Planning Your Winter Visit

BE PREPARED FOR A WIDE RANGE OF WEATHER CONDITIONS. SNOW
conditions and temperatures vary at different elevations.

Fall days are usually clear and mild; nights are often cold. Fall color
displays begin in September in the high country and peak in Zion
Canyon by late October.

Winters in Zion Canyon are fairly mild. Storms bring rain or light
snow to the canyon, but heavier snow to the higher elevations.

Clear days may become quite warm, reaching 60°F; nights are often
in the 20s and 30s. Winter storms can last several days and cause
roads to be icy. Be prepared for winter driving conditions from
November through March.

Spring is unpredictable. Stormy, wet days are common, but warm,
sunny weather may also occur. Precipitation peaks in March. The
spring wildflower bloom usually starts in April.

Making The Most of Your Time

Drives
The shuttle system does not operate in winter. The Zion Canyon Scenic Drive is
open to private vehicles October 31 through March 31. The 2006 shuttle season is April 1
through October 29.

Zion Canyon Scenic Drive
6 miles. Short drive along the canyon floor. Be prepared for hazardous driving condi-
tions during and after storms. Icy spots remain through the winter.

Zion-Mt. Carmel Highway
16 miles. Steep drive up switchbacks and
through tunnels to Checkerboard Mesa. See large tunnel limitations on page 8. Be
prepared for hazardous driving conditions during and after storms. Icy spots remain
all winter.

Kolob Terrace Road
14 miles. Steep uphill drive with switchbacks
to the high country. Not recommended for
long vehicles. The road is plowed for the
first 14 miles north of Virgin, Utah. The rest
of the road, including Lava Point, is closed
during snow.

Kolob Canyons
5 miles. Uphill scenic drive skirting the
Kolob finger canyons. The road is plowed,
but may be temporarily closed during
storms or plowing.

Visitor Centers
Zion Canyon Visitor Center
At the south entrance; across the river from
Springdale. Exhibits and a three-dimen-
sional model of Zion Canyon help you
plan your visit and make the most of your
time. An animated computer simulation
demonstrates the geologic processes that
created Zion Canyon. Rangers are available
to answer questions and issue backcountry

Zion Human History Museum
One-half mile north of the south entrance. Exhibits show how humans have influ-
enced, and been influenced by Zion. Ori-
entation film, information desk, and books.
Closed November 28 through March 3.
This is Canyon Country

Steep Cliffs
 Trails can be covered with snow and ice in winter. Loose sand or pebbles on stone are very slippery. Be careful of cliff edges when using cameras or binoculars. Never throw or roll rocks; there may be hikers below.
- Stay on the trail.
- Stay back from cliff edges.
- Observe posted warnings.
- Parents—watch your children!

Flash Floods
 All narrow canyons are potentially hazardous. Flash floods, often from storms miles away, present a real danger and can be life threatening. Flash floods can occur at any time of day or year. By entering a narrow canyon, you are assuming a risk.

Judgement
 Whether hiking, climbing, or driving, your safety depends on your own good judgement, adequate preparation, and constant attention. Don’t ruin your vacation by having an accident. Your safety is your responsibility.

Water
 The desert is dry, even in winter. Carry enough water for everyone in your group. Water is available at visitor centers, campgrounds, and Zion Lodge. Do not drink untreated water.

Information and Services

Emergencies
 For 24-hour emergency response, call 772-3322 or 911. Zion Canyon Medical Clinic is in Springdale, reduced winter hours, 772-3226. The nearest hospitals are in St. George, Cedar City, and Kanab.

Accessibility
 Restrooms, visitor centers, the museum, and Zion Lodge are fully accessible. Several campsites are reserved for people with disabilities, and two trails are accessible.

Pets
 Pets must be under physical control on a leash no longer than six feet at all times. They are not allowed in the backcountry, on trails, or in public buildings. Pets may be walked on the Pa’rus Trail. Boarding kennels are available in Rockville, Hurricane, Kanab, St. George, and Cedar City.

