

❖ MONTANA'S ❖
GLACIER
NATIONAL PARK

MAGICAL
ADVENTURES

whitewater rafting • scenic launch cruises • hiking

Glacier National Park is one of the most beautiful and untamed places in North America. Appreciate this spectacular Park by hiking the trails, touring the lakes and rafting the rivers along its boundaries. Plan on having a professional guide lead you on these magical adventures.

❖ **ON THE RIVERS** — Experience the breathtaking natural beauty of the North and Middle Forks of the Flathead, two of America's Wild and Scenic Rivers. Choose from exciting whitewater rapids, relaxing scenic floats, or blue ribbon trout fishing. Join us for a multi day adventure or a half day of fun.

❖ **ON THE LAKES** — Take a scenic launch cruise, hosted by a trained naturalist on Glacier's awe inspiring lakes. Learn about the Park's history and how its unique features were formed by glaciers. Most of these trips also allow for you to be dropped off for a hike and picked up later in the day.

❖ **ON THE TRAILS** — Take a walk on the wild side into the heart of Glacier's backcountry. With over 700 miles of trails where wildlife abounds, there's sure to be a day hike or overnight backpacking trip for you.

FOR FURTHER INFORMATION WRITE OR CALL THE SERVICES LISTED ON THE BACK OF THE BROCHURE.

We encourage advance reservations as trips fill up early.
