The Island Line Experience

The Island Line railroad, the final link between NYC and Montreal was completed in 1901, carrying freight and passengers across the lake and through the Champlain Islands. In the last 25 years the community rallied to restore this treasure, and today a 14-mile world class recreation trail awaits you.

The Island Line Trail starts south of downtown Burlington in Oakledge Park. It parallels the lake shore before reaching Burlington's downtown waterfront.

To the north, the trail runs past beaches and through nature reserves, over the graceful arc of the Winooski River bridge, to the shores of Mallett's Bay and the spectacular 3 1/2 mile long Colchester Causeway.

This historic marble causeway connects the Lake Champlain Islands with Greater Burlington, offering unparalleled views of the Green Mountains and the Adirondacks. Hikers and bikers can literally reach the middle of Lake Champlain without the need for a boat.

Local Motion's bike ferry transports riders across the 200-foot cut in the causeway, once the site of a swing bridge.

With daily ferry service throughout the summer adventure awaits you and your family!

THE ISLAND LINE TRAIL

VERMONT

Trail Etiquette

- Ride, walk or skate on the right side of the path (unless otherwise posted)
- Obey all traffic laws and signs
- Ring a bell or say "passing on your left" when passing
- When bicycling, signal your turns by using your arms
- When running, walking or bicycling side-by-side, be alert for other path users and get in single file when others approach
- Cyclists yield to pedestrians
- Ride single file on road
- Be prepared for unpredictable or severe weather on the causeway
- Wear a helmet when biking, skating or skateboarding – it's not the law in Vermont but it makes good sense!
- Please remember, trails and roads must be shared by many different users. There is no substitute for common courtesy.
