1100 OHIO DRIVE, S. W. WASHINGTON, D. C. 20242

April 10, 1969

Memorandum

To:

Regional Director

From:

Chief, U. S. Park Police

Subject: Annual Report for calendar year 1968

The United States Park Police Force is responsible for providing visitor services and protection, prevention and detection of crime, enforcement of park regulations and other applicable laws in order to preserve park resources, and to provide a pleasurable atmosphere for those who seek wholesome enjoyment in our park areas. This report reflects a summarization of the activities of the Park Police during the 1968 calendar year.

For the first time in many years there was a decline in total visitation in the National Capital Region. It is estimated that there were slightly less than 20 million persons who visited the park areas. The decline may have been attributable to civil disorders in the spring of 1968 which caused cancellation of two large events; the Cherry Blossom Festival and the National Safety Patrol Parade. Although there was an increase in the number of special events held in the parks, which included many demonstrations, attendance at such events showed a significant decline.

During the year, crime in the parks continued to increase with serious offenses increasing each month of the year. Of the 1274 major offenses reported, 34% were acts of violence against persons. There were 230 cases of robbery reported in 1968 as opposed to 154 during 1967, 39 reports of rape against 30 in 1967, and 165 assaults as opposed to 120 the previous year. There were small increases in the crimes of petit larceny and auto theft. Part II offenses showed the same 18% rise over the previous year. Declines in vandalism, grand larceny and drunkenness were the only decreases noted. The decline in the offenses of drunkenness was occasioned by new procedures in the handling of the offense in the District of Columbia.

With the increase in the number of automobiles using park roadways, came an increase in the number of motor vehicle accidents, a total of 3,053 during the year. This reflects an increase of 297 over the previous year. There were 27 fatal accidents in which 32 persons were killed, two of whom were pedestrians, an increase of 21 over the previous year. In 657 personal injury accidents 1,020 persons sustained varying types of injuries throughout the park system in the National Capital Region.

Great demands upon manpower were made in 1968 occasioned by civil disturbances in early April, the Poor Peoples Campaign in May and June and sporadic demonstrations throughout the summer months. Events such as these further diluted the already meager field forces, pointing up the great need for additional manpower. Nevertheless, the Force managed to provide good public service. Analysis of manpower deployment during 1968 revealed that 23,415 manhours were spent in police services connected with special events and demonstrations. This figure does not include 37,269 hours of special duty performed in connection with the Poor Peoples Campaign. addition, the quality of services provided depends to a great degree upon training afforded Force members. In spite of heavy demands upon manpower, the Force managed to provide many hours of classroom and field training in human relations, crowd control, firearms and specialized courses. A total of 116 Force members were also enrolled in Police Science and Administration courses conducted by the American University.

During the calendar year 1968 there were 12 separations by retirement and seven officers resigned. The Force strength at the end of the year was 284 opposed to 281 for the previous year. There were 79 authorized positions left unfilled in compliance with the Revenue and Expenditure Control Act of 1968. The Force was indeed fortunate however, to have been allotted positions by and from the Service which helped to maintain the above strength throughout the year.

We are continuing to explore ways to provide better police services to the various parks in our region. A study is underway to make use of some types of equipment which would facilitate better patrol coverage. Serious consideration is being given to the use of motor scooters for some of our patrol areas.

To strengthen supervision and to provide better protection of park resources, we are proposing the establishment of several additional substations in the field areas. Our one existing substation located in Greenbelt Park, has proven successful and extremely beneficial to operations.

We continue to be most appreciative of the fine direction and support we have received from you and other region officials. The exceptional help and cooperation from the National Park Service and the Department also reassures us in our endeavor to render the public service which our police force strives to give.

Grant Wright

Distinguished Service Awards

GRANT WRIGHT, in recognition of an eminent career in police administration and management with the U.S. Park Police. As a 21-year veteran of the Force, Chief Wright has demonstrated his outstanding abilities as an able and progressive administrator. Under his leadership, highly significant advances have been made in management, cost reduction programs, training and police procedures. His calm and deliberate approach to challenging situations has become a hallmark of his effective work in the area of police management. His outstanding administrative ability is clearly evident by his progression to the rank of Chief of Police on August 11. 1968.

WALTER W. LANGE, in recognition of outstanding service as a law enforcement officer, U.S. Park Police, and for his extremely competent professional and management support as Associate Chief and later as Chief of the U.S. Park Police. When the Federal section of the Baltimore-Washington Parkway was opened in 1953, he was selected to supervise the police activities and to coordinate the many details involved with its operation. He was commended for the outstanding manner in which he resolved jurisdictional problems, performed the major task of establishing the U.S. Commissioner's Court in the Beltsville Research Center, and at the same time maintained cordial relationships with other Federal agencies.

