How To Use The Shuttle

Easy as 1-2-3
The Zion Canyon Scenic Drive is accessible by shuttle bus only. Private vehicles are not allowed. It’s easy to visit this part of the park—follow these three steps:

1. Park
Parking at the visitor center is full between 10 a.m. and 3 p.m. daily. To avoid parking hassles, leave your car in the town of Springdale and ride the free town shuttle to the park. Enter the park on foot at the Zion Canyon Giant Screen Theater. Tune your radio to 1610 AM and ride the free town shuttle to the park. Enter the park on foot at the Zion Canyon Giant Screen Theater.

2. Plan
Use the exhibits at the Zion Canyon Visitor Center to plan your visit based on your time (less than 3 hours or more than 3 hours) and your interests (sightseeing, hiking, and more). Check the schedule of Ranger-led activities and the park bookstore for maps and books to enhance your visit.

3. Ride
Free buses run from 5:45 a.m. to 11 p.m. as often as every six minutes. See page 12 for shuttle schedule. Buses are fully accessible. Pets are not allowed.

Road Construction

The six-mile-long Zion Canyon Scenic Drive and the section of road from the south entrance to Canyon Junction will be rebuilt late summer through early fall. Millions of vehicles have used the road since it was paved in 1938. It needs major rehabilitation to accommodate today’s larger and heavier recreational vehicles, tour coaches, and the park shuttle.

Roads Will Remain Open
Roads will remain open and the park shuttle will operate. Since most of the work along the scenic drive will be August through September, shuttle operations will be coordinated to minimize inconvenience. Private vehicles with red permits staying at the Zion Lodge will be able to drive to the lodge after passing through one-lane traffic control. In September the 1.4-mile section of road from the south entrance to the scenic drive, where regular traffic is allowed, will have one-lane traffic. Maximum delays will be 15 minutes. The Zion-Mt. Carmel Highway through the tunnel will be unaffected.

Early Summer—Preliminary Work
Delays will be minor.
- Install new culverts and lengthen others.
- Raise the historic stonework at culverts.
- Replace pavement at the Big Bend shuttle stop with concrete.
- Improve the bridge near the Museum.
- Replace the waterline between Canyon Junction and the Museum.

Late Summer
Zion Canyon Scenic Drive
The major work is scheduled at this time because we must wait until songbirds and Peregrine falcons have fledged their young and because winter is too cold to lay asphalt.
- Grind up the old pavement and reuse it as a thicker, stronger base.
- Lay new, thicker pavement.

Early Fall
South Entrance to Canyon Junction
Some of this work will be done at night. Portions of South Campground next to the road will be closed, but the rest of the campground will be open to camping.
- Grind up the old pavement.
- Lay new, thicker pavement.

Bicycles

Scenic Drive
Bicycles will be allowed to follow a pilot car through the construction zone. Small children are discouraged from riding bicycles through the construction zone. Bicycles can be put on the shuttle. South Entrance to Canyon Junction Bicycles will not be allowed in this construction zone. They may avoid construction in this section by riding on the Pa’rus Trail.

Our Red Roads
The new pavement will be black, the color of fresh asphalt. However, it is a tradition in Zion to have red roads. In one year, after the road settles, it will be chip-sealed with red volcanic cinders that give the road its well-known and beloved color.

Thank You
The road is a federal highway so the work is being funded by the Federal Highway Administration. The total cost is expected to be $3,000,000 and completion is estimated for December 2005.

Thank you for understanding the need to rebuild the road and for your patience during construction.
Emergencies
For 24-hour emergency response, call 772-3322 or 911. Zion Canyon Medical Clinic is in Springdale, reduced winter hours, 772-3326. The nearest hospitals are in St. George, Cedar City, and Kanab.

Accessibility
Restrooms, visitor centers, museum, and Zion Lodge are fully accessible. Several campsites are reserved for people with disabilities, and two trails are accessible.

Pets
Pets must be under physical control on a leash no longer than six feet at all times. They are not allowed in the backcountry, on trails, or in public buildings. Pets may be walked on the Pa’rus Trail. Boarding kennels are available in Rockville, Hurricane, Kanab, St. George, and Cedar City.

Entrance Fees
Private Vehicle $20 per vehicle, good for 7 days in Zion National Park. $10 per vehicle for Kolob Canyons section only.

