Experience Your America Yosemite National Park
2016 Centennial Highlights

Celebrating 100 Years of Service!

The National Park Service turns 100-years-old on August 25, 2016! The Centennial will kick off a second century of stewardship of America’s national parks and engaging communities through recreation, conservation, and historic preservation programs. Join the celebration to explore, learn, discover, be inspired, or simply have fun in over 400 national parks. Visit www.nps.gov/yose/ or www.FindYourPark.com to find more information about celebration events happening in Yosemite throughout the year.

May 29, 2016
90th Anniversary of the Museum

In honor of the 90th anniversary of the museum and the 100th anniversary of the National Park Service, there will be a special museum exhibit this summer.

August 25, 2016
NPS 100th Anniversary

Celebrate with us. The day’s events will include a public commemoration ceremony and a heritage fair with interactive activities and programs for visitors, stay tuned for more!

August 25-28, 2016
NPS Birthday Weekend

Free admission to all National Parks in honor of the NPS Centennial.

September 21-25, 2016
Yosemite Facelift

Join the National Park Service and the Yosemite Climbing Association for this official National Public Lands Day event, volunteering to pick up litter and performing special projects to help clean up Yosemite.

September 24, 2016
National Public Lands Day

Free admission to all National Parks.

November 11, 2016
Veterans Day

Free admission to all National Parks.

Find Your Park

The National Park Service and the National Park Foundation invite you to Find Your Park and discover the national parks and programs in your own backyard. Visit www.FindYourPark.com to find more information about NPS Centennial events happening in a national park near you.

FREE Interagency 4th Grade Pass

A free annual pass for 4th grade students to have free access to any federal land or water during the school year from September 1 to August 30. Present a paper voucher at any park entrance to obtain the pass. Visit www.everykidinapark.gov for details.

The Yosemite Conservation Heritage Center

The Yosemite Conservation Heritage Center (formerly LeConte Memorial Lodge) is open Wednesday through Sunday from 10am until 4pm. Free evening programs are scheduled for Friday and Saturday evenings at 5pm. Seating is available for 50 guests. The Center, located at shuttle stop #12, has a natural history library, a children’s corner and library, and historical exhibits. Call 209/372-4542 for program details.

Celebrate the Centennial On Stage!

After a day of exploring the park, join Yosemite Conservancy to relax and enjoy a show! Grab a seat at the Yosemite Theater to catch a variety of performances and films, including shows that celebrate the NPS Centennial by bringing the park’s past to life. Travel back in time to “meet” John Muir or see Yosemite through the eyes of a Buffalo Soldier. Proceeds from the theater and all Conservancy programs help preserve and protect Yosemite. See page 6 for details.

Get Outdoors with Yosemite Conservancy

Are you looking for a memorable way to explore Yosemite, tailored to your interests and abilities? Our expert naturalist-guides will enhance your understanding of the park as you walk among Yosemite’s famous cliffs, trees, and waterfalls. Whether you want to explore flora and fauna while taking a gentle saunter along the river or learn about natural history during an exhilarating hike, we’ll help you create the perfect outdoor experience. Contact us to plan a Custom Adventure for your family or group. Visit yosemiteconservancy.org/adventures or call 209/379-2317 x10 to find your adventure today.

Adventure Out with the Yosemite Mountaineering School

Yosemite Mountaineering School provides outdoor adventures for people of all experience levels. We are here to help you learn how to enjoy Yosemite safely and responsibly. Give us a call to join one of our group classes or schedule a custom outing designed specifically for your group. We offer professional guides for hiking, backpacking and rock climbing. Reservations required. Call 209/372-8344 or email yms@aramark.com

YOSEMITE NATIONAL PARK - ZERO LANDFILL INITIATIVE

Be a steward of Yosemite by helping make Yosemite the first Zero Landfill park in the country. Through the Zero Landfill Initiative, we reduce the amount of trash that we send to the landfill every year. In partnership with Yosemite Hospitality, we are working to make it easier for staff and visitors to recycle. We are also working to reduce waste across all of our operations.

Here are 3 things you can do to help:
1. Get rid of excess packaging by repacking food in reusable containers before you leave home.
3. Put trash and recycling in the right containers.

Be a “#yosemitezerohero” and “#dontfeedthelandfills”!
Discover Yosemite

Let your curiosity guide you to new places

Entrance Fees
Non-commercial car, pickup truck, RV, or van with 15 or fewer passenger seats: Valid for 7 days ($80 per-person fee) or 30 days ($220 vehicle fee).

Motorcycle: Valid for 7 days ($20/motorcycle).

Individual: Valid for 7 days ($15 in a bus, on foot, bicycle, or horse).

Yosemite Park Pass: $60 for one year in Yosemite.

Interagency Annual Pass: $80 for one year for all federal recreation sites.

Interagency Senior Pass: $10 (lifetime) for U.S. citizens or permanent residents.

Interagency Access Pass: (Free) for permanently disabled U.S. citizens or permanent residents.

Interagency Military Pass: (Free) for active duty U.S. military and dependents.

Interagency 4th Grade Pass: (Free) for fourth graders and their families. Must present paper voucher.

Yosemite Valley
Yosemite Valley, open all year, is world-famous for its impressive waterfalls, cliffs, and unusual rock formations. You can get there via Highway 41/Wawona Road from Fresno, Highway 140/El Portal Road from Merced, Highway 120 west/Big Oak Flat Road from Manteca, and (during summer) via the Tioga Road/Highway 120 east from Lee Vining. Yosemite Valley is home to massive cliff faces like El Capitan and Half Dome, plunging waterfalls including the tallest in North America, and attractive meadows. While Yosemite Falls slows to trickle by August, a moderate hike will bring you to impressive Vernal and Nevada Falls. Walk to Mirror Lake, where you will see reflections of Half Dome. Gaze up at El Capitan, a massive granite monolith that stands 3,593 feet from base to summit. Whether you explore the valley by foot, bike, car, on horseback, raft, or tour, you will behold scenery that will leave you breathless and eager to see what's around the next corner.
Glacier Point

Glacier Point, an overlook with a commanding view of Yosemite Valley, Half Dome, and Yosemite’s high country, is located 30 miles (a one-hour drive) from Yosemite Valley or Wawona. To get there from either of these places, take the Wawona Road (Highway 41), to Chinquapin, then turn onto Glacier Point Road. At Glacier Point, a short, paved, and wheelchair-accessible trail takes you to an exhilarating view, looking 3,214 feet down to Yosemite Valley below. *There is a free shuttle service that runs from Yosemite Ski and Snowboard Area (YSSA) to Glacier Point. The shuttle will be required when the Glacier Point parking lot is full; however, visitors with accessibility placards, valid wilderness permits for trailheads along Glacier Point Road, or camping at Bridalveil Creek Campground will be allowed to continue. The Glacier Point shuttle will begin running at 10am. The last shuttle from Glacier Point leaves at 5:30pm, and from YSSA at 4:30pm. There is no free shuttle available for hikers from Glacier Point or YSSA to Yosemite Valley.*

Wawona and Mariposa Grove

The Mariposa Grove of Giant Sequoias is located 36 miles (1 ¼ hours) south of Yosemite Valley via the Wawona Road (Highway 41), two miles from the park’s South Entrance. As of July 6, 2015, the Mariposa Grove of Giant Sequoias is closed for restoration, see page 8 for details. The nearby Pioneer Yosemite History Center in Wawona is a collection of historic buildings associated with people and events that shaped the national park idea in Yosemite. Enjoy a horse-drawn stage ride, watch blacksmiths at work at the blacksmith shop, or hike one of the scenic trails. For more information, visit the Wawona Visitor Center at Hill’s Studio, adjacent to the Big Trees Lodge. This was once a painting studio for the 19th-century artist Thomas Hill.

