Sleeping Bear Dunes National Lakeshore Visitor Guide is produced and designed annually by Sleeping Bear Dunes National Lakeshore, Division of Interpretation & Visitor Services.

The Sleeping Bear Dunes National Lakeshore Visitor Guide is published by Eastern National, a private, non-profit organization which operates the sales outlets that offer quality educational products and services for park visitors at the General Store, Dune Center, and visitor center. A portion of their proceeds is donated to the Lakeshore to support interpretive and educational programs. For more information, call 231-326-4700 or visit www.easternnational.org.

The National Park Service cares for special places saved by the American people so that all may experience our heritage.

Welcome to Sleeping Bear Dunes

Hello and welcome to Sleeping Bear Dunes National Lakeshore! More than 150 employees and hundreds of volunteers invite you to explore 71,000 acres of national parkland. With over 100 miles of trails, 65 miles of shoreline, almost 400 historic structures, and the largest rural historic district in the country, the National Lakeshore has something of interest for every member of your family. Here, you can enjoy an amazing set of opportunities for education, fun, inspiration, solitude, and renewal.

Our team is committed to making these opportunities available to everyone who visits the park. As we approach the 50th anniversary of the National Lakeshore's creation in 2020, we are actively focusing our

Sleeping Bear Dunes National Lakeshore Superintendent Scott Tucker

planning efforts to create accessible trails, campsites, kayak launches, wayside exhibits, fishing piers, beach walkways, and digital offerings. We seek to incorporate universal design improvements that allow every visitor to experience Sleeping Bear Dunes in their own way.

There are many projects that have been completed or will be happening in the next few years to increase the accessibility of the National Lakeshore. As an example, over the last six years, 20 miles of the multi-use Sleeping Bear Heritage Trail have been constructed. This includes almost 17 miles with slopes less than 5%. In

late summer 2017, we installed an accessible walkway near the cannery beach in Glen Haven, allowing visitors with mobility challenges the opportunity to get closer to Lake Michigan. This year, work is underway to bring the entire Platte River Campground up to current Architectural Barriers Act and Universal Design Standards. These improvements include eight drive-in campsites, two walk-in campsites, one group campsite, and eight comfort stations throughout the campground. The Platte River Ranger Station, amphitheater, RV dump station, and associated parking will also be enhanced. At Loon Lake, in addition to the comfort station and parking improvements, we will also be providing lake access with the construction of an accessible canoe/kayak launch and fishing pier.

In 2019, we will begin work on the rehabilitation of the South Manitou Lighthouse Complex. We will be rehabilitating several building interiors in the complex and providing an accessible path to it that will include eight new accessible wayside interpretive displays. In collaboration with Friends of Sleeping Bear Dunes, we are working to create a new trail opportunity in the Kettles area of the park near Baatz and Fritz Roads. We are also planning design improvements at all major trailheads.

Sleeping Bear Dunes National Lakeshore means something different to each visitor. We hope these improvements will heighten your personal experience as you discover the park's beauty, history, and significance. Enjoy your visit, be safe, and rest assured, we are setting the foundation for recreational access and resource protection of this amazing place for the next 50 years and beyond!

Philip A. Hart Visitor Center

Open year-round. Let park rangers help you plan your visit. Purchase a park pass here. Assistive listening devices are available. Exhibits provide information on geology, ecology, and human stories. *Dreams of the Sleeping Bear*, a free 15-minute multimedia program with closed captioning, highlights the Lakeshore's scenery, seasons, and history. Bookstore purchases (books, games, posters, postcards, shirts, hats, patches, and more) support the park.

School Groups
An Academic Fee Waiver is available for educational groups that apply prior to their visit to the park. Call 231-326-4735, or visit the website: www.nps.gov/slbe.

Passes are good for entry into all areas of the Sleeping Bear Dunes National Lakeshore. Passes are non-transferable and generally non-refundable. Show the pass at entrance stations at the Dune Climb and Pierce Stocking Scenic Drive, or place your pass on your vehicle dashboard if you park within the Lakeshore. If you park outside the Lakeshore boundary (see park map) and enter the Lakeshore on foot or riding a bicycle, carry your pass with you.

PLEASE NOTE - FAILURE TO OBTAIN A PARK PASS MAY RESULT IN A FINE.

Listening Assistance Available

Do you have trouble hearing information at ranger programs because of competing sounds?

Try out the FM wireless listening system available for your use at the Lakeshore. The equipment amplifies the sound of a ranger's voice, which you hear through a headset, neck loop, or earbuds. Use the wireless system for a ranger-led hike or

evening program, available at the visitor center in Empire, the campground offices, or the General Store in Glen Haven. A listening system is also available for the multimedia program at the visitor center.

Visitors wishing to use the equipment are encouraged to call ahead and arrive early.

Making the Most of Your Visit

If you have less than 3 hours, try these

Pierce Stocking Scenic Drive

This driving loop overlooks some of the Lakeshore's most unique scenery. Open May until mid November depending on the weather. Details on page 14.

