Seasonal Highlights
Keep this Guide with you to get the most out of your trip to Yosemite National Park

Celebrate Yosemite’s 125th Birthday!
On October 1, 2015, the park will commemorate the 125th anniversary of the establishment of Yosemite National Park. President Benjamin Harrison signed the legislation, thereby creating the nation’s third National Park. The establishment of Yosemite National Park preserved over 1,500 square miles of land including Tuolumne Meadows, the park’s high country, Hetch Hetchy, and lands surrounding Yosemite Valley. Check out the Anniversary Website at www.nps.gov/yose/anniversary for information about events happening all year.

Great Things Are Happening in the Mariposa Grove!
The Restoration of the Mariposa Grove of Giant Sequoios Project is now underway! On July 6, 2015, a temporary closure of the grove for up to 24 months began. The restoration project will restore the habitat and hydrology of the grove and improve visitors’ experience and enjoyment. Trails will be improved providing universal access along with improved restrooms.

Visit the Yosemite Museum
Visit the Yosemite Museum and learn about Yosemite Indians by exploring a museum collection that includes remarkable woven baskets and traditional dress. Tour the outdoor Indian Village or talk with an Indian cultural demonstrator. You can also view historic landscape paintings of Yosemite in the museum gallery. The YosemiteMuseum is located in Yosemite Village at shuttle stops #5 and #9.

Take a Photography Class
Learn how to best capture the landscape of Yosemite by joining a photography expert from The Ansel Adams Gallery. Several classes are offered each week. Some have fees, some are free. Learn more and sign up at the Ansel Adams Gallery in Yosemite Village at shuttle stops #5 and #9. (See pages 5 and 6 for details.)

Get outside and enjoy your park!
Summer offers spectacular views of waterfalls, great hiking, and endless other opportunities for recreation.

Stroll with a Ranger
Learn about the wonders of the park on a ranger-guided stroll. Programs are offered daily throughout the park on a variety of topics including waterfalls, trees, bears, geology, Yosemite Indians and more. (See pages 6, 7, 9 and 11 for details.)

Yosemite Art Center Workshops
Yosemite Conservancy invites you to participate in one of our enriching and fun plein air art workshops in Yosemite Valley, held Monday through Saturday from 9:45am to 2pm. Workshops meet at the Yosemite Art Center (next to the Village Store). There is a registration fee of $10 per workshop per person. To sign up in advance, call 209/372-1442. Walk-ins are welcome when space is available. The Art Center is open daily from 9am to 4:30pm (closed at 12pm for lunch) – come by and browse our selection of art supplies, gifts and original artwork! (See page 6 for details.)

Go to the Theater
After a day filled with exploring, relax and enjoy an evening at the theater! Yosemite Theater presents a variety of shows, including inspiring films, plays based on some of the park’s most colorful characters and celebrations of Yosemite’s culture and history. (See page 6 for show descriptions and schedules.)

Get Outdoors with Yosemite Conservancy
Are you looking for a memorable way to experience Yosemite, tailored to your interests and ability? Our expert naturalist-guides will enhance your understanding of the park as you walk among Yosemite’s famous cliffs, trees and waterfalls. Whether you want to explore the park’s flora and fauna while taking a gentle saunter along the river or learn about Yosemite’s geology during an exhilarating hike, we’ll help you create the perfect outdoor experience. Contact us to plan a Custom Adventure for your family or group. Visit yosemitesecondary.org/adventures or 209/379-2317 x10 to find your adventure today.

Adventure Out with the Yosemite Mountaineering School
Yosemite Mountaineering School provides outdoor adventures for people of all experience levels. We are here to help you learn how to enjoy the woods safely and responsibly. Give us a call to join one of our group classes or schedule a custom outing designed specifically for your group. We offer professional guides for hiking, backpacking and rock climbing. Reservations required. Call 209/372-8344 or email yms@dcinc.com

Take the FREE Shuttle From Yosemite Valley to Tuolumne Meadows!
Daily shuttle service is now available between Yosemite Valley and the Tuolumne Visitor Center. Seating is first come/first serve and subject to availability. (See page 10 for more information.)

Every Kid In A Park
Fourth graders, grab your family and go enjoy your national parks for FREE! The EveryKidInAPark initiative was recently launched to help the next generation of park visitors, supporters and advocates create positive attitudes towards public lands and to give every child the chance to explore America’s great outdoors and unique history. Visit www.everykidinapark.gov for more information.

FREE Interagency-4th Grade Pass
An annual pass for 4th graders and their families to have free access to any federal land or water for an entire year. Must present a paper voucher to obtain pass. Visit www.everykidinapark.gov for details.

Where to Go and What to Do in Yosemite National Park

Access for People with Disabilities
Accessible parking, lodging, tours, and activities are available throughout the park.

For a complete list of accessible services, recreational opportunities, and exhibits, pick up an updated Yosemite Accessibility Guide which is available at park entrance stations, visitor centers, and online at www.nps.gov/yose/planyourvisit/accessibility.htm, or call a park Accessibility Coordinator at 209/379-1035 for more information.

Accessible parking spaces are available just west of the Yosemite Valley Visitor Center. To reach these, enter the Valley on Southside Drive. Turn left on Sentinel Drive. Turn left on Northside Drive, and follow the blue and white signs.

Sign Language interpreting is available upon request. Contact Deaf Services at 209/379-2520 (ttd). Two weeks advance notice is requested. Assistive Listening Devices are available upon advance request, inquire at a visitor center.

Audio tours are available for the Yosemite Valley Visitor Center. Refer to the Accessibility Guide, or contact an Accessibility Coordinator for more information.

Emergency Information

Emergency Dial 911
Yosemite Village Garage offers 24-hour emergency roadside assistance.