Individual $10 per person (pedestrian, bicycle, motorcycle, and organized group), good for 7 days in Zion National Park.

Zion Annual Pass $40, good for one year from date of purchase at Zion National Park only.

Commercial Tours Ask for rates.

Golden Age Passport $10 lifetime passport for U.S. residents 62 or older.

National Parks Pass $50, good for one year from date of purchase in all NPS areas.

Golden Eagle Passport $65, good for one year from date of purchase in all federal fee areas.

Golden Access Passport Free lifetime pass for U.S. citizens who are permanently disabled.

Camping
Watchman Campground Open all year, sites are first-come, first-serve November 1–March 13. Fees: $16 a night, $18 per night with electric hookups, $20 per night for river sites (half price for holders of Golden Age/Access Passports). Reservations may be made for Watchman Campground five months in advance for March 18–October 31; on-line at reservations.nps.gov, or call 800 365-2267.

South Campground Open March 13 through October, sites are first-come, first-serve. Fee: $16 a night.

Group Campsites Available March 18 through October 31 by reservation to organizations of 9–40 people for $3.00 per person per night; 800 365-2267 or on-line at reservations.nps.gov.

Facilities Restrooms, drinking water, picnic tables, fire grates, dump stations.

Other Campgrounds Private campgrounds with showers and hookups are available outside the park.

Fires
Fires are permitted in the fire pits at campgrounds and picnic areas. Bring or buy firewood; collecting is not permitted. No fires in the backcountry at any time.

Bicycling
• Avoid cars by riding the Pa’rus Trail. Watch for pedestrians and leashed pets.
• Park shuttles will not pass bicyclists, use turnouts to allow them to pass.
• Don’t pass a moving bus, the driver may not be able to see you.
• Use caution passing a stopped bus.
• Ride single file.
• Children must stay with parents.
• Please wear your helmet.
• Automobile rules of the road apply to bicycles.

Backpacking
Permits are required for all backcountry camping—there is a fee. Maximum group size is 12 people. Permits and hiking information are available at visitor centers. See the Zion Backcountry Planner for more information.

Climbing
Climbing on Zion’s sandstone requires appropriate hardware and technical skills. Climbing information is available at visitor centers. Some routes may be closed to climbing when Peregrine Falcons are nesting. A permit (fee) is required for overnight climbs.

Horseshoe Riding
Guided trips are available March through October, 435 679-8665. For private stock use, contact a visitor center.

Watercraft
All watercraft use in the park requires a backcountry permit. Permits are issued when the river is flowing in excess of 140 cubic feet per second. Inner tubes are not permitted at any time on any watercourse in the park.

Food Service
Zion Lodge Dining room serves breakfast, lunch, and dinner. Cafe offers grab-and-go lunches. Dinner reservations are advised: 435 772-7760.

Other Food Service Restaurants available in Springdale, east entrance, Mt. Carmel Junction, and Kanab.

Lodging

Other Lodging Available in Springdale, Rockville, east entrance, Mt. Carmel Junction, Kanab, and Cedar City.

Worship Services
Offered during summer, check bulletin boards for times.

Interdenominational South Campground
LDS Springdale.

Roman Catholic Springdale
Ranger-led Activities

Ranger-led activities are a great way to learn more about Zion National Park. Topics include: geology • plants • animals • human history • more

All programs are free. Check at visitor centers and Zion Lodge for program topics and hike locations. Allow time for shuttle transportation to the presentation.

Rangers may be called to fires and other emergencies—programs may be canceled.

Junior Ranger Program

Self-Guided Program

Ages 6 to 12 - Junior Ranger

Children 6 to 12 years old can earn a badge by completing an activity booklet during their visit. Booklets are available at the visitor centers and museum year-round. A different Junior Ranger badge is offered at each visitor center.

Want to enhance your children’s visit as they work toward a Zion Junior Ranger badge? Spend part of your morning joining us for a special Ranger-guided program geared for children 6 to 12 years old.

Ages Under 6 - Junior Ranger Helper

Children under 6-years-old can earn a different Junior Ranger badge at the Zion Canyon Visitor Center and the Human History Museum year-round.