M-109, 3 miles north of Empire

Length: 7.5 miles, 90 minutes

Dune Climb

No visit would be complete without climbing this 110-foot high sand dune. Take water, sunscreen, and good footwear. Great for kids! See page 11 for trail info to Lake Michigan from the top of the Dune Climb. (It's a 3-mile-plus hike!) Stop in the air-conditioned Dune Center for nature guides, pins, T-shirts, hats, hiking sticks, and more. The Dune Center is open in June on Fri, Sat, Sun 12-5, and daily 12-5 July 1-Labor Day.

M-109, 6 miles north of Empire

Length: 30 minutes to top of first dune

Explore Glen Haven

This steamship stop on Sleeping Bear Bay dates back to the turn of the 20th century. Visit the Blacksmith Shop, General Store and D. H. Day Exhibit, and Cannery Boat Exhibit. The Maritime Museum tells the stories of the U. S. Life-Saving Service in a fully restored station.

Heroes of the Storm shipwreck rescue demonstration daily at 3:00 p.m. (seasonal). **Great for kids!** Details on page 12.

M-209, 7 miles north of Empire

Length: 0.5-3 hours

Loon Lake

Have a picnic on the shore of one of the park's tranquil inland lakes. A big lake with a sandy bottom, Loon Lake is good for fishing from the boat ramp or your boat.

M-22 just south of where M-22 crosses the Platte River

Length: 0.5-3 hours

More than 3 hours, add these

The Platte and Crystal Rivers

Canoe, kayak, or float these calm rivers. Rent equipment near either launch site if you don't have your own. **Great for kids!**

Platte River: M-22 to Lake Michigan Rd., 10 miles south of Empire

Crystal River: M-22 north of Glen Arbor to Co. Rd. 675, to Fisher Rd.

Length: 2-3 hours

Sleeping Bear Point Trail (#9)

A short hike along a portion of this trail offers a panoramic view of the shoreline, dunes, and islands. Follow the blue-tipped posts to the beach, and return along the same route. For a longer hike, complete the entire loop through a ghost forest, over dunes, and back through the woods. Take water, sunscreen, and good footwear. Details on page 11.

M-209, 8 miles north of Empire

Length: to beach, 1.4 miles, 60 minutes

Round trip: 2.8 miles, 2-3 hours

Port Oneida Historic Farm Tours

Take a guided hiking, biking, driving, or Horse and Wagon tour through this late 19th century farming community—the largest historic agricultural landscape in all of the national parks! Explore on your own by stopping at the Port Oneida Farms Heritage Center to learn about the life of these early settlers and purchase a guide booklet, or join up with one of the tours of old farmsteads, fields, orchards, and cemeteries, offered by Historic Sleeping Bear.

Horse and Wagon tours are Tuesday & Thursday, \$20 adults, \$12 ages 4-12. Reservations required; call 231-334-6103. For all tour details visit www.phsb.org.

3164 W. Harbor Hwy (M-22) 3 miles north of Glen Arbor

Length: 1-2 hours

Ranger Programs

Paddle a river. Hike over a dune. Bike through historic farmsteads. Explore glacial remains. Experienced rangers lead these free activities and more. See page 19; check out the **calendar** on our website, www.nps.gov/slbe; or watch social media for times and locations of current programs.

Length: 0.5-3 hours

Empire Bluff Trail (#3)

Traversing through a beech-maple forest, this up- and downhill-trail leads to an overlook of Lake Michigan and the dunes. Details on page 9.

M-22 to Wilco Rd., 1.6 miles south of Empire

Length: 1.5 miles, 1 hour

Alligator Hill Trail (#10)

Winding through a beech-maple forest, various loops on this trail lead to an overlook of Lake Michigan and the Manitou Islands.

Details on page 11.

6 miles north of Empire off Stocking Rd.

Length: 3-8 miles, 2-4 hours

Sleeping Bear Heritage Trail (#8)

Hike, bike, run, rollerblade, or ski some or all of this almost 20-mile hard-surfaced trail. The trail runs from Bar Lake Road just north of Empire to County Road 669 (Bohemian Road).

Details on pages 11 and 18.

Park your car at one of the trailheads: Bar Lake Rd, Pierce Stocking, Dune Climb, Glen Haven, Alligator Hill, Crystal River, Bay View, or Port Oneida.

Length: 14 miles, one way, 1.5 hours by bike

A full day? Visit South Manitou Island

Tour the Lighthouse

Learn about the history of the South Manitou Island Lighthouse and U.S. Life-Saving Station. Climb the 100-foot tall tower for sweeping views of the Manitou Passage.

The lighthouse is 0.3 miles from dock

Length: 30 minutes

Giant Cedars and Shipwreck Hike

Hidden on the island's southwest corner, a stand of old-growth white cedar trees—called the Valley of the Giants—escaped the lumbermen.

Nearby, view the shipwrecked Liberian freighter the *Francisco Morazan*, which ran aground in 1960.

Begins and ends in the village

Length: 7 miles round trip, 3-4 hours

Motorized Island Tours

Manitou Island Transit offers two open-air tours for island visitors.

You may explore the history of the old schoolhouse, cemetery, lake, and farms, or visit the giant cedars and view the shipwreck.

#FindYourPark

Chipmunks, Raccoons, and Bears, Oh My!