For up-to-date road, weather, and park information: 209/372-0200

Medical Clinic (in Yosemite Valley)
Open 7 days per week
9am to 7pm - for primary and urgent care needs.
Phone: 209/372-4637

Lost and Found
To inquire about items lost or found at one of Yosemite’s restaurants, hotels, lounges, shuttle buses or tour services, call 209/372-4571. For items lost or found in other areas of the park, email yose_lostandfound@nps.gov

Yosemite Valley
Yosemite Valley, open all year, is world-famous for its impressive waterfalls, cliffs, and unusual rock formations. You can get there via Highway 41/Wawona Road from Fresno, Highway 140/El Portal Road from Merced, Highway 120 west/Oak Flat Road from Manteca, and (during summer) via the Tioga Road/Highway 120 east from Lee Vining. Yosemite Valley is home to massive cliff faces like El Capitan and Half Dome, thunderous waterfalls, including the tallest in North America, and attractive meadows. While Yosemite Falls slows to trickle by August, a half-day hike will bring you to impressive Vernal and Nevada Falls. Walk to Mirror Lake, where you will see reflections of Half Dome. Gaze up at El Capitan, a massive granite monolith that stands 3,593 feet from base to summit. Whether you explore the valley by foot, bike, car, on horseback, raft, or tour, you will behold scenery that will leave you breathless and eager to see what’s around the next corner.
Glacier Point

The Glacier Point shuttle will begin running at 10am. The last shuttle from Glacier Point Road, or camping at Bridalveil Creek Campground will be allowed to continue. Visitors with accessibility placards, valid wilderness permits for trailheads along Glacier Pass to Glacier Point, will be required when the Glacier Point parking lot is full; however, visitors with accessibility placards, valid wilderness permits for trailheads along Glacier Point Road, or camping at Bridalveil Creek Campground will be allowed to continue. The Glacier Point shuttle will begin running at 10am. The last shuttle from Glacier Point leaves at 5:30pm, and from Badger Pass at 4:30pm. This service ends September 7.

Wawona and Mariposa Grove

The Mariposa Grove of Giant Sequoias is located 36 miles (1 ¼ hours) south of Yosemite Valley via the Wawona Road (Highway 41), two miles from the park’s South Entrance. Starting July 6, 2015, the Mariposa Grove of Giant Sequoias will close for restoration. The nearby Pioneer Yosemite History Center in Wawona is a collection of historic buildings associated with people and events that shaped the national park idea in Yosemite. Enjoy a horse-drawn stage ride, watch blacksmiths at work at the blacksmith shop, or hike one of the scenic trails. For more information, visit the Wawona Visitor Center at Hill’s Studio, adjacent to the historic Wawona Hotel. This was once a painting studio for the 19th-century artist Thomas Hill.

Tioga Road and Tuolumne Grove

Tioga Road offers a 39-mile scenic drive past forests, meadows, lakes, and granite domes. It is usually open from late May or early June through sometime in November. The road’s elevation ranges from 6,200 to nearly 10,000 feet, so it offers an opportunity to experience many of Yosemite’s habitats. The White Wolf area, midway across the park, is the starting point for day hikes to Lukens Lake and Harden Lake. To see giant sequoias, park at the Tuolumne Grove parking area on the Tioga Road, and walk one steep mile down to the grove. Or park at Merced Grove trailhead on Big Oak Flat Road and walk 1.5 steep miles down to the grove. These groves are smaller than the more-famous Mariposa Grove, but are quieter and off-limits to vehicles. Remember: walking down is easier than walking back up.

Tuolumne Meadows

Tuolumne Meadows provides a glimpse of the High Sierra. The Wild and Scenic Tuolumne River winds through broad sub-alpine meadows surrounded by high granite domes and peaks. It is the jumping off place for countless hikes, whether you venture out for a day or a week. Stop at the Tuolumne Meadows Visitor Center for information about hiking to Cathedral Lakes, Elizabeth Lake, Dog Lake, Lembert Dome, or along the Tuolumne River through Lyell Canyon. Take advantage of the free shuttle service in Tuolumne Meadows or the Tuolumne Meadows Tour and Hikers’ Bus from Yosemite Valley.

Hetch Hetchy

Hetch Hetchy Reservoir, a source of drinking water and hydroelectric power for the city of San Francisco, is also home to spectacular scenery and the starting point for many wilderness trails. Due to its importance as a municipal water supply, no swimming is permitted, however. Hetch Hetchy Reservoir is located 40 miles from Yosemite Valley. The Hetch Hetchy Road is open 7am to 9pm, May 1 through Labor Day, with reduced hours during the rest of the year. Hetch Hetchy Road is accessible via the Big Oak Flat Road and Evergreen Road and is approximately a 1½-hour drive from Yosemite Valley. Trailers, vehicles over 25 feet long, RVs and other vehicles over 8 feet wide are not permitted on the narrow, winding Hetch Hetchy Road.

DID YOU KNOW?

- Yosemite Valley and the Mariposa Grove were first protected in 1864 by the Yosemite Grant Act. President Lincoln signed the legislation and the preserved land became the first California State Park.
- In 1890, Yosemite National Park was established, but Yosemite Valley and Mariposa Grove were still managed by the State of California.
- In 1906, President Roosevelt signed the legislation that unified Yosemite National Park and the lands of the Yosemite Grant Act, making Yosemite Valley and the Mariposa Grove part of the national park.
- John Muir first visited Yosemite in 1868 and spent his first few years in Yosemite as a ranch hand, a shepherd, and worked at a sawmill.

Want the Guide on your Apple or Android device?

Get the App!

Search NPS Yosemite in app stores or at nps.gov/yose/planyourvisit to download the official park app for up-to-date listings of programs, services, an interactive map, and more!
The Incomparable Yosemite Valley

Yosemite Valley embraces one of the world’s most outstanding concentrations of waterfalls, granite walls, meadows, wildflowers, and trees. The Valley also harbors a rich collection of human stories, from American Indian lore to the birth of the national park movement. An unlimited array of possibilities await you in Yosemite Valley. Most involve sightseeing and learning about the scenery. See pages 5, 6 and 7 for more information on program topics and visitor services available.

Walking and Hiking

From easy walks to Lower Yosemite Fall, Cook’s Meadow, and Mirror Lake to strenuous hikes to the top of Yosemite Falls or Nevada Fall, Yosemite Valley has a wide range of walking and hiking possibilities. See page 17 for a list of hikes.

Bicycling

Several miles of bicycle paths wind through Yosemite Valley. You can use your own bicycle or rent one from Yosemite Lodge or Curry Village. Bikes are only allowed on paved bicycle paths.

Tours

Tours listed in the next column depart from Yosemite Lodge. Tours may be weather dependent.

Yosemite Valley

The Valley Floor Tour is a 26-mile, two-hour open-air tram tour narrated by a park ranger (weather permitting). The tour departs Yosemite Lodge several times daily. Check Tour & Activity Desk for times. Be sure to ask about Twilight and Moonlight tram tours, too!

The Glacier Point Tour leaves Yosemite Lodge at 8:30 am, 10 am, and 1:30 pm daily when the Glacier Point Road is open. One-way tickets are available daily when the Glacier Point Road is open. One-way tickets are available for those who want to hike down from Glacier Point.

The Grand Tour includes the Valley, Glacier Point, and the Mariposa Grove. An experienced guide narrates each tour. The tour departs Yosemite Lodge at 8:45 am daily. Service will continue Summer of 2017.

Call 209/372-1240 for reservations or inquire at the tour desks at Yosemite Lodge, Yosemite Village, Curry Village, and The Ahwahnee.

