

Mammal Species List

From the tundra to the tides, Katmai National Park and Preserve is home to 43 identified species of mammals in a wide variety of habitats. Perhaps our most famous resident is the brown bear, but there are many other species that thrive here as well.

TSN Std. Preferred Scientific Name Std.

Preferred Common Name(s)

Animalia - Mammal

Order: Artiodactyla - Family: Cervidae

180703 *Alces alces*
180701 *Rangifer tarandus*

Moose
Caribou

Order: Carnivora - Family: Canidae

180599 *Canis latrans*
180596 *Canis lupus*
180604 *Vulpes vulpes*

Coyote
Wolf
Red fox

Order: Carnivora - Family: Felidae

180585 *Lynx canadensis*

Lynx

Order: Carnivora - Family: Mustelidae

180547 *Enhydra lutris*
180551 *Gulo gulo*
180549 *Lontra canadensis*
180559 *Martes americana*
180555 *Mustela erminea*
180554 *Mustela nivalis*
180553 *Mustela vison*

Sea otter
Wolverine
River otter
Marten
Ermine / Short-tailed weasel
Least weasel
Mink

Order: Carnivora - Family: Otariidae

180627 *Callorhinus ursinus*
180625 *Eumetopias jubatus*

northern fur seal Seal
northern sea lion / stellar sea lion

Order: Carnivora - Family: Phocidae

180649 *Phoca vitulina*

Harbor seal

Order: Carnivora - Family: Ursidae

180543 *Ursus arctos*

Brown bear / Grizzly bear

Order: Cetacea - Family: Balaenopteridae

180530 *Megaptera novaeangliae*

Humpback whale

Order: Cetacea - Family: Delphinidae

180469 *Orcinus orca*

Killer whale / Orca

Order: Cetacea - Family: Eschrichtiidae

180521 *Eschrichtius robustus*

Grey whale

Order: Cetacea - Family: Monodontidae

180483 *Delphinapterus leucas*

Beluga / White whale