Guided Program

Ages 6 to 12

The Zion Nature Center, home of the summer Junior Ranger Explorer Program, is being rehabilitated this summer and is closed for the 2005 season. In place of the Junior Ranger Explorer Program, special Ranger-guided activities, designed especially for children are being offered each morning at the Zion Lodge.

When

May 28 to September 3, 2005. Two, 1 to 1/2 hour programs are offered daily at 8:30 a.m. and 11:00 a.m.

Where

The programs are held in and around the Zion Lodge, located along the Zion Canyon Scenic Drive. Programs begin in the Zion Lodge auditorium.

Wear

Many activities are outside, so dress comfortably and appropriately for outdoor activities. Please bring water. Hats and sunscreen are good on hot, sunny days and rain gear if the weather looks stormy.

Parents

A parent or guardian must accompany children at all times. The program is free, and no registration is required. Junior Ranger booklets will be available for 6 to 12 year old children who want to become a Zion Junior Ranger and earn a badge.

Entrance Fees at Work

About 80% of your entrance fees now stay right here in the park. Although fees have increased, the Fee Demonstration Program and other recent legislation has enabled Zion to continue to enhance your visit and protect park resources. Entrance fees are being used to operate the shuttle system. This summer the historic Nature Center is being rehabilitated. In addition, user fees made the following projects possible:

- Rehabilitate Weeping Rock and Emerald Pools Trails
- Re-roof Zion Museum
- Replace Oak Creek sewer
- Rehabilitate Watchman Campground
- Build Emergency Operations Center
- Replace waterline

This summer the Nature Center will be rehabilitated, made accessible, and converted into a year-round facility.

Zion Map & Guide
Hiking & Canyoneering

HIKING IN CANYONS, EVEN SHORT HIKES, REQUIRES ADVANCE PLANNING. MANY HIKES INVOLVE walking in water, and the rivers and creeks are subject to flash flooding. River flows vary greatly depending on time of year and weather conditions. Check the National Weather Service weather forecast and flash flood potential before entering any canyon; posted daily in visitor centers. See the Zion Backcountry Planner for additional information.

Permits
Permits are required for all overnights, through hikes of the Narrows and tributaries, Left Fork of North Creek (the Subway), Kolob Creek, and all canyons requiring the use of technical equipment. Permits are issued at visitor centers the day before your hike. Cost: • $10 for 1-2 people • $15 for 3-7 people • $20 for 8-12 people. Reservations are available on-line for many permits: www.nps.gov/zion.

Group Size
The maximum group size is 12 people of the same affiliation on the same trail or in the same drainage on the same day.

Be Prepared
All narrow canyons are potentially hazardous. Flash floods, cold water, and strong currents present real dangers that can be life-threatening. Your safety depends on your own good judgment, adequate preparation, and constant attention. By entering a narrow canyon, you are assuming a risk. Your safety is your responsibility.

Zion Narrows
Weather and water conditions permitting, there are three ways to hike The Narrows:

Short Day-hike Continue upstream beyond the end of the Riverside Walk. 1 to 5 hours, round trip. No permit required.

Through Day-hike Hike downstream from Chamberlain’s Ranch. This long all-day hike requires a shuttle to the trailhead and a permit.

Overnight Hike Hike downstream from Chamberlain’s Ranch. This two-day hike requires a shuttle to the trailhead and a permit. Maximum stay is one night. Fires are not allowed.

Zion Narrows Checklist
• Obtain weather and flash flood potential forecasts before starting your trip.
• Wear sturdy boots or shoes with ankle support.
• Take a walking stick. Do not cut tree branches for sticks.
• Small children should not hike in the river due to strong currents and deep pools.
• Carry out all trash: food wrappers, apple cores, fruit peels, tissue paper—everything you carried in.
• Carry one gallon of drinking water per person for a full-day hike, food, sunglasses, sunscreen, and first aid kit.
• Take a sweater or windbreaker. The Narrows is much cooler than Zion Canyon.
• Pack gear in waterproof bags.
• Use the restroom at the Riverside Walk Trailhead before hiking. There are no toilets in The Narrows.

Emerald Pools Trails

THIS SERIES OF POOLS AND WATERFALLS MAY BE ACCESSED BY THREE DIFFERENT ROUTES. THESE trails, as well as a short trail to the upper pool, connect and can be combined as a loop. There is always a small waterfall at the lower pool. If it rains, there may be larger waterfalls at both the upper and lower pools.