Mule & Horseback Rides

Two and four-hour horse or mule rides begin at the stable near North Pines Campground. Stable hours are 7 am to 5 pm daily for more Information call 209/372-8348 Reservations are strongly recommended.

Sightseeing

Some of the famous landmarks in Yosemite Valley include:

- Yosemite Falls gives the Valley an extra touch of life when it’s flowing with spring runoff. You can walk to its base or take the strenuous trail to its top (see page 17).
- Half Dome, Yosemite’s most distinctive monument, dominates most views in Yosemite Valley. Forces of uplift, erosion from rivers and glaciers, and rockfall all shaped this famous feature into what we see today. Cook’s Meadow, Sentinel Bridge, Tunnel View, and Glacier Point, are just a few locations with stunning views of Half Dome.
- El Capitan, a massive granite monolith, stands 3,593 feet from base to summit. From spring to fall, climbers come from all over the globe to scale El Capitan.
- Happy Isles is a place to see dramatic natural processes at work. It is easily reached by shuttle at stop #16 or by walking from Curry Village. Cross the footbridges onto the island or wander through outdoor and indoor exhibits detailing Yosemite’s geologic story.
- Tunnel View, along Wawona Road (Hwy 41) provides a classic view of Yosemite Valley, El Capitan, Half Dome, Sentinel Rock, Cathedral Rocks, and Bridalveil Fall. It is spectacular at sunset or after the clearing of a storm.
Yosemite Valley

Where to go and what to do

Valley Visitor Center and Bookstore
The Yosemite Valley Visitor Center and Yosemite Conservancy Bookstore are open from 9am to 5pm. The visitor center is west of the main post office (shuttle stops #5 and #9). The facility offers information, maps, and books. Explore the exhibits and learn how Yosemite’s landscape formed and how people interact with it.

YOSEMITE FILMS
Two films are shown daily, every half hour beginning at 9:30am (except on Sundays, when the first showing is at noon). The last film is at 4:30pm. “Ken Burns’ Yosemite - A Gathering of Spirit” plays on the hour and “The Spirit of Yosemite” plays on the half hour. Valley Visitor Center Theater.

Yosemite Museum
Located in Yosemite Village next to the Valley Visitor Center, the gallery is open daily from 9am to 5pm. The facility offers interactive, will be part of the display. Yosemite Museum Gallery, June 1 through September 30, open daily from 9am to 5pm; from October 1 through November 1, open daily from 10am to noon, and 1pm to 4pm.

YOSEMITE RENAISSANCE 31 CALL FOR ENTRIES
Yosemite Renaissance is a juried, fine art competition and exhibition on the theme of Yosemite and the Sierra Nevada. This event is open to all living artists, and entry is easily completed with digital files. Awards to be determined. $15 per entry (maximum of 8 entries per artist). The exhibition will be hosted at the Yosemite Museum Gallery, in the heart of Yosemite National Park, beginning February 27, 2016. For a prospectus and entry form please visit: http://www.yosemiterenaisance.org. The deadline for entries is November 15, 2015.

Wilderness Center
Open 8am to 5pm. Visit the wilderness center to learn about wilderness safety, plan trips, obtain wilderness permits and maps, and rent bear canisters. The Valley Wilderness Center is located in Yosemite Village below the post office and the Ansel Adams Gallery.

LeConte Memorial Lodge
LeConte Memorial Lodge is open Wednesday through Sunday from 10am to 4pm, with evening programs Friday and Saturday evenings. Free evening programs are scheduled for 8pm and are limited to 50 guests. The Lodge has a library, a children’s corner, and a new climate change exhibit. The Lodge is located at LeConte stop #12.

Nature Center at Happy Isles
Open daily from 9am to 5pm. Designed for nature-exploring children and their families, the nature center offers natural history exhibits and a bookstore. The nature center is a short walk from shuttle stop #16. Closed for the season September 7.

The Ansel Adams Gallery
Located in Yosemite Village next to the Valley Visitor Center, the gallery is open daily from 9am to 6pm. The gallery offers the works of Ansel Adams, contemporary photographers, and other artists. See page 6 for photo walk times. For more information, call 209/372-4413, or visit www.anseladams.com.

EXHIBITS:
“In Our Time” August 10 to September 13, 2015 From cultural sights to walruses pilgrims, Yosemite National Park lures people of all backgrounds to its hallowed valley and sculpted mountain tops. Artists have been among the most prominent groups persuaded to make this journey, dating all the way back to the late 1850’s when photographer Charles Weed trekked into the valley for the first time. Other photographers, painters and writers were to follow, and the tradition continues to this day. Starting on August 10 and running through September 13, 2015, the Ansel Adams Gallery is proud to present the exhibit “In Our Time,” featuring imagery from the community of artists currently living and working in the national park. This exhibit is a diverse selection of photography and paintings that showcase a great array of talent and backgrounds, that have arrived at this current place in time, drawn together by the allure of Yosemite.

“A Nobel Deed: Photography and Yosemite National Park at 125.” Showcased will be images from the turn of the century, contemporary work from artists still active today, as well as original works made by Ansel Adams himself. The show will open on September 14 and close on November 7, 2015. We hope you get a chance during your visit to stop by and explore this collection of work.

Yosemite Mountaineering School
Yosemite Mountaineering School provides outdoor adventures for people of all experience levels. We are here to help you learn how to enjoy the woods safely and responsibly. Give us a call to join one of our group classes or schedule a custom outing designed specifically for your group. We offer professional guides for hiking, backpacking and rock climbing. Reservations required, please call 209/372-8344 or email yms@dncinc.com.
Experience Your America    Yosemite National Park

Yosemite Conservancy Outdoor Adventures (YC)
Yosemite Conservancy is passionate about sharing the wonders of Yosemite through our year-round Outdoor Adventures. From backpacking to botany and birding, our wide range of programs offers something for every Yosemite adventurer.

Explore History, Discover Giant Trees, and Find Amazing Vistas
These park areas offer endless opportunities for amazing experiences.

Wawona

Visitor Center at Hill’s Studio
Open 8:30am to 5pm, bookstore opens at 9am. The visitor center offers information about park activities, wilderness permits, trail information, books, bear canister rentals, and maps. Located on the grounds of the Wawona Hotel, Hill’s Studio was the gallery and art studio of famous 19th-century landscape painter, Thomas Hill. Walk from the hotel or park at the Wawona store parking area and follow the path up the hill.

Coffee with a Ranger
Grab a mug and join a ranger in the Wawona Campground Amphitheater for coffee, tea, and hot cocoa. Use this time to plan your day or to get other questions answered. See page 9 for times and location.

