

National Park Service Natural Resource Publications

May 1995

U.S. Department of the Interior
National Park Service
Office of the Associate Director, Natural Resources
Natural Resources Publication Office

Introduction

This is the third annual announcement of National Park Service natural resource publications. The 1995 listing includes natural resource publications that are filed with the Technical Information Center.

You have been selected to receive this announcement either as a result of a request made by you or your office, or because of your position in natural resource research or management.

For this listing, publications are arranged by author, year, title, "D" number, number of pages, and park alpha code (or park acronym). Park acronyms are listed in the back of this announcement for your convenience in locating a publication about a particular park.

How to Order

The Technical Information Center can provide photocopies or microfiche copies or both of any report in this list. The cost for a photocopy is \$.05 per page (see number of pages cited in report). The cost for a microfiche copy is \$5.00. When ordering reports, please reference (1) title of report, (2) park alpha code, and (3) "D" number, as follows:

- (1) Ecology and Social Behavior of the Collared Peccary
- (2) BIBE
- (3) D44

The Technical Information Center will bill you when the report is sent to you. Please address your request to the following office:
