Whether attending a dinner, participating in a public ceremony, or appearing before a legislative body, you now have the option of wearing a formal uniform which distinctly identifies you with the National Park Service.

A new Class A broadcloth dress shirt is now available in both short and long sleeve versions for wear with the appropriate dress coat at formal occasions and public events.

A tropical weight dress coat has also been introduced to provide a summer or warm weather option similar to that presently provided by the winter dress coat. The tropical dress coat can be worn with either the tropical long sleeve shirt or the new long or short sleeve Class A dress shirts.

When ordering the shirt, please be sure to distinguish between the standard tropical winter and summer shirts and the dress winter and summer shirts. The dark grey tropical shirts are worn in all non-formal situations.