National Parks are wonderful places to see a great variety of wildlife. But we need your help to keep the wildlife truly wild and healthy by making sure you store your food properly. Although seldom seen here, bears are especially curious and can smell food and beverages in sealed containers. Please store all food properly.

To animals, “food” includes all food, trash, beverages, and anything with a scent, including toiletries, lotions, toothpaste, soaps, insect repellent, pet food, medicine, perfume, gum, candy, empty food or beverage containers, tobacco products, dirty dishes, scented tissues, etc.

Store your food carefully when camping

- Store all food, drinks, trash, and scented items in animal-proof food storage boxes or your vehicle trunk, with vehicle doors closed at all times.
- Never store food, drinks, trash, or scented items in your tent.
- Do not dispose of food or trash in fire rings.
- Do not leave food unattended, even for a few minutes.
- Report all wildlife/food incidents.

Never leave your food unattended when hiking or picnicking

Help Us Recycle

Please place your clean and empty plastic, metal, paper, and glass waste in recycling containers and any garbage or contaminated materials in neighboring trash cans. With your help, we will exceed our 2017 goal of keeping 50% of our waste out of landfills!

Firewood

We all love to sit around a warm, crackling campfire, but, did you know firewood is known to harbor harmful insect and disease pests which can destroy forests? In order to protect our beautiful forests from succumbing to these non-native pests, campers in the National Lakeshore may only use firewood purchased from vendors approved by the National Lakeshore.

Help us protect the forest by leaving your firewood at home! Unapproved firewood may not be used in the campgrounds.

You may purchase approved firewood from firewood vending machines located in both campgrounds or from local firewood vendors. Manufactured logs for campfires are also acceptable.

Approved firewood is available from the following vendors as of April 2018 (check www.nps.gov/slbe for an updated list):

- Vending machines in the campgrounds
 - Anderson’s Market, Glen Arbor
 - Eagle Country Builders, Honor
 - Honor Family Market, Honor
 - Honor Trading Post, Honor
 - Lake Ann Hardwoods, Lake Ann
 - Northwoods Hardware, Glen Arbor
 - Phil Gunther, Beulah
 - R & R Contracting, Empire
 - Riverside Canoe Trips, Honor
- Manufactured logs for campfires are also acceptable.

Don’t get ticked!

Protect yourself from tick bites

Avoid ticks by walking in the center of trails and avoiding contact with vegetation. Use a repellent (on skin or clothing) and wear close-toed shoes, long sleeves, long pants, and socks. Wear light-colored clothing with a tight weave to easily spot ticks.

Check your clothes and any exposed skin frequently for ticks. Avoid sitting directly on the ground, fallen logs, or stone walls.

After being outdoors

Check your body for ticks after being outdoors, and remove any tick you find.

Check your clothing for ticks. Place clothes into a dryer on high heat for at least an hour.

Shower soon after being outdoors; it may reduce your risk of being bitten.

Check these parts of your body and your child’s body for ticks:

- | | |
|------------------------|--------------------|
| Under the arms | Back of the knees |
| In and around the ears | In and around hair |
| Inside belly button | Between the legs |
| | Around the waist |

Don’t forget to check your pets!

If you are bitten by a tick

Remove an attached tick as soon as you notice it. Using fine-tipped tweezers or a tick removal tool, grasp the tick as close to the skin as possible, and then slowly, but firmly, pull it straight out. Immediately wash the bite area and your hands with soap and water, then apply an antiseptic to the bite wound.

Watch for signs of illness.

Poison ivy: Leaves of three, leave them be!

Poison ivy grows plentifully in many areas of the Lake-shore as a vine or a low shrub. The leaves are red in early spring, shiny green in summer, and an attractive red or orange in the fall. Each leaf consists of three leaflets. Most people are sensitive in varying degrees to the sap of this plant, which makes skin itch, blister, and swell.

Avoid contact with all parts of the plant. Avoid plants with three leaflets.

If exposed, wash the affected skin with soap and water as soon as possible.

Camping

Sleeping Bear Dunes National Lakeshore offers camping for everyone. The Platte River Campground is equipped with modern facilities, tent pads, picnic tables, fire rings, and paved parking pads at each site.

D. H. Day Campground is a popular, rustic campground with wooded campsites. Located less than a 5 minute walk from a Lake Michigan beach, the campground sites have tent pads, picnic tables, fire rings, and parking areas.

First-come, first-served campsites will no longer be available starting in 2019. See below for information on reservations.

Backcountry camping is available on the mainland at White Pine, on South Manitou Island at Bay, Weather Station, and Popple Campgrounds (0.5, 1.5, and 3.5 miles from the dock), and on North Manitou Island at the Village Campground and dispersed around the island. A backcountry camping permit is required in addition to a park entrance pass. Obtain a pass and permit at the visitor center, campground offices, or Leland dock.

