**Powderhorn Walk—Explore the Forest in Winter**
1 hr. Sign up in advance, meet on The Ansel Adams Gallery porch (AAG)

**Ranger Snowshoe Walk—Explore the Forest in Winter**
2 hr. Badger Pass A-frame

**Sequoia Groves in Winter**

**Mariposa Grove**
The Mariposa Grove of Giant Sequoias, located at the southern-most end of Yosemite, is the largest stand of giant sequoias in the park (about 500 trees). Allow 1½ hours driving time from Yosemite Valley. Cars are prohibited beyond the parking area; however, many giant sequoias can be seen from there. From the parking area, all trails in the Mariposa Grove of Giant Sequoias are uphill. The trailhead is located at the far end of the parking area. Intepretive signs between the trailhead and the Grizzly Giant provide a self-guiding tour. Written translations of three signs are available at the trailhead (German, French, Spanish, Japanese)

**Merced Grove**
Yosemite's quietest stand of sequoias is the Merced Grove, accessible only on foot. It's a 2.5-mile hike or ski into the grove from the Big Oak Flat Road (Highway 120 West). Located 3.5 miles north of Crane Flat at 4.5 miles south of the Big Oak Flat Entrance Station, the trailhead is marked by a post labeled B-10 and a road sign. Allow about 2 hours for the 4-mile round-trip hike or ski to this small group of sequoias (about 20 trees).

**Tuolumne Grove**
The Tuolumne Grove of Giant Sequoias is near Crane Flat at the intersection of the Big Oak Flat Road and the Tioga Road. The former route of the old Big Oak Flat Road leads downhill from Crane Flat into the Tuolumne Grove, a cluster of about 25 sequoias. Now closed to cars, this 2.5-mile round-trip walk is relatively easy, depending on conditions; however, it is moderately strenuous on the uphill return.
