RANGER-LED ACTIVITIES AT THE PARK

Participate in ranger-led activities on the surface and in the cave. Rangers lead cave trips year-round, except for Christmas Day. During the busy summer season, park rangers offer several different cave and surface activities. School groups may participate in the park's environmental education program by writing or calling the Mammoth Cave National Park Environmental Education Coordinator at (502) 758-2354 for applications.

Plan your trip carefully and call the park for additional information on ranger-led activities, at 502-758-2328 from 8:00 A.M.-4:30 P.M. Central Time. Cave tours sell out quickly year round. We strongly recommend you reserve your place on the tour of your choice by calling Destinet at 1-800-967-2283 or by stopping by the Visitor Center.

Tips for planning a cave trip:

The cave temperature is approximately 55 degrees F year round, however winter temperatures near cave entrance will be considerably colder. Dress accordingly.

Wear durable footwear suitable for walking over trails that may be rough and uneven and/or wet and slippery. Expect numerous stairs and some steep inclines on most cave trips.

Consider your physical limitations realistically when choosing a cave tour. If you fear heights or close spaces and/or cannot climb steps, enjoy a ranger-led activity on the surface instead!
