# IMPORTANT INFORMATION!

*Please Read This Before You Order.*

1. For guidance on uniform policy standards and procedures, refer to NPS-43, the National Park Service Uniform Guideline.
2. Be sure to use the current order form. Always check the expiration date on the order form. Only current fiscal year orders will be processed.
3. Personnel are authorized to order only those items that are listed on the order form which correspond to their uniform class.
4. Returns and exchanges must be made within 10 days of receipt of order. See preceding page for more information.
5. Ordering uniform items for another person is prohibited.
6. Maternity and lifeguard order forms are available from R&R Customer Service.
7. Please furnish all information requested on the order form.
8. For proper fit, order items according to your measurements. Take measurements following guide on page 27. Review size scale of item. Select size according to the larger measurement (i.e., waist, hip, etc.). If between sizes, always choose larger size. Size scales are different for different garments. Please read size scales carefully.
9. To ensure correct trouser length, carefully follow instructions for inseam (males) or outseam (females) measurements found on page 27. Women should always measure from the top of the waistband over the hip.
10. Some men's items are provided in short, regular or long. Be sure to note your requirements along with size. (For example: 42L)
11. Some women's items are provided in petite, regular or tall. Be sure to note your requirements along with size. (For example: 12T)
12. If the size scale range does not include your measurements, please contact R&R Customer Service for further assistance.
13. Skirts are shipped unhemmed to accommodate individual length needs.
14. Extra-long-tailed shirts can be ordered. However, deliveries may take from 90 to 120 days.
15. Shirt tapering is an alteration and must be paid for with personal funds. See the section on tapering on the preceding page for more information.

# HOW TO ORDER

## THIS CATALOG IS FOR YOU. PLEASE READ IT CAREFULLY!

YOUR UNIFORM CATALOG WILL HELP YOU ORDER CORRECTLY SO THAT  
YOU RECEIVE THE CORRECT ITEMS AND PROPERLY FITTED GARMENTS.

### ORDER FORMS

**PLEASE NOTE:** Orders are shipped only to official duty station locations.

- Make sure order form is current. The expiration date will be printed on the order form. If the form is out of date, please contact the uniform coordinator at your duty station for current order forms.
- Print name, duty station and account number. Be very careful to use correct account number, which is the first seven digits of your social security number.
- Sizes are determined by measurements taken as shown on the inside back cover of this uniform catalog. *Although size history will be maintained on each employee, it is recommended that measurement information be completed with every order. This will keep our records up to date and expedite the ordering process.*
- Enter appropriate size in column provided next to description of item ordered. Enter quantity of each item ordered. Any additional information about your order can be noted on a separate sheet of paper.
- All trousers are hemmed to individual measurements. Therefore, it is important that men provide their inseam length and women provide their outseam length on each order. For information on proper fit for trouser rise, see the R&R Measuring Guide on page 27 for a detailed explanation.
- Extend and total your order, entering the grand total on the line provided. Be sure to double check all figures as mistakes will result in order processing delays.
- Include personal funds to cover amounts in excess of your current uniform balance with your order. Payment must be by check, money order, Visa or MasterCard. If Visa or MasterCard is used, **print complete card number and expiration date clearly.** The minimum amount that can be charged to Visa or MasterCard is \$5.00.
- Keep bottom copy of order for your records.

### RECEIPT AND ACKNOWLEDGMENT

- When you receive your order, you must check and verify items received against the packing list. **You must sign and date the list, then forward the endorsed packing receipt to your supervisor.**
- This documentation is essential for NPS audit and accounting purposes.

### SPECIAL ORDERS

- Special orders are available for sizes that are outside the size range listed in the catalog. Contact R&R's Customer Service Special Order Expeditor for assistance at **1-800-448-7968** between 7:00 a.m. and 6:00 p.m. Central Time. Deliveries for made-to-measure items require a minimum of 90 to 120 days.

### MAKING EXCHANGE AND RETURNS

**PLEASE NOTE:** Exchanges and returns must be made within 10 days of receipt of order. All exchanges are shipped to official duty station locations.

- Print name, duty station, and account number. Be very careful to use correct account number which is your social security number.
- Use the exchange form for all exchanges and returns. Use regular order forms for placing new orders.
- Indicate size and quantity received as well as size wanted. Print any additional instructions on exchange form itself.
- Remove the back copy for your record of the exchange.
- Please fill out return address in the space provided indicated by the word "FROM" at the bottom of the exchange form. This is used as a return address label.
- Send the front copy of exchange form with shipment.
- Prepare return shipping box as securely as possible to prevent merchandise from being damaged upon return.
- All hats must be double boxed to prevent damage during shipment. R&R will not accept responsibility for returned hats which are damaged due to improper packaging.
- **We cannot exchange any garment that has been worn, washed or altered, unless garment is defective.**
- Any garment found to be defective (**other than due to normal wear and tear**) can be returned for exchange or credit at any time. Refer to R&R's warranty statement. See back cover.