ALFRED D. BEYE, in recognition of outstanding service in police administration with the United States Park Police. Since 1961, Deputy Chief Beye has been directly responsible for police plans and arrangements for every major special event and demonstration held in the areas under the jurisdiction of the Force. In May 1968, because of the illness and subsequent retirement of the Chief, it was necessary for Beye to assume the duties of Acting Deputy Chief, along with coordinating police arrangements for the Poor People's Campaign. His expertise in police procedures for handling large crowds of demonstrators was, more than any other single factor, responsible for the highly efficient manner in which police service was provided at Resurrection City.

MERITORIOUS SERVICE AWARDS

Deputy Chief William W. Gunter

In recognition of exceptional service in the Department of the Interior. Deputy Chief Gunter served with the U. S. Park Police since 1941. He had served as footman, cruiserman, Plainclothesman, Detective Sergeant, Detective Lieutenant, and Captain. He held the position of Deputy Chief when he retired on April 30, 1968.

Inspector Samuel H. Hower

In recognition of exceptional service in the Department of the Interior. Inspector Samuel H. Hower served with the U. S. Park Police since 1942. He served as footman, motorcycle patrolman, and was promoted to Corporal in 1952. Subsequent promotions led to the position of Inspector which he held when he retired on April 30, 1968

COMMENDABLE SERVICE AWARDS Lieutenant Wallace G. Angel

Upon retirement after more than 28 years of service with the Federal Government, joined U. S. Park Police in July, 1940. He served in various assignments and held the rank of Lieutenant when he retired on May 31, 1968.

Sergeant Thomas K. Baber

Upon retirement after more than 26 years of service with the Federal Government, joined the U. S. Park Police in October, 1951. He served in various assignments and held the rank of Sergeant when he retired on August 31, 1968.

Detective Ralph T. Crump

Upon retirement after more than 23 years of service with the Federal Government, joined the U. S. Park Police in April, 1950. He served in various assignments and held the position of Detective when he retired on April 30, 1968.

Detective Nolan J. Devine

Upon retirement after more than 18 years of service with the Federal Government, joined the U. S. Park Police in January, 1955. He served in various assignments and held the position of Detective when he retired on July 31, 1968.

Sergeant James F. Hassett, Jr.

Upon retirement after more than 20 years of service with the Federal Government, joined the U. S. Park Police in November, 1950. He served in various assignments and held the rank of Sergeant when he retired on July 31, 1968.

Private Woodrow W. Hawkins

Upon retirement after more than 22 years of service with the Federal Government, joined the U. S. Park Police in November, 1950. He served in various assignments and held the position of Horse Mounted Patrolman when he retired on November 30, 1968.

Sergeant Tyrus S. Peele

Upon retirement after more than 19 years of service with the Federal Government, joined the U. S. Park Police in November, 1950. He served in various assignments and hel the rank of Sergeant when he retired on May 31, 1968.

SPECIAL OCCASIONS AND EVENTS

The United States Park Police handled 1,125 Special Events during 1968. This was the largest number of events ever recorded, however the attendance at these events showed a significant decrease. As indicated on page 2 of this report, the decline in visitation may be attributed to civil disorders and cancellation of some of the larger events in the spring of 1968. A total of 5,027 individual assignments were made, and accounted for a total of 23,415 man hours of which 11,137 hours were overtime.

FIVE YEAR COMPARISON OF SPECIAL EVENTS

AREAS PATROLLED BY THE UNITED STATES PARK POLICE

ACRES	RESERVATIONS	MILES OF ROAD	MILES OF TRAIL
DISTRICT OF COLUMBIA 7,710	739	101	138
MARYLAND 17,309	9	81	25
VIRGINIA 3,672	7	53	12
TOTAL*28,691	755	235	275

The United States Park Police are charged with the usual responsibilities for the preservation of peace, the protection of life and property, the prevention and detection of crime, and for the apprehension of violators of laws and regulations. By virtue of their jurisdictional authority the Park Police administer and enforce, not only the laws and statutes of the Federal Government within the geographical confines of the District of Columbia, but also enforce the applicable regulations on certain federally owned areas in the states of Maryland and Virginia.

The United States Park Police is one of the major law enforcement operations within the National Park Service. There are six parkways and more than 700 parks throughout the District of Columbia, Maryland and Virginia, comprising an area of more than 28,000 acres under the jurisdiction of the U. S. Park Police. In addition to the parks and parkways, the U. S. Park Police has been placed with the responsibility of providing police service to Arlington National Cemetery, National Agricultural Research Center, Patuxent Wildlife Refuge and Food and Drug Administration in Beltsville, Maryland

^{*}These figures do not include areas in the National Capital Region which are not patrolled by the United States Park Police, such as: Catoctin, and that portion of the C & O Canal north of Seneca, in the State of Maryland, or Prince William Forest Park in the State of Virginia