Evening Programs
Join pianist/singer Tom Bopp in the Wawona Hotel lobby from 5:30pm to 9:30pm, Tuesday through Saturday, as he performs songs and stories from Yosemite’s past. Once or twice a week, he will present an hour-long interpretive program on the vintage songs of Yosemite and its history. Check with Tom at the piano for dates and times.

Ranger Evening Programs
Join a ranger for an hour of nature, history, and insight into Yosemite. Topics vary, nightly. See page 9 for times and location.

Mule and Horseback Rides
Horseride or mule rides begin at the Wawona stable. Stable hours are 7am to 5pm, conditions permitting. Two-hour rides are offered at 9am, 12pm and 3pm. It is required to arrive an hour early before ride. Reservations are highly recommended and can be made by calling 209.372.6502. Closed for the season September 8.

Pioneer Yosemite History Center
Go back to a time of horse-drawn wagons, a covered bridge, and log cabins. A visit to the Pioneer Yosemite History Center explores Yosemite’s history and explains how Yosemite was the inspiration for national parks across America and around the world. The center is always open, and interpretive signs and brochures are available.

Experience Horse-Drawn Travel
Travel into history by taking a 10-minute horse-drawn stage ride. Tickets may be purchased at the Stage Office in the Pioneer Yosemite History Center. See page 9 for dates, times, and locations. $5/adults and $4/child (ages 3-12).

Blacksmith Shop
Smell the burning coal, hear the ring of the hammer on the anvil, and watch a demonstration of the ancient art of blacksmithing. See page 9 for dates, times, and locations.

Mariposa Grove

Great Things Are Happening In The Mariposa Grove!
The Restoration of the Mariposa Grove of Giant Sequoias Project is now underway! On July 6, 2015, a temporary closure of the grove for up to 24 months began. The restoration project will improve the habitat and restore the hydrology of the Mariposa Grove and improve visitors’ experience and enjoyment of the grove. Trails will be improved providing universal access along with improved restrooms. The Mariposa Grove Road is closed to all public access, including bicycle and pedestrian traffic. Hiking trails within the grove are also closed.

Glacier Point

Free Shuttle Service Between Badger Pass and Glacier Point
Between 10am and 4:30pm, visitors will be directed to the Badger Pass parking area. The 30-minute shuttle route includes stops at Sentinel Dome/Taft Point Trailhead and Washburn Point with additional stops upon request at McGurk Meadow, Ostrander Lake, and Mono Meadow trailheads. Visitors with accessibility placards, valid wilderness permits for trailheads along Glacier Point Road, or camping at Bridalveil Creek Campground will be allowed to continue to their destinations. The last shuttle will depart Glacier Point at 5:30pm. This service ends September 7.
Yosemite Guide  September 2, 2015 - October 6, 2015

Glacier Point

Evening Programs
Meet a ranger to enjoy the lengthening shadows in Yosemite Valley and the alpenglow (or moonrise) on the Sierra high country. Stargazing programs are offered, as well. Details at right.

Tuolomne Meadows, White Wolf, and Crane Flat

Tuolomne Meadows
- Please walk on official trails to protect fragile meadow ecosystems.
- Dogs, bicycles, and strollers are only allowed on roads open to vehicles.
- Day-hikers and backpackers must go to trailheads along the way, when requested, if there is a safe place for the bus to pull off the road. Visit a Tours and Activity desk for exact schedule. This service ends September 14.

Tuolomne Meadows Visitor Center
Open daily, 9am to 5pm. Park orientation, trail information, books, maps, and displays. Closed for the season September 25.

Tuolomne Meadows Wilderness Center
Open 8am to 5pm. Visit the wilderness center to learn about wilderness safety, plan trips, obtain wilderness permits and maps, and rent bear canisters. The Tuolomne Meadows Wilderness Center is located just south of Tioga Road, along the road to Tuolomne Meadows Lodge, across from shuttle stop #3.

FREE Hikers Bus from Yosemite Valley to Tuolomne Meadows
The free shuttle departs from Yosemite Valley three times a day, starting from Curry Village at 7:45am, 8:45am and 1:30pm, and from Tuolomne Meadows Visitor Center at 10:15am, 1:15pm and 7pm. Along with scheduled stops, the bus will stop at various trailheads along the way, when requested, if there is a safe place for the bus to pull off the road. Visit a Tours and Activity desk for exact schedule. This service ends September 14.

Just for Kids
Programs for children include Junior Rangers, a two-hour ranger-led program for children (ages 7-12), and Campfire for Kids.

Ranger Walks
Join a ranger to explore new areas and learn about geology, birds, history, the Tuolomne River, and more. These walks range from one to eight hours and, except for the long walks, are fairly easy.

Evening Activities
Come to a traditional, ranger-led campfire program-bring a pad to sit on and dress warmly.

Parsons Lodge, McCauley Cabin, and Soda Springs
Two trails, both flat and 3/4-mile long, lead to this historic area accessible only by walking. Parsons Memorial Lodge is open 10am to 4pm through Saturday, September 19. Soda Springs are small, naturally-carbonated springs that attract birds and deer, especially at sunrise and sunset.

Mule and Horseback Rides
Two-hour horse or mule rides begin at the Tuolomne Meadows stable. Stable hours are 7:30am to 5pm, conditions permitting. Reservation are highly recommended and can be made by calling 209/372-8427. Closed for the season September 14.

Big Oak Flat
Big Oak Flat Information Station
Open 9am to 5pm. The visitor center offers information about park activities, wilderness permits, trail information, books, bear canister rentals, and maps. The center is located just inside the park entrance on Highway 120W.

Ranger Programs
Campfire programs, Bear Walks, Star programs, ranger walks and other evening programs are available at Hetch Hetchy, Hodgdon Meadows, Crane Flat, and White Wolf. Please check local listings for current programs or call 209/379-1899.

Tuolomne Grove
The trailhead for this grove of approximately 25 sequoias is near the intersection of the Big Oak Flat and Tioga roads at Crane Flat. The former route of the Big Oak Flat Road leads downhill from the parking area into the grove. The trail drops 500 feet (150 meters) in one mile. The way down can seem much easier than the uphill return to the parking lot. The trip is moderately strenuous on the uphill portion. Within the Tuolomne Grove there is an easy, half-mile, self-guided nature trail. There is no potable water at the parking area or in the grove. Be sure to bring drinking water with you.