Lower Emerald Pool Trail
Easy, 1.2 mile out and back, 69-foot ascent. Paved trail to the pool, then continues behind the waterfalls that cascade from the middle pools into the lower pool.

Middle Emerald Pools Trail
Moderate, 1 mile one-way, 150-foot ascent. Unpaved climb to a sandstone ledge that parallels the lower trail but at a higher level. Do not go near the edge. Deaths have occurred from falling from the middle pools. Loose sand and pebbles on stone are very slippery.

Upper Emerald Pool Trail
Moderate, .3 mile out and back, 69-foot ascent. A sandy, rocky trail climbs to the base of the cliff.

Kayenta Trail
Moderate, 1 mile one-way, 150-foot ascent. Unpaved climb to a sandstone ledge, connects The Grotto to the Middle Emerald Pools.

Grotto Trail
Easy, 5 mile one-way, level. Trail connects Zion Lodge to The Grotto Picnic Area. Can be linked with Middle Emerald Pools and Kayenta Trails allowing a 3-mile loop hike.

Zion Backcountry Planner
www.nps.gov/zion.

Kolob Creek, and all canyons requiring the use of technical equipment. Permits are issued at visitor centers the day before your hike. Cost: • $10 for 1-2 people • $15 for 3-7 people • $20 for 8-12 people. Reservations are available on-line for many permits: www.nps.gov/zion.

www.nps.gov/zion.

Mountain Lions

MOUNTAIN LIONS ARE WILD ANIMALS AND CAN BE DANGEROUS. THEY HAVE BEEN OBSERVED frequently in the park. An attack by one is unlikely—there is a far greater risk of being struck by lightning. Zion National Park has never had a reported attack on people or pets. However, mountain lions have attacked in other areas.

Recommendations For Your Safety
• Watch children closely, and never let them run ahead or lag behind.
• Solo hiking or jogging is not recommended.
• Never approach a mountain lion. Most will try to avoid a confrontation. Always give them a way to escape.
• Do not run! Try to look large. Put your arms up.
• If a mountain lion approaches, wave your arms, shout, and throw rocks or sticks at it.
• If attacked, fight back.
• Report any mountain lion sightings or encounters to a Park Ranger as soon as possible.
Maintaining Sanctuary

Please stay on marked trails. Hiking off trails can lead to loss of vegetation, soil compaction, erosion, and unsightly scars on the landscape.

“You better behave, because I won’t.” Keep wildlife wild. Human foods are not healthy for wildlife. Feeding wild animals is illegal and can cause injury or death to the animal. Wild animals can hurt you, too.

Please respect the peace and quiet of the park and protect the subtle sounds of nature by traveling quietly.

Vegetation lives longer when cars remain on the pavement. Please park in designated spaces only. Fines can be as high as $250.

Zion National Park is much more than just a recreational destination. It is a sanctuary of natural and cultural resources—a living museum for all the world. Conserving this heritage is a task the National Park Service cannot accomplish alone. All of us serve a critical role in maintaining Zion’s sanctuary for the future.
**Trail Guide**

**Use the Shuttle to Access Trailheads**

Access to trailheads along the Zion Canyon Scenic Drive is by shuttle only. Private vehicles are not allowed. Shuttles depart early morning from Springdale and the Zion Canyon Visitor Center and run late into the evening. Check page 12 for schedule. Plan your hike so you do not miss the shuttle.

**For Your Safety**

Stay on established trails and watch your footing, especially at overlooks and near drop-offs. Always stay back from edges. Watch children closely. People uncertain about heights should turn around if they become uncomfortable. Never throw or roll rocks; there may be hikers below.

Making The Most of Your Time

Less Than 3 Hours

**Zion Canyon Scenic Drive**
The easiest way to see some of the park’s most beautiful sights in a limited time is to ride the Zion Canyon Shuttle. Round trip will take a minimum of 90 minutes; some delays during road construction.

**Weeping Rock Trail**
An easy walk on a paved path where springs continually drip from overhead. .5 miles/.5 hours round trip/climbs 98 feet. Shuttle stop: Weeping Rock.

