

What Kind of Berry is That?

DO NOT consume any berries found within the monument. Many are inedible and/or toxic. This card is for information only.

American Bittersweet

Chokecherry

Wild Asparagus

Riverbank Grape

Western Snowberry

Midland Hawthorn

Black Raspberry

Bittersweet Nightshade

Missouri Gooseberry

Virginia Groundcherry

*Virginia Creeper

*Nannyberry

*Virginia creeper and nannyberries can look similar, but creeper grows on a vine and nannyberries grow on trees.

A berry does not have to be toxic to be inedible - please remember: do NOT EAT any berries in the monument.
