How To Use The Shuttle

The Zion Canyon Scenic Drive is accessible by shuttle bus only. Private vehicles are not allowed. It’s easy to visit this part of the park—just hop on a free bus and let us do the driving.

Two Routes
The Springdale route will take you from town to the park entrance and visitor center. The Zion Canyon route starts at the visitor center and goes up the six-mile-long Zion Canyon Scenic Drive. A round trip lasts 90 minutes. Buses run from before dawn to after dark as often as every six minutes. See page 12 for shuttle schedule.

Plan Your Time
Use the exhibits at the Zion Canyon Visitor Center to plan your visit based on your time (less than 3 hours or more than 3 hours) and your interests (sightseeing, hiking, and more). Check the schedule of Ranger-led activities and the park bookstore for maps and books to enhance your visit.

Climate Friendly
The Zion Canyon Shuttle System started in 2000 to reduce traffic congestion, parking conflicts, pollution, noise, and resource damage. It worked. Each full shuttle replaces 28 cars. In 2006, the shuttles reduced the number of visitor vehicle miles traveled per day by 50,385 and reduced CO2 emissions by 24,201 pounds (12 tons) per day.

Where To Park

Park In Springdale
Parking inside the park is limited, congested, and full between 10 a.m. and 3 p.m. To avoid wasting time searching for a parking space, simply park in Springdale and ride the free shuttle to the park. Shuttles run from before sunrise to late in the evening from nine shuttle stops throughout town. If you are staying overnight in Springdale, leave your car at your lodging and take the shuttle.

Save Time and Money
There is always a line at the vehicle entrance and waits can be long. Ride the shuttle to the pedestrian entrance where the line is short and you can enter the park faster. In addition, groups of one or two people can save on their entrance fee at the pedestrian entrance. One person gets in at the individual rate of $12 or two for $24. A group or family of three or more will never be charged more than the $25 per vehicle fee.

Parking Areas
Watch for the shuttle parking signs at these Springdale businesses:
• Majestic View Lodge
• Driftwood Lodge
• Zion Park Inn
• Bit & Spur Restaurant
• Pizza & Noodle Co.
• Lion Boulevard (street parking)
• dirt lot next to theater
• Zion Canyon Giant Screen Theater

Park Responsibly
Improper parking is not safe, can damage park resources, and is discourteous to others. Please park in designated parking places. Because illegal parking is on the rise, parking regulations will be strictly enforced with citations based on violations of signed no parking areas, traffic obstruction, or damage to resources or gov-

Steep Cliffs
Loose sand or pebbles on stone are very slippery. Be careful of cliff edges when using cameras or binoculars. Never throw or roll rocks; there may be hikers below.
• Stay on the trail.
• Stay back from cliff edges.
• Observe posted warnings.
• Parents-watch your children!

Flash Floods
All narrow canyons are potentially hazardous. Flash floods, often from storms miles away, present a real danger and can be life threatening. By entering a narrow canyon, you are assuming a risk.

Judgment
Whether hiking, climbing, or driving, your safety depends on your good judgment, adequate preparation, and constant attention. Don’t ruin your vacation by having an accident. Your safety is your responsibility.

Water
The desert is dry. Carry enough water for everyone in your group. Water is available at visitor centers, campgrounds, and Zion Lodge. Do not drink untreated water.

What
Kids learn about Zion National Park and their world through hands-on activities, games, hikes, and lessons. Topics vary and range from plants and animals to geology and archeology.

When
Twice daily at 9:00 a.m. and 1:30 p.m., May 26 to September 2, 2007.

Junior Ranger Discovery

What to Wear
Many activities are outdoors, so dress comfortably and wear closed-toe shoes; no sandals. Bring water. Hats and sunscreen are good on hot, sunny days. Bring rain gear if the weather looks stormy.

Registration
A parent or guardian must register children. Register at 8:30 for the 9 a.m. session, and at 1 p.m. for the 1:30 p.m. session.