**Court of the Patriarchs**
Short but steep trail leads to views of the Sentinel and the Three Patriarchs. 100 yards/.25 hours round trip, climbs 40 feet. Shuttle stop: Court of the Patriarchs.

**Zion-Mt. Carmel Highway**
The 10-mile road that connects the east and south entrances is a steep drive up switchbacks and through the mile-long tunnel. This is the main access to Bryce Canyon and the North Rim of Grand Canyon. Large vehicle restrictions: page 12.

More Than 3 Hours

**Emerald Pools Trail**
One place where you’ll often find at least a small waterfall. Easy, 1.2 miles/1 hour out and back, climbs 200 feet. Trail damage prevents hikers from connecting to other trails. Warning! Steep Cliffs. Shuttle stop: Zion Lodge.

**Riverside Walk**
Beautiful, shaded walk meanders through forested glens, following the path of the Virgin River into a high-walled canyon. Easy, 2 miles/1.5 hours round trip, climbs 57 feet. Shuttle stop: Temple of Sinawava.

**Watchman Trail**
Views of West Temple and lower Zion Canyon. Best hiked early or late in the day, often hot in summer. Moderate, 2.7 miles/2 hours round trip, climbs 368 feet. Trailhead: Zion Canyon Visitor Center.

**Hidden Canyon Trail**
Steep climb to the mouth of Hidden Canyon. Hikers may continue but there is no maintained trail. Strenuous, 2 miles/3 hours round trip, climbs 850 feet. Warning! Steep Cliffs. Not for anyone fearful of heights. Shuttle stop: Weeping Rock.

**Angels Landing Trail**

**Observation Point**
High on the east rim, the trail ends on a slender peninsula overlooking the valley floor offering spectacular views on three sides. Strenuous, 8 miles/5 hours round trip, climbs 2,148 feet. Warning! Steep Cliffs. Not for anyone fearful of heights. Shuttle stop: Weeping Rock.

Visitor Centers

**Zion Canyon Visitor Center**
At the south entrance, near Springdale. It is the main access for the Zion Canyon Shuttle. Exhibits help you plan your visit and make the most of your time. Rangers are available to answer questions and issue backcountry permits. Books, maps, and film available.

**Kolob Canyons Visitor Center**
Interstate 15 at Exit 40, 45 miles north of Springdale and 17 miles south of Cedar City. Rangers are available to answer questions and issue backcountry permits. Exhibits, books, maps, and film available.

**Zion Human History Museum**
First shuttle stop. Exhibits explain how humans have interacted with Zion. Orientation film, information desk, books, and film available.

**Orientation Film**
Twenty-two minute film highlights the park. Shown daily 8:30 a.m. to closing on the hour and half hour in the Zion Human History Museum.

Use the exhibits at the visitor centers and the orientation movie to plan how to best use your time.
Managing Fire

Fire plays a major role in shaping many of Zion’s ecosystems.

THE NATIONAL PARK SERVICE USES MANY TOOLS TO MANAGE OUR natural and cultural resources. Fire is one such tool. By using a combination of techniques, we can best manage wildland fire to reduce the risk to the public and to maintain healthy ecosystems on federal lands.

Fire Suppression
Extinguishing or limiting wildland fires at their discovery by utilizing the safest and most efficient suppression methods available.

Prescribed Fire
Any fire ignited by management specialists under predetermined conditions to meet specific objectives related to hazardous fuels or habitat improvement. An approved prescribed fire plan must exist prior to ignition.

Wildland Fire Use
The management of naturally ignited (lightning) wildland fires to accomplish specific pre-stated resource management objectives in predefined geographic areas outlined in Fire Management Plans.

Mechanical Fuel Reduction
The removal of natural vegetation with mechanized equipment and/or hand tools. Usually limbing and thinning vegetation and disposing of the material through pile burning.

Chemical Fuel Treatment
The use of herbicides to control unwanted vegetation. Follow-up treatments may include mechanical fuel reduction.

Weather and Climate

Be prepared for a wide range of weather conditions. Temperatures vary with changes in elevation and day/night temperatures may differ by over 30°F.

Spring
Weather is very unpredictable. Stormy, wet days are common, but warm, sunny weather may occur too. Precipitation peaks in March. Spring wildflowers bloom from April through June, peaking in May.