Leave No Trace

- Plan ahead and prepare**
Prepare for extreme weather and emergencies. Bring food and water. Don't forget your park pass!
- Camp and travel on durable surfaces**
Stay on established trails and campsites.
- Dispose of waste properly**
Pack it in, pack it out.
- Leave what you find**
Preserve the past and leave rocks, plants and other items as you find them for others to discover.
- Minimize campfire impacts**
Use established fire rings. Keep fires small. Burn wood to ash. Put all fires out completely.
- Respect wildlife**
Observe wildlife from a distance. Never feed animals. Store food properly.
- Be considerate of other visitors**
Respect other visitors and protect the quality of their experience. Let nature's sounds prevail.

Platte River District

Platte River District Trail Guide

TRAIL	ROUND TRIP	DESCRIPTION
Old Indian Trail 1	2.5 mi 	Easy hike, easy to advanced ski - Two fairly flat loops begin in a mixed evergreen and hardwood forest and wind through low dunes to the Lake Michigan shore. <i>Trailhead: off M-22, north of Sutter Rd.</i>
Platte Plains Trail 2	3.5 - 14.7 mi 	Watch for junctions. <i>There are multiple trailheads (Otter Creek, Esch Rd., Trails End Rd., off M-22 (winter only), & Platte River Campground).</i> Bass Lake Loop (3.5 mi): Easy hike and ski - Winds around Bass and Deer Lakes. Some sections follow a two-track road. Otter Creek Loop (4.6 mi): Easy hike and ski - Follows Otter Creek and Otter Lake. Flat, with pine-oak-aspen forests and open meadows. Lasso Loop (6.3 mi): Moderate hike, easy to advanced ski - Winds through pine-oak-aspen forests. Scenic overlooks of Lake Michigan. Several road crossings.
Empire Bluff Trail 3	1.5 mi 	Moderate hike - Winds through a beech-maple forest to a spectacular overlook. Wildflowers and woodland plants are abundant. For your safety and to prevent erosion, please do not descend the bluff. <i>Trailhead: Wilco Rd. off M-22.</i>

Additional trail information:

- No pets on designated ski trails from December 1 through March 31.
- Trail maps are available online, at visitor contact stations and in the *Hiking Trails* booklet published by the Friends of Sleeping Bear Dunes. Directional arrows and difficulty levels on maps are for use by cross-country skiers. Snowshoers should not walk on top of ski tracks.
- Please leave plants, rocks, and other natural objects undisturbed for other visitors to enjoy. Do not collect ghost-forest wood, any wood on the dunes, Petoskey stones, or wildflowers. Ask the rangers about which fruits, berries, and mushrooms you can pick.
- Because of heavy tree fall, avoid forested trails on windy days.
- Always tell someone where you are going hiking and when you will be back.

Leelanau District

Leelanau District Trail Guide

TRAIL	ROUND TRIP	DESCRIPTION
Windy Moraine Trail 4	1.5 mi 	Moderate hike, advanced ski - A quiet trail with a view of Glen Lake from atop a hill. <i>Trail leads through beech-maple forest and old farm fields. Trailhead: Welch Rd. east of M-109.</i>
Shauger Hill Trail 5	2.4 mi 	Moderate hike, advanced ski - Includes beech-maple forest and steep hills, and crosses the Pierce Stocking Scenic Drive twice. Watch for traffic at the crosswalks. In winter, the Scenic Drive is closed to vehicles for use as a cross-country ski and snowshoe trail. Watch for snowmobiles where the trail crosses Shauger Hill Rd. <i>Trailhead: parking lot near Pierce Stocking Scenic Drive entrance, M-109.</i>
Cottonwood Trail 6	1.5 mi 	Moderate - Hilly, all sand, and no shade. Leads onto the perched dunes through native grasses, shrubs, and wildflowers. Views from above the Dune Climb of D. H. Day farm and Glen Lake. Take water, sunscreen, hat, and shoes. <i>Trailhead: Stop #4 along the Pierce Stocking Scenic Drive, M-109.</i>
Dunes Hiking Trail 7	3.5 mi 	Strenuous - Hilly, all sand, and no shade. Travels over nine hills through the high dunes plateau to Lake Michigan. Numbered, blue-tipped posts mark the trail. It can be a hot, exhausting, three to four hour trip, punctuated only by a cool dip in Lake Michigan. Plan ahead. <i>Take water, sunscreen, hat, shoes, and a snack. Trailhead: the Dune Climb, M-109.</i>
Sleeping Bear Heritage Trail 8	22 mi 	Easy-moderate hike, ski, and bike - Hard-surfaced, multi-use trail. The trail runs from Bar Lake Road just north of Empire to County Road 669 (Bohemian Road) <i>Trailheads: Bar Lake Road, Pierce Stocking, Dune Climb, Glen Haven, Alligator Hill, Crystal River, Bay View, Port Oneida.</i>
Sleeping Bear Point Trail 9	2.8 mi 	Strenuous - Hilly, all sand, and no shade. Leads onto the dunes, through a ghost forest, and overlooks Lake Michigan. Blue-tipped posts mark the trail. For a shorter option, a spur leads to Sleeping Bear Point from which you can follow the beach back to the Maritime Museum and trailhead. Plan ahead. Take water, sunscreen, hat, shoes, and a snack. This trail is closed to pets from April 15 through August 15 to help protect the breeding piping plovers. <i>Trailhead: end of Sleeping Bear Dunes Rd. off of M-209, west of Maritime Museum.</i>
Alligator Hill Trail 10	3 - 8 mi 	The storm of 2015 relandscaped the three trail loops that lead through the beech-maple forest to a bench that overlooks Lake Michigan and the Manitou Islands. Because of the heavy treefall, avoid the trail on windy days. A 1.6 mile spur takes you along the ridge to the Glen Lake overlook. Only trail upon which horse use is allowed. <i>Trailhead: east of D. H. Day Campground, off Stocking Rd. near its intersection with Day Farm Rd.</i> Easy hike and ski loop: 3 mi, 4.6 mi with spur Moderate hike, intermediate ski loop: 4.7 mi, 6.3 mi with spur Moderate hike, advanced ski loop: 4.6 mi, 6.2 mi with spur
Bay View Trail 11	2.4-7.5 mi 	Provides views of Lake Michigan and the Port Oneida Rural Historic District. Several loops of different lengths and difficulties. <i>Trailhead: off Thoreson Rd. near M-22.</i> Farm Loop (2.4 miles): Easy hike and ski - Wanders through farms and fields and by an historic schoolhouse to Lookout Point. Ridge Loop (4 miles): Moderate hike, advanced ski - The lower part of the trail leads through fields and forest. The higher part of the trail follows the ridge for views of Lake Michigan.
Pyramid Point Trail 12	1.2 - 2.7 mi 	Moderate - To the bluff and back is 1.2 miles. Climbing a steep hill, it provides an overlook of Lake Michigan and the Manitou Islands. For your safety and to prevent erosion, please do not descend the bluff. The entire loop trail is 2.7 miles and follows a portion of Basch Rd. <i>Trailhead: off Basch Rd.; follow Port Oneida Rd. north from M-22.</i>
Good Harbor Bay Trail 13	2.8 mi 	Easy hike and ski - A flat loop trail through woods and wetlands. <i>Trailhead: off Lake Michigan Rd.; take CR 669 north from M-22; follow Lake Michigan Rd. east.</i>

