Alaska

HABS AK-295-D

Within Skagway, cardinal directions are colloquially oriented with reference to the city's street grid instead of true north. The north-south axis is aligned with Broadway, making "north" closer to northeast. The photo captions follow this convention.

Additional views of the Moore Homestead can be found within the photographs of the City of Skagway (HABS AK-15).

|------------|--|
| AK-295-D-1 | South elevation of the Chicken Coop. The building is on east side of the Moore House. The reconstructed Privy is visible on the right. The Chicken Coop has been adaptively reused as the utility building to support modern heating, electrical, plumbing, and fire suppression systems for the Moore House and Moore Cabin. View to north. |
| AK-295-D-2 | South elevation with scale. View to north. |
| AK-295-D-3 | Southeast corner of the Chicken Coop. The northeast corner of Moore House is visible in the background left. View to northwest. |
