated areas outside Yosemite.

Fishing

Fishing in Yosemite is regulated by state law. All California sport-fishing license is required for those persons age 16 years and older. When fishing, the license must be plainly visible by attaching it to an outer layer of clothing above the waistline.

Trout season runs through November 15 (except Frog Creek near Lake Eleanor, which opens June 15).

Special fishing regulations apply on the Merced River in Yosemite Valley from Happy Isles downstream to the Foresta Bridge in El Portal. Within these reaches of the river, it is catch-and-release only for rainbow trout. Brown trout limits are five fish per day. Only artificial lures or flies with barbless hooks may be used.

The use of live or dead minnows, bait fish or amphibians, non-preserved fish eggs or roe is prohibited.

Pets

Keep in mind, daytime temperatures can reach above 100° Fahrenheit in the summer. Make sure to keep your pet cool and well-hydrated. In Yosemite, pet owners have a few rules to follow:

- Pets are only allowed in developed areas and on roads and paved bike paths. Pets are not allowed anywhere in the Mariposa or Merced sequoia groves.
- They are not allowed on trails, in wilderness areas, or where signs are posted prohibiting them.
- Pets must be on a leash (6 feet or less) or otherwise physically restrained.
- For the courtesy of others, human companions are responsible for cleaning up and depositing pet feces in trash receptacles.
- Pets are not allowed in any lodging facilities or other buildings within the park and are not allowed in some campgrounds.
- Pets may not be tied to an object and left unattended.

Weather in Yosemite

Dressing in layers and bringing plenty of water can help you stay safe through Yosemite’s changing weather conditions. As is true of all mountainous regions, weather in the Sierra Nevada can change rapidly any season of the year. Elevation plays a major role in temperature and precipitation variability, and Yosemite ranges in elevation from 2,000 feet to more than 13,000 feet above sea level. It is not uncommon for clouds to build up suddenly, bringing rain and/or thunderstorms to an otherwise sunny day. In September and October, temperatures in Tuolumne Meadows can dip well below freezing, while day time temperatures at lower elevations, like Yosemite Valley and Hetch Hetchy, can soar to over 100° F.

...and Yosemite

Protecting park resources

Yosemite Guardians

Visitors to Yosemite National Park are the park’s most important guardians. With nearly 4 million people watching over its special plants, animals, historic, and archeological sites, imagine how well-protected these park resources could be!

During your visit to Yosemite be aware that there are people who either unknowingly or intentionally harm park resources. Please contact a park official if you see any of the following illegal acts:

- Feeding or approaching wildlife
- Collecting plants
- Hunting animals
- Collecting reptiles and butterflies
- Picking up archeological items, such as arrowheads
- Using metal detectors
- Driving vehicles into meadows
- Biking off of paved roads
- Camping outside of designated campgrounds
- Possession of weapons inside federal facilities
- Possessing or using marijuana, including medical marijuana
- Operating an unmanned aircraft system (“drone”)

If you see activities that could harm people or park resources, jot down any descriptions or a vehicle license plate number and call the park dispatch office at 209/379-1992.

FOR MORE INFORMATION

To find out more about Yosemite National Park regulations visit www.nps.gov/yose/planyourvisit/yoursafety.htm and find a copy of the Superintendent’s Compendium. This document is a compilation of designations, closures, permit requirements, and other restrictions made by the superintendent, in addition to what is contained in Title 36 of the Code of Federal Regulations (Chapter 1, Parts 1 through 7 and 34), and other applicable federal statutes and regulations.

Camping in Yosemite National Park

For campground reservations, visit www.recreation.gov (recommended) or call 877/444-6777 or TDD 877/883-6777 or 518/885-3639 from outside the US and Canada.

Hours: 7am to 7pm Pacific time (November through February) 7am to 9pm Pacific time (March through October)

Reservation offices in the park are located in the visitor parking area at Curry Village (shuttle bus stop #4), the Tuolomne Meadows Campground entrance, in Wawona off Chilnualna Falls Road, and at Big Oak Flat Information Station.

Yosemite Valley
There is a 30-day camping limit within Yosemite National Park in a calendar year; however, May 1 to September 15, the camping limit is 14 days and only seven of those days can be in Yosemite Valley or Wawona.

Camp 4 is a walk-in campground and is open all year on a first-come, first-served basis; these campites are not wheelchair accessible. Sites are available on a per-person basis, and six people will be placed in each campsite, regardless of number of people in your party. Camp 4 often fills before 9 am each day, May through September.