Summer
Days are hot (95-110°F), but overnight lows are usually comfortable (65-70°F). Afternoon thunderstorms are common from mid-July through mid-September. Storms may produce waterfalls and flash floods.

Fall
Days are usually clear and mild; nights are often cool. Autumn color displays begin in September in the high country. Colors in Zion Canyon usually peak in late October.

Winter
Winters in Zion Canyon are fairly mild. Winter storms bring rain or light snow to Zion Canyon, but heavier snow to the higher elevations. Clear days may become quite warm, reaching 60°F; nights are often in the 20s and 30s. Winter storms can last several days and cause roads to be icy. Zion roads are plowed, except the Kolob Terrace road, which is closed in winter. Be prepared for winter driving conditions from November through March.

Profile

Established
1909 as Mukuntuweap National Monument; expanded in 1919 as Zion National Park. Kolob section added in 1937.

Significance
Established to preserve and protect aesthetic and scientific values:
- Zion features stunning scenery found nowhere else on earth.
- Zion is a geologic showpiece with sandstone cliffs among the highest in the world.
- Zion features one of the last mostly free-flowing river systems on the Colorado Plateau.
- Zion features a large, diverse plant and animal community.
- Zion features evidence of human occupation both historic and prehistoric, including excellent examples of Civilian Conservation Corps work.

Size
229 square miles (147,551 acres).

Elevation
Lowest: 3,666 ft (1,128 m), Coalpits Wash in the southwest corner. Highest 8,726 ft (2,660 m), Horse Ranch Mountain.

Precipitation
Average: 15 inches.

Name
Zion, interpreted by Mormons as a place of safety or refuge, given to this canyon by Mormon pioneers in the 1860s. Kolob, in Mormon theology, is a heavenly place close to God.

Humans
Evidence of Ancestral Pueblos, known as the Anasazi, date from 2,000 years ago; Paiutes from about 800 years ago to present. Mormon settlers arrived in the 1860s. Park visitation in 1920 was 3,692; in 1996 it reached 2.5 million.

Plant Life
Richest diversity of plants in Utah—almost 800 native species. Differences in elevation, sunlight, water, and temperature create “microenvironments,” like hanging gardens, side canyons, and isolated mesas that lend to this diversity.

Animal Life
73 species of mammals, 271 birds, 32 reptiles and amphibians, 8 fish. Commonly seen animals include mule deer, lizards, and many species of birds. Rare or endangered species include the Peregrine Falcon, Mexican Spotted Owl, Southwest Willow Flycatcher, desert tortoise, and the Zion snail, found nowhere else on earth.

Zion Canyon Shuttle
Includes 30 propane buses. In 2004, there were 2.6 million riders. Each bus/trailer combination replaces 28 cars.
Traveling In The Area

Zion National Park is part of the Southwest’s “Grand Circle” of national parks, monuments, historic areas, and recreation areas— one of the world’s great concentrations of outstanding natural and cultural features. Even though these areas seem close, do not try to visit too many in a short period. Allow plenty of time for each and plan return trips if you miss some this time around.

Utah’s 13 National Park Service areas comprise a small part of the public land in the state. The Bureau of Land Management and U.S. Forest Service manage large areas including some strikingly beautiful and some very remote places. In addition, the State of Utah administers 42 state parks.

Travel Information
You can get more information on traveling in the area at the information desks in the park visitor centers. The nearby towns of Kanab, St. George, and Cedar City have offices for some or all of these other land management agencies. They also have travel councils and chambers of commerce.

Cedar Breaks National Monument
Seventy-five miles north of Zion lies Cedar Breaks. At a 10,350-foot (3,155m) elevation, the park features a spectacular wonderland—a brightly colored amphitheater filled with spires, fins, and hoodoos against a backdrop of subalpine greens and brilliant blue skies. In summer, the meadows are ablaze with colorful wildflowers. Cedar Breaks features a visitor center, daily ranger programs, trails, picnic area, campground, and scenic drive with views into the “breaks.” Temperatures can be cool. The road is closed because of heavy snow fall through spring. For more information call 435 586-9451. www.nps.gov/cebr.

