SPECIAL CONDITIONS OF THIS PERMIT

1. Permittee shall exercise this privilege subject to the supervision of the Superintendent of the Park and shall comply with the regulations of the Secretary of the Interior governing the park.

2. Use by the permittee of the land covered hereby is subject to the right of the Director, National Park Service, to establish trails, roads, and other improvements and betterments over, upon, or through said premises, and further to the use by travelers and others of such roads and trails as well as of those already existing.

3. No building or other structure shall be erected under this permit except upon plans and specifications approved by the Director, National Park Service, and the premises and all appurtenances thereto shall be kept in a safe, sanitary, and sightly condition.

4. Permittee shall dispose of brush and other refuse as required by the Superintendent.

5. Permittee shall pay the United States for any damage resulting from this use.

6. Permittee and his employees shall take all reasonable precautions to prevent forest fires and also shall assist the Superintendent to extinguish forest fires in the vicinity of any tract which may be used hereunder, and in the preservation of good order within the metes and bounds of the park.

7. No timber may be cut or destroyed without first obtaining permit therefor from the Director, National Park Service, in writing.

8. This permit may not be transferred or assigned without the consent of the Director, National Park Service, in writing.

9. This permit shall terminate upon the violation of any of the conditions hereof or of any Act of Congress or regulation of the Secretary of the Interior governing the park or anything in it, or at the discretion of the Director, National Park Service.

10. Neither Members of, nor Delegates to Congress, or Resident Commissioners, officers, agents, or employees of the Government shall be admitted to any share or part of this permit or derive, either directly or indirectly, any pecuniary benefit to arise therefrom.

11. Location of road will be as shown on marked copy of Topographic Base Map No. JT 5300D.

12. No borrow pits shall be established on the road right-of-way or on any other Monument controlled land.

13. The natural condition of the area adjacent to the roadway shall remain undisturbed as much as possible, and all construction work shall be done in a manner acceptable to the Superintendent.

14. The permittee shall take adequate measures, as directed and approved by the Superintendent, to arrest and prevent soil erosion on the lands covered hereby and shall so utilize such land as not to contribute to erosion on adjoining lands.

15. All uranium, thorium, and all other materials determined pursuant to section 5 (b) (1) of the Atomic Energy Act of 1946 (60 Stat. 761) to be peculiarly essential to the production of fissionable material, contained, in whatever concentration, in deposits in the lands covered by this permit are hereby reserved for the use of the United States, together with the right of the United States through its authorized agents or representatives at any time to enter upon the land and prospect for, mine, and remove the same, making just compensation for any damage or injury occasioned thereby.

16. The Government shall not be liable for damage to or loss of property or persons resulting from the exercise of privileges authorized herein.

17. In cases where the word "permittee" is used, it shall apply to representatives, employees, and equipment of the permittee.

18. Public liability for the entrance and exit of vehicles using the above-mentioned access roadway shall rest with the permittee, including responsibility for proper signing or other means of warning motorists of danger.

19. This permit shall be renewable at its expiration, upon application to the Superintendent of the National Monument, for further periods of one year each but not to exceed in all a period of twenty (20) years from January 1, 1950;
