Gentlemen:

If the Federal Government is interested in some first-hand information of how Lindbergh murdered his own child, this blood-curdling story can be obtained from a Mr. Moench of Germanic descent, a Red, who is now employed as daytime clerk at the Milwaukee Hotel of this city.

Several people have heard him relate this story at the Hotel. Mrs. Ferguson the Proprietor's wife will tell you this I believe if she is assured that her name will not be connected with the affair. I do not know that the Proprietor will or will not talk. However there are others whose very blood boils to hear the name of our world-hero defamed and dragged through the dust.

This man from the first day that Hauptman was arrested has been indignant and has made some criminalizing statements that at least should be investigated.

time.

I am not revealing at this my identity

I shall be glad to at a latter date.