See page 9 for additional trail information.

Glen Haven Historic Village

Step into the colorful past in this company-owned steamboat stop that operated from 1865 until 1931. Sleeping Bearville, as it was originally called, was a natural harbor sought out by steamships sailing between Chicago and

Buffalo. Learn more about area history when you visit the restored General Store and Blacksmith Shop. Picnic area with grills and flush toilets is available. *M-209, 7 miles north of Empire*

Glen Haven General Store

Treat someone to old-fashioned candy at the historic General Store, restored to appear as it did in the 1920s. Built in 1867 as a company store, it provided goods for workers. Lumber baron David Henry Day came to work in Glen Haven in 1878 and never left. Learn about his legacy in the exhibit hall and see his office at the back of the store. Today, the General Store carries merchandise and items related to the history of Glen Haven, including kitchenware, food, toys, and books.

Memorial Day weekend through June, Open 12-5, Fri, Sat, & Sun only. July 1-Labor Day, Open 12-5 daily

The Good Ship *Aloha*

Built in 1937 to handle gill nets, *Aloha* spent her days navigating deep Lake Michigan. Now conveniently “docked” next to the new viewing ramp north of the Cannery Boat Museum in Glen Haven, visitors can visit *Aloha* at water level and look inside.

Cannery Boat Museum

What was once a cherry and apple cannery now houses a collection of historic Great Lakes vessels, including boats, motors, and equipment. Volunteers provide short interpretive talks and answer your questions. Outside, pilings from Glen Haven’s dock stretch into Sleeping Bear Bay. A sand-accessible wheelchair is available.

Open 11-5 daily, Memorial Day through Labor Day.

Blacksmith Shop

Hear the ring of a hammer and anvil as the blacksmith stokes up a fire, heats iron until red hot, and forges a tool before your eyes. Volunteers provide demonstrations for all ages. Great for kids!

Open 11-5 daily, Memorial Day through Labor Day.

Maritime Museum

Tour the crew quarters and boathouse at the Maritime Museum at Sleeping Bear Point. Exhibits highlight the U.S. Life-Saving Service and Great Lakes shipping history. Short interpretive talks are given throughout the day.

Heroes of the Storm, daily, 3:00 p.m.

Join rangers as they demonstrate an U.S.L.S.S. rescue.

Lyle Gun firing, Thursdays after Heroes.

A sand-accessible wheelchair and public restrooms are available.

Open 11-5 daily, Memorial Day weekend through Labor Day.

Port Oneida Rural Historic District

Looking to explore beyond the dunes and beaches? The historic farming community of Port Oneida is recognized by historians as one of the most prized historic landscapes in the nation! Farmed for over 100 years from generation to generation, its rich human history is seen in farmhouses, barns, granaries, a schoolhouse, orchards, meadows, and more. This special place of peace, beauty, and human history engages the imagination!

Port Oneida Farms Heritage Center

Explore the big red barn, farmhouse exhibit, and gardens at the Charles and Hattie Olsen farm, where you can learn about life on the farm and the journey and hardships of early Port Oneida pioneer settlers from the late 1800s and early 1900s. Explore on your own with our Port Oneida guide booklet; sign up for a Port Oneida tour or a class in traditional crafts; stop in for the kid's garden and history hunt activities; hike or bike trails right from the farm. Find out where the park's other historic resources are to explore. Visit phsb.org for hours and activities.