Parents
Food is not available, so ensure children have eaten before coming. Bring water. Children must be with their parents or guardian between sessions if attending both morning and afternoon programs. Please be prompt dropping off and picking up.

Self-guided Programs

Ages 6 to 12
Children 6 to 12 years old can earn a badge by completing an activity booklet during their visit. Booklets are available at the visitor centers and museum year-round.

Ages Under 6
Children under 6 years old can earn a decal by completing an activity sheet available at the Zion Canyon Visitor Center and Human History Museum year-round.

Maintaining Sanctuary

Please stay on marked trails. Hiking off trails can lead to loss of vegetation, soil compaction, erosion, and unsightly scars on the landscape.

“You better behave, because I won’t.” Keep wildlife wild. Human foods are not healthy for wildlife. Feeding, harming, or capturing wild animals is illegal and can cause injury or death to the animal. Wild animals can hurt you, too.

Please respect the peace and quiet of the park and protect the subtle sounds of nature by traveling quietly.

Vegetation lives longer when cars remain on the pavement. Please park in designated spaces only. Fines can be as high as $250.

Zion National Park is much more than just a recreational destination. It is a sanctuary of natural and cultural resources—a living museum for all the world. Conserving this heritage is a task the National Park Service cannot accomplish alone. All of us serve a critical role in maintaining Zion’s sanctuary for the future.

Trail Guide

Use the Shuttle to Access Trailheads
Access to trailheads along the Zion Canyon Scenic Drive is by shuttle only. Private vehicles are not allowed. Shuttles depart early morning from Springdale and the Zion Canyon Visitor Center and run late into the evening. Check page 12 for schedule. Plan your hike so you do not miss the shuttle.

For Your Safety
Stay on established trails and watch your footing, especially at overlooks and near drop-offs. Always stay back from edges. Watch children closely. People uncertain about heights should turn around if they become uncomfortable. Never throw or roll rocks; there may be hikers below.

Mountain Lions

Mountain lions are wild animals and can be dangerous. They have been observed frequently in the park. An attack by one is unlikely—there is a far greater risk of being struck by lightning. Zion National Park has never had a reported attack on people or pets. However, mountain lions have attacked in other areas.

Four mountain lions will be radio-collared in the Zion area as part of a multi-year study to learn more about the habits of these elusive creatures.

**Recommendations For Your Safety**
- Watch children closely, and never let them run ahead or lag behind.
- Solo hiking or jogging is not recommended.
- Never approach a mountain lion. Most will try to avoid a confrontation. Always give them a way to escape.
- Do not run! Try to look large. Put your arms up.
- If a mountain lion approaches, wave your arms, shout, and throw rocks or sticks at it.
- If attacked, fight back.
- Report any mountain lion sightings or encounters to a Park Ranger as soon as possible.

This young male mountain lion was photographed with an infrared-triggered remote camera.

Emerald Pools Trails

**Upper Emerald Pool Trail**
Moderate, .3 mile from Middle Pool Trail one-way, 200-foot ascent. A sandy, rocky trail climbs to the base of the cliff.

**Kayenta Trail**
Moderate, 1 mile one-way, 150-foot ascent. Unpaved climb to a sandstone ledge, connects The Grotto to the Middle Emerald Pools.

**Grotto Trail**
Easy, .5 mile one-way, level. Trail connects Zion Lodge to The Grotto Picnic Area. Can be linked with Middle Emerald Pools and Kayenta Trails allowing a 3-mile loop hike.

---

**Lower Emerald Pool Trail**
Easy, 1.2 mile out and back, 69-foot ascent. Paved trail to the pool, then continues behind the waterfalls that cascade from the middle pools into the lower pool.

**Middle Emerald Pools Trail**
Moderate, 1 mile one-way, 130-foot ascent. Unpaved climb to a sandstone ledge that parallels the lower trail but at a higher level. Do not go near the edge. Deaths have occurred from falling from the middle pools.

Loose sand and pebbles on stone are very slippery.

