</table>

Hiking During Limited Operations

In and out day hiking from all trailheads only.
Hikers must remain on established trails.
No cross-country travel.
Hop Canyon trail can not be used to access Kolob Canyons area.

EMERGENCY

For 24-hour emergency response, call 911 or 435-772-3322.
The Zion Canyon Medical Clinic is located in Springdale near the south entrance to the park. For hours, please call 435-772-3226. Additional medical clinics are located in Hurricane. The nearest hospitals are in St. George, Cedar City, and Kanab.
Camping and Recreating Near Zion

All campgrounds in the park are closed. Camping is not permitted in parking areas or pullouts.

Watchman Campground will open May 22, 2020 except for group sites that will remain closed. To make a reservation, visit www.recreation.gov or call 877-444-6777. Watchman Campground can be made 6 months ahead but is often full months in advance.

For camping and activities outside the park check these websites:
visitutah.com
greaterzion.com
visitsouthernutah.com
visitcedarcity.com

Getting Around

To protect park resources, park only in designated spaces. For your safety, park rangers enforce laws against alcohol and drug-related driving offenses, including open container violations.

DRIVING

Park roads are used by vehicles, bicycles, walkers, and even wildlife. Obey posted speed limits. Unless otherwise posted, the maximum speed limit is 35 mph. Seat belts or child safety seats are required for all occupants of a vehicle. Please turn off your engine when your vehicle is stopped.

BICYCLING

Bicycles are welcome on the Pa’rus Trail, but are prohibited on all other trails. Bicycles are not allowed through the Zion-Mount Carmel Tunnel.

Safety

Whether hiking, climbing, or driving, your safety depends on your good judgment, adequate preparation, and constant awareness. Your safety is your responsibility.

STEEP CLIFFS

Falls from cliffs on trails have resulted in death. Loose sand or pebbles on stone are very slippery. Be careful of edges when using cameras or binoculars. Never throw or roll rocks because there may be hikers below you. Stay on the trail and away from cliff edges. Observe posted warnings and please watch children.

WATER AND DEHYDRATION

Drink water and eat salty snacks during your visit. Carry enough water (at least one gallon per person per day) and drink it. As you sweat you also lose the salt your body needs to survive. Water is available in the park’s developed areas. Do not drink untreated water from springs.

EXTREME HEAT

‘Hyper’thermia occurs when the body is heated to dangerous levels. Conditions include Heat Exhaustion and Heat Stroke, which are responsible for many medical emergencies at Zion each summer. Signs of hyperthermia include red, flushed skin, lack of sweat or extreme sweating, stumbling and poor coordination, fatigue and weakness, and confusion or slurred speech. If you recognize any of these signs, stop hiking and immediately find shade and get help.

COVID-19

Maintain six-foot social distancing
Do not exceed group size limits
Wash hands with soap for 20 seconds
Cover mouth when coughing or sneezing
Hand sanitizer available near restrooms

Zion Tunnel: (Oversize Vehicles, RVs, Large Trailers)

The Zion - Mt. Carmel Tunnel connects Zion Canyon to the east side of the park. It was built in the 1920s when large vehicles were less common. Vehicles 11’4” tall or taller, or 7’10” wide or wider, require one-lane traffic control through the tunnel. Large vehicles cannot travel in a single lane through the tunnel. Nearly all RVs, buses, trailers, fifth-wheels, dual-wheel trucks, campers, and boats require traffic control.

TUNNEL CONTROL

8 AM TO 8PM ONLY

Rangers will stop oncoming traffic so that you may drive down the center of the road in the tunnel. After 8 p.m. you must return at 8 a.m. the following day to go through the tunnel.

PROHIBITED VEHICLES IN THE TUNNEL

Vehicles 11’4” (3.4 m) tall or higher and 7’10” (2.4 m) wide or more, including mirrors, awnings, and jacks, will require traffic control in the tunnel. Single-axle vehicles may not exceed 40’ in length.

Support the Zion Forever Project

Zion National Park’s official nonprofit partner, The Zion Forever Project, makes it possible for you to experience and enjoy the park in a more meaningful way. ZFP addresses a stronger sense of stewardship and responsibility that falls on all of us to protect and sustain the park for future generations.

Whether you simply round up your change at the sales counter or make a large contribution to a specific project park listed in our Field Guide to Park Project Priorities, you will make a difference now and forever. You can find the Field Guide online at www.zionpark.org/projects.

With the Zion museum and theater closed, you can watch the new Zion National Park Film “WE THE KEEPERS” for free. Stream the film at zionpark.org/wethekeepers

Pets, Drones, and Rafts/Float Tubes

Pets are not allowed on any trails except the Pa’rus Trail. Working service dogs are permitted on all trails. Emotional support animals are considered pets by the National Park Service and are therefore not allowed. Pets are not allowed on shuttle buses.

Launching, landing, or operating unmanned aircaft within the boundaries of Zion National Park is prohibited.

The Virgin River in the park is closed to floating/rafting.