Operated by Historic Sleeping Bear Preservation, a non-profit park partner.

3164 W. Harbor Hwy (M-22) 3 miles north of Glen Arbor.
Bike to the farm on the Sleeping Bear Heritage Trail.

Summer hours: Memorial - Labor Days Tuesday through Saturday 11-4;
Sunday 1-4. **Fall hours:** Saturday and Sunday through October 14.

Some classes and tours require a registration fee.

Park Partners

Friends of Sleeping Bear Dunes

The Friends of Sleeping Bear Dunes was founded in 1994 as a volunteer, non-profit organization helping to protect resources and heighten visitor experiences. This friends group obtains grants and donations from individuals, companies, and other organizations for a variety of interesting projects and park support. Look for their publications in park bookstores, available by donation. For more information and/or to join, visit www.friendsofsleepingbear.org.

Historic Sleeping Bear Preservation

Since 1998, Historic Sleeping Bear Preservation, has helped preserve and interpret the rich pioneer and maritime heritage of the park—maritime buildings, one-room schoolhouses, log cabins, inns, and farmsteads—including on the Manitou Islands. Members, donors, grantors, and volunteers, support this nonprofit's work. Interpretive programs, tours, guide books, and a Port Oneida exhibit tell the story of this early 19th century history. Visit phsb.org for activities and heritage center hours. Join or volunteer!

Manitou Islands Memorial Society

The mission of the Manitou Islands Memorial Society (MIMS) is to preserve and interpret the history and cultural resources of North and South Manitou Islands. Members are involved in research, fundraising, hands-on maintenance and preservation projects, and interpretation initiatives. For more information visit www.manitouislandsmemorialsociety.org.

Come to the Fair!

Friday & Saturday, August 10 & 11

Take a step back in time at the Port Oneida Fair and experience life as it was in the late 1800s and early 1900s. Imagine the life of the pioneers as you help bale hay or watch a broom-maker at work. Learn about spinning, basket weaving, soap making, butter making, candle dipping, and fur trapping. Listen as park rangers and local historians share the area's history. Watch as teams of horses cut, load, and haul hay and artists and craftsmen demonstrate their skills.

The fair is held at six of the historic farmsteads in Port Oneida. Each farm has a variety of artists, crafts, food, and activities for visitors. A shuttle bus runs between the farms on a regular schedule during the fair, so you can park your car and easily get around to the different venues.

Make a Difference

Each year, approximately 2000 Volunteers In Parks (VIPs) work 60,000 hour at Sleeping Bear Dunes National Lakeshore. VIPs staff visitor centers and museums, act as campground hosts, monitor piping plovers, maintain and renovate trails and historic buildings, remove invasive plants, and much more. You, too, can help care for your national parks. For more information, contact the volunteer coordinator at matthew_mohrman@nps.gov.

Pierce Stocking Scenic Drive

Dune Ecology

To survive in the dunes is no easy task. Flora and fauna deal with strong sunlight, poor soils, and constant winds. The wind action alone can dry out plants, expose root systems, or even completely bury vegetation, including trees.

Leaving the Sand Dunes

Before you enter the neighboring forest, notice a great example of wind action that has been threatening the stability of a basswood tree across the road. If you were that tree, how much longer do you think you could keep your balance and stay standing?

Beech-Maple Forest

Moving from the open, sunny environment of the dunes to the cool, lush shade of the woods is a startling contrast. Sugar maples and American beech are the predominant trees, but in addition to them, a variety of shrubs and flowers fill the forest. Coyotes, deer, bobcats, squirrels, and birds find more food and shelter here than in the dunes.

Changes Over Time

Scientists describe the landscape here after the last glaciers melted more than 11,800 years ago as one of sand, rocks, and gravel stretching miles in every direction. Hills and grooves were carved by ice. Over the years, plants, animals, and minerals have transformed the once sterile ground into the productive, fertile woods of today.

Lake Michigan Overlook

Standing on this platform, about 450 feet above the lake, you are afforded one of the most magnificent views in all of Sleeping Bear Dunes National Lakeshore! If the visibility is good, you will see South Manitou Island 10 miles to the northwest. That is Empire Bluffs just four miles to the south and Platte Bay just beyond that. Wisconsin is 54 miles due west, but thanks to the curvature of the earth, you will not see any "cheeseheads" waving back at you!

The vast majority of visitors take in the view from atop the bluff and don't risk erosion, injury, and rescue fees by going down—not to mention the hour or two it takes to climb up!

Sleeping Bear Dune Overlook

The iconic landform that gave this national park its name, and for which the legend is told, lies about one mile away, along the edge of the bluff. It hardly looks like a sleeping bear anymore, for over time, those persistent winds have eroded the bump on the bluff. You may be able to distinguish some skeletons of dead trees within the blow-out in the dune. They are part of a ghost forest whose existence tells a story of alternating stability and suppression.