Camping in Areas Surrounding Yosemite
The U.S. Forest Service (USFS) operates a variety of campgrounds on a seasonal basis near Yosemite. For additional information, contact Groveland Ranger Station at 209/967-7825, Mariposa Ranger Station at 209/966-3638; Mono Lake Ranger Station at 760/647-3044; or Oakhurst Ranger Station at 559/683-4636. For private campgrounds outside Yosemite, call the respective chamber of commerce or visitor bureau listed on page 10.

Group Campgrounds
There are group campsites at Tuolomne Meadows, Hodgdon Meadow, Wawona, and Bridalveil Creek Campgrounds. Reservations can be made the same way as individual site reservations; 13 to 30 people are allowed in each group campsite. Tent camping only. Pets, RVs, and generators are not permitted in group sites.

Camping Reservations
Reservations are required March through November for campsites in Yosemite Valley’s car campgrounds and summer through fall for Hodgdon Meadow, Crane Flat, Wawona, and half of Tuolomne Meadows. All other campgrounds (except group and stock campgrounds) are first-come, first-served. Campground reservations are available up to five months in advance, on the 15th of each month at 7am Pacific time. Log onto the website or call as soon as possible as some campgrounds fill within a few minutes of the opening period.

ARRIVAL DATE FIRST DAY TO MAKE RESERVATIONS (3AM PT)
Dec. 15 – Jan. 14 Aug. 15

**Featured Hike**

**Dewey Point (Moderate)**

**Trail Description:**

8.2 miles (13.2 km) round-trip. 750 ft (225 m) elevation change; 4 to 6 hours round-trip.

Join in the celebration of the 50th Anniversary of the Wilderness Act by hiking to a vista point that showcases the beauty of Yosemite Valley, an astonishing landscape that is protected by the Wilderness Act.

Begin the trail to Dewey Point by following signs for the McGurk Meadow trail. The trail leads downhill 0.8 mile (1.3 km) to the lush McGurk Meadow and the site of an old cabin that belonged to shepherd John McGurk. Continue one mile (1.6 km) past the meadow to reach an intersection with the Pohono Trail.

Follow the Pohono Trail west (left) to Dewey Point, 4.1 miles (6.6 km) from the trailhead. Enjoy the unique views of El Capitan, Cathedral Rocks, Half Dome, and the Yosemite high country. Return the same way, or you can continue on the Pohono Trail west to more viewpoints and eventually the Tunnel View parking area 5.5 miles (8.9 km) beyond Dewey Point.

**Things to know before you go:**

- Bring and consume plenty of water and snacks along the way as you hike, keeping you hydrated and replenishing your energy.
- Wear appropriate, sturdy hiking footwear and bring extra layers for changing weather conditions (raingear, warmer layers, etc.).
- Check the weather before you go and be prepared for any changes. Retreat from exposed mountaintops, high ridges, and open granite slabs at the first sign of thunder or lightning.
- Carry a flashlight with extra batteries, a first-aid kit, and any additional medications you might need during the hike.

---

These are drop-off points via the Tuolumne Meadows Hikers’ Bus.
50th Anniversary of the Wilderness Act
September 3, 1964 - 2014

Yosemite is honoring more than one anniversary this year. The preservationist impulse that began with the Yosemite Grant 150 years ago reached its zenith 50 years ago, with the signing of the Wilderness Act on September 3, 1964. The Wilderness Act’s roots come from the same era as the NPS Organic Act (signed in 1916), and share some of the same language, but it provides even more protection for the public lands so designated.

The idea for a separate law to protect wilderness was driven by the increase in development after the Second World War. Those who wanted to protect remaining wild lands were alarmed by the rapid loss of those places due to the fast pace building of highways, reservoirs, housing tracts, resorts, and other developments. They sought permanent protection for the tiny remnants of undeveloped public land remaining.

The Wilderness Act passed during the civil rights era, and the Act’s sponsors realized that not everyone would want to visit wilderness. Like other acts passed in that era, it protects a minority right – the right of those who desire “outstanding opportunities for solitude or a primitive and unconfined type of recreation.” All of those involved in the creation of the law, however, emphasized that the most important values of wilderness were not recreational.

At the heart of the Act is this definition: “A wilderness, in contrast with those areas where man and his own works dominate the landscape, is hereby recognized as an area where the earth and its community of life are untrammeled by man….” Untrammeled doesn’t mean “untrampled,” or pristine, instead it refers to the free play of natural forces in areas where natural conditions and processes are not manipulated. The law establishes wilderness areas as places where we practice humility and restraint in our relation to the land; where we do without our powerful tools that would let us dominate and control the natural world.