Tioga Road and Tuolumne Grove

Tioga Road offers a 39-mile scenic drive past forests, meadows, lakes, and granite domes. It is usually open from late May or early June through sometime in November. The road’s elevation ranges from 6,200 feet to nearly 10,000 feet. The White Wolf area, midway across the park, is the starting point for day hikes to Lukens Lake and Harden Lake. To see giant sequoias, park at the Tuolumne Grove parking area on the Tioga Road, and walk one steep mile down to the grove. Or park at Merced Grove trailhead on Big Oak Flat Road and walk 1.5 steep miles down to the grove. These groves are smaller than the more-famous Mariposa Grove, but are quieter and off-limits to vehicles. Remember: walking down is easier than walking back up.

Tuolumne Meadows

Tuolumne Meadows provides a glimpse of the High Sierra. The Wild and Scenic Tuolumne River winds through broad sub-alpine meadows surrounded by even higher granite domes and peaks. It is the jumping off place for countless hikes, whether you venture out for a day or a week. Stop at the Tuolumne Meadows Visitor Center for information about hiking to Cathedral Lakes, Elizabeth Lake, Dog Lake, Lembert Dome, or along the Tuolumne River through Lyell Canyon. Take advantage of the shuttle service in Tuolumne Meadows or the Tuolumne Meadows Hikers’ Bus from Yosemite Valley.

Hetch Hetchy

Hetch Hetchy Reservoir, a source of drinking water and hydroelectric power for the city of San Francisco, is also home to spectacular scenery and the starting point for many wilderness trails. Due to its importance as a municipal water supply, no swimming is permitted. Hetch Hetchy Reservoir is located 40 miles from Yosemite Valley. The Hetch Hetchy Road is open 7am to 9pm, May 1 through Labor Day, with reduced hours during the rest of the year. Wilderness permits and bear canisters are available while the road is open. Hetch Hetchy Road is accessible via the Big Oak Flat Road and Evergreen Road and is approximately a 1 ¼-hour drive from Yosemite Valley. Trailers, vehicles over 25 feet long, and RVs and other vehicles over 8 feet wide are not allowed on the narrow, winding Hetch Hetchy Road.

DID YOU KNOW...

• In 100 years, Around eight generations of black bears have been born and lived in Yosemite, learning to recognize the distinctive uniforms of National Park Rangers.*
• In 100 years, There may have been around thirty generations of pika who have lived in the high country of Yosemite, none of whom have ever given any ranger special regard.*
• High-elevation Whitebark pine who were seedlings when the Park Service was formed, and when Yosemite received less than a half-million visitors a year, are just reaching maturity today, as the park receives more than 4 million visitors annually?
• The sequoia tree the Grizzly Giant has been in the care of the National Park Service for roughly 1/18th of its life.
Yosemite Valley

Experience Your America    Yosemite National Park

The Incomparable Yosemite Valley

Yosemite Valley embraces one of the world’s most outstanding concentrations of waterfalls, granite walls, meadows, wildflowers, and trees. The Valley also harbors a rich collection of human stories, from American Indian lore to the birth of the national park movement.

Yosemite Valley

An unlimited array of possibilities await you in Yosemite Valley. Most involve sightseeing and learning about the scenery. See pages 5, 6, and 7 for more information on program topics and visitor services available.

Naturalist Programs

Naturalists give walks and talks every day about Yosemite’s natural and cultural history. See pages 6 and 7 for scheduled walks, talks, and evening programs.

Walking and Hiking

From easy walks to Lower Yosemite Fall, Cook’s Meadow, and Mirror Lake to strenuous hikes to the top of Yosemite Falls or Nevada Fall, Yosemite Valley has a wide range of walking and hiking possibilities. See page 17 for a list of hikes.

Bicycling

Several miles of bicycle paths wind through Yosemite Valley. You can use your own bicycle or rent one from Yosemite Valley Lodge or Half Dome Village (open 9am to 7pm). Bikes are only allowed on paved bicycle paths.

Tours

Tours listed below depart from Yosemite Valley Lodge. Tours may be weather dependent.

The Valley Floor Tour is a 26-mile, two-hour open-air tram tour narrated by a park ranger (weather permitting). The tour departs Yosemite Valley Lodge several times daily. Check any Tour and Activity Desk for times. Be sure to ask about Moonlight Tours as well!

The Glacier Point Tour leaves Yosemite Valley Lodge at 8:30 am, 10 am, and 1:30 pm daily when the Glacier Point Road is open. One-way tickets are available for those who want to hike down from Glacier Point.

Call 209/372-1240 for reservations or inquire at the tour desks at Yosemite Village, Yosemite Lodge, Half Dome Village, and The Majestic Yosemite Hotel.

Rafting

Rafting is a great way to see Yosemite Valley. Rafts can be rented at Half Dome Village (open 10am to 8pm, conditions permitting). If you plan to bring your own raft, please see page 15 for important safety and regulatory information.

Sightseeing

Some of the famous landmarks in Yosemite Valley include:

- Yosemite Falls gives the Valley an extra touch of life when it’s flowing with spring runoff. You can walk to its base or take the strenuous trail to its top (see page 17).
- Half Dome, Yosemite’s most distinctive monument, dominates most views in Yosemite Valley. Forces of uplift, erosion from rivers and glaciers, and rockfall all shaped this famous feature into what we see today. Cook’s Meadow, Sentinel Bridge, Tunnel View, and Glacier Point, are just a few locations with stunning views of Half Dome.
- El Capitan, a massive granite monolith, stands 5,593 feet from base to summit. From spring to fall, climbers come from all over the globe to scale El Capitan.
- Happy Isles is a place to see dramatic natural processes at work. It is easily reached by shuttle at stop #16 or by walking from Half Dome Village. Cross the footbridges onto the isles or wander through outdoor and indoor exhibits detailing Yosemite’s geologic story.
- Tunnel View, along Wawona Road (Hwy 41) provides a classic view of Yosemite Valley, El Capitan, Half Dome, Sentinel Rock, Cathedral Rocks, and Bridalveil Fall. It is spectacular at sunset or after the clearing of a storm.
Yosemite Valley
Where to go and what to do

VALLEY VISITOR CENTER AND BOOKSTORE
The Yosemite Valley Visitor Center and Yosemite Conservancy Bookstore (inside Visitor Center) are open from 9am to 5:30pm. The visitor center is west of the main post office (shuttle stops #5 and #9). The facility offers information, maps, and books. Explore the exhibits and learn how Yosemite’s landscape formed and how people interact with it.