Merced Grove
Yosemite’s quietest stand of sequoias is the Merced Grove, a group of approximately 20 big trees accessible only on foot. It’s a three-mile round-trip hike (about three hours) into the grove. The trail drops down 1.5 miles making this a moderately strenuous hike on the uphill portion. There is no potable water at the parking area or down in the grove. Be sure to bring drinking water with you. The grove is located 3½ miles north of Crane Flat and 4½ miles south of the Big Oak Flat Entrance along the Big Oak Flat Road (Highway 120 West). The trail is marked by a sign and a post labeled B-10.
Yosemite Valley / Tuolumne Meadows
Crane Flat
pump 24 hours with credit/debit card. Gas and propane available. Pay at the pump 24 hours with credit/debit card. Diesel & propane available.

Programs printed in ALL CAPS AND COLOR are especially for children and their families.
Become a Junior Ranger

Follow these steps to earn your Junior Ranger badge.*

Yosemite National Park offers a wide variety of programs and activities for kids of all ages! To find kid-friendly programs, see pages 6, 7, 9 and 11 of the Guide for program descriptions:

Be a naturalist. Look for these common Yosemite wild animals. If you see one, make a note by the animal’s picture below. If you don’t see any of these wild animals during your visit, choose one you did see and draw it in the box on this page. Where did you see it? What was it doing? Also, remember never to feed or approach an animal.

- **Coyote**
- **Black bear**
- **Golden-mantled ground squirrel**

### Follow these steps to earn your Junior Ranger badge.*

Have you finished this page and already receive your Jr. Ranger badge? Ready for more Jr. Ranger activities? Drop by a visitor center desk and pick up the free PSAR Jr. Ranger booklet or Legacy Jr. Ranger page to earn special patches!

1. With an adult, pick a trail to walk. See page 17 of this Guide or stop by a visitor center to choose your trail. As you go, walk quietly, watch, listen, and think.
   - Write the name of the trail you walked.

2. Explore with your senses! Record the following.
   - I see: ______________________   I hear: ______________________
   - I smell: ____________________   I touch: _______________________

3. Leave no Trace! If you see trash or rubbish, pick it up. Junior Rangers learn to be good park stewards by bringing in a bag of trash. Recycle any recyclable materials you pick up or bring along.

4. Ask a Ranger! What President signed the Yosemite Grant Act on June 30, 1864, setting aside Yosemite Valley and the Mariposa Grove for special protection?
   - ____________________________________

5. Learn more. Go to a ranger-led program or visit with an Indian Cultural Demonstrator. What program did you attend? Have the ranger or demonstrator sign below.
   - Signed by: ___________________________________________

6. Write down something you learned from a ranger or Indian Cultural Demonstrator.
   - ___________________________________________________

7. Think about this. Why do people work to protect national parks?
   - ___________________________________________________

8. When you complete this page, take it to a visitor center.
   - There you will take your oath and receive your Junior Ranger badge.

*Expanded Junior Ranger and Little Cub programs (and the chance to earn a patch) are available in the Junior Ranger or Little Cub Handbooks, which can be purchased at any Yosemite Conservancy bookstore.
Keep Wildlife Wild!

Black bears, coyote, deer, and grey squirrels are just a few of the many animal species in the park that are active year round. Learn how to help protect Yosemite’s wildlife.

Store Your Food Properly. Four thousand to 20,000 calories worth of grasses, berries, acorns, and grubs—that’s the typical daily diet of most bears. It’s a lot easier for a bear to eat the thousands of calories of food in an ice chest than it is to spend all day nibbling at grasses. Their incredible sense of smell allows them to detect things we can’t, which helps them find food—a black bear can smell a dead deer three miles away. To top it off, bears have excellent vision and can see in color, so they recognize ice chests, grocery bags, and other food containers as potential food sources.

If you see a bear, scare it away or keep your distance. You may not see a bear during your visit because they naturally avoid people. However, if you see one in a developed area (like a campground or parking lot), act immediately to scare it away. Make noise and yell as loud as possible. If there is more than one person, stand together to present a more intimidating figure, but do not surround the bear.

If you see a bear anywhere else, consider yourself lucky—but keep your distance (at least 50 yards, or about the distance made by four shuttle buses parked end to end). If you get too close, you will be helping the bear become used to being around people.

Bears that become comfortable around humans lose their natural fear of us and may become too aggressive. When that happens, they sometimes have to be killed.

Drive the speed limit. The most common human-related cause of death for a black bear in Yosemite is being hit by a car. Slow down! Driving too fast is almost always the cause of these accidental deaths.

Red Bear, Dead Bear Did you notice the red bear markers as you drove through the park? Each of them mark a place where a bear was recently hit. Every year bears, hundreds of deer, and countless other animals are killed while trying to cross park roads. Many of these deaths could have been avoided if drivers observed posted speed limits.

Please remember that Yosemite National Park is a wildlife preserve: by driving the speed limit you are helping to protect the park and its wildlife.

Backpackers: Save Your Food, Save A Bear Bear resistant food canisters are 2.7-pound containers that can be used to store five or more days of backpacker food when meals are carefully planned. Canisters have an inset lid that bears are unable to open. When used correctly, bears learn that—although they smell like food—the canisters are not worth investigating.

Report Bear Sightings! To report bear sightings, improper food storage, trash problems, and other bear-related problems, leave a message for the Bear Management Team at 209/372-0322. Your call can be made anonymously. For more information regarding bears and proper food storage, visit the park’s website (www.nps.gov/yose/bears).

Coyotes Watching a coyote hunting for mice in one of Yosemite’s many meadows can be an amazing wildlife experience. Coyotes are opportunistic carnivores that primarily prey on small mammals. Like bears, their diets change throughout the year with food availability.

Unfortunately, coyotes sometimes change their natural behavior to try to obtain human food. Approaching, and/or feeding coyotes can cause them to lose their natural fear of humans. Please do not stop to feed coyotes that you see along the sides of the roads. This encourages them to frequent roadsides to beg for food, endangering both coyotes and drivers.

How to Store Food
“Food” includes any item with a scent, regardless of packaging. This may include items that you do not consider food, such as canned goods, bottles, drinks, soap, cosmetics, toiletries, trash, ice chests (even when empty), and unwashed items used for preparing or eating meals.

<table>
<thead>
<tr>
<th>Location</th>
<th>How to Store Food</th>
</tr>
</thead>
<tbody>
<tr>
<td>Your Vehicle</td>
<td>You may store food in your car (with windows closed) only during day/night hours. Do not store food in your car after dark. Use a food lock. Remember to clean your car of food wrappers, baby wipes, and crumbs in baby seats. Never leave unattended food stranded to the outside of a vehicle or in a pickup truck bed. Bears can smell food, even if it’s sealed in the trunk or glove compartment, and they recognize boxes and bags as potential food sources. They can easily and quickly break into all kinds of vehicles!</td>
</tr>
<tr>
<td>Your Campsite or Tent Cabin</td>
<td>You must store all your food in food lockers—not in your tent or tent cabin. A food locker is available at each campsite and tent cabin. Food may be stored out of sight in hard-sided RVs with windows closed. Bears may enter campsites when people are present, and some will even check food lockers to see if they’re secured. Keep food lockers closed and locked at all times, even when you are in your campsite or tent cabin. Bears may investigate picnic areas or backpacks for food even when people are present, so be alert.</td>

Experience Your America Yosemite National Park

Protect Yourself...

