Mrs John F Kennezy White Mouse Washington

Dear Mrs Kennedy:

003 Lang Mountain View Calif

August 18th 1961 Friday 10.15 A.M.

We have has many presisents, in the White Mouse, but very few have left, something, that will make America always remember them.

I am writing to you because I feel that you are the logical one to ac what I have has in mina for a long time. You ofcourse want your great husban? to go ?own in history, so that his name shall never be forgotten, and here is an idea that will perpetuate the name of

JOHN F KENNEDY

As you know, we have a statue of Liberty in New York Marbor, given to us by France years ago. God Bless them. Now it is my idea that we shoul? have a similar statue in the Golfen Gate of San Francisco, But instead of a statue of Liberty we should have a Big Statue of Uncle Sam His feet would rest on two man made islands. some distance apart. His hieght would be approx 200 feet, and the rest of the body in proportion.

His arms should be stretched out in Welcome. to the peoples of the Pacific. He shouls be in colors, as we all know him Long Blue Coat top hat and striped trousers. A suitable plak. shoul's be at the base. with similar works to those on the statue of liberty, Here is a suggestion.

Welcome, to all free, Christians . of forgien langs. to the lang of opportunity. This is realy the GOLDEN GATE FOR YOU

and I to mean YOU From President John F Kennedy 196-

I know you couls so better, with the esucation that you hav This is just an inea I have had for sometime. and if you are not interested I will try and sell the idea to some Foriegn power like Japan or the Phillipines.

I live on a 83.00 a month social security. If you recire to accept this idea. It is your for nothing, as both, you an your husban are both great Americans. If I sell it I shall ask 1,000.00 for the idea..

Let me know how you regara this is ea Please

Yours very truly

Mr. Ray Somers 1003 Lane Avenue Mountain View, Californie

Dear Mr. Somers:

Your letter dated August 18, addressed to Mrs. John F. Kennedy, has been referred to this office for reply.

Your patriotic spirit in suggesting a statue of <u>Uncle Sam</u> at Golden Gate, San Francisco, welcoming peoples of the Pacific to the United States, is greatly appreciated. Unfortunately, however, there are no funds available to this Service, or to any other agency of the Federal Government that we know of, for such a purpose.

Thank you for your letter.

Sincerely yours,