### TAPERING

- Shirt tapering is available at \$6.00 per shirt. Indicate in Special Instructions section of the order form. Chest and waist size information must be provided.
- Be careful when providing measurements as tapered shirts and special orders **cannot** be returned for exchange.
- Shirt tapering is an alteration which must be paid for with personal funds. Please include check or list credit card number on order form for payment.

# GARMENT CARE INSTRUCTIONS

From: "A Guide To Keep Your Uniform Looking Better Longer" ©Raeford Uniform Fabrics Company

## 55% POLYESTER/45% WOOL GARMENTS

- Brush your uniform regularly to remove surface dirt.
- When wet, don't dry uniform in direct sun or near extreme heat.
- When not in use, hang your uniform coat and trousers on wooden hangers. Trousers should be hung full length by cuffs.
- Avoid carrying pointed, sharp or heavy objects in pockets.
- Your uniform is a valuable asset. Entrust it only to a quality establishment for cleaning and pressing.
- Have more than one uniform and alternate wearings. This will substantially extend the life of your uniform.
- Dry clean only.

## POLYESTER/COTTON GARMENTS

- Machine wash garments in warm water. Do not use bleach.
- Tumble dry on a permanent press setting. Remove promptly. Hang up so wrinkles will fall out. For touch up, use a warm iron.
- For stains, spray a pre-wash on soiled area and then wash as instructed above.
- Dry clean periodically to sharpen creases.

## WINDBREAKER/PARKA

- Machine wash in cold water on gentle cycle.
- Use mild soap
- Rinse thoroughly
- Tumble dry on low heat.
- Do not dry clean.
- Do not bleach.
- Do not iron.

## THE PROBLEM OF PERSPIRATION

Perspiration can have a number of harmful effects on fabrics, such as loss of fabric strength. To prevent such problems, the following precautions should be taken:

- Dry cleaning solvents do not remove perspiration from a fabric. Affected areas should be called to the attention of your dry cleaner.
- Although worsted and worsted-blend fabrics may not be launderable, a perspiration affected area may be placed over a towel and blotted with a damp sponge. The area should then be blotted vigorously between two dry towels and hung to air dry.
- For extreme cases, dress shields and the substitution of T-shirts for sleeveless undershirts are recommended.

## Gore-Tex®

- Machine wash in warm water using a mild soap.
- Use no additives (bleach, brighteners, fabric softeners, etc.).
- Drip dry or tumble dry without heat.
- For soiled spots, use K2R or a similar product.

# WHAT TO DO ABOUT SPOTS AND STAINS

THE FOLLOWING ARE SIMPLE PROCEDURES FOR REMOVING OR REDUCING STAINS FROM UNIFORM FABRICS USING COMMON HOUSEHOLD ITEMS.

## CHEMICALS AND MATERIALS NEEDED

- RUBBING ALCOHOL • NAPHTHA (PAINT REMOVER) • VINEGAR(WHITE GRADE) • GLYCERINE(GLYCEROL)
- STARCH(LAUNDRY GRADE) • SOFT TOOTHBRUSH • SPONGE • BLOTTER PAPER • WHITE PETROLEUM JELLY • AMMONIA • DETERGENT

### TYPE OF SPOT OR STAIN

### SUGGESTED PROCEDURE

Butter, Cooking Oil	Sponge and flush with naphtha, feather out and dry.
Blood	Sponge with water. Dry. Sponge and flush with naphtha. Feather out and dry.
Coffee, Tea, Catsup	Sponge with water and soak stain in glycerine. Flush well with water. Feather out and dry.
Chewing Gum	Soak in naphtha and scrape off gum. Feather out and dry.
Chocolate	Dry and brush off excess. Sponge with naphtha and dry. Sponge with water. Loosen stain with brush. Feather out and dry.
Glue	Sponge with water. Loosen with brush. Flush with water. Feather out and dry.
Iodine	Sponge with rubbing alcohol against blotter paper. Feather out and dry.
Mayonnaise	Apply starch/naphtha paste. Dry and brush off excess. Sponge and flush with naphtha. Feather out and dry.
Motor Oil, Tar	Apply starch/naphtha paste. Dry and brush off excess. Sponge and flush with naphtha. Feather out and dry.
Mustard	Apply dry starch. Brush to remove excess. Apply glycerine for 30 minutes. Flush well with water. Feather out and dry.
Mud, Rust	Dry and brush off excess. Sponge with water. Loosen with brush. Flush with water. Feather out and dry. Repeat with vinegar if necessary.
Ink, Ballpoint	Rub white petroleum jelly into stain. Soak in detergent solution and launder.
Tree Sap	Mix a small amount of ammonia with water and gently rub into spot. After spot has dried, have garment cleaned.
Grass Stains	Rub detergent or a pre-wash directly into stain. Clean promptly.

### PLEASE NOTE

- Most chemicals listed above for spot removal are flammable and should be used in a well-ventilated area free of any open flame. After treatment, air dry. Do not dry in a tumble dryer after treatment.
- All work should be done with a clean blotter underneath the stain area.
- Feathering out prevents ringing and is done by starting outside the stain and lightly brushing towards the center.
- These care procedures are provided only as a service and should not be interpreted as a warranty, implied or otherwise.