---

**Zion Narrows Checklist**
- Obtain weather and flash flood potential forecasts before starting your trip.
- Wear sturdy boots or shoes with ankle support.
- Take a walking stick. Do not cut tree branches for sticks.
- Small children should not hike in the river due to strong currents and deep pools.
- Carry out all trash: food wrappers, apple cores, fruit peels, tissue paper—everything you carried in.
- Carry one gallon of drinking water per person for a full-day hike, food, sunglasses, sunscreen, and first aid kit.
- Take a sweater or windbreaker. The Narrows is much cooler than Zion Canyon.
- Pack gear in waterproof bags.
- Use the restroom at the Riverside Walk Trailhead before hiking. There are no toilets in The Narrows.

---

**Short Day-hike**
Continue upstream beyond the end of the Riverside Walk. 1 to 5 hours, round trip. No permit required.

Be prepared for a wide range of weather conditions. Temperatures vary with changes in elevation and day/night temperatures may differ by over 30°F.

**Summer**
Days are hot (95-110°F), but overnight lows are usually comfortable (65-70°F). Afternoon thunderstorms are common from mid-July through mid-September. Storms may produce waterfalls and flash floods.

**Fall**
Days are usually clear and mild; nights are often cool. Autumn color displays begin in September in the high country. Colors in Zion Canyon usually peak in late October.

**Winter**
Winters in Zion Canyon are fairly mild. Winter storms bring rain or light snow to Zion Canyon, but heavier snow to the higher elevations. Clear days can reach 60°F; nights are often in the 20s and 30s. Winter storms can last several days and cause roads to be icy. Zion roads are plowed, except the Kolob Terrace road, which is closed in winter. Be prepared for winter driving conditions from November through March.

**Spring**
Stormy, wet days are common, but warm, sunny weather may occur too. Precipitation peaks in March. Spring wildflowers bloom from April through June, peaking in May.
Traveling In The Area

Zion National Park is part of the Southwest’s “Grand Circle” of national parks, monuments, historic areas, and recreation areas— one of the world’s great concentrations of outstanding natural and cultural features. Even though these areas seem close, do not try to visit too many in a short period. Allow plenty of time for each and plan return trips if you miss some this time around.

Utah’s 13 National Park Service areas comprise a small part of the public land in the state. The Bureau of Land Management and U.S. Forest Service manage large areas including some strikingly beautiful and remote places. In addition, the State of Utah administers 42 state parks.

Travel Information

You can get more information on traveling in the area at the information desks in the park visitor centers. The nearby towns of Kanab, St. George, and Cedar City have offices for some or all of these other land management agencies. They also have travel councils and chambers of commerce.

Cedar Breaks National Monument

Seventy-five miles north of Zion lies Cedar Breaks. At a 10,350-foot (3,155m) elevation, the park features a spectacular wonderland—a brightly colored amphitheater filled with spires, fins, and hoodoos against a backdrop of subalpine greens and brilliant blue skies. In summer, the meadows are ablaze with colorful wildflowers. Cedar Breaks features a visitor center, daily ranger programs, trails, picnic area, campground, and scenic drive with views into the “breaks.” Temperatures can be cool. The road is closed because of heavy snow fall through spring. For more information call 435 586-9451. www.nps.gov/cebr.

Pipe Spring National Monument

Pipe Spring National Monument is rich with American Indian, early explorer, and western pioneer history. In the 1870s, Mormon pioneers built a fort on the site, “Winsor Castle,” laying claim to one of the few perennial springs on the Arizona Strip. The visitor center, tours of Winsor Castle, living history demonstrations, garden and orchard, and a half-mile trail offer a glimpse into Indian and pioneer life in the Old West. A bookstore operated by the Zion Natural History Association, and a campground operated by the Kaibab Paiute Tribe are nearby. For more information call 928 643-7103. www.nps.gov/pisp.

Bryce Canyon National Park

Erosion has shaped a colorful amphitheater of “hoodoos,” unique formations whimsically arranged and tinted with colors too numerous and subtle to name. We encourage you to use the Bryce Canyon Shuttle during your stay. It is easy and convenient and you’ll be doing your part to reduce traffic, conserve fuel, and reduce pollution. Ample parking is available at Ruby’s Inn. For detailed shuttle information, tune your radio to 1610 AM as you approach the park. Camping reservations may be made on-line at www.recreation.gov. For more information call 435 834-5322. www.nps.gov/bhra.