YOSEMITE FILMS
Two films are shown daily, every half hour beginning at 9:30am (except on Sundays, when the first showing is at noon). The last film is at 4:30pm. Ken Burns’ Yosemite-A Gathering of Spirit plays on the hour and The Spirit of Yosemite plays on the half hour. Valley Visitor Center Theater.

YOSEMITE MUSEUM
Located in Yosemite Village next to the Valley Visitor Center.

INDIAN CULTURAL EXHIBIT
Open 9am to 5pm. Interprets the cultural history of Yosemite’s Miwok and Paiute people from 1850 to the present.

YOSEMITE MUSEUM GALLERY
Located in Yosemite Village next to the Valley Visitor Center.

THE ANSEL ADAMS GALLERY
In Yosemite Village next to the Yosemite Valley Visitor Center, the gallery is open daily from 9am to 6pm. The gallery offers the works of Ansel Adams, contemporary photographers, and other artists. See page 6 for photo walk times. For more information, call 209/372-4413, or visit www.anseladams.com.

EXHIBITS
Michael Fry: Elements
Photographer Michael Frye has been working in and around Yosemite National Park for nearly three decades, and in that time has explored the area to an unprecedented extent. He is well known and respected for his meticulous calculations of light and for his unique and artful compositions, essentially covering the full spectrum of photographic liturgy. During his career, the arc of creative photography has grown broad, while at the same time, Yosemite National Park has become more iconic than ever - a concept in 2016 which stands as a testament to the importance of conservation as the National Park Service celebrates their 100th anniversary. The Ansel Adams Gallery is therefore thrilled to host our new exhibition, “Elements: Photographs by Michael Frye,” which showcases the result of an artist’s unwavering dedication to vision, craft and place, as well as the essential parts of our consequential, natural world. “Elements” will open on June 5 and run through July 31. We invite you to visit The Gallery during your stay in Yosemite.

VOLUNTEER DROP-IN PROGRAM
Be part of the solution and keep your park beautiful! Join park staff to help protect Yosemite’s habitat through ecological restoration and litter cleanup projects. Volunteers of all ages are welcome to work one to three hours. Volunteers must wear long pants and closed-toe shoes. A hat and sun protection are recommended, and we encourage volunteers to bring water and snacks. All tools will be provided. Groups larger than 10 should contact the volunteer program in advance: yose_volunteers@nps.gov or 209/379-1850.

Yosemite Theater (YC)
Yosemite Theater offers entertainment and inspiration through live performances, educational presentations and beautiful films. Revel as actors, rock-climbers and rangers bring adventure, nature and history to life! Tickets: $10 (FREE admission for children under age 12), available at the Yosemite Conservancy Bookstore in the Valley Visitor Center or at any Yosemite Tour and Activity Desk. All shows start at 7pm at the Yosemite Theater (shuttle bus stops #5/#9, Valley Visitor Center).

Yosemite Search and Rescue (YOSA). Join Yosemite Search and Rescue ranger John Dill to hear stories from rescue missions and learn about the park’s highly skilled emergency response team.

John Muir Series: Conversation with a Trump (Wednesdays). Journey back to the early 1900’s to hear Muir, portrayed by Lee Stetson, share stories as he awaits news about his beloved Hetch Hetchy Valley.

John Muir Series: The Spirit of John Muir (Thursdays). Re-live the best of Muir’s thrilling adventures in the western wilderness to this live performance starring Lee Stetson.

Return to Balance: A Climber’s Journey (Fridays). See Yosemite’s year-round beauty in this stirring film, which is followed by a discussion with renowned rock-climber Ron Kauk.

Yosemite through the Eyes of a Buffalo Soldier (Sundays). Discover an important chapter of Yosemite through the Eyes of a Buffalo Soldier.

Yosemite Conservancy Outdoor Adventures (YCOA)
Yosemite Conservancy is passionate about sharing the wonders of Yosemite through our year-round Outdoor Adventures. From backpacking to botany and birding, our wide range of programs offers something for every Yosemite adventurer. Procede from all Yosemite Conservancy programs help preserve and protect the park.

June 24 - 26  Introduction to Backpacking: May Lake to Mt. Hoffmann
June 25 - 26  Learning to Listen. Birding by Ear & Recognizing Birds
July 8 - 10  Mountain Wildflowers for the Relaxed Botanist
July 16 - 17  Relaxed Birding. White Wolf

Find details and register at yoseconservancy.org/adventures or call 209/379-3217 x10. Experience packages include park entry (as needed) and camping; additional lodging, options are available. Custom Adventures can be arranged for individuals, families and groups.

- **In the Footsteps of Ansel Adams** 4:00 pm. Sign up and meet at the Ansel Adams Gallery (formerly LeConte Memorial Lodge). Shuttle Stop #12. (SC)
- **Dinner Tour** 4:30 pm. Bike under the full moon with a trained Naturalist! Advanced registration required, tickets and information are available at any tour and activity desk. (YH)
- **Comedy Night at the Yosemite Hotel** 6:30 pm. Standup comedy show featuring Park Ranger Shelton Johnson. Purchase tickets at Valley Visitor Center Bookstore. (YC) $20
Experience Your America    Yosemite National Park

Wawona, Mariposa Grove, and Glacier Point

Explore History, Discover Giant Trees, and Find Amazing Vistas

These park areas offer endless opportunities for amazing experiences.

Wawona
Coffee with a Ranger
Grab your mug and join a ranger in the Wawona Campground Amphitheater for coffee, tea, and hot cocoa. Use this time to plan your day or to get other questions answered. See page 9 for scheduled programs.

Old-Fashioned Fourth of July!
You are cordially invited to join the staff of the Pioneer Yosemite History Center for an old fashioned 4th of July celebration! Activities will include a parade, speeches and games, such as gunny sack races, three-legged races, an egg toss and tug-of-war. A fun time will be enjoyed by people of all ages. This celebration takes place at the Pioneer Yosemite History Center on July 4th between 2pm and 4pm.

Evening Programs
Join pianist/singer Tom Bopp in the Big Trees Lodge lobby from 5:30pm to 9:30pm, Tuesday through Saturday (except June 29 to July 7), as he performs songs and tells stories from Yosemite's past. Historical programs are available by request and are usually given at 8:30pm. For details or to request a program, drop by the piano early in the evening when Tom's performing.