Keep yourself safe while exploring your park.

There are many ways to experience the wildness of Yosemite. While the forces of nature can create unexpected hazardous conditions, with a little common sense and some pre-planning, you can minimize the risks associated with many activities.

Yosemite National Park is now celebrating its 125th Anniversary! Yosemite, along with a handful of other national parks, were created before the National Park Service existed! This leads to an upcoming 100th anniversary: On August 25, 1916, President Woodrow Wilson signed into law the “Organic Act” creating the National Park Service (NPS). The heart of the Organic Act gave the NPS its mission and it remains the same today: “…[T]o conserve the scenery and the natural and historic objects and the wild life therein and to provide for the enjoyment of the same in such manner and by such means as will leave them unimpaired for the enjoyment (emphasizes added) of future generations.

In short, our mission boils down to two major points: one is protecting our parks’ natural, cultural, and historic resources. The second involves protecting our visitors; the key word for this in the Organic Act, and Congress gave it to us twice, is “enjoyment.”

One-hundred and twenty-five years of helping distressed visitors at Yosemite National Park has confirmed that “distress” and ‘enjoyment’ are two words that do not belong in the same sentence. So, how do park rangers “provide for the (visitor’s) enjoyment?” One, we respond as quickly as possible to provide professional search and rescue and emergency medical services after a call comes in. However, unlike populated areas, our response time can take hours and sometimes we arrive too late to make a difference. Moreover, when we respond to a distressed visitor, the event has already started and all forms of enjoyment are already gone.

Rangers have also been focusing on preventative search and rescue (PSAR), educating visitors with hopes of preventing incidents before they happen. The most important reminder we can give to visitors is that they are each responsible for his or her own safety (and those under their care). Yosemite National Park is mostly wild and natural and the best way to enjoy the Park is to accept our own responsibility and learn what dangers threaten our enjoyment. One-hundred and twenty-five years of experience has taught us lessons that we would like to share with you to help you enjoy your visit.

AROUND WATER

Yosemite’s waters provide a beautiful accent to our natural scenery but our swift currents and waterfalls have caused our most serious accidents. Therefore, we encourage you to enjoy our rivers from a safe distance. Most drowning victims were not trying to swim but merely wade, soak their feet, or take a picture. Here are a few tips to safely enjoy Yosemite’s waters:

- Stay back from moving water. Dry, glacially polished rocks can be slick.
- Emerald Pool and Hetch Hetchy Reservoir are off limits
- Carry enough water so you won’t be tempted to approach a stream to refill your canteen
- Do not allow photography to entice you into entering a hazardous area for a better shot or to pose a person in a dangerous place
- Never cross a fence or railing
- Always stay on the trail

HIKING: STAY ON THE TRAIL

Speaking of staying on the trail, many of our hiking mishaps occur because someone left the trail. Scrambling on boulders or traveling beyond railings or other barriers, may put you one slip away from a fatal accident. Avoid shortcuts.

WELCOMING AUTUMN

Days are getting cooler and shorter. Daytime temperatures can be very pleasant and may deceive us. The air can cool quickly and fall storms can drop snow at our lowest elevations. Therefore, even on pleasant days, carry layers in your pack that will keep you both warm and dry.

YOSEMITE’S ROADS

Yosemite National Park adopted California’s motor vehicle code. In addition to following all the rules of the road, please give 100% of your attention to your driving. This promotes safety on our roadways and reduces motor vehicle conflicts with our wildlife.

OUTDOOR TRAVEL

Here are a few other reminders before you hit the trail:

- Tell someone your plan and when you intend to return
- Carry a map and compass and know where you are at all times
- Check the latest weather forecast and prepare for changes
- Bring a headlamp or flashlight in case you are on the trail longer than expected.
- Drink one quart (liter) of water for every two hours of activity
- Watch for early signs of dehydration including dry lips, light thirst, and infrequent urination or brownish urine
- Frequently snack on salty easy-to-digest foods to replace salts lost from sweating
- Admire wildlife from a distance to prevent injury to you or animals

HANTAVIRUS INFECTION

Mice are an important part of the ecosystem, but can carry diseases harmful to humans. Hantavirus Pulmonary Syndrome (HPS) is a rare but serious disease spread to humans via the droppings, urine, or saliva of infected rodents. Not all rodents are infected with hantavirus, but infected rodents have been found throughout the US. You may come into close proximity to rodents during your visit, so it is important you take steps to protect yourself from HPS. HPS risk is greater inside of buildings or other enclosures where deer mice are present. If staying in guest lodging, please tell the housekeeping staff if you see evidence of mice in your accommodations. Do not clean up the area yourself. Keep doors to guest lodging shut and do not bring food into your cabin that is not in a sealed container. If you are camping and backpacking, do not pitch tents near rodent burrows or droppings.

HPS often begins with flu-like symptoms such as aches, fever, and chills one to seven weeks after exposure, progressing to cough and difficulty in breathing. Seek medical attention immediately if you experience these symptoms and mention any potential rodent exposures to your physician. For more information on hantavirus and other environmental safety hazards visit: http://www.nps.gov/yose/planyourvisit/yourhealth.htm

PLAGUE

Plague is an infectious bacterial disease that is carried by squirrels, chipmunks and other wild rodents and their fleas. When an infected rodent becomes sick and dies, its fleas can carry the infection to other warm-blooded animals including humans.

To protect yourself from plague, never feed wildlife, avoid dropping food scraps that attract rodents when eating outside, avoid pitching a tent near or disturbing rodent burrows, wear insect repellent with DEET, and tell a park ranger immediately if you see a dead animal.

Early symptoms of plague may include high fever, chills, nausea, weakness, painful swelling at the site of an insect bite or lymph node, and other flu-like symptoms. If you develop any of these symptoms within 6 days of visiting an area at risk for plague in the park, see your doctor and inform them you may have been exposed. Plague is treatable with antibiotics if given in time.