National Park Shuttle Systems

The National Park Service has shuttle systems in place in several area parks that make visiting convenient and comfortable. The shuttles reduce parking congestion, noise, and pollution. Comments from the visiting public have been overwhelmingly positive. Take advantage of these shuttles—let us do the driving so you can enjoy the parks. Shuttles operate during the busy season in:

- Zion National Park
- Bryce Canyon National Park
- Grand Canyon National Park, South Rim

Check park web sites and publications, visitor centers, and as you approach the parks, listen to the AM radio stations, identified with highway signs, for more information. www.nps.gov.

Zion Canyon Field Institute
OUTDOOR LEARNING ADVENTURES

EDUCATIONAL ADVENTURES IN ZION
Imagine hiking with a wildlife biologist to watch bighorn sheep. Capture the photogra-"ph of a lifetime when a rainbow appears against the West Temple. Find the tracks of ringtails in the sands of a dry wash. Marvel at a scorpion visible in the dark under the beam of an ultraviolet light. View a bat up close during a mist-net study. Discover and map an unrecorded archaeological site.

These are experiences that Zion Canyon Field Institute (ZCFI) participants enjoy during their workshops. The Field Institute educates and inspires visitors about the greater Zion National Park ecosystem and environment. ZCFI is the educational division of the non-profit Zion Natural History Association, publisher and seller of books on Zion National Park and related subjects for over 70 years. The Field Institute sponsors 1, 2, and 3-day outdoor workshops with expert and engaging instructors and challenging itineraries that immerse participants in the park and stimulate investigation of its many natural and cultural resources. These workshops take place at and around Zion National Park, Cedar Breaks National Monument and Pipe Spring National Monument.

All classes include hiking which ranges from moderate to strenuous. Most classes also include an indoor component such as a lecture, slide presentation, demonstration, or time to examine animal or plant specimens.

Large Vehicles

Vehicle Size
Vehicles sized 7'10" in width or 11'4" in height, or larger, are required to have an "escort" (traffic control) through the Zion-Mt. Carmel Tunnel. Vehicles this size are too large to stay in their lane while traveling through the tunnel. Nearly all RV's, buses, trailers, 5th wheels, dual-wheel trucks, campers, and boats will require an escort.

Arranging An Escort
Visitors requiring an escort must pay a $15 fee per vehicle in addition to the entrance fee. Pay this fee at a park entrance before proceeding to the tunnel. The fee is good for two trips through the tunnel for the same vehicle during a 7-day period.

Prohibited Vehicles
- Vehicles over 13'1" tall
- Semi-trucks
- Commercial vehicles
- Vehicles carrying hazardous materials
- Vehicles weighing more than 50,000 lbs
- Single vehicles over 40’ long
- Combined vehicles over 50’ long
- Bicycles and pedestrians

You will not be following an escort vehicle through the tunnel. Rangers will stop oncoming traffic and when the tunnel is clear, you will drive down the middle of the road. We apologize for the delays that many visitors will encounter as a result of this safety precaution. Rangers are stationed at the tunnel:
- March-mid April, inquire at entrance station
- Mid April-mid September, 8 a.m. to 8 p.m. daily
- Mid September-winter, inquire at entrance station

THE ZION-MT. CARMEL TUNNEL IS BETWEEN THE EAST ENTRANCE AND ZION CANYON. IT WAS built in the 1920s when cars were small and few in number. Some large modern vehicles will not fit without assistance.

If your vehicle is 11'4" (3.4m) tall or taller or 7'10" (2.4m) wide or wider, including mirrors, awnings, and jacks, you will need a tunnel escort.

Avoid parking hassles—ride the Springdale Shuttle and walk into the park.

Shuttles take you to all trailheads and points of interest in Zion Canyon.