Do Not Feed The Animals
 Wildlife are wild. Keep them that way by not feeding, touching, or getting close. Feeding wildlife is illegal. Deer will kick and have been shot as a result of becoming aggressive. Squirrels will bite and can carry bubonic plague. Turkeys will run at people when begging and hop on cars, scratching the paint.

Driving
 - Watch carefully for animals, especially at dawn and dusk.
 - Never stop in the road. Use established pullouts.
 - Bicyclists and pedestrians have the right-of-way.
 - Drive only on established roads, and park only in designated areas. Watch for falling rocks.

Entrance Fees
 All passes available at entrance stations. Private Vehicle $20 per vehicle, good for 7 days in Zion National Park. $10 per vehicle for Kolob Canyons section only.
Individual $10 per person (pedestrian, bicycle, motorcycle, and organized group), good for 7 days in Zion National Park.
Zion Annual Pass $40, good for one year from date of purchase at Zion National Park only.
Commercial Tours Ask for rates.
Golden Age Passport $10 lifetime pass for U.S. residents 62 or older.
National Parks Pass $50, good for one year from date of purchase in all areas of the National Park System.
Golden Eagle Passport $65, good for one year from date of purchase in all federal fee areas.

Do Not Feed The Animals
 Wildlife are wild. Keep them that way by not feeding, touching, or getting close. Feeding wildlife is illegal. Deer will kick and have been shot as a result of becoming aggressive. Squirrels will bite and can carry bubonic plague. Turkeys will run at people when begging and hop on cars, scratching the paint.

Camping
 Watchman and South Campgrounds
 Near the south entrance to the park.
Watchman Campground is open all year, sites are first-come, first-serve October 30—April 6. The fee is $16 a night, $18 per night with electric hookups, $20 per night for river sites (half price for holders of Golden Age/Access Passports). Reservations may be made five months in advance for April 7—October 28; 800 365-2267 or http://reservations.nps.gov.
Group Campsites Available April through October by reservation to organized groups of 9-40 people for $3.00 per person per night; 800 365-2267 or http://reservations.nps.gov.
Facilities Restrooms, drinking water, picnic tables, fire grates, and dump stations.

Other Campgrounds
 Private campgrounds with showers and hookups are available outside the park.

Fires
 Fires are permitted only in the fire pits provided at campgrounds and some picnic areas. Bring or purchase your firewood; collecting wood is not permitted. Fires are not permitted in the backcountry at any time; use a stove to cook.

Winter Sports
 Cross-country skiing and snowshoeing are possible in the higher elevations of Zion National Park and in nearby Cedar Breaks National Monument. For information on routes, snow conditions, weather, and safety, check at the visitor centers. Recreational snowmobiling is not permitted in the park.

Backpacking
 Permits are required for all backcountry camping and are based on group size, 1-2 people: $10, 3-6 people: $15, 7-12 people: $20. Maximum group size is 12 people. Permits and hiking information are available at both visitor centers. See the Zion Backcountry Planner for more information.

Bicycling
 Bicycles are permitted only on established roads and the Pa’rus Trail. Cyclists must obey traffic laws. Bicycles are not allowed on hiking trails or off-trail. Riding through the Zion-Mt. Carmel tunnel is prohibited. Bicycles must be transported through the tunnel by motor vehicle.

Climbing
 Climbing on Zion’s sandstone requires appropriate hardware and technical skills. Climbing information is available at visitor centers. Climbing and rappelling is prohibited on the cliffs above Middle and Lower Emerald Pools and Weeping Rock. Some routes may be closed to climbing when Peregrine Falcons are nesting. A permit is required for overnight climbs.

Horseback Riding
 Guided trips are available March through October, 435 679-8665. For private stock use, contact a visitor center.

Watercraft
 Watercraft designed and manufactured for whitewater use are allowed by permit when the water level exceeds 140 cubic feet per second. Inner tubes are not allowed.

Food Service
 Zion Lodge Dining room serves breakfast, lunch, and dinner. Dinner reservations are advised: 435 772-7760. Other Food Service Restaurants are available in Springdale, Mt. Carmel Junction, and Kanab.

Groceries
 Grocery stores available in Springdale and Kanab.