Pipe Spring National Monument
Pipe Spring National Monument is rich with American Indian, early explorer, and western pioneer history. In the 1870s, Mormon pioneers built a fort on the site, “Winsor Castle,” laying claim to one of the few perennial springs on the Arizona Strip. The visitor center, tours of Winsor Castle, living history demonstrations, garden and orchard, and a half-mile trail offer a glimpse into Indian and pioneer life in the Old West. A bookstore operated by the Zion Natural History Association, and a campground operated by the Kaibab Paiute Tribe are nearby. For more information call 928 643-7105. www.nps.gov/pisp.

Bryce Canyon National Park
Erosion has shaped a colorful amphitheater of “hoodoos,” unique formations whimsically arranged and tinted with colors too numerous and subtle to name. We encourage you to use the Bryce Canyon Shuttle during your stay. It is easy and convenient and you’ll be doing your part to reduce traffic, conserve fuel, and reduce pollution. Ample parking is available at Ruby’s Inn. For detailed shuttle information, tune your radio to 1610 AM as you approach the park. Camping reservations may be made on-line at www.ReserveUSA.com. For more information call 435 834-5322. www.nps.gov/brc.

National Park Shuttle Systems
The National Park Service has shuttle systems in place in several area parks that make visiting convenient and comfortable. The shuttles reduce parking congestion, noise, and pollution. Comments from the visiting public have been overwhelmingly positive. Take advantage of these shuttles— let us do the driving so you can enjoy the parks. Shuttles operate during the busy season in:
• Zion National Park
• Bryce Canyon National Park
• Grand Canyon National Park, South Rim

Check park web sites and publications, visitor centers, and as you approach the parks, listen to the AM radio stations, identified with highway signs, for more information. www.nps.gov.
These workshops take place at and around Zion National Park and related subjects for over 70 years. The Field Institute sponsors 1, 2, and 3-day outdoor workshops with expert and engaging instructors and challenging itineraries that immerse participants 1, 2, and 3-day outdoor workshops on Zion National Park and related subjects for over 70 years. The Field Institute sponsors 1, 2, and 3-day outdoor workshops with expert and engaging instructors and challenging itineraries that immerse participants in the park and stimulate investigation of its many natural and cultural resources. These workshops take place at and around Zion National Park, Cedar Breaks National Monument, and Pipe Spring National Monument.

We are called a Field Institute because our primary classrooms and lecture halls are the vast canyons and formations of magnificent Zion National Park. All classes include hiking which ranges from moderate to strenuous. Most classes also include an indoor component such as a lecture, slide presentation, demonstration, or time to examine animal or plant specimens.

**Summer Workshops**
- East is Eden June 3
- Wasps & Ants June 11
- Zion Narrows Service Project June 11
- Summer in Zion Photography June 14
- Zion by Moonlight June 20
- Thursday Trek June 23
- Zion Narrows Service Project June 25
- Geology: Kolob Canyons July 7
- Zion Ecology & Plant Classification July 8
- Wildflowers: Kolob Canyons July 9
- Integrated Pest Management August 12
- Bat Biology & Conservation August 19
- Thursday Trek August 25

**Fall Workshops**
- Zion Geology September 9
- Zion Narrows Service Project September 10
- Natural History of Elk September 17
- Autumn Photography September 21
- Bird Survey Project September 21-22
- Zion Narrows Service Project September 24
- Zion History Picnic & Workshop Sept. 24
- Grand Staircase Geology October 8-9
- Wild Words: Writing in Zion October 8-9
- Archaeology Service Project October 17-19
- Fall Foliage Photo Workshop October 20-22

**Fall Workshops**
- Zion Geology November 4-5
- Zion History Tea & Social November 7
- Animal Tracks & Signs November 14
- Black & White Photography November 25
- Winter Photography December 10

**Service Projects**
Participants have the opportunity to get a “backstage” view of Zion, to learn intensively about a single subject, and to be part of a project that benefits Zion National Park.

**To Enroll**
Visit our website at www.zionpark.org or stop by the Zion Canyon Visitor Center.

---

**Zion Natural History Association**

The Zion Natural History Association is a non-profit organization established in 1931 to support education, research, publication, and other programs for the benefit of Zion National Park, Cedar Breaks National Monument, and Pipe Spring National Monument. Financial support by ZNHA members combines with sales from our bookstores to provide parks with approximately $300,000 in aid annually. Join us as a member of ZNHA today and receive a 20% discount on Field Institute workshops and on purchases at ZNHA bookstores. Order books by phone at 800 635-3959 or our website: www.zionpark.org. Find hundreds of books, posters, t-shirts, and other Zion items at our website.

