HORSEBACK RIDES

• Trails

We are very privileged to offer several trails for horseback riding. Each trail has been chosen and approved by the Chief Ranger of Death Valley National Park.

The **One-Hour Ride** gives the rider a true taste of what the pioneers must have experienced. With the Panamint Mountains to the west, and Funeral Mountains to the east, an eerie silence falls across you and your horse as you travel through the arrowweed, saltgrass and mesquite of this sun-baked valley.

The **Two-Hour Ride** gives an even larger view of this fascinating valley. You can imagine the journey of the prospector traversing up the foothills of the Funeral Mountains in search of gold and silver. Each ride offers a wonderful way to experience Death Valley.

Private Rides are also available upon request for beginners, intermediate and advanced riders.

About our Saddle Horses

Out in the corral you will find many breeds and colors. Each horse has been-picked so that our riders have the full enjoyment of each ride. Safety, horse personalities and health are the main factors in choosing our horses. **Horses will be matched with a rider's weight, age and riding experience.**

Carriage Rides

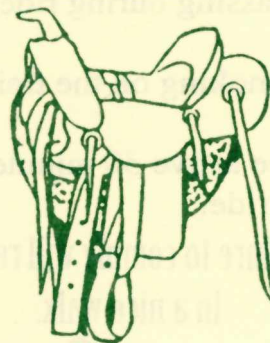

What better way to enjoy the desert evening than a **Carriage Ride**. This ride is offered in the evening during the sunset hour. At this time of the day, with the sun to the west, the desert colors come alive. Life just doesn't get any more relaxed!

In the spirit of the past, come see and enjoy our team of mules. Reminiscent of days gone by, these big boys will take you for a lovely ride through the desert evening.

Private Carriage Rides also available for the romantics at heart who wish to be treated to a touch of elegance.

Hay Wagon Rides

For groups of 15 or more people. You can arrange private rides on our **haywagon**. A great way to spend an evening under the stars!