Lodging

Other Lodging
 Available in Springdale, Rockville, Mt. Carmel Junction, Kanab, Cedar City, and other nearby towns.
Winter Hiking

WINTER HIKING, EVEN SHORT WALKS, REQUIRES advance planning. Trails in the higher elevations will be snow covered, and canyon trails can be icy in the winter and muddy in the spring. Hikers should be flexible and turn back if trail conditions are unsafe. Check the National Weather Service forecast posted daily in visitor centers and Zion Human History Museum. Park Rangers can provide trail information. See the Zion Backcountry Planner.

Permits
Permits are required for overnight back-packing trips, climbing bivouacs, all through-hikes of the Narrows and tributaries, the Subway, Mystery Canyon, and all canyons requiring the use of rappelling or climbing equipment. Permits are issued at both visitor centers beginning at 8 a.m. the day before your hike. Check www.nps.gov/zion for Mystery Canyon and Subway lottery applications and back-country reservations. Reservations are not required but are recommended. Reservations: $5. Permits: 1-2 people: $10, 3-6 people: $15, 7-12 people: $20.

Group Size
The maximum group size is 12 people of the same affiliation on the same trail or in the same drainage on the same day. Small groups are encouraged.

Zion Narrows
Narrows day-use permits are not issued in the winter because of cold water, low air temperatures, and short days. You may take a short day-hike from the end of the Riverside Walk. Dry suits are essential gear for winter hikes in the Narrows. Talk to a Park Ranger for details.

Backpacking
Backcountry trails will be snow covered, requiring skis or snowshoes. Trails in the southwest desert offer good winter hiking during dry weather. Ask a Park Ranger for details. Permits are required for overnight trips.

Be Prepared
Your safety depends on your own good judgement, adequate preparation, and constant attention. Your safety is your responsibility. Guidebooks can be helpful, but are not a substitute for sound judgement.

Books and Maps
Topographic maps and guidebooks are available from the Zion Natural History Association bookstores in both visitor centers. They may be purchased in advance through the mail. A catalog is available at www.zionpark.org. See page 7 for ordering information.

Emerald Pools Trails

THIS SERIES OF POOLS AND WATERFALLS may be accessed by three different routes. These trails, as well as a short trail to the upper pool, connect and can be combined as a loop. There is always a small waterfall at the lower pool. If it rains, or if snow is melting, there may be larger waterfalls at both the upper and lower pools.

The trails may be closed at times during the winter because of ice on the trails or ice falling from above.

Lower Emerald Pool Trail
Easy, .6-mile one-way, 69-foot ascent. Paved trail to the pool, then continues behind the waterfalls that cascade from the middle pools into the lower pool.

Middle Emerald Pools Trail
Moderate, 1-mile one-way, 150-foot ascent. Unpaved climb to a sandstone ledge that parallels the lower trail but at a higher level. Connects to lower pool trail to form a 1.6-mile loop. Do not go near the edge. Deaths have occurred from falling from the middle pools. Ice, snow, loose sand, or pebbles on stone are very slippery.

Upper Emerald Pool Trail
Moderate, .3-mile from Middle Pool Trail one-way, 200-foot ascent. A sandy, rocky trail climbs to the base of the cliff.

Kayenta Trail
Moderate, 1-mile one-way, 150-foot ascent. Unpaved climb to a sandstone ledge, connects The Grotto Picnic Area to the Emerald Pools.

Grotto Trail
Easy, .5-mile one-way, level. Trail connects Zion Lodge to The Grotto Picnic Area. Can be linked with Emerald Pools and Kayenta Trails allowing a 3-mile loop hike.

2006 Shuttle Season

IN WINTER THE ZION CANYON SCENIC DRIVE IS OPEN TO PRIVATE vehicles. From April 1 through October 29, it is accessible by free shuttle bus only. Private vehicles are not allowed. One loop includes nine stops in Zion Canyon, and a second includes nine stops in the town of Springdale. Shuttles depart each location often throughout the day. You may get on and off the shuttle as many times as you wish. Riding the shuttle on both loops is free. Visitors with reservations at Zion Lodge will receive a red permit in the mail or may pick one up in person at the Zion Canyon Visitor Center, allowing them to drive to the lodge in their private vehicle.