AVOID CONTACT WITH WILDLIFE AND KEEP FOOD AND TRASH STORED PROPERLY

Wild animals in Yosemite can transmit numerous diseases, including plague, rabies, and hantavirus. Keeping your distance and your food from wildlife not only protects them, it also protects you from injury and exposure to diseases. If you encounter a mammal, particularly a raccoon, skunk, fox, coyote, or bat, that is behaving erratically, don’t touch the animal. Instead, report the sick animal to a park employee. In addition to keeping bears away, storing your food properly also reduces your exposure to rodents and their fleas, which may carry plague.
Permit Required to Hike Half Dome
Permits to hike to the top of Half Dome are required seven days a week when the cables are up for 2015, May 22 through October 12, or call 209/372-0740. Forty percent of the trailhead quota is available for first-come, first-served. First-come first-served permits are available, same day, at opening and the day before starting at 11am.

Fishing
Fishing in Yosemite is regulated by state law. A valid California sport-fishing license is required for those persons age 16 years and older. When fishing, the license must be plainly visible by attaching it to an outer layer of clothing above the waistline.

Bicycling
Each season, plants are crushed from bicycle travel in meadows, campgrounds, and picnic areas. Please respect park resources and keep bicycles on paved roads and paved bicycle trails. Bikes are not allowed to travel off paved trails. Mountain biking opportunities are available in designated areas outside of Yosemite.

Fees
Permits to hike to the top of Half Dome are free of charge to residents of California. Non-residents are charged a $5 fee to hike to the top of Half Dome.

Pets
Pets must be on a leash (6 feet or less) and otherwise physically restrained.

Collecting reptiles and butterflies
• Collecting reptiles and butterflies is prohibited.

Collecting plants
• Collecting of any wild plant is prohibited.

Feeding or approaching wildlife
• Pets may not be tied to an object and left unattended.

Hunting animals
• Possession of weapons inside federal facilities

Possessing or using marijuana, including medical marijuana
• Possessing or using marijuana, including medical marijuana is prohibited.

Biking off of paved roads
• Possessing or using marijuana, including medical marijuana is prohibited.

Camping outside of designated campgrounds
• Possessing or using marijuana, including medical marijuana is prohibited.

Camping

An adventurous overnight experience

Yosemite National Park contains 13 popular campgrounds. Up to seven are on a reservation system, the rest are first-come, first-served. From April through September, reservations are essential and the first-come, first-served sites often fill by noon during these months.

Camping Reservations

Reservations are required March through November for campsites in Yosemite Valley’s car campgrounds and summer through fall for Hodgdon Meadow, Crane Flat, Wawona, and half of Tuolumne Meadows. All other campgrounds (except group and stock campgrounds) are first-come, first-served. Campground reservations are available up to five months in advance, on the 15th of each month at 7am Pacific time. Log onto the website or call as soon as possible as some campgrounds fill within a few minutes of the opening period.

For campground reservations, visit www.recreation.gov (recommended) or call 777-444-6777 or TDD 877-831-6777 or 518-885-3639 from outside the US and Canada.

Hours:
7am to 7pm Pacific time (November through February)
7am to 9pm Pacific time (March through October)

Reservation offices in the park are located in the visitor parking area at Curry Village (shuttle bus stop #14), the Tuolumne Meadows Campground entrance, in Wawona off Chilnualna Falls Road, and at Big Oak Flat Information Station.

Yosemite Valley

There is a 30-day camping limit within Yosemite National Park in a calendar year; however, May 1 to September 15, the camping limit is 14 days and only seven of those days can be in Yosemite Valley or Wawona.

Camp 4 is a walk-in campground and is open all year on a first-come, first-served basis; these campgrounds are not wheelchair accessible. Sites are available on a per-person basis, and six people will be placed in each campsite, regardless of number of people in your party. Camp 4 often fills before 9 am each day, May through September.

Camping in Areas Surrounding Yosemite

The US Forest Service (USFS) operates a variety of campgrounds on a seasonal basis near Yosemite. For additional information, contact Groveland Ranger Station at 209/962-7825, Mariposa Ranger Station at 209/966-3638, Mono Lake Ranger Station at 760/647-3044, or Oakhurst Ranger Station at 559/683-4636. For private campgrounds outside Yosemite, call the respective chamber of commerce or visitor bureau listed on page 10.

Group Campgrounds

There are group campsites at Tuolumne Meadows, Hodgdon Meadow, Wawona, and Bridalveil Creek Campgrounds. Reservations can be made the same way as individual site reservations. 13 to 30 people are allowed in each group campsite. Tent camping only. Pets, RVs, and generators are not permitted in group sites.

General Info...

To check same-day camping availability, call 209/372-0266

Services

• All sites include picnic tables, firepits with grills, and a food storage locker (33" x 45" x 18")

• Toilets are available in campgrounds; however, Tamarack Flat, Yosemite Creek, and Porcupine Flat have non-flushing vault toilets only and no potable water.

• Shower and laundry facilities are available year-round in Yosemite Valley.

• RVs over 24 feet long are not recommended for Tamarack Flat, Yosemite Creek, and Porcupine Flat campgrounds, and RVs are not permitted in walk-in and group camp sites.

• There are no hookups in Yosemite campgrounds, but there are sanitary dump stations in Yosemite Valley (all year), and summer only in Wawona and Tuolumne Meadows.

Regulations

• Proper food storage is required 24 hours a day.

• A maximum of six people (including children) and two vehicles are allowed per campsite.

• Quiet hours are from 10pm to 6am.

• Where permitted, pets must be on a leash and may not be left unattended.

Campfires

• In Yosemite Valley, between May 1 and September 30, campfires are permitted between 5pm and 10pm. At other times of the year and in out-of-Valley campgrounds, fires are permitted at any time, as long as they are attended.

• Firewood collection (including pine cones and pine needles) is not permitted in Yosemite Valley; you may purchase firewood at stores near the campgrounds.

Featured Hike
The Mist Trail to Vernal and Nevada Falls

Vernal Fall footbridge: 1.6 miles/2.6 km round-trip; 1.5 hours with 400 ft/122 m elevation gain

Vernal Fall: 2.4 miles/3.9km round-trip; 3 hours with 1,000 ft/366 m. elevation gain (via Mist Trail)

Nevada Fall: 5.4 miles/8.7km round-trip; 5 to 6 hours with 2,000 ft/610 m. elevation gain (via Mist Trail)

Begin at Happy Isles (shuttle stop #16)

Trail Description:
An excellent view of Vernal Fall is visible from the footbridge at 0.75 miles (1.3 km). Beyond the bridge, at 0.2 miles, the Mist Trail and the John Muir Trail diverge. To proceed directly to the top of Vernal Fall, follow the Mist Trail 0.5 mile (0.8 km) up a steep granite stairway of over 600 steps. Prepare for slippery footing and a tremendous amount of waterfall spray in spring and early summer. The top of Nevada Fall may be reached by continuing 1.3 miles (2.1 km) along the Mist Trail.

