EQUESTRIAN CAMPERS

Please help us maintain the scenic quality and natural resources of the campground by adhering to the following:

Do not tie stock directly to a tree or hitch line. A 12 X 12 foot corral is provided at each site (2 horses maximum). The community corral holds 1 to 3 horses.

Do not take stock through the main camping loop.

Use weed-free hay or pellets and if possible suspend hay in a hay net.

Please remove manure and excess hay from sites. A storage bin is provided for proper disposal. Carry a tool to scatter remaining hay or waste and to smooth out the area of impact.

Keep horses away from potable water spigots and electrical pedestals.

Equestrian/stock corral is available at Castle Rocks. Call 208-824-5901 for more information.