Easy as 1-2-3
It’s easy to use the shuttle; follow these three steps:

1. **Park**
   Parking at the visitor center is full between 10 a.m. and 3 p.m. daily. To avoid parking hassles, leave your car in the town of Springdale and ride the town shuttle to the park. Enter the park on foot at the Zion Canyon Giant Screen Theater. If staying at the campground, leave your vehicle at your campsite and walk to the visitor center. Tune your radio to 1610 AM for more information.

2. **Plan**
   Use the exhibits at the Zion Canyon Visitor Center to plan your visit based on your time (less than 3 hours or more than 3 hours) and your interests (sightseeing, hiking, and more). Check the schedule of Ranger-led activities and the park bookstore for maps and books to enhance your visit.

3. **Ride**
   Free buses run from dawn to late evening as often as every six minutes. Buses are fully accessible. Pets are not allowed.

Shuttle bus in Zion Canyon.

**Park Profile**

**Established**
Mukuntuweap National Monument, 1909; expanded in 1919 as Zion National Park. Kolob Canyons section was added in 1937. Current size: 229 square miles (147,000 acres).

**Significance**
Established to preserve and protect aesthetic and scientific values:
• Zion features stunning scenery found nowhere else on earth.
• Zion is a geologic showpiece with sandstone cliffs among the highest in the world.
• Zion features one of the last mostly free-flowing river systems on the Colorado Plateau.
• Zion features a large, diverse plant and animal community.
• Zion features evidence of human occupation both historic and prehistoric, including excellent examples of Civilian Conservation Corps work.

**Elevation**
Lowest: 3,666 ft (1,128 m), Coalpits Wash in the southwest corner. Highest 8,726 ft (2,660 m), Horse Ranch Mountain in the Kolob Canyons section.

**Precipitation**
Zion Canyon average: 15 inches.

**Name**
Zion, a Hebrew word referring to a place of safety or refuge, given to this canyon by Mormon pioneers in the 1860s. Kolob, in Mormon theology, is a heavenly place close to God.

**Geology**
Sedimentary rock, mostly sandstone. Some limestone, shale, mudstone, and conglomerate. Mostly Triassic through Jurassic (250 million to 150 million years ago). Some recent volcanic activity in the form of cinder cones and lava flows.

**Plant Life**
Richest diversity of plants in Utah—almost 800 native species. Differences in elevation, sunlight, water, and temperature create “microenvironments,” like hanging gardens and forested side canyons.

**Animal Life**
75 species of mammals, 290 birds, 32 reptiles and amphibians, 8 fish. Commonly seen animals include mule deer, rock squirrels, lizards, and many species of birds. Rare or endangered species include the Peregrine Falcon, Mexican Spotted Owl, Southwest Willow Flycatcher, desert tortoise, and the Zion snail, found nowhere else on earth.

**Human History**
Evidence of Ancestral Puebloans date from about 2,000 years ago; Southern Paiutes from 800 years ago. Mormon settlers arrived in the 1860s. Visitation in 1920 was 3,692; in 1997, 2.5 million.

**Entrance Fees at Work**
About 80% of your entrance fees now stay right here in the park. The Fee Demonstration Program and other recent legislation has enabled Zion to continue to enhance your visit and protect park resources. Entrance fees are being used to operate the shuttle system. This winter the historic Nature Center will be rehabilitated. In addition, user fees made the following projects possible:
• Rehabilitate Weeping Rock and Emerald Pools Trails
• Re-roof Zion Museum
• Replace Oak Creek sewer
• Replace main waterline
• Rehabilitate Watchman Campground
• Build Emergency Operations Center
• New pavement on main park road

Thank you!

This winter the Nature Center will be rehabilitated, made accessible, and converted into a year-round facility.

Geology in action; rockfall on the Zion Canyon Scenic Drive, February, 2004.