**Zion Trip Planning Package**
Plan your vacation to Zion National Park with our hand-selected publications. Includes the books: Zion, Towers of Stone; Zion Shuttle Guide; Guide to Zion National Park; Introduction to the Geology of Zion National Park; and a Zion topographic map. ($29.30 value) Only $22.95. (All books are also available for individual purchase.)

**Zion National Park Orientation Video/DVD**
Enjoy the official National Park Service orientation video to Zion in your own living-room. Learn about plants, animals, geology, park history, and what to see and do in Zion. 23 minutes, color. VHS $9.95, DVD $14.95

**Maps of Zion**
From topo maps, to geologic maps, to maps on CD-ROM; call us for details on which map will fit your needs.
Large Vehicles

THE ZION-MT. CARMEL TUNNEL IS BETWEEN THE EAST ENTRANCE AND ZION CANYON. IT WAS built in the 1920s when cars were small and few in number. Some large modern vehicles will not fit without assistance.

Vehicle Size
Vehicles sized 7’10” in width or 11’4” in height, or larger, are required to have an “escort” (traffic control) through the Zion-Mt. Carmel Tunnel. Vehicles this size are too large to stay in their lane while traveling through the tunnel. Nearly all RVs, buses, trailers, 5th wheels, dual-wheel trucks, campers, and boats will require an escort.

Arranging An Escort
Visitors requiring an escort must pay a $15 fee per vehicle in addition to the entrance fee. Pay this fee at either park entrance before proceeding to the tunnel. The fee is good for two trips through the tunnel for the same vehicle during a 7-day period.

Prohibited Vehicles
• Vehicles over 13’1” tall. • Semi-trucks. • Commercial vehicles. • Vehicles carrying hazardous materials. • Vehicles weighing more than 50,000 lbs. • Single vehicles over 40’ long. • Combined vehicles over 50’ long. • Bicycles and pedestrians.

Shuttle Schedule

THE ZION CANYON SCENIC DRIVE IS BY SHUTTLE ONLY FROM MARCH 25 THROUGH OCTOBER 30. Private vehicles are not allowed. Plan your trip to include using the shuttle. There is room for backpacks and climbing equipment. Buses are fully accessible. Pets are not allowed.

Spring & Fall
March 25-May 21
Sept. 11-Oct. 30
Zion Canyon Loop
Visitor Center departures
first bus 6:45 a.m.
15 minute service 7-8:30 a.m.
10-15 minute service 8:30 a.m.-8 p.m.
15 minute service 8-9 p.m.
last bus 9:30 p.m.
last departure from Temple of Sinawava 10 p.m.

Zion Canyon Theater departures
first bus 7:15 a.m.
10-15 minute service 7:45 a.m.-10 p.m.
30 minute service 10-11 p.m.
last bus 11 p.m.
last departure from Majestic View 11:15 p.m.

Shuttle at Weeping Rock with the Great White Throne in the background.

Summer
May 22-Sept. 10
Zion Canyon Loop
Visitor Center departures
first bus 5:45 a.m.
10-15 minute service 6:30-9 a.m.
6-10 minute service 9 a.m.-8 p.m.
15 minute service 8-9 p.m.
30 minute service 9-10:30 p.m.
last bus 10:30 p.m.
last departure from Temple of Sinawava 11 p.m.

Zion Canyon Theater departures
first bus 6:30 a.m.
10-15 minute service 7:45 a.m.-10 p.m.
30 minute service 10-11 p.m.
last bus 11 p.m.
last departure from Majestic View 11:15 p.m.

Shuttles take you to all trailheads and points of interest in Zion Canyon.

Avoid parking hassles—ride the Springdale Shuttle and walk into the park

Printed with SOY INK

The tunnel was built for cars like this 1930s model.

If your vehicle is 11’4” (3.4m) tall or taller or 7’10” (2.4m) wide or wider, including mirrors, awnings, and jacks, you will need a tunnel escort.