Wawona Visitor Center at Hill's Studio
Open 8:30am to 5pm. The visitor center offers information about park activities, wilderness permits, trail information, books, bear canister rentals, and maps. Located on the grounds of the Big Trees Lodge, Hill's Studio was the gallery and art studio of famous 19th-century landscape painter, Thomas Hill. Walk from the hotel or park at the Wawona store parking area and follow the path up the hill.

Pioneer Yosemite History Center
Go back to a time of horse-drawn wagons, a covered bridge, and log cabins. A visit to the Pioneer Yosemite History Center explores Yosemite's history and explains how Yosemite was the inspiration for national parks across America and around the world. The center is always open, and interpretive signs and brochures are available.

Experience Horse-Drawn Travel
Travel into history by taking a 10-minute horse-drawn stage ride. Tickets may be purchased at the Stage Office in the Pioneer Yosemite History Center. See page 9 for dates, times, and locations. $5/adults and $4/child (ages 3-12)

Blacksmith Shop
Smell the burning coal, hear the ring of the hammer on the anvil, and watch a demonstration of the ancient art of blacksmithing. See page 9 for dates, times, and locations.

Mariposa Grove
Located near Yosemite's South Entrance, the Mariposa Grove is the park's largest stand of giant sequoias, with about 500 trees in the grove.

Great Things are Happening in the Mariposa Grove!
The Restoration of the Mariposa Grove of Giant Sequoias Project is now underway! On July 6, 2015, a temporary closure of the grove for up to 24 months began. The restoration project will improve the habitat and restore the hydrology of the Mariposa Grove and improve visitors' experience and enjoyment of the grove. Trails will be improved providing universal access along with improved restrooms.

The Mariposa Grove Road is closed to all public access, including bicycle and pedestrian traffic. Hiking trails within the grove are also closed.

Glacier Point
Evening Programs
Meet a ranger to enjoy the lengthening shadows in Yosemite Valley and the alpenglow (or moonrise) on the Sierra high country. Stargazing programs are offered, as well. Details on next page.

9am to 7pm
Tuolumne Meadows

• Please walk on official trails to protect fragile meadow ecosystems.
• Dogs, bicycles, and strollers are only allowed on roads open to vehicles.
• Day-hikers and backpackers must go to the bathroom at least 100 feet away from water, trail, and camp areas; bury human waste six inches deep; pack out toilet paper and all other trash.

Tuolumne Meadows Visitor Center
Open from 9am to 6pm. Park orientation, trail information, books, maps, and displays available.

Parsons Memorial Lodge, McCauley Cabin, and Soda Springs
Two trails, both flat and 3/4-mile long, lead to this historic area accessible only by walking. Beginning June 25, Parsons Memorial Lodge is open 10am to 4pm. Soda Springs are small, naturally-carbonated springs that attract birds and deer, especially warm mornings and evenings.

Tuolumne Meadows Campground
Open 8am to 5pm. Visit the wilderness center to learn about wilderness safety, plan trips, obtain wilderness permits and maps, and rent bear canisters. The Tuolumne Meadows Wilderness Center is located just south of Tioga Road, along the road to Tuolumne Meadows Lodge, across from shuttle stop #3.

Parsons Lodge, McCauley Cabin, and Soda Springs
Two trails, both flat and 3/4-mile long, lead to this historic area accessible only by walking. Beginning June 25, Parsons Memorial Lodge is open 10am to 4pm. Soda Springs are small, naturally-carbonated springs that attract birds and deer, especially warm mornings and evenings.

Tuolumne Meadows Visitor Center
Open from 9am to 6pm. Park orientation, trail information, books, maps, and displays available.

Just for Kids
Programs for children include Junior Rangers, a two-hour ranger-led program for children (ages 7-12), and Campfire for Kids. Programs begin June 25.

Ranger Walks
Join a ranger to explore new areas and learn about geology, birds, flowers, history, the Tuolumne River, and more. These walks range from one to eight hours and, except for the long walks, are fairly easy. Programs begin June 25.

Evening Activities
Come to a traditional, ranger-led campfire program for stories, songs, and insight into Yosemite. Program topics vary and are posted at the campground, Tuolumne Meadows Lodge, and Tuolumne Meadows Visitor Center. End your day with a star program—bring a pad to sit on and dress warmly. Programs begin June 25.

Tuolumne Meadows Wilderness Center
Open 8am to 5pm. Visit the wilderness center to learn about wilderness safety, plan trips, obtain wilderness permits and maps, and rent bear canisters. The Tuolumne Meadows Wilderness Center is located just south of Tioga Road, along the road to Tuolumne Meadows Lodge, across from shuttle stop #3.

PARSONS MEMORIAL LODGE - SUMMER SERIES
Allow 30 minutes walking time to Parsons Memorial Lodge from either Lembert Dome parking area or the Tuolumne Meadows Visitor Center. Admission is free.

Saturday, July 16
2pm to 3:30pm
The Mountains Are Your Mind
Reading, talk, and discussion of new work with David James Duncan, activist and author (The River Why, The Brothers K, River Teeth, My Story as Told by Water).

Sunday, July 17
2pm to 3:30pm
Poetry as Stewardship
Reading by poet Tom Crawford, followed by conversation with Tom and David James Duncan.

HIGH SIERRA NATURAL HISTORY CELEBRATION WEEKEND
Saturday, July 23 2pm to 3:30pm
Trace: Memory, History, Race, and the American Landscape
Illustrated talk and conversation with Laurel Savoy, Earth historian, storyteller, and author of Trace.

Sunday, July 24
2pm to 3pm
High Sierra Wildflowers: A Naturalist’s Journey
Illustrated talk and discussion based on Rock Creek Wildflowers by Cathy Rose with photographs by Stephen Ingram.

Big Oak Flat

BIG OAK FLAT INFORMATION STATION
Open 8am to 5pm. The visitor center offers information about park activities, wilderness permits, trail information, books, bear canister rentals, and maps. The center is located just inside the park entrance on Highway 120 West.

Tuolumne Grove
The trailhead for this grove of approximately 25 sequoias is near the intersection of the Big Oak Flat and Tioga roads at Crane Flat. The former route of the Big Oak Flat Road leads downhill from the parking area into the grove. The trail drops 500 feet (150 meters) in one mile. The way down can seem much easier than the uphill return to the parking lot. The trip is moderately strenuous on the uphill portion. Within the Tuolumne Grove there is an easy, half-mile, self-guided nature trail. There is no potable water at the parking area or in the grove. Be sure to bring drinking water with you.