These experiences that Zion Canyon Field Institute (ZCFI) participants enjoy during their workshops. The Field Institute strives to educate and inspire visitors to the greater Zion National Park ecosystem and environment. ZCFI is the educational division of the non-profit Zion Natural History Association, publisher and seller of books on Zion National Park and related subjects for over 70 years. The Field Institute sponsors 1, 2, and 3-day outdoor workshops with expert and engaging instructors and challenging itineraries that immerse participants in the park and stimulate investigation of its many natural and cultural resources. These workshops take place at and around Zion National Park, Cedar Breaks National Monument and Pipe Spring National Monument.

We are called a Field Institute because our primary classrooms and lecture halls are the vast canyons and formations of magnificent Zion National Park.

All classes include hiking which ranges from moderate to strenuous. Most classes also include an indoor component such as a lecture, slide presentation, demonstration, or time to examine animal or plant specimens.

**Educational Adventures in Zion**

*Imagine hiking with a wildlife biologist to watch bighorn sheep on the East side of Zion National Park. Capture the photograph of a lifetime when a rainbow appears against the West Temple. Find the tracks of ringtails and wild turkeys in the fine sands of a dry wash. Marvel at a scorpion visible in the dark under the beam of an ultraviolet light. View a bat up close during a mist-net study. Discover and map an unrecorded archaeological site.*

**Help Support Zion National Park**

Become a member of ZNHA and enjoy benefits for yourself today while you also help Zion tomorrow. ZNHA supports the Junior Ranger program, publishes books on Zion and contributes to park interpretive programs as well as providing free visitor information about the park.

- **Individual** $35 per year
- **Family** $50 per year

As a member you receive your 20% discount on books and workshops, receive a ZNHA newsletter, a beautiful Zion membership pin, and a holiday gift. Most importantly, your membership helps ensure future educational and research activities in Zion.

Tunnel Information & Large Vehicle Restrictions

Tunnel Limitations
The Zion - Mt. Carmel Tunnel is between the East Entrance and Zion Canyon. It was built in the 1920s when cars were small and few in number.

Vehicle Size
Vehicles sized 7’10” in width or 11’4” in height, and/or larger, are required to have an “escort” (traffic control) through the Zion-Mt. Carmel Tunnel. Vehicles this size are too large to stay in their lane while traveling through the tunnel. Nearly all RVs, buses, trailers, dual-wheel pickups, 5th wheels, campers, and boats will require an escort.

Arranging An Escort
Visitors requiring an escort must pay a $15 fee in addition to the entrance fee. Pay this fee at either park entrance before proceeding to the tunnel. The fee is good for two trips through the tunnel for the same vehicle during a 7-day period.

During the winter season, escorts must be arranged at the entrance stations, Zion Canyon Visitor Center, Zion Human History Museum, Zion Lodge, or by phoning 435 772-3256. From October 30 through March 18, escorts may be scheduled between 8 a.m. and 4:30 p.m. daily.

You will not be following an escort vehicle through the tunnel. Rangers will stop oncoming traffic and when the tunnel is clear you will drive down the middle of the road. We apologize for the delays that many visitors will encounter because of this safety precaution.

Prohibited Vehicles
• Vehicles over 13’1” tall. • Semi-trucks. • Commercial vehicles. • Vehicles carrying hazardous materials. • Vehicles weighing more than 50,000 lbs. • Single vehicles over 40’ long. • Combined vehicles over 50’ long. • Bicycles and pedestrians.

Large Vehicle Parking

Weeping Rock
The Weeping Rock parking area has a small turnaround space. The Temple of Sinawava can have heavy traffic congestion on busy weekends and holidays throughout the winter. Buses with a capacity of 16 or more passengers may park at Checkerboard Mesa but may not park between Checkerboard Mesa and the Zion-Mt. Carmel Tunnel.

Temple of Sinawava
Vehicles longer than 19 feet may park in the designated parallel spaces and in front of the shade structure.

Large Vehicle Parking

The Zion Map & Guide

If your vehicle is 11’4” (3.4m) tall or taller or 7’10” (2.4m) wide or wider, including mirrors, awnings, and jacks, you will need a tunnel escort.