Things to know before you go:

• Swimming is not permitted in the Hetch Hetchy reservoir or in Emerald Pool above Vernal Fall.
• Stay away from swiftly-moving water. Keep children from wandering on or near these hazards. Choose swimming areas carefully and swim only during low water conditions.
• Always supervise children closely.
• Avoid areas of whitewater, where streams flow over rocky obstructions.
• Never swim or wade upstream from of a waterfall, even if the water appears shallow and calm. Each year, unsuspecting visitors are swept over waterfalls to their deaths when swimming in these areas.
Yosemite Celebrates 125 Years
by Park Ranger Lisa Murphy

On October 1, 1890, Yosemite National Park was established by President Benjamin Harrison, becoming the nation’s third national park. This year we are celebrating Yosemite National Park’s 125th Anniversary.

In 1864 President Lincoln signed the Yosemite Grant, setting aside the Mariposa Grove of Giant Sequoias and Yosemite Valley for preservation, under the protection of the State of California. But as you travel through Yosemite you will become aware that the national park as you know it today entails much more than that original allocation. The national park designation of 1890 additionally protected Tuolumne Meadows, Tioga Pass, Hetch Hetchy, “The Grand Canyon” of the Tuolumne, the Tuolumne River, the Merced and Tuolumne Groves of Sequoias, Glacier Point, and thousands of acres of wilderness surrounding Yosemite Valley and the Mariposa Grove.

John Muir, an avid proponent for Yosemite in 1889, after years of being away, ventured back to Yosemite with his friend, Robert Underwood Johnson, to introduce him to the wonders of the Yosemite Valley and the Mariposa Grove of Sequoias. Muir also wanted to show him other favorite places in the area, still unprotected, in the vicinity.

One of Muir’s favorite Yosemite locations was Soda Springs, a mineral spring in the expansive Tuolumne Meadows area that offers views of the surrounding granite peaks. When they arrived at the meadow, Muir was confronted with the heavy use the meadow had seen in his absence. Wagons had been coming through, trash had been left behind, and thousands of sheep had been grazing there. This had taken its toll on the delicate sub-alpine meadow and left a lasting impression on Muir who held this place as sacred. Muir was disappointed in his fellow man for their destruction of this place that he held so close to his heart.

In the evening that followed, an idea was hatched. Robert Underwood Johnson, the editor of Century Magazine, a prominent monthly publication that often featured articles of far away exotic places, urged Muir to write an article about the grandeur of Yosemite. In the first article he would allow the public to fall in love with these far away exotic places. Then in the second article, published a month later, he would introduce the perils that were plaguing the natural splendors and encourage the preservation and protection of these places.

This was very successful, and within a year the Federal Government set aside the greater area we now know as Yosemite under the federal protection as a national park, preserved for the sake of its unparalleled scenic beauty. And we now know its added level of importance as preservation of biodiversity in these unique ecosystems.

As we commemorate Yosemite National Park’s 125th Anniversary this year, and the National Park Service Centennial in 2016, it is important to remember and exemplify Frederick Law Olmsted’s recommendation in 1865, referring to the Yosemite Grant of 1864: “The rights of posterity are more important than the desires of the present.”

We are faced with similar challenges today that John Muir encountered in 1889: how can we experience our parks without loving them to death? We must each take on the responsibility to protect and preserve our parks for future generations. Instead of thinking of yourself as a visitor passing through Yosemite and other national parks, please consider yourself as a personal steward of these amazing lands. Each and every one of you belong here and will continue to have a role in the park’s preservation during your visit here, as well as throughout the rest of your life.

While you are visiting Yosemite, think of how you can enjoy the park while also practicing the “Leave No Trace” philosophy. Take only pictures, keep wildlife wild, and leave the parks well-preserved for the next generation to enjoy them as we do today. Be sure to properly store your food, stay on the trails in high use areas, pack out your trash, and be an amazing steward of your parks.

As John Muir wrote, “Everyone needs beauty as well as bread. Places to pray in and play in. Where nature may heal and give strength to the body and soul alike. This natural beauty hunger is made manifest in our magnificent National Parks. Nature’s sublime wonderlands. The admiration and joy of the world.”
Enhance the Visitor Experience

It takes a legion of people working together to protect this special park for you and future generations of visitors. You too can extend your connection to Yosemite well after you return home by getting involved with the organizations that partner to preserve Yosemite.

This publication was made possible by the Yosemite Park Partners listed on this page. Read more below or visit www.yosemitepartners.org to learn more about helping these organizations provide for the future of Yosemite National Park.

The Ansel Adams Gallery

The Ansel Adams Gallery, owned by the family of photographer Ansel Adams since 1902, is a center that celebrates the arts and the natural grandeur of our environment. It cultivates an aesthetic appreciation and concern for our world by offering visitors a unique variety of literature and art, as well as programs that inspire creativity. Visit online at: www.anseladams.com.

Delaware North at Yosemite

Delaware North at Yosemite (DN) operates hotels, restaurants, sightseeing tours, recreational activities, interpretive programs, stores, shuttles and service stations in the park under contract with the U.S. Department of the Interior. Delaware North encourages its employees to develop a strong relationship with the park during their tenure.

For more information and employment opportunities with DN at Yosemite, visit online at www.YosemitePark.com

NatureBridge

NatureBridge provides residential field science programs for youth in the world’s most spectacular classroom – Yosemite National Park. Through active student engagement, our faculty teaches science, history, and the arts and gives these subjects context through personal experience. A NatureBridge learning adventure strives to foster a life-long connection to the natural world and responsible actions to sustain it. Find out more about our year-round programs for schools and summer programs for individual teens at www.naturebridge.org/yosemite

Yosemite Conservancy

Through the support of donors, Yosemite Conservancy provides grants and support to Yosemite National Park to help preserve and protect Yosemite today and for future generations. The work funded by Yosemite Conservancy is visible throughout the park, from trail rehabilitation to wildlife protection and habitat restoration. The Conservancy is dedicated to enhancing the visitor experience and providing a deeper connection to the park through outdoor programs, volunteering and wilderness services. Thanks to dedicated supporters, the Conservancy has provided more than $92 million in grants to Yosemite National Park. Learn more at yosemiteconservancy.org or call 800/469-7275.

Habitat Protectors of Yosemite (HaPY)

Be part of the solution! Join park staff to help protect Yosemite’s habitat through ecological restoration and litter cleanup projects. Volunteers of all ages are welcome to work one to three hours. Volunteers must wear long pants, closed-toe shoes. A hat and sun protection is recommended, and we encourage volunteers to bring water and snacks. All tools will be provided. Groups larger than 10 should contact the volunteer program in advance: 209/379-1850.