Meredic Grove
Yosemite’s quietest stand of sequoias is the Merced Grove, a group of approximately 20 big trees accessible only on foot. It’s a three-mile round-trip hike (about three hours) into the grove. The trail drops down 1.5 miles making this a moderately strenuous hike on the uphill portion. There is no potable water at the parking area or down in the grove. Be sure to bring drinking water with you. The grove is located 3½ miles north of Crane Flat and 4½ miles south of the Big Oak Flat Entrance along the Big Oak Flat Road (Highway 120 West). The trail is marked by a sign and a post labeled B-10.
**TUOLUMNE MEADOWS**

**HETCH HETCHY, HODGDON MEADOWS, CRANE FLAT, WHITE WOLF**

Yosemite National Park offers a wide variety of programs and activities for kids of all ages! To find kid-friendly programs, see pages 6, 7, 9, and 11 of the Guide for program descriptions:

Follow these steps to earn your Junior Ranger badge.*

Did you already finish this page and earn your Junior Ranger badge? Are you ready for more Junior Ranger activities? Drop by a visitor center desk and pick up the free PSAR Junior Ranger booklet or Legacy Junior Ranger page to earn special patches!

1. With an adult, pick a trail to walk. See page 17 of this Guide or stop by a visitor center to choose your trail. As you go, walk quietly, watch, listen, and think.
   Write the name of the trail you walked. ___________________________________

2. Explore with your senses! Record the following.
   I see: ______________________   I hear: ______________________
   I smell: ____________________   I touch: ______________________

3. Leave no Trace! If you see trash or rubbish, pick it up. Junior Rangers learn to be good park stewards by bringing in a bag of trash. Recycle any recyclable materials you pick up or bring along.

4. Ask a Ranger! What President signed the Yosemite Grant Act on June 30, 1864, setting aside Yosemite Valley and the Mariposa Grove for special protection?

5. Learn more. Go to a ranger-led program or visit with an Indian Cultural Demonstrator. What program did you attend? Have the ranger or demonstrator sign below.
   Signed by: ___________________________________________________

6. Write down something you learned from a ranger or Indian Cultural Demonstrator.
   _______________________________________________________________

7. Think about this. Why do people work to protect national parks?

8. When you complete this page, take it to a visitor center. There you will take your oath and receive your Junior Ranger badge.

*Expanded Junior Ranger and Little Cub programs (and the chance to earn a patch) are available in the Junior Ranger or Little Cub Handbooks, which can be purchased at any Yosemite Conservancy bookstore.
Bears and Wildlife

Enjoying wildlife safely and responsibly

Keep Wildife Wild!

Black bears, coyote, deer, and grey squirrels are just a few of the many animal species in the park that are active year round. Learn how to help protect Yosemite's wildlife.

Store Your Food Properly.

4,000 to 20,000 calories worth of grasses, berries, acorns, and grubs—that's the typical daily diet of most bears. It's a lot easier for a bear to eat the thousands of calories of food in an ice chest than it is to spend all day nibbling at grasses. Their incredible sense of smell allows them to detect things we can't, which helps them find food—a black bear can smell a dead deer three miles away. To top it off, bears have excellent vision and can see in color, so they recognize ice chests, grocery bags, and other food containers as potential food sources.

If you see a bear, scare it away or keep your distance.

You may not see a bear during your visit because they naturally avoid people. However, if you see one in a developed area (like a campground or parking lot), act immediately to scare it away. Make noise and yell as loud as possible. If there is more than one person, stand together to present a more intimidating figure, but do not surround the bear.

If you see a bear anywhere else, consider yourself lucky—but keep your distance (at least 50 yards, or about the distance made by four shuttle buses parked end to end). If you get too close, you will be helping the bear become used to being around people. Bears that become comfortable around humans lose their natural fear of us and may become too aggressive. When that happens, they sometimes have to be killed.

Drive the speed limit.

The most common human-related cause of death for a black bear in Yosemite is being hit by a car. Slow down! Driving too fast is almost always the cause of these accidental deaths.

Red Bear, Dead Bear

Did you notice the red bear markers as you drove through the park? Each of them mark a place where a bear was recently hit. Every year bears, hundreds of deer, and countless other animals are killed while trying to cross park roads. Many of these deaths could have been avoided if drivers observed posted speed limits.

Please remember that Yosemite National Park is a wildlife preserve: by driving the speed limit you are helping to protect the park and its wildlife.

Backpackers: Save Your Food, Save A Bear

Bear resistant food canisters are 2.7-pound containers that can be used to store five or more days of backpacker food when meals are carefully planned. Canisters have an inset lid that bears are unable to open. When used correctly, bears learn that—although they smell like food—the canisters are not worth investigating.

Report Bear Sightings!

To report bear sightings, improper food storage, trash problems, and other bear-related problems, leave a message for the Bear Management Team at 209/372-0322. Your call can be made anonymously. For more information regarding bears and proper food storage, visit the park’s website (www.nps.gov/yose/bears).

Coyotes

Watching a coyote hunting for mice in one of Yosemite’s many meadows can be an amazing wildlife experience. Coyotes are opportunistic carnivores that primarily prey on small mammals. Like bears, their diets change throughout the year with food availability.

Unfortunately, coyotes sometimes change their natural behavior to try to obtain human food. Approaching, and/or feeding coyotes can cause them to lose their natural fear of humans. Please do not stop to feed coyotes that you see along the sides of the roads. This encourages them to frequent road sides to beg for food, endangering both coyotes and drivers.

How to Store Food

*Food* includes any item with a scent, regardless of packaging. This may include items that you do not consider food, such as canned goods, bottles, drinks, soap, cosmetics, toiletries, trash, ice chests (even when empty), and unsolved items used for preparing or eating meals.

- **Your Vehicle:** You may store food in your car (with windows closed) only during daylight hours. Do not store food in your car after dark: use a food locker. Remember to close your car's hood, cargo area, side windows, and sun visors. Never leave unbaited food or garbage in a vehicle or in a trash can. Bears can smell food, even if it's sealed in the trunk or glove compartment, and they recognize boxes and bags as potential food sources. They can easily and quickly break into all kinds of vehicles!
- **Your Campsite or Tent Cabin:** You must store all your food in food lockers—not in your tent or tent cabin. A food locker is available at each campsite and tent cabin. Food may be stored out of sight in hard-sided items with windows closed.
- **Picnic Areas & on the Trails:** Do not leave food unattended. Always keep food within arm's reach. Don't turn your back to your food. Bears may investigate picnic areas or backpacks for food even when people are present, so be alert.
- **Backpacking in the Wilderness:** Bear resistant food containers are required throughout the Yosemite Wilderness. Hanging food is prohibited in Yosemite. In Yosemite and the southern Sierra, bear canisters are the only effective and proven method of preventing bears from getting human food.

Mountain Lions

Mountain lions are a normal and important part of the park ecosystem. They are attracted to areas with healthy deer and raccoon populations, which include many areas of the park. Although lion attacks on humans are extremely rare, they are possible, just as is injury from any wild animal.

For your safety:

- Do not leave pets or pet food outside and unattended. Pets can attract mountain lions.
- Avoid hiking alone. Watch children closely and never let them run ahead or lag behind on the trail. Teach children what to do if they see a lion.