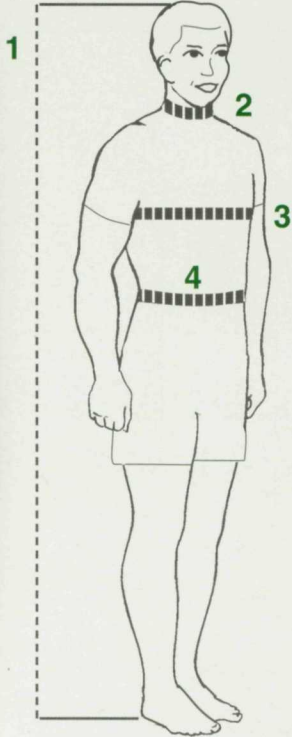

# MEASURING GUIDE

Have someone else measure you. Keep tape straight, but not tight. Measure over undergarments or other clothing to be worn under your uniform.

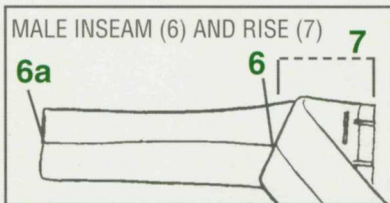

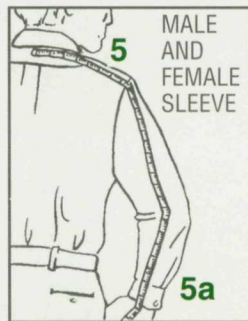

## MALE

1. **HEIGHT:** Stand straight against wall without shoes. Make a mark level with top of head. Measure from this point down to the floor.
2. **NECK:** Measure around neck where a buttoned shirt would fit. Be sure tape measure is neither tight enough to choke nor loose enough to sag.
3. **CHEST:** Measure well up under arms, across shoulder blades and over fullest part of chest. Hold tape firmly, but not tightly. Be sure tape is level and straight across back. Stand naturally.
4. **WAIST:** Measure over shirt, but not over trousers, at the position you normally wear your slacks. Hold the tape firmly but

not tightly. You may, as an alternative, measure the inside waistband of a well-fitting pair of slacks of the same style. They should be zipped and fastened when you measure them.

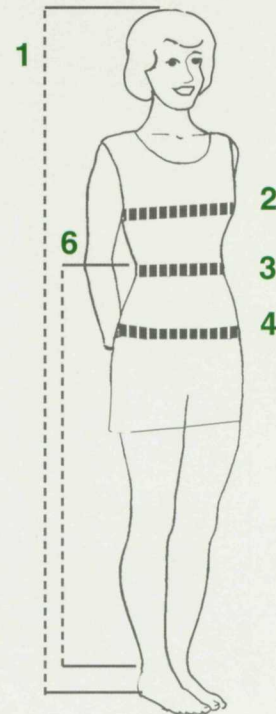

5. **SLEEVE:** Measure from middle of back of neck at point 5, across the shoulder and around point of elbow to wrist at point 5a.

6. **INSEAM:** Measure well-fitting slacks of same style (use jeans only when ordering jeans) along inner seam from crotch seam at point 6 to bottom of leg at point 6a. Styles worn with higher heels require extra length. Trousers should be hemmed 1" from top of shoe heel.

7. **RISE:** Some trousers and jeans come in short, regular and long rises. This is the distance provided from the top of the waistband to the bottom of the crotch. Basically a short rise is 1" less than regular and longs are 1" longer. If you are taller than average, have a long torso, or require more freedom in the lower stomach area, you may be more comfortable in a long rise. If you are unsure of your rise measurement, order a Regular. Ninety-five percent of the male population wears a Regular Rise.

## FEMALE

1. **HEIGHT:** Stand straight against wall without shoes. Make a mark level with top of head. Measure from this point down to the floor.
2. **BUST:** Measure around fullest part of bust, holding tape gently. Keep tape straight and level.
3. **WAIST:** Measure around the smallest part of your waistline, holding tape firmly, but not tightly. Keep the tape level and be sure to stand naturally.
4. **HIPS:** Measure around the fullest part of hips. Hold the tape measure firmly, but not tightly. Keep the tape straight and level.
5. **SLEEVE:** Measure from middle of back of neck at point 5, across the shoulder and around point of elbow to wrist at point 5a.
6. **OUTSEAM:** Put on the shoes you plan to wear with your uniform. Measure from the top of waistband, point 3, over the hips to exactly where you would like your slacks to touch your shoe. Slacks should be hemmed 1" from top of shoe heel.

### MALE AND FEMALE HATS

Measure around head with tape 1/2" above ears. Convert inches to hat size (see appropriate size scale).

## THE R&R PRODUCT WARRANTY

All garments and accessory items are warranted by R&R Uniforms, Inc. for their lifetime against defects in materials and workmanship. If a garment or item fails due to manufacturing or fabric defect, we will repair or replace the item without charge.

Repairs due to accident, improper care or negligence, where R&R is not at fault, will be performed at a reasonable charge. Tennessee law requires that all garments accepted for repairs be clean.
