

The Coalition Report

June 23, 2021

Dear Coalition members,

Thank you for your support as we have navigated the next steps for the Coalition Weekly Report. We appreciate your input and advice on the future of the Report and we ask for your continued patience as we move forward.

Today, we are happy to announce that the renamed *Coalition Report* will resume a regular, bi-weekly publication in mid-July. And we have hired a new Editor to oversee the Report. Katie Wallace has been working for national park partner organizations for 13 years. After two years in Ecuador as a Peace Corps Volunteer, she became a science educator at the Yosemite Institute/NatureBridge. Katie later went on to manage the WildLink program on behalf of the Wilderness Branch in Yosemite, focusing on connecting underserved populations with Wilderness. She is currently the operations manager at The Fund for People in Parks, where she is lucky to work with 20+ national park units and their park partner organizations.

We are thrilled to have Katie join the Coalition team. Please feel free to reach out to her with any updates or information for *The Coalition Report*. She can be reached at Report@protectnps.org.

* * * * *

The *Coalition Report* is a publication of The Coalition To Protect America’s National Parks. The Coalition is a non-profit organization of past and current NPS employees and their allies that “studies, educates, speaks, and acts for the preservation and protection of the National Park System and mission-related programs of the National Park Service.”