What should you do if you meet a mountain lion?

Never approach one, especially if it is with kittens. Most lions will avoid confrontation. Always give them a way to escape.

- Don't run. Stay calm. Hold your ground, or back away slowly. Face the lion and stand upright. Do all you can to appear larger. Raise your arms. If you have small children with you, pick them up.

- If the lion behaves aggressively, wave your arms, shout, and throw objects at it. The goal is to convince it that you may be dangerous. If attacked, fight back!

Mountain lions are magnificent creatures and native to Yosemite. Generally, they are calm, quiet, and elusive. Sightings are rare, so if you spot one, consider yourself privileged!
Experience Your America  Yosemite National Park

Protect Yourself...

Keep yourself safe while exploring your park.

There are many ways to experience the wildness of Yosemite. While the forces of nature can create unexpected hazardous conditions, with a little common sense and some pre-planning, you can minimize the risks associated with many activities.

Enjoying the beauty of Yosemite

Summer has arrived and it is a vibrant time at Yosemite. An improved snowpack will keep water flowing swifter and later this year than the past several summers. Yosemite’s waters are beautiful but they are deceptive, deadly, and dangerous. Please enjoy water from a safe distance. Even during emergencies, Park Rangers are required to stay at least 10 feet (3 meters) from swift water unless wearing a helmet and personal flotation device because a trip or slip into the current can quickly turn into a disaster. Thank you for sharing the National Park Service’s centennial year with us at Yosemite National Park but please do so in a safe and healthy manner.

Weather

The heat is on and all elevations of the Park are feeling it. Prevent dehydration by sipping lots of water throughout the day and frequently eating salty, easy-to-digest snacks. Also, we are in the midst of thunderstorm season. Remember, there is no safe place outside when thunder is audible. Follow the saying, “when thunder roars, go indoors.” If you cannot reach a building or car (with a hard top), descend to lower elevations and away from ridges and outcroppings. Do not be the tallest object or near a tall object.

Rivers and Streams

Yosemite’s streams present a temptation for the curious, the photographer, and the overheated and weary hiker simply wanting to cool tired feet. Hot weather only worsens this temptation but it does not reduce the danger of Yosemite’s swift water. Yosemite’s water is deceptively dangerous and unforegoing. Visitors are strongly urged to enjoy any moving or falling water from a safe distance.

PLEASE: Enjoy the water from the safety of the trail or in developed areas only!

Yosemite’s Roads

What does your home town and Yosemite National Park have in common? Answer: the traffic can be just as dangerous here, however, we also have added hazards such as rock fall and abundant wildlife, including deer and bear. Moreover, there are many sites to distract drivers. If you cannot devote 100% of your attention to your driving, please pull completely off the road into designated pull-off and parking areas. Park rangers enforce California’s Motor Vehicle Code on park roads. Please buckle safety belts.

For all seasons...

- Stay on established trails or in developed areas – do not take trail shortcuts or approach the water. Almost all of Yosemite’s non-traffic related serious injuries occur off trail.
- Rock scrambling – leave this to the critters.
- Water and food – Carry more water than you need; stay hydrated and snack frequently – make sure you have plenty of food and water. If you are sweating, replace lost salts with salty, easy-to-digest snacks.
- "10 hiking essentials" – including a flashlight or headlamp, sunglasses, sunscreen, navigation, and a signaling method (mirror and whistle).
- Let someone know – always leave your travel and hiking plan, including your intended route and estimated time of return, with a trusted person. If no one knows you are missing, no one is going to be looking for you.

And remember this truism: you are responsible for your safety.

Hantavirus Information

Mice are an important part of the ecosystem, but can carry diseases harmful to humans. Hantavirus Pulmonary Syndrome (HPS) is a rare but serious disease spread to humans via the droppings, urine, or saliva of infected rodents. Not all rodents are infected with hantavirus, but infected rodents have been found throughout the US.

You may come into close proximity to rodents during your visit, so it is important you take steps to protect yourself from HPS. HPS risk is greater inside of buildings or other enclosures where deer mice are present. If staying in guest lodging, please tell the housekeeping staff if you see evidence of mice in your accommodations. Do not clean up the area yourself. Keep doors to guest lodging shut and do not bring food into your cabin that is not in a sealed container. If you are camping and backpacking, do not pitch tents near rodent burrows or droppings.

HPS often begins with flu-like symptoms such as aches, fever, and chills one to seven weeks after exposure, progressing to cough and difficulty in breathing. Seek medical attention immediately if you experience these symptoms and mention any potential rodent exposures to your physician. For more information on hantavirus and other environmental safety hazards visit: http://www.nps.gov/yose/planyourvisit/yoursafety.htm.

Plague

Plague is an infectious bacterial disease that is carried by squirrels, chipmunks and other wild rodents and their fleas. When an infected rodent becomes sick and dies, its fleas can carry the infection to other warm-blooded animals including humans.

To protect yourself from plague, never feed wildlife, avoid dropping food scraps that attract rodents when eating outside, avoid pitching a tent near or disturbing rodent burrows, wear insect repellent with DEET, and tell a park ranger immediately if you see a dead animal.

Early symptoms of plague may include high fever, chills, nausea, weakness, painful swelling at the site of an insect bite or lymph node, and other flu-like symptoms. If you develop any of these symptoms within 6 days of visiting an area at risk for plague in the park, see your doctor and inform them you may have been exposed. Plague is treatable with antibiotics if given in time.

Avoid contact with wildlife and keep food and trash stored properly.

Wild animals in Yosemite can transmit numerous diseases, including plague, rabies, and hantavirus. Keeping your distance and your food from wildlife not only protects them, it also protects you from injury and exposure to diseases.

If you encounter a mammal, particularly a raccoon, skunk, fox, coyote, or bat, that is behaving erratically, don’t touch the animal. Instead, report the sick animal to a park employee. In addition to keeping bears away, storing your food properly also reduces your exposure to rodents and their fleas, which may carry plague.
walk-up (25 per day). Rock climbers reservations (50 per day) or day before permits may be acquired through early wilderness permit (use fee applies). These winning applicants. Finally, a daily quota to all submissions and a use fee applies to a non-refundable application fee applies. Applications for daily lotteries will be released by daily lottery throughout October 10, conditions permitting. A daily permit to hike to the top of Half Dome requires wilderness permits are issued and bear canisters are available for rent in Yosemite Valley (see page 5) and at the Hetch Hetchy Entrance Station during hours of operation. Wilderness permits are also available at the Hill's Studio in Wawona and at the Big Oak Flat Information Station (see pages 8 and 10). Call the park’s main phone line at 209/372-0200, or check the web at www.nps.gov/yose/planyourvisit/wildpermits.htm, for additional information. For summer trips, reservations are taken from 24 weeks to two days in advance of the start of your trip. A processing fee of $5 per permit plus $5 per person is charged to each confirmed reservation. Check the park’s website for trailhead availability and call 209/372-0740.

