YBOR CITY HISTORIC DISTRICT

YBOR CITY HISTORIC DISTRICT

Ybor City is significant in immigration and industrial history in Florida, particularly for Spanish and Cuban-Americans. It boasts the largest collection of buildings related to the cigar industry in America, most of which were erected in the 1910s-20s. It was a rare multi-ethnic /racial industrial community in the Deep South and is highly illustrative of manifold aspects of the history of ethnic and race relations.