North Bar Lake

Just below this overlook is a rare type of geologic remnant. The calm, beautiful North Bar Lake is in transition. Once a bay of Lake Michigan, its name describes how it is slowly closing itself off as the sand bar along its west side continues to build up. Compare it to South Bar Lake in Empire which no longer has a natural channel to the big lake.

4

Cottonwood Trail

Grab some water, a hat, and sunscreen before heading out on this 1.5 mile loop through the dunes. It may feel strenuous because you will be walking in a lot of sand, but take your time and explore a world of plants and animals that survive in a challenging world dominated by wind.

Dune Overlook

You are standing in the middle of an approximately four square-mile (2600 acres) area called the Sleeping Bear Dunes complex. While a relatively small area, there is incredible diversity around you. This high plateau gently dips to the lakeshore to the north and Sleeping Bear Bay. However, to the east, the dunes rise dramatically, almost straight up from the water.

Glen Lake

Two for the price of one! Divided by the M-22 causeway (visible in the distance), Big Glen Lake reaches 130 feet deep in places, while Little Glen (closest to you) is only 12 feet deep. Different shades of blue indicate lake levels. The long ridge running along the north side of Little Glen is called Alligator Hill. Can you see the creature's snout down by the bridge?

1

Covered Bridge

Have you ever seen a covered bridge with the National Park Service arrowhead on it? The original one, built by Mr. Pierce Stocking for his scenic drive, did not boast the symbol, of course. He just wanted to provide a picturesque detail for sightseers to stop and photograph. Please enjoy!

12

Pine Plantation

In many places in the park, rows of pines were planted where the original mixed hardwood forest had been harvested. Red pines were commonly planted for their uniformity, wood properties, and relative freedom from insects and disease. National Park Service biologists gradually thin the plantations to restore a more healthy forest that is diverse in species and ages of trees.

The Manitou Islands

South Manitou Island

No place offers a more complete sense of the National Lakeshore than South Manitou Island. Catch a passenger ferry for a day trip or camping excursion. The island preserves beaches, giant cedars, shipwrecks, and historic farms far from the rush of the mainland. Join a motor tour of the island. Climb the lighthouse stairs for grand views across Lake Michigan. Take everything you need (food and camping equipment) as no services are available on the island. Supplies are available in Leland.

North Manitou Island

For a true wilderness experience, backpack on North Manitou Island. Visitors pass through the historic U.S. Life-Saving Service village before entering nearly 15,000 acres of undeveloped forests, fields, and beaches. Visits emphasize solitude and self-reliance. Plan well. No services are available. As you must stay overnight, take all your camping needs. Because of nesting piping plover, some beach areas may be closed May-August.

Getting to South and North Manitou Islands

Ferry service to the Manitou Islands changes with the seasons. Contact Manitou Island Transit for reservations and schedules. A national park entrance pass is required to visit the islands. A backcountry permit is also required for campers. Passes and permits are available at the Leland Harbor office before ferry boarding and at the visitor center in Empire. Leland is 27 miles (45 minutes) north of Empire on M-22.

Manitou Island Transit also offers two island tours. See page 5 for more information.

Beaches, Beaches and More Beaches

Let your bare feet guide you along the mainland's many sandy beaches. There are no concessions, so pack a picnic and your sunscreen.

Fires are permitted on mainland Lake Michigan beaches between the water's edge and where the dunes begin, and away from any vegetation. Please help protect our forests from pests and disease and purchase firewood from park-approved vendors; see page 6 for more information.

A park entrance pass is required for any use of the National Lakeshore and is available at numerous locations throughout the park. The following beaches have vault toilets unless noted.

Platte Point Beach features the Platte River outlet where warmer water enters Lake Michigan. Accessible flush toilets are provided. Please note that a section of the shoreline is sometimes closed to protect nesting piping plovers. Regardless of where you park, an entrance pass is required to use the National Lakeshore. A separate township fee is required to use the adjacent township park and picnic area.

🚫 No pets allowed

Piping Plover Update

In 2017, there were 76 breeding pairs in the entire Great Lakes piping plover population; 41 of those were within the National Lakeshore.

The plover population remains highly vulnerable to losses. Adults, eggs, and chicks are at risk from dog and human encroachment into nesting areas. Please help us protect these special birds by keeping dogs on a leash and obeying all beach closure signs.

Beaches may be temporarily closed to pets during piping plover nesting season.

Peterson Beach has a boardwalk crossing the low dunes from the parking lot to the beach. It's a quiet stretch of sand with wide vistas of Empire Bluff to the north and Platte River Point to the south.

🐾 Leashed pets are allowed to the left of the boardwalk (as you approach the beach).

🚫 No pets are allowed to the right of the boardwalk

At the end of Peterson Rd. Off M-22, 11 miles south of Empire

Esch Beach, also called Otter Creek Beach, is another popular swimming area. The shore to the south is divided by the shallow outlet of Otter Creek.

🐾 Leashed pets are allowed to the right of Esch Rd. when facing the water.

🚫 No pets are allowed to the left of Esch Rd.

Have fun, be safe, care for our beaches...

Remember, all beaches are unguarded. Swim at your own risk.