Permit Required to Hike Half Dome Permits to hike to the top of Half Dome are required seven days a week when the cables are up for 2016, May 27 through October 10, conditions permitting. A daily total of 225 preseason lottery permits have already been issued for 2016. In addition, approximately 50 permits will be released by daily lottery throughout the season based on estimated under-use and cancellation rates (exact number may change throughout the summer). Applications for daily lotteries will be accepted 2 days prior to the desired hiking date between midnight and 1pm. To apply, visit Recreation.gov or call 877/444-6777. A non-refundable application fee applies to all submissions and a use fee applies to winning applicants. Finally, a daily quota of 75 Half Dome permits will be available to overnight users with an appropriate wilderness permit (use fee applies). These permits may be acquired through early reservations (50 per day) or day before walk-up (25 per day). Rock climbers who reach the top of Half Dome without entering the subdome area may descend on the Half Dome Trail without a permit. More information is available at: http://www.nps.gov/yose/planyourvisit/hppermits.htm. For backpackers, more information is available at: http://www.nps.gov/yose/planyourvisit/hdwildpermits.htm.

Rafting Conditions permitting, rafting on the Merced River in Yosemite Valley (Stoneman Bridge to Sentinel Beach) and the South Fork of the Merced River in Wawona is open from 10am to 6pm daily to any type of non-motorized vessel or other flotation device.
- The entire length of the Merced River in Yosemite Valley is closed to all flotation devices wherever the river gauge at Sentinel Bridge reads 6.5 feet or higher. Ask at a visitor center for conditions and obey all posted signs
- You must wear or have a U.S. Coast Guard-approved personal flotation device immediately available.
- Fallen trees and other natural debris in the river create important habitat for fish and other wildlife. Be alert—they can also create hazards for rafters.

Fishing Fishing in Yosemite is regulated by state law. A valid California sport-fishing license is required for those persons age 16 years and older. When fishing, the license must be plainly visible by attaching it to an outer layer of clothing above the waistline.
- Trout season runs through November 15 (except Frog Creek near Lake Eleanor, which opens June 15).
- Special fishing regulations apply on the Merced River in Yosemite Valley from Happy Isles downstream to the Foresta Bridge in El Portal. Within these reaches of the river, it is catch-and-release only for rainbow trout. Brown trout limits are five fish per day. Only artificial lures or flies with barbless hooks may be used.
- • The use of live or dead minnows, bait fish or amphibians, non-protected fish eggs or roe is prohibited.
- • The use of live or dead minnows, bait fish or amphibians, non-protected fish eggs or roe is prohibited.

Pets Keep in mind, daytime temperatures can reach above 100 degrees farenheit in the summer. Make sure to keep your pet cool and well-hydrated. In Yosemite, pet owners have a few rules to follow:
- • Pets are only allowed in developed areas and on roads and paved bike paths. Pets are not allowed anywhere in the Mariposa or Merced sequoia groves. They are not allowed on trails, in wilderness areas, or where signs are posted prohibiting them.
- • Pets must be on a leash (6 feet or less) or otherwise physically restrained.
- • For the courtesy of others, human companions are responsible for cleaning up and depositing pet feces in trash receptacles.
- • Pets are not allowed in any lodging facilities or other buildings within the park and are not allowed in some campground.
- • Pets may not be tied to an object and left unattended.

Bicycling Each season, plants are crushed from the river, it is catch-and-release only for rainbow trout. Brown trout limits are five fish per day. Only artificial lures or flies with barbless hooks may be used.
- • The use of live or dead minnows, bait fish or amphibians, non-protected fish eggs or roe is prohibited.
- • The use of live or dead minnows, bait fish or amphibians, non-protected fish eggs or roe is prohibited.

Yosemite Guardians Visitors to Yosemite National Park are the park’s most important guardians. With nearly 4 million people watching over its special plants, animals, historic, and archeological sites, imagine how well-protected these park resources could be!

During your visit to Yosemite be aware that there are people who either unknowingly or intentionally harm park resources. Please contact a park official if you see any of the following illegal acts:
- • Feeding or approaching wildlife
- • Collecting plants
- • Hunting animals
- • Collecting reptiles and butterflies
- • Picking up archeological items, such as arrowheads
- • Using metal detectors
- • Driving vehicles into meadows
- • Biking off of paved roads
- • Rafting outside of designated campgrounds
- • Possession of weapons inside federal facilities
- • Possessing or using marijuana, including medical marijuana
- • Operating an unmanned aircraft system ("drone")

If you see activities that could harm people or park resources, jot down any descriptions or a vehicle license plate number and call the park dispatch office at 209/379-1992.

FOR MORE INFORMATION To find out more about Yosemite National Park regulations visit www.nps.gov/yose/planyourvisit/yoursafety.htm and find a copy of the Superintendent’s Compendium. This document is a compilation of designations, closures, permit requirements, and other restrictions made by the superintendent, in addition to what is contained in Title 36 of the Code of Federal Regulations (Chapter 1, Parts 1 through 7 and 34), and other applicable federal statutes and regulations.
An adventurous overnight experience

Yosemite National Park contains 13 popular campgrounds. Up to seven are on a reservation system, the rest are first-come, first-served. From April through September, reservations are essential and the first-come, first-served sites often fill by noon during these months.

Camping Reservations

Reservations are required March through November for campsites in Yosemite Valley’s car campgrounds and summer through fall for Hodgdon Meadow, Crane Flat, Wawona, and half of Tuolomne Meadows. All other campgrounds (except group and stock campgrounds) are first-come, first-served. Campground reservations are available up to five months in advance, on the 15th of each month at 7am Pacific time. Log onto the website or call as soon as possible as some campgrounds fill within a few minutes of the opening period.

For campground reservations, visit www.recreation.gov (recommended) or call 877/444-6777 or TDD 877/833-6777 or 518/885-3639 from outside the US and Canada.

Hours:

- 7am to 7pm Pacific time (November through February)
- 7am to 9pm Pacific time (March through October)

Reservation offices in the park are located in the visitor parking area at Half Dome Village (shuttle bus stop #34), the Tuolumne Meadows Campground entrance, in Wawona off Chihualna Falls Road, and at Big Oak Flat Information Station.

Camping in Yosemite National Park*

For individual campgrounds, please contact the Future Ranger Station or Wawona Ranger Station.

Campgrounds in Yosemite National Park*

* Exact campground opening and closing dates are subject to conditions.
Choose your adventure

With over 800 miles of hiking trails, what better way to enjoy the beauty of Yosemite than on foot? Ask a ranger at any visitor center for one of several free, day-hike handouts. Excellent maps and guidebooks are available at bookstores throughout the park.