In doing so the Act protects many other values as well. Designated wilderness areas serve to provide clean air and water, refuge for species suffering from habitat alteration, a natural laboratory for studying relatively undisturbed ecosystems, and a classroom for coming generations.

“Solitude,” “primitive” and “unconfined” may not be words that many would associate with Yosemite Valley, Glacier Point, or many other popular Yosemite locations. Yet the views from these locations- Yosemite Falls, Half Dome, El Capitan- are protected by the Wilderness Act, As are the lands far beyond the famous landmarks- where solitude and primitive, unconfined experiences can be easily found. On September 28, 1984, Congress designated most of the park as the Yosemite Wilderness. So wilderness in Yosemite is celebrating two anniversaries this September!

As we celebrate the Act’s 50th anniversary we owe a tribute to the many visionary people who wrote and passed the Act: Howard Zahniser, the Act’s primary author, David Brower, one of its leading advocates, legislators like John Saylor and Hubert Humphrey, and many, many others. The Wilderness Act took eight years to pass, but the long legislative journey resulted in a short, well-crafted law. As one of the legislators stated, “Perhaps there is no other act that was scanned and perused and discussed as every sentence in the Wilderness Act.”

The Wilderness Bill passed the House on July 30, 1964, Wallace Stegner’s “Wilderness Letter” was read on the floor. Stegner had written the letter as part of a report to Congress during the legislative battle. In it, he says that wilderness, “a timeless and uncontrolled part of the earth,” is necessary as “a means of reassuring ourselves of our sanity as creatures, a part of the geography of hope.” With care it will continue to do so in 2064 and beyond.

Supporting Your Park

Enhance the Visitor Experience

It takes a legion of people working together to protect this special park for you and future generations of visitors. You too can extend your connection to Yosemite well after you return home by getting involved with the organizations that partner to preserve Yosemite.

This publication was made possible by the Yosemite Park Partners listed on this page. Read more below or visit www.yosemitepartners.org to learn more about helping these organizations provide for the future of Yosemite National Park.

The Ansel Adams Gallery

The Ansel Adams Gallery, owned by the family of photographer Ansel Adams since 1902, is a center that celebrates the arts and the natural grandeur of our environment. It cultivates an aesthetic appreciation and concern for our world by offering visitors a unique variety of literature and art, as well as programs that inspire creativity. Visit online at www.anseladamsgallery.com.

DNC Parks & Resorts at Yosemite

DNC Parks & Resorts at Yosemite (DNC) operates hotels, restaurants, sightseeing tours, recreational activities, interpretive programs, stores, shuttles and service stations in the park under contract with the U.S. Department of the Interior. DNC encourages its employees to develop a strong relationship with the park during their tenure.

For more information and employment opportunities with DNC at Yosemite, visit online at www.YosemitePark.com.

NatureBridge

NatureBridge provides residential field science programs for youth in the world’s most spectacular classroom - Yosemite National Park. Through active student engagement, our faculty teaches science, history, and the arts and gives these subjects context through personal experience. A NatureBridge learning adventure strives to foster a life-long connection to the natural world and responsible actions to sustain it. Find out more about our year-round programs for schools and summer programs for individual teens at www.naturebridge.org/yosemite.

Yosemite Conservancy

Through the support of donors, Yosemite Conservancy provides grants and support to Yosemite National Park to help preserve and protect Yosemite today and for future generations. The work funded by Yosemite Conservancy is visible throughout the park, from trail rehabilitation to wildlife protection and habitat restoration. The Conservancy is dedicated to enhancing the visitor experience and providing a deeper connection to the park through outdoor programs, volunteering and wilderness services. Thanks to dedicated supporters, the Conservancy has provided more than $81 million in grants to Yosemite National Park. Donate now or learn more at www.yosemiteconservancy.org or call 800/469-7275.

Volunteer For Your Park!

Over 10,100 volunteers donated more than 170,000 hours of service to Yosemite last year, restoring native habitat, working in visitor centers, serving as camp hosts, studying wildlife, cleaning up litter and more. Would you like to serve? We have group and individual volunteer opportunities, both short term and long term. Learn more at www.nps.gov/yose/supportyourpark/volunteer.htm or call the volunteer office at 209/379-1850.
