Dear Friend of the National Park Service,

Franklin Delano Roosevelt once said, "There is nothing so American as our national parks." He was right. From Acadia to Zion, there is something about our parks that fills us with a sense of national pride. It is that feeling that National Park Trading Cards were designed to capture.

INTRODUCING NATIONAL PARK TRADING CARDS

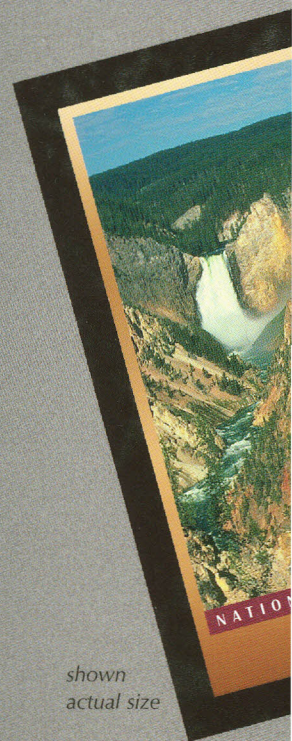

Our first series of trading cards features 100 of America's most beloved natural and historical treasures. You'll find well-known natural parks and numerous historic sites, battlefields, monuments, memorials and water-based parks as well. Your customers will want to collect all 100 cards in the series.

Along with the two beautiful photographs, care has been taken to provide an accurate, informative overview and special information about each site. The park's address and phone number is given for those desiring more in-depth information.

ACCURATE & RELIABLE INFORMATION

The National Park Service has carefully reviewed each card to ensure that the information provided is both accurate and reliable.