FEATURED HIKE

Mirror Lake

**Distance:** 2 miles (3.2 km) round trip to the lake and back; 5 miles (8km) loop around the lake.

**Elevation Gain:** 100 feet

**Difficulty:** Easy to Moderate

**Time:** 1 hour round-trip to the lake; 2-3 hours for the full loop

**Begin at:** Mirror Lake Trailhead (shuttle stop #17)

**Trail Description:** The first mile of this trail is a paved service road that leads directly to Mirror Lake. You may access the loop trail from the end of the paved path. The loop follows Tenaya Creek beyond the lake, and crosses two bridges after the Snow Creek Trail junction before returning past Mirror Lake on the south side of Tenaya Canyon. (There is no safe access to the north side of Mirror Lake directly from the south side of the loop, except via bridges at the west and east ends of the trail).

Mirror Lake has little water much of the year and, while pleasant at any time of year, it is fullest in spring and early summer, when Tenaya Creek flows freely with fresh snowmelt. When water is calm, the lake offers beautiful reflections of surrounding cliffs. Exhibits along the trail tell the story of Mirror Lake’s lake-to-meadow succession, and also highlight some of the cultural history of the area. Mirror Lake is often referred to as Mirror Meadow in late summer due to the lack of water and the influx of grasses and sandy areas.

**Things to know before you go:**

- Stay away from swiftly-moving water. Keep children from wandering on or near these hazards. Choose swimming areas carefully and swim only during low water conditions.
- Always supervise children closely.
- Avoid areas of whitewater, where streams flow over rocky obstructions.

1 These are drop-off points via the Tuolumne Meadows Hikers’ Bus.
In the Home of the Wild
by Park Ranger Eric Smith

Why do so many of us visit Yosemite National Park? One hundred years ago, the Organic Act that created the National Park Service declared this place protected for the “enjoyment” of people, present and future. While our experiences are as wildly diverse as we are, millions of us are united by the fact that the “enjoyment” we engage in here goes far beyond gazing at scenery or getting exercise. Our enjoyment stems from the fact that this park is not just for people—we share it with the community of wild plants and animals. In Yosemite this transformative presence is everywhere; climbing the pine branches, flying through campgrounds, hiding in deep forests, or even in ourselves. Here, we encounter wildness.

We begin by simply stepping out of our domestic sphere—out of buildings, out of cars, "out of doors." Entering the landscape shaped by nature over a huge timescale puts our significance in context. Soon, we become conscious of other wild inhabitants watching, listening, smelling us as we pass. In response, we watch, listen, smell, and adopt nature’s custom of moving quietly and with grace. We learn the names, marks and habits of our wild neighbors. In our actions and movements we choose how they know and identify us. Walking on our own two feet, we recognize our fellowship with the wild. The chorus of birds before dawn reminds us that we share with many species the anticipation of the rising sun. As we become companions of red-breasted nuthatches, mountain hemlocks, and yellow-legged frogs, we understand that they feel the world as we do. We share with them the smell of pine needles after rain, the sound of water over stone. Even with mountains we share a solid form under the weather and passing time. Walking under the sky, we are free to be defined by our sensations and movements more than our possessions.

Wild freedom is the opposite of carelessness. One creature’s footprint is another creature’s world. We cannot help but tiptoe once we notice the vulnerable shoots of alpine grass emerging in the sand. With joyful magnanimity we skip from rock to rock over the soft, living ground. This awareness of our impact inspires us to drive and buy less, reduce or eliminate our carbon footprint. We leave no trace in a wilderness to which we belong; in this whole world we keep house.

It is normal to feel heavy or sad closing the car door and leaving the park. The part of us that blooms under the open sky gently closes again. Questions arise: when will we return to a wild place? Is the gift of wild freedom ours to keep? Can it be lost? Sold? Is wilderness complete without us? These are questions best discussed around the sun-rhyming glow of the campfire, when the stars and planets are listening. Through vivid sensory experiences, we find our best selves re-energized.

Here in Yosemite, known for a much longer time as “Ahwahnee,” the Park Service has had the privilege to watch over this gift for the past 100 years. Conserving and cultivating space for the rituals that guide us back to the wild way-of-being is one of the National Park Service’s vital tasks. We will honor this privilege into the future.

Leaving protected wilderness, take heart. You may find the secrets of the wild are alive everywhere, in forgotten stretches of stream bank, by overgrown railroad-tracks, in medians in the middle of the highway, right outside your home. Take up your part. Do not wait another hundred years to join the celebration.

Enhance the Visitor Experience

It takes a legion of people working together to protect this special park for you and future generations of visitors. You too can extend your connection to Yosemite well after you return home by getting involved with the organizations that partner to preserve Yosemite.

This publication was made possible by the Yosemite Park Partners listed on this page. Read more below or visit www.yosemitepartners.org to learn more about helping these organizations provide for the future of Yosemite National Park.

The Ansel Adams Gallery

The Ansel Adams Gallery, owned by the family of photographer Ansel Adams since 1902, is a center that celebrates the arts and the natural grandeur of our environment. It cultivates an aesthetic appreciation and concern for our world by offering visitors a unique variety of literature and art, as well as programs that inspire creativity. Visit online at: www.anseladamsgallery.com.

Yosemite Hospitality LLC

Yosemite Hospitality, a division of Aramark, operates lodging, food and beverage, retail, recreational activities, tours, interpretive programs, transportation, and service stations under contract with the U.S. Department of Interior with a focus on delivering authentic and memorable guest experiences. Yosemite Hospitality encourages employees to immerse themselves in the Park and all of the experiences offered.

For more information on employment opportunities with Yosemite Hospitality at Yosemite National Park visit www.yosemitehospitalityjobs.com.

NatureBridge

NatureBridge provides residential field science programs for youth in the world’s most spectacular classroom - Yosemite National Park. Through active student engagement, our faculty teaches science, history, and the arts and gives these subjects context through personal experience. A NatureBridge learning adventure strives to foster a life-long connection to the natural world and responsible actions to sustain it. Find out more about our year-round programs for schools and summer programs for individual teens at www.naturebridge.org/yosemite.

Yosemite Conservancy

Through the support of donors, Yosemite Conservancy provides grants and support to Yosemite National Park to help preserve and protect Yosemite today and for future generations. Work funded by the Conservancy is visible throughout the park, in trail rehabilitation, wildlife protection and habitat restoration. The Conservancy is also dedicated to enhancing the visitor experience and providing a deeper connection to the park through outdoor programs, volunteering, wilderness services and its bookstores. Thanks to dedicated supporters, the Conservancy has provided more than $100 million in grants to Yosemite National Park. Learn more at: www.yosemiteconservancy.org or call 415/434-1782.

Volunteering in Yosemite

Over 10,800 volunteers donated more than 186,000 hours of service to Yosemite last year, restoring native habitat, working in visitor centers, serving as camp hosts, studying wildlife, cleaning up litter and more. Would you like to serve? We have group and individual volunteer opportunities, both short term and long term. Learn more at: www.nps.gov/yose/getinvolved/volunteer.htm or call the volunteer office at 209/379-1850.