Extinguish ALL beach fires with water. DO NOT bury fires—hidden embers could burn unsuspecting bare feet!

Don't bring glass to the beach. For your safety, glass containers are prohibited on beaches, waterways, and dune areas.

Dispose of diapers properly and help protect water quality, wildlife, and other visitors.

County Road 669 Beach is on Good Harbor Bay. To the west, view Pyramid Point; to the north, the Whaleback and North Manitou Island. The Fox Islands may be visible on a clear day. Shalda Creek empties into Lake Michigan to the west of the parking area. Lake Michigan Rd. parallels the bay for several miles. Follow it east to a pleasant shoreline picnic area and the Good Harbor Bay trailhead (#13). Please note that a section of the shoreline is sometimes closed to protect nesting piping plovers.

... and take your butts with you!

Cigarette butts are litter—the most common litter found on our beaches. Not only are cigarette butts unsightly, they contain chemicals—cadmium, lead, arsenic, and nicotine—which leach into the water. Cigarette filters can also find their way into the mouths of small children and wildlife.

So when you leave the beach, be sure you haven't left your butts behind!

Keep your dog on a leash! Pets running on the beach cause the adult plovers to run from their nests and chicks, leaving the young vulnerable to predators.

Water Safety

Lake Michigan is a wonderful place to enjoy the beach and wade or swim—if you are careful. Swimming in Lake Michigan is not the same as swimming in a pool or small lake. Wind, waves, the slope of the beach, and other factors can cause dangerous currents to be present. Visit www.ripcurrents.noaa.gov to learn more.

What to do if caught in a rip current:

- Remain calm. Remember, it will not pull you under.
- Swim parallel to the shore until you break free, then swim diagonally toward the shore.
- If you cannot swim out of the current, float until it weakens, then swim diagonally toward the shore.
- Summon help by waving your hands.

DROWNING? THEN FLIP, FLOAT, AND FOLLOW!

Lake Michigan conditions can change quickly. Monitor surf conditions with NOAA weather radio or on National Weather Service, Gaylord Office website.

Winter Activities

Explore the colors of winter. Blue-gray ice sheets sculpt the shoreline and leafless oak, beech, and maple trees reveal overlooks shrouded the rest of the year. Winter creates a quiet and rarely witnessed landscape.

Ski the trails. Easy, intermediate, and advanced trails exist. The Sleeping Bear Heritage Trail is groomed for skate or classic skiing. The other trails are not groomed, but are frequently tracked. Ask about a ski trail guide or see pages 9 and 11.

Snowshoe anywhere. When following marked trails, please avoid trampling established ski tracks by snowshoeing beside them, not on them.

Weekend snowshoe hikes. In January and February, rangers lead free introductory snow-

shoe hikes on Saturdays. Meet at the visitor center at 1:00 p.m. The park provides snowshoes free of charge. They are limited; call ahead for reservations 231-326-4700.

Ice fish the inland lakes. State of Michigan licenses and regulations apply. A free permit for powered ice augers is required. Anglers are reminded to dress warmly, use the buddy system, always wear a life jacket, and use caution when traveling across any ice.

Please exercise caution! The Lakeshore offers fascinating winter activities, but freezing temperatures, as well as slippery and unstable surfaces, create hazards. Ice formations along the Lake Michigan shoreline may be tempting to explore but are dangerous.

Biking

Biking is allowed on public roads or the Sleeping Bear Heritage Trail but not on any other park trails.

Sleeping Bear Heritage Trail: easy to moderate. This hard-surfaced, multi-use trail runs 20 miles between Empire and County Road 669, connecting to park attractions and the town of Glen Arbor along the way. Park your car and use your bike to get around! Lauded as one of the most beautiful bike trails in the nation, it offers both hilly and flat sections, many suitable for even the youngest children. Visit sbhtmap.org for more.

Port Oneida Rural Historic District: easy. These quiet country roads, a mix of gravel and pavement, wind between farms, barns, and wetlands. Purchase an area brochure at the visitor center.

Platte Plains Roads: moderate. Close to the Platte River Campground. Use these back roads to experience nature away from the highway.

Pierce Stocking Scenic Drive: strenuous. For experienced bicyclists only. This 7.5 mile loop, with heavy summer traffic and steep hills, provides overlooks of Lake Michigan and the dunes.

You can rent bicycles in Glen Arbor and Empire.

Half the Park is After Dark

I know nothing with any certainty, but the sight of the stars always make me dream.

-Vincent Van Gogh

National parks protect nature, history, and scenery. They also protect our night skies: the starry, starry nights and natural darkness often found in national parks allow jewels of the heavens to shine brightly. So dream for yourself! Get out and spend an evening under the stars and see the nighttime wonders of Sleeping Bear Dunes National Lakeshore. You might just become starstruck!

And, if you like, please join us for a Star Party. Monthly guided explorations of the sky above us are hosted by the park and the Grand Traverse Astronomical Society (GTAS). GTAS members set up multiple telescopes for all to use and offer a chance to take in the stars, planets, sun, meteor showers, and the Milky Way. Check the schedule of events below for dates or www.nps.gov/slbe for more information.
